B.R.A. Report to the Community

Director Robert T. Kenney's Report — Part 3

Housing

Between 1968 and 1974 over 7,200 units of new housing have been built in renewal projects. Of this number, approximately 2,700 units have been low and moderate income housing for the elderly. As of June 30, 1975, there are 1,625 units of new housing under construction or about to start construction within a matter of weeks.

Since January, 1973, subsidies for new housing construction have been in short supply and this has delayed — and in some cases, halted — the development of housing in renewal areas. Nevertheless, the BRA, working with developers and state and federal officials, has managed to maintain a solid level of performance in the area of housing development and rehabilitation.

Between 1968 and 1974 over 7,200 units of new housing have been built in renewal projects. Of this number, approximately 2,700 units have been low and moderate income housing for the elderly. As of June 30, 1975, there are 1,625 units of new housing under construction or about to start construction within a matter of weeks.

Two of these projects, the Maverick Square housing in East Boston and the Knights of Columbus housing in the North End, are the first units of elderly housing ever built in these neighborhoods.

The Quincy Towers elderly housing project in the South Cove also represents the first elderly housing project constructed for the Chinese community, and in the West End, a project that predates the BRA and one that aroused much controversy, elderly citizens now live in the 151-unit Amy Lowell House, which was the first elderly housing constructed in that renewal project.

At the same time, the BRA from January, 1974, to June, 1975, has

processed approximately \$3.7 million in Section 312 (low-interest) loans for housing rehabilitation for 107 investor-owners in various renewal projects. Those 312 loans will be used to improve and upgrade approximately 290 units of housing.

Construction of new housing is also facilitated through the BRA's power to grant 121A limited dividend corporation status to developers. Under 121A, a developer pays a percentage of gross income to the city in lieu of taxes.

At the present time there are 471 units of housing being built under 121A outside renewal projects in the city. Inside renewal projects, there are 703 units of 121A housing under construction or about to begin.

The following is a listing of housing projects recently completed, under way and about to begin.

EDUCATIONAL LECTURES AT MUSEUM OF SCIENCE

Boston's Museum of Science announces a series of five free lectures on Earth and Man to be given this winter and spring at the Museum under Lowell Institute sponsorship.

Offering non-scientists an opportunity to become informed about current scientific thinking on the physical environment and man's relation to it, the lectures will form an introduction to a further series planned for 1976-77.

The first lecture, Thursday, January 8, at 8 P.M., will be delivered by Dr. Frank Press, professor of geophysics and chairman of the Department of Earth and Planetary Sciences at the Massachusetts Institute of Technology.

A specialist in study of the earth's internal structure, earthquakes, and geophysics, Dr. Press is a member of the National Science Board and chairman of Advisors of the U.S. Geological Survey's National Center for Earthquake Research. He is the recipient of many honors and awards, and the author of several books and more than 150 research publications.

He will discuss the formation and evolution of Earth, with focus on the implications of recent studies of the sea floor.

The second lecture, February 5, will be by Dr. Brian F. Skinner, Eugene Higgins Professor of Geology and Geophysics at Yale University. His talk on Earth's mineral and energy resources will consider the costs of recovery and processing in terms of energy and environmental disruption.

The third lecture, March 4, will be by Dr. Raymond Siever, professor of geology at Harvard University and associate in geology at Woods Hole Oceanographic Institution. His talk on Earth, oceans, and atmospheres: cycles and interactions, will illustrate how equilibrium is maintained among the biological, chemical, and physical forces at work on and in the Earth.

The fourth lecture, April 1, will be by Dr. James D. Ebert, director of Carnegie Institution of Washington's department of embryology

and president of the Marine Biological Laboratory at Woods Hole. His subject will be: On being an individual: the biological heritage and nature of man. He will discuss the role of the gene and the cell in biological individuality, diversity, and adaptability.

The final lecture, May 6, will be by Dr. George M. Woodwell, director of The Ecosystems Center at the Marine Biological Laboratory in Woods Hole and adjunct lecturer in ecology at Yale. He will talk on changing patterns in the biosphere: implications for man. He will draw on his special research interests in the structure and function of natural communities.

Tickets may be obtained by sending to the Museum a self-addressed, stamped envelope at least one week before each lecture. Tickets remaining will be distributed at the Museum during the day of each lecture until 5 P.M. and after 7 P.M. on the evening of each lecture.

MBTA ANNOUNCEMENT

More frequent and more convenient bus service is the aim of the Massachusetts Bay Transportation Authority's winter bus schedules which went into effect December 27.

Of particular interest is a change in the Brighton Mini-Bus route No. 597, which route has been shortened to provide service every half hour in the hope of increasing the ridership.

In connection with the opening of the MBTA's newest rapid transit station in Malden Square, changes have been made in routes 104, 105, 109, 110, and 112.

On Washington's Birthday, celebrated on Monday, February 16, 1976, "Saturday" schedules will be operated.

Printed timetables will be available at the Park Street Information Booth, MBTA Carhouses and Garages, the MBTA's Customer Service Center at 145 Dartmouth Street (Boston's Back Bay Station), and the MBTA Operations Center at 45 High Street, Boston, Mass. 02110.

INFORMATION KIOSKS READY FOR BICENTENNIAL VISITORS

Eleven colorful pedestrian information kiosks comprise the latest additions to Boston 200's extensive array of Bicentennial Visitor Services.

The kiosks feature three 4' x 4' map-bearing panels arranged in triangular formation. The maps were specifically selected to help acquaint visitors with the City's streets, rapid transit system, and historic neighborhoods. The MBTA spider map illustrating the "T's" trolley routes, and an enlarged version of the City street map appear on all kiosks.

Each kiosk also displays a map of the Boston 200 Neighborhood Walking Trail closest to its particular location. Boston 200 has developed seven Walking Trails in neighborhoods throughout the City. They afford both visitors and residents a unique opportunity to experience first hand Boston's rich historic and cultural heritage. Boston 200's Official Bicentennial Guidebook contains full-color graphic illustrations of the Walking Trails, plus detailed descriptions of their individual sites.

The kiosks have been erected in areas of the City with a traditionally high tourist volume: City Hall Plaza outside the Government Center MBTA station, Boston Common near Park Street Station, Boston Common at the corner of Charles and Beacon Streets, Copley Square at the corner of Dartmouth and Boylston Streets, Boston Five Park at the corner of School and Washington Streets, the corner of Washington and Court Streets near the Old State House, Park Square, Haymarket MBTA Station, in front of the Bicentennial Pavilion on Ring Road, Bunker Hill Monument in Charlestown, and the New England Aquarium.

Boston 200 sponsored this project with grants from the Boston Five Cents Savings Bank, Suffolk Franklin Savings Bank, the Massachusetts Bay Transit Authority, and the Massachusetts Bicentennial Commission.

MASSACHUSETTS AWARDED FEDERAL GRANT

Almost \$5 million in Federal funds was awarded to Massachusetts on December 23 for the development of recreational areas.

The Federal Land and Water Conservation Act of 1965 established a fund to increase opportunities for outdoor recreation from revenues from the sale of Federal surplus property, motorboat fuel taxes, and other continental shelf mineral receipts.

Boston will receive \$1,000,000 for the East Boston Waterfront Park development and the M.D.C. will receive \$1,000,000 for the Stony Brook Reservation development.

CITY RECORD ANNIVERSARY

The *City Record*, the present official chronicle of municipal affairs, will be celebrating the seventy-eighth anniversary of its publication on January 6, 1976. On January 6, 1898, when it was first published, it was known as the *Official Gazette of the Executive Departments of the City of Boston*.

The paper was edited under the direction of the Board of Municipal Statistics, Edward M. Hartwell, Secretary, in the old City Hall on School Street, and was printed (as it is today) by the City of Boston Printing Department. In the old days (1898) a single copy of the paper was only 5 cents and a yearly

subscription \$2. If one would compare the present-day cost (15 cent per single copy or \$5 per year) he would realize the city has been quite fair to its subscribers by not increasing the cost of the publication again, nor does it intend to at this time.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

RESEARCH PROJECTS

DEAR MAYOR WHITE:

I respectfully request your permission to award a contract, without advertising, to the University of Massachusetts at Boston in an amount not to exceed \$25,000.

Under the terms of this contract the University, acting through the Boston Urban Observatory, will undertake comparative research projects that address the problems and meet the needs common to various communities in the city.

The University will provide the services of a staff member who will serve as the Boston Urban Observatory Director. His duties shall include the continuous monitoring of the process of all research projects and action programs as well as the preparation and admission to the city of progress reports on the operation of the Boston Urban Observatory.

As no benefit will accrue to the city by publicly advertising for this unique service, I ask your permission to award this contract for the period July 1, 1975, through June 30, 1976.

Very truly yours,

EDWARD T. SULLIVAN,
Director.

COMPUTER SERVICE

DEAR MAYOR WHITE:

This requests your approval of the award without advertising of a contract to the International Time-Sharing Corporation for time-sharing computer services for the period beginning July 1, 1975, and ending June 30, 1976.

This Corporation under this contract will make available to us time-sharing computer service for the purpose of long-range budget planning at a cost of \$15 per hour, plus 12 cents per computation unit.

Although there are other corporations which provide time-sharing computer service, no other service has the equivalent of this Corporation's copyrighted programming language which has great advantages of simplicity which enables us to write our own computer programs.

The total cost for these services will not exceed \$10,000 during the contract period.

In view of the above specified advantages of this service, public advertising would serve no useful purpose; and in the best interest of the city, I request approval of this request.

Respectfully,

EDWARD T. SULLIVAN,
Director.

Purchasing Division

DEAR MR. MAYOR:

Invitation to bid on proposals for furnishing equipment and supplies. Proposal 187, to the Animal Control Commission was advertised in the *City Record*. Subsequently, bids received were publicly opened and read in this office on June 24, 1975.

No bids were received on Items 3 and 8. The bid of Amsco Industrial Company was irregular because both copies of their bid were received in this office. Since this company was the only bidder on Item 2 and the only bidder on Item 7, authority is requested to dispense with further advertising and award a contract, without public advertisement, to this company at the prices submitted on the publicly opened bid. The amount of the contract is not to exceed \$3,923.

Authority is requested to make awards for all remaining items to the lowest responsible and eligible bidders, by item. The proposed vendors and approximate amounts of awards will be:

Contract for Central, Inc., d/b/a Central Veterinary Supply Company, for \$3,070.10.

Order for Canco Medical/Health, Inc., for \$1,590.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

COMMERCE AND MANPOWER JOB OPPORTUNITIES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to Self Development Group, Inc., with offices at 100 Franklin Street, Boston, to provide Career Development Job Opportunities to offenders for a total cost not to exceed \$16,000.

Funds for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through September 30, 1976, inclusive.

Under the terms of this proposed contract Self Development Group, Inc., will serve approximately 165 economically disadvantaged Boston residents.

Due to the experience and success of this agency in the operation of Manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Boy's Clubs of Boston, Inc., a corporation with offices at 15 Green Street, Charlestown, to provide

Career Development Job Opportunities to Spanish youth for a total cost not to exceed \$14,302.

Funds for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from September 1, 1975, through June 30, 1976.

Under the terms of this proposed contract the Boy's Club of Boston, Inc., will serve approximately 40 economically disadvantaged Boston Spanish residents.

Due to the experience and success of this agency in the operation of Manpower program, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

SECOND LANGUAGE PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to the Chinese Consolidated Benevolent Association of New England for a course in English as a Second Language Training Program to be conducted at the Qwong Kow School, 18 Oxford Street, Boston, total cost not to exceed \$87,000. Funds for this contract will be provided from a Federal Government Special Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from August 25, 1975, to July 23, 1976.

Under the terms of the proposed contract the contractor will operate an English as a Second Language Program to serve 72 economically disadvantaged persons of Chinese ethnicity. This training will result in their acquiring sufficient knowledge of the English language to enable them to be placed directly into jobs suited to the individuals career objectives or to be enrolled in a further vocational training program.

Due to the unique characteristics of the program and the demonstrated success and experience of the contractor, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

RENT-A-KID PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Roxbury Action Program, Inc., 10 Linwood Street, Roxbury, for conducting a work experience program for economically disadvantaged youth throughout the City of Boston for a total cost not to exceed \$15,000. Funds

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1975, through September 30, 1976.

Under the terms of this proposed contract the Roxbury Action Program, Inc., will conduct a job matching system for economically disadvantaged youths between thirteen and eighteen years of age. This system is commonly known as the Rent-a-Kid program. Roxbury Action Program will coordinate this program with various community groups.

Roxbury Action Program, Inc. has conducted many and comprehensive youth programs in the past, similar to the above proposed program. It is our opinion therefore, that no useful purpose would be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

CONSTRUCTION WORKERS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Third World Jobs Clearing House, Inc., a corporation sole, with temporary offices at 48 Rutland Street, Boston, to provide recruitment training and placement services to construction workers for a total cost not to exceed \$217,000.

Funds for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from September 1, 1975, through August 31, 1976.

Under the terms of this proposed contract the Jobs Clearing House will place approximately 300 economically disadvantaged minority construction workers into construction jobs at various levels of experience from trainee to journeymen.

Due to the experience of this agency in the operation of construction programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

SILK SCREEN PRINTING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to extend a contract with Self Development Group, Inc., with offices at 100 Franklin Street, Boston.

This request will extend the amount approved in our May 16, 1975 request from \$15,000 to an amount not to exceed \$22,000. These additional funds will provide training in silk screen printing.

Funds for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from May 1, 1975, through April 30, 1976.

Under the terms of this extended contract, Self Development Group, Inc., will serve an additional three inmates from Suffolk County House of Corrections.

Due to the experience and success of this agency in the operation of Manpower proposals, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

COMMISSION ON AFFAIRS OF THE ELDERLY

ELDERLY HOME CARE SERVICES

DEAR MR. MAYOR,

Your permission is hereby requested to award a contract without advertising to the Senior Home Care Services: Boston III, Inc. for the implementation and administration of home care services to the elderly in that area of the City of Boston designated Area III in an amount not to exceed \$7,000.

Senior Home Care Services: Boston III, Inc. is one of three officially recognized home care corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$60,529 by the U.S. Department of Health, Education and Welfare through the Massachusetts Department of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council specifically for this purpose.

This contract will provide compensation for the staff of Senior Home Care Services: Boston III, Inc. involved in the planning, implementation and administration of the delivery of homemaker, chore, transportation and home health aid services to the elderly.

It is therefore requested that notice of this contract be dispensed for public advertising in the *City Record*.

Sincerely,

TAYLOR B. WAGENSEIL,
Commissioner.

DEAR MR. MAYOR,

Your permission is hereby requested to award a contract without advertising to the Area II, Home Care for Senior

Citizens, Inc. for the implementation and administration of home care services to the elderly in that area of the City of Boston designated Area II in an amount not to exceed \$7,000.

Area II, Home Care for Senior Citizens, Inc. is one of three officially recognized home care corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$62,079 by the U.S. Department of Health, Education and Welfare through the Massachusetts Department of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council specifically for this purpose.

This contract will provide compensation for the staff of Area II, Home Care for Senior Citizens, Inc. involved in the planning, implementation and administration of the delivery of homemaker, chore, transportation and home health aid services to the elderly.

It is therefore requested that notice of this contract be dispensed for public advertising in the *City Record*.

Sincerely,

TAYLOR B. WAGENSEIL,
Commissioner.

DEAR MR. MAYOR,

Your permission is hereby requested to award a contract without advertising to the Southwest Boston Senior Services, Inc. for the implementation and administration of home care services to the elderly in that area of the City of Boston designated Area I in an amount not to exceed \$7,000.

Area I Southwest Boston Senior Services, Inc. is one of three officially recognized home care corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$53,095 by the U.S. Department of Health, Education and Welfare through the Massachusetts Department of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council specifically for this purpose.

This contract will provide compensation for the staff of Area I Southwest Boston Senior Services, Inc. involved in the planning, implementation and administration of the delivery of homemaker, chore, transportation and home health aid services to the elderly.

It is therefore requested that notice of this contract be dispensed for public advertising in the *City Record*.

Sincerely,

TAYLOR B. WAGENSEIL,
Commissioner.

COORDINATING COUNCIL ON DRUG ABUSE

JANITORIAL SERVICES

DEAR MR. MAYOR:

On July 21, 1975, this office received your permission to dispense with public advertising and to award to the Pep General Cleaning Company, 22 Forest Road, Sharon, a contract for janitorial services which are to be performed at the Treatment Alternatives to Street Crime program offices at 556 Washington Street, Dorchester. That contract will cover the period September 1, 1974, to June 30, 1975, and is in the amount of \$3,500.

I am requesting at this time an extension of that contract to September 30, 1975, for an additional \$1,000.

The performance of this firm has been most satisfactory and reliable, and for these reasons it is my opinion that the contract should be extended until that period and that no new public advertising is necessary at this time.

Respectfully,

PAUL E. ROBINSON,
Director.

HEALTH AND HOSPITALS DEPARTMENT

TELELIFT SYSTEM SERVICE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 27, 1975, it was voted and approved to renew the city's contract, without advertising, with the Mosler Safe Company of Hamilton, Ohio for service and preventive maintenance of the previously installed Mosler Telelift System at Boston City Hospital for the period July 1, 1975, through June 30, 1976, at a cost to the city not to exceed \$4,600.

Mosler Safe Company is the manufacturer of the system owned by Boston City Hospital and in our judgment is the only firm capable of properly servicing and maintaining it. Therefore, no benefit would inure to the city by publicly advertising for bids and your Honor's permission is hereby respectfully requested to dispense with public advertising and to award this contract, without advertising, under the terms stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

HOUSING INSPECTION DEPARTMENT

LEASING OF SPACE

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the city for the leasing of an estimated 750 square feet of space in the building located at 111 Franklin Street, Allston, and to enter into a lease with Ronald Cahaly, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program.

Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of nine months, October 1, 1975, to June 30, 1976, with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$200 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,

FRANCIS W. GENS,
Commissioner.

COPY MACHINE RENTAL

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the rental of one Xerox 1500 copy machine. This machine greatly assists us in the large volume of copies produced in the Housing Improvement Program which is federally subsidized.

The rental period is from September 1, 1975 to June 30, 1976 at an estimated monthly cost of \$110.00, at a total cost not to exceed \$4,100.00.

It is my opinion that nothing is to be gained by public advertising, since this machine is the only one able to fulfill our needs.

Very truly yours,

FRANCIS W. GENS,
Commissioner.

LAW DEPARTMENT

RENTAL OF MACHINES

DEAR MR. MAYOR:

Your approval is hereby requested to award a contract without advertising, in an amount not to exceed \$17,000 to the IBM Corporation, One Gateway Center, Newton, covering the period of July 1, 1975, through June 30, 1976.

Under the terms of the proposed contract, the IBM Corporation will rent or lease and service a copier machine, three Magnetic Card machines, three transcribers, two portable dictators, and a PBX machine.

We are convinced that these machines are superior to any others presently available and that their cost is reasonable. In my opinion, therefore, no useful purpose would be served by advertising in the *City Record*.

Very truly yours,

HERBERT P. GLEASON,
Corporation Counsel.

LICENSING BOARD

PROFESSIONAL SERVICES

MY DEAR MAYOR WHITE:

During the past several years, it has been an approved administrative practice that this board engage the professional services of a public stenographer, for the recording and transcribing of its hearings.

A public stenographer has been employed in furnishing these services. A court reporter will be hired from July 1, 1975, to June 30, 1976, and the board requests your authorization to forego any

formal solicitation for bids for these necessary services, it would seem an impractical procedure, considering that no probable saving would result by requesting bids and the amicable working relations with all concerned. Civil Service reports no available list on file for the position of a hearings stenographer. This board has made offers to many public stenographers in the City of Boston in past years and there were no applicants.

It is not possible, at this time, to estimate the fee for the current year, the volume of the work varying, as it does, from year to year; however, it is expected that the probable outside cost will not exceed \$5,000 a year. When the cost of the described services appears to exceed the sum of \$1,000, the board, at that time, will request your Honor's authorization to amend the projected contract in such additional amount as may be deemed necessary for the balance of the fiscal year.

Your Honor's approval of this request of the board for a formal contract with Mr. Edward M. Hansbury, Jr., 11 Sanford Street, Mattapan, for such services for a fee not to exceed \$5,000 a year will be greatly appreciated.

Respectfully yours,

CHARLES L. BYRNE,
Chairman.

OFFICE OF PUBLIC SERVICES

HEALTH CARE PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$50,000 to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Upham's Corner Health Committee, Inc./Upham's Corner Health Center, a nonprofit corporation, located at 500 Columbia Road, Dorchester, for the operation of a home health care program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Upham's Corner Health Committee, Inc./Upham's Corner Health Center will conduct a home health care program to provide medical, nursing, social, ancillary and family support services in a coordinated fashion to the homebound residents of the North Dorchester area. The period of performance shall be from August 1, 1975, through March 31, 1976.

The city, through the Department of Health and Hospitals, has provided operating grants to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Upham's Corner Health Committee, Inc./Upham's Corner Health Center previously. In view of the center's qualifications and ability in developing the elements of the home health care program, I feel that at this time, public advertisement would serve no useful purpose.

Sincerely,

DAVID STROHM,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and award a contract in an amount not to exceed \$30,000 to the New England Hospital d/h/a Dimock Community Health Center, a nonprofit corporation, located at 55 Dimock Street, Roxbury, for the operation of a mental health program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Dimock Community Health Center will conduct a comprehensive pediatric and adult mental health program of activities to include individual and group therapy, psychiatric testing and counselling, and preventive mental health education for residents of the Roxbury-North Dorchester area. The period of performance shall be from September 1, 1975, through March 31, 1976.

The city, through the former Model City Administration, has awarded previous contracts to Dimock Community Health Center for the provision of similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Dimock Community Health Center and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

HEALTH CENTER

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$175,511 to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center, located at 12 Bicknell Street, Dorchester, for the operation of a neighborhood health center. The Trustees of Health and Hospitals of the City of Boston, Inc. is a nonprofit corporation that serves as the fiscal intermediary for the Charles Drew Family Life Center. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Charles Drew Family Life Center will conduct a comprehensive health care program to provide medical (adult medicine, pediatrics, obstetrics, and gynecology), nursing, dental, social, pharmaceutical, and nutritional services for residents of the Dorchester community. The period of performance shall be from August 1, 1975, through March 31, 1976.

The city, through the former Model City Administration and the Department of Health and Hospitals of the City of Boston, has awarded previous contracts

to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between the Charles Drew Family Life Center and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$148,000 to the Affiliated Hospitals Center d/b/a the Peter Bent Brigham Hospital, a nonprofit corporation, on behalf of the Brookside Park Family Life Center located at 3297 Washington Street, Jamaica Plain, for the operation of a neighborhood health center. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Brookside Park Family Life Center will conduct a comprehensive health care program to provide medical (adult medicine, pediatrics, obstetrics, and gynecology), nursing, dental, education, and social services for residents of the Jamaica Plain community. The period of performance shall be from June 1, 1975, through November 15, 1975.

The city, through the former Model City Administration, has awarded previous contracts to the Peter Bent Brigham Hospital on behalf of the Brookside Park Family Life Center for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Brookside Park Family Life Center and the city be maintained.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

RECREATION PROGRAMS

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$2,778 to the Roxbury Action Program, a nonprofit corporation, d/b/a Marcus Garvey House located at 76 Highland Street, Roxbury, for the operation of a recreation program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Marcus Garvey House will conduct a comprehensive program of activities to include outdoor sports; instruction in cooking and sewing; and educational

field trips. The period of performance shall be from January 1, 1975, through June 30, 1975.

The city, through the former Model Cities Program, has awarded a previous contract to Roxbury Action Program d/b/a Marcus Garvey House for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Roxbury Action Program d/b/a Marcus Garvey House and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$5,000 to the Denison House, Inc., a nonprofit corporation located at 25 Harvard Avenue, Roxbury, for the operation of a recreation program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Denison House, Inc., will conduct a comprehensive program of activities to include summer camperships and day camperships at selected facilities. The period of performance shall be from June 1, 1975, through August 31, 1975.

The city, through the former Model Cities Program, has awarded a previous contract to Denison House, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Denison House, Inc. and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$5,000 to the Federated Dorchester Neighborhood Houses, Inc., a nonprofit corporation, d/b/a Denison House located at 25 Harvard Avenue, Roxbury, for the operation of a recreation program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Denison House will conduct a comprehensive program of activities to include summer camperships and day camperships at selected camping facilities. The period of performance shall be from June 1, 1975, through August 31, 1975.

The city, through the former Model Cities Program, has awarded a previous contract to Federated Dorchester Neighborhood Houses, Inc. d/b/a Denison House for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Federated Dorchester Neighborhood Houses, Inc. d/b/a Denison House and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$1,000 to the Mt. Pleasant Tot Lot, Inc., a nonprofit corporation located at 61 Mt. Pleasant Avenue, Roxbury, for the operation of a recreation program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Mt. Pleasant Tot Lot, Inc. will conduct a comprehensive program of activities to include arts and crafts; reading instruction classes; birthday parties; and an Easter Egg Hunt. The period of performance shall be from January 1, 1975, through June 30, 1975.

The city, through the former Model Cities Program, has awarded a previous contract to Mt. Pleasant Tot Lot, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Mt. Pleasant Tot Lot, Inc. and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

F.I.R.S.T. Inc.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$33,835 to For Individuals Recovering Sound Thinking (F.I.R.S.T.), Inc., a nonprofit corporation located at 167 Centre Street, Roxbury, for the operation of a drug rehabilitation program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, F.I.R.S.T., Inc. will maintain a 30-bed, in-patient treatment facility for males and females with programs that include vocational counselling, group therapy, physical therapy, job placement, and vocational training in printing for addicted persons. The period of performance shall be from June 1, 1975, through March 31, 1976.

The city, through the former Model Cities Program, has awarded a previous contract to F.I.R.S.T., Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between F.I.R.S.T., Inc. and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

LA ALIANZA HISPANA, INC.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$96,250 to La Alianza Hispana, Inc., a nonprofit corporation located at 645 Dudley Street, Dorchester, for the operation of a multi-service center. Payment for this contract will be made from Community Development Block Grant.

Under the terms of the agreement, La Alianza will continue to provide bilingual services in basic education, job development, housing, resettlement, and advocacy for the residents of Dorchester, Roxbury, Jamaica Plain, and the South End. The period of performance shall be from June 1, 1975, through March 13, 1975.

The city, through the former Model Cities Program, has awarded a previous contract to La Alianza Hispana, Inc. for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between La Alianza Hispana, Inc. and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

SOCIAL SERVICE PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$55,535 to the Council of Elders, Inc., a nonprofit corporation located at 280 Martin Luther King Boulevard, Roxbury, for the operation of a geriatric social service program. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Council of Elders, Inc. will provide supportive services in the areas of, but not limited to, housing, guidance-counselling, information and referral, education, group interaction, and consumer health education. The period of performance shall be from June 1, 1975, through March 31, 1976.

The city, through the former Model Cities Program, has awarded a previous contract to Council of Elders, Inc. for the

provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Council of Elders, Inc. and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional services to Resource Planning Associates of Cambridge, and to dispense with advertising in the *City Record* in connection with the award of this contract. The contract will be in an amount not to exceed \$25,000 for the period from August 18, 1975, to April 1, 1976. The source of funds for the contract will be the city's Community Development Block Grant, a federal special revenue sharing program.

Under the terms of the contract, Resource Planning Associates (RPA) will prepare the Environmental Impact Statement required by HUD for the Abandoned Buildings Demolition Program, a program administered by this office using the Community Development Block Grant. The final work product will include a detailed consideration of the environmental consequences of the 600 demolitions, together with recommendations for program changes to mitigate negative impacts. RPA will also serve as a liaison between the city and the several federal and state agencies which will review the statement.

Since neither the staff time nor technical expertise is available to prepare the report in-house, the city discussed the project with five reputable firms, and reviewed their written contract proposals. The city used three criteria in choosing RPA: cost, experience, and probable quality of the product.

Cost: Although one firm's proposal was for a substantially lower price, we feel quite strongly that their proposed research methodology and focus were inappropriate for this project. Another firm was slightly lower in price, but seemed incapable or unwilling to address the economic and social issues that will certainly be raised by agency reviewers.

Experience: RPA had the most impressive collection of skills and related experience to devote to this project.

Quality: RPA was the lowest price firm with a proposal and credentials sufficient to assure us of a quality impact statement addressing community and review agency concerns.

Because of the extensive evaluation already undertaken, advertising for bids prior to awarding this professional services contract to RPA would serve no beneficial purpose at this time.

Sincerely,

DAVID STROHM,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$21,000 to the Tenants Association of Boston, Inc. (T.A.B., Inc.), a nonprofit corporation located at 192 Humboldt Avenue, Dorchester, for the provision of tenant services. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, T.A.B., Inc. will continue to provide services in the program area of tenants rights, landlord/management problems, tenant advocacy and assisting and ensuring code enforcement for the residents of the Roxbury, North Dorchester, South End, and Jamaica Plain areas. The period of performance shall be from June 1, 1975, through March 31, 1976.

The city has awarded a previous contract to the Tenants Association of Boston, Inc. for the provision of the same or similar services as those proposed.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose at this time.

Sincerely,

DAVID STROHM,
Director.

PARKS AND RECREATION DEPARTMENT

SECURITY SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Special Agent Systems, Inc., 215 California Street, Newton, for providing security services to our Draper, Mason, and Paris Street pools and also our Pinebank Arts Center. The cost to the city will not exceed \$6,636 and will cover the period from July 1, 1975, to June 30, 1976, inclusive. I am requesting that this contract be executed subject to an appropriation being available in and charged to the Parks and Recreation Department budget 1-11-41 (29), Miscellaneous Contractual Services.

Under the terms of this proposed contract, Special Agent Systems, Inc. will provide on-site monitoring, guard response, maintenance of alarm systems, and continuous service to protect the above-named locations from vandalism and malicious destruction.

Due to this firm's long standing experience in the security field and because of our past successful employment of their services, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

ICE TIME

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Trustees of Boston University, 147 Bay State Road, Boston, for providing ice time at the Walter A. Brown Memorial Skating Pavilion for our Boston Neighborhood Hockey League from December 1, 1975, through March 18, 1976, at a total cost not to exceed \$12,500, which is to be charged to the Parks and Recreation Department budget 1-11-41 (29) Miscellaneous Contractual Services.

Under the terms of this proposed contract, Boston University will make available to this department 250 hours of scheduled ice time for the benefit of the teams and players of our Boston Neighborhood Hockey League. The cost per hour for this ice time is \$50. This pays for the use of the entire skating pavilion, which includes locker rooms, showers, scoring machinery, and free seating for the parents and fans of the boys and their teams involved with this program.

Due to the fact that we have successfully made use of this centralized facility in past years for this program and because of the highly competitive price Boston University asks for this service, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

PUBLIC FACILITIES DEPARTMENT

EMERGENCY DEMOLITION

DEAR MR. MAYOR:

As a result of an extensive fire on Thursday, July 30, 1975, in the Club House at Franklin Park Golf Course, Dorchester, the remaining portions of the structure in its present condition creates an extreme danger to persons and property. The existing structure was cited by the Fire Department as being unsafe and ordered removed by demolition. On August 1, 1975 this building was inspected by the Public Facilities Department and found portions to be in an extremely unsafe condition. Removal of portions of the structure by the emergency procedure has been deemed the only satisfactory solution.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A, chapter 149, G.L., as it pertains to public advertising, providing we obtain prices from at least three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this demolition work, I received contract proposals from three contractors as follows:

Peter Ruggiero, Inc., for \$7,800; James Grant Company, Inc., for \$8,100; and Napoli Wrecking Company, for \$8,600.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to Peter Ruggiero, Inc., 25 Emerson Road, Concord, for an amount not to exceed \$7,800.

Respectfully,
ROBERT J. VEY,
Director.

EMERGENCY PROCEDURES

DEAR MR. MAYOR:

The implementation of phase two of the State Racial Balance Plan, as now mandated by the U.S. District Court, for the City of Boston School System, will affect the Charlestown schools for the first time this fall. In order to facilitate the execution of this plan and to assure the safety of students being transported, it is necessary for the city to provide a special loading area for buses at the Clarence Edwards School in Charlestown. This will entail paving an open area adjacent to the school, on the Main Street side, and constructing steps to the school's Main Street entrance.

Pursuant to a recent order from U. S. Federal District Court Judge W. Arthur Garrity to dispense with public advertising, we solicited the following five general bids which were opened and read aloud on Monday, August 11, 1975 at 5 P.M.

1. W. T. Rich Company, Inc., for \$28,750.
2. Coronis Construction Company, Inc., for \$29,700.
3. Solimando Construction Company, Inc., for \$32,525.
4. Sciaba and Company, Inc., for \$51,000.
5. J. T. Scully Construction Corporation, for \$52,000.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that the Federal Court has entered appropriate orders and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to W. T. Rich Company, Inc., 313 Washington Street, Newton, for an amount not to exceed \$28,750.

Respectfully,
ROBERT J. VEY,
Director.

BUILDING RENOVATIONS

DEAR MR. MAYOR:

U. S. District Court Judge W. Arthur Garrity has authorized the city to bypass standard bidding procedures to perform needed repair and renovation work at certain school buildings and buildings to be used as temporary school sites, in preparation for the implementation of the Phase 2 desegregation plan commencing on September 3, 1975.

Accordingly, this is to inform you that the Public Facilities Department, proceeding under Judge Garrity's order, invited bids for the renovation work to be performed at the Sawyer Building (temporary Madison High School), 209 Colum-

bis Avenue, and, as a result of the public bid opening held on the premises at 11 A.M. this date, received bids as follows:

Solimando Construction Company, Inc., for \$314,930; Sciaba & Company, Inc., for \$334,200; J. T. Scully Construction Corporation, for \$338,000; and Coronis Construction Company, Inc., for \$358,000.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that the Federal Court has entered appropriate orders and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to Solimando Construction Company, Inc., 29 Cottage Avenue, Quincy, for an amount not to exceed \$314,930.

Respectfully,

ROBERT J. VEY,
Director.

ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Desmond & Lord, Incorporated, a Massachusetts corporation, architects, of 6 Beacon Street, Boston.

Under the terms of the contract, Desmond & Lord, Incorporated, will prepare working drawings, detailed specifications, and construction cost estimates, and supervise the construction of the Allston/Brighton and East Boston Fire Stations, at a cost for such services (based on an estimated cost of construction of \$1,055,000 for the Allston/Brighton station and \$1,398,000 for the East Boston Station) of 6.53 percent (1967 A.I.A. "B" rate) of the aggregate estimated cost of construction of \$2,453,000, less a credit from the Phase I contract (as amended) of \$44,100, the cost of the now proposed services not to exceed \$151,080 (including \$35,000 for supplementary services).

In view of the professional and technical nature of the services to be performed under this contract, as well as the fact that its award follows the completion by Desmond & Lord, Incorporated, of the preliminary studies and design development work under the Phase I contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

STRUCTURAL STUDY AND REPORT

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Richard L. Savage, a professional engineer, of 56 Valentine Road, Arlington.

Under the terms of the contract, Richard Savage will perform services in two parts: Part A, to study, evaluate, and report on the stucco and related structural system at the Holland School to

determine the cause of stucco failure and establish the responsibility therefore, and Part B, for work on the anticipated litigation involved, at a cost for such services (payable at rates to be set forth in and further defined by the contract) for Part A of \$11,400, and for Part B of \$2,100, an aggregate cost not to exceed \$20,000 (including \$6,500 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DESIGN SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Richard Dunn d/b/a Dick Dunn Design, interior space designer, with offices at 120 Milk Street, Boston.

Under the terms of the contract, Dick Dunn Design will provide feasibility studies of the interior space use of various buildings, and prepare complete floor plans and written reports with recommendations to guide and discipline the occupancy of the buildings, during the period from July 1, 1975, to June 30, 1976, at a cost for such services (payable in accordance with the terms of the contract) not to exceed \$12,000.

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Susan Child, landscape designer, of 11 Lime Street, Boston.

Under the terms of the contract, Susan Child will provide resource, evaluation, and inspection services for the Victory Garden Program of REVIVAL (Revitalization of Vacant Land). The Victory Garden program will convert unused, vacant city-owned lots to productive gardens for the benefit of local residents and neighborhood associations, as well as the city. The services will be provided during the period July 1, 1975, to March 6, 1976, at a cost (payable at rates to be set forth in, and further defined by, the contract) not to exceed \$9,405 (including \$900 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

GENERAL ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Barnes Engineering Company, Inc., a Massachusetts corporation, engineers and surveyors, of 411 Lexington Street, Auburndale.

Under the terms of the contract, Barnes Engineering Company, Inc., will furnish general engineering services, including surveys, topographical plans, utility plans and boring layouts in connection with the numerous construction projects to be managed by this department during the period July 1, 1975, to June 30, 1976, both dates inclusive, at a cost for such services not to exceed \$12,500 payable at rates to be stated in the proposed contract.

In view of the fact that the services to be furnished are of a professional and technical nature, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

RENOVATION OF SCHOOL

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Coletti Brothers, Inc., a Massachusetts corporation, architects, of 10 Industrial Park Road, Hingham.

Under the terms of this Phase I contract, Coletti Brothers will prepare preliminary designs, design development drawings, basic outline specifications and construction cost estimates for the renovation of Roslindale High School, at a cost for such services of 7.91 percent (1967 A.I.A. "B" rate plus 2.5 percent for alterations and renovations) of the presently estimated cost of construction of \$6,525,000, less a credit of \$1,620 for feasibility study plans applicable to this project, the cost of the now proposed services (at 35 percent for Phase I) not to exceed \$234,024 (including \$58,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Mayor's Office of Public Service purposes. There is a further delegation of power from the

Commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The premises to be leased consist of approximately 1,200 square feet of office space, in the building known and numbered 1862 Centre Street, West Roxbury.

The term of the lease will be twelve months from July 1, 1975, and terminating June 30, 1976. The twelve-month term rental for the lease will be \$8,100, payable in equal monthly payments of \$675.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for the Department of the Mayor's Office of Public Services purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of a large office of approximately 1,200 square feet located on the street floor of 105-109 West Newton Street, Boston. This space has been extensively rehabilitated and redecorated by the lessor.

The term of the lease will be eleven months, beginning August 1, 1975, and terminating June 30, 1976. The lease contains options to renew for a maximum of three consecutive twelve-month terms.

The monthly rental will be \$600, with the cost of the initial term not to exceed \$6,600.

Utilities (exclusive of water and sewer use) and heat will be paid for by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its powers from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for recreational purposes. There is a further delegation of power from the Commission to the Director to execute

such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised land owned by Parkway Baseball League, Inc., consists of land on Baker Street, bounded also by land of the New York, New Haven and Hartford Railroad and other land of the Parkway Baseball League, Inc., known as Praught Field. The area to be leased contains approximately 120,000 square feet.

The term of the lease will be from July 1, 1975, to March 31, 1977, and is designed to include two complete recreational seasons. The rental for the entire period will be \$50,000, payable in two equal installments, one in August, 1975, at the end of the first season, and the second in March, 1976, at the beginning of the second season.

The lease requires that the lessor deliver the land to the city in good, useable condition for baseball, and to assume all expenses for the maintenance of the field in the same condition. The field will be used primarily as a playing field for little league baseball, serving some 750 children from the Roslindale and West Roxbury sections. There has been in the last year large investment in the field by the local community, including clearing, grading, landscaping and installation of sophisticated recreational equipment and maintenance systems. This lease will insure that it will be maintained in its present condition and will continue to provide recreational opportunities for local children.

The entire cost of this lease will be paid from the city's 1975 Community Development Block Grant (Appropriation Code: 3-3601-699). One of the explicit categories of eligible activities under that grant is the acquisition of land by lease to provide recreational opportunities.

Given the land is unique, and that this land is both adequate and convenient for its purposes, I do not believe that public advertising for bids would be useful or appropriate in this situation.

Yours very truly,

ROBERT J. VEY,
Director.

DESIGN SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Metcalf & Eddy, Inc., a Delaware corporation duly licensed to carry on business in the Commonwealth, engineers, with local offices in the Statler Office Building, 20 Province Street, Boston.

Under the terms of the contract, Metcalf & Eddy, Inc. will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings, detailed specifications, for and supervise the construction of improvements to four recreation facilities (passive and play areas), located in the Charlestown, Chinatown, and Dorchester district of the City of Boston, at a cost for such services of

7.34 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$220,000, the cost of the now proposed services not to exceed \$29,148 (including \$13,000 for supplementary services).

In view of the professional and technical nature of the services to be performed it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Oldham, Soforenko Priestly Associates, architects, 77 North Washington Street, Boston.

Under the terms of the contract, Oldham, Soforenko, Priestly Associates will provide preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications and supervise the construction of play areas at six locations in the City of Boston, at a cost for such services of (a) for two sites, 7.5 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$92,000, \$6,900 and (b) for four of the sites, 7.47 9percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$115,250, \$8,620, an aggregate cost of \$15,520, the cost of the now proposed services not to exceed \$39,520 (including \$24,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Fred J. Shalhoub and Associates, Twelve Tech Circle, Natick.

Under the terms of the contract Fred J. Shalhoub and Associates will provide preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications for, and supervise the construction of, teen areas to be located at four site locations in the City of Boston, at a cost for such services at 7.5 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$80,000, the cost of the now proposed services not to exceed \$13,000 (including \$7,000 for supplementary services).

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Schoenfeld Associates, Inc., a Massachusetts corporation, engineers, of 210 South Street, Boston.

Under the terms of the contract, Schoenfeld Associates will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications for, and supervise the construction of, improvements to recreation facilities (game courts, play areas, and passive areas) located at twelve sites in the City of Boston, at a cost for such services of: (a) for seven of the sites, 7.22 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$316,800, \$22,873; and (b) for five of the sites, 7.377 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$207,800, \$15,330, an aggregate cost of \$38,203, the cost of the now proposed services not to exceed \$82,703 (including \$44,500 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to E. Lionel Pavlo Engineering Co., Incorporated, a Massachusetts corporation, of 80 Roylston Street, Boston.

Under the terms of the contract, E. Lionel Pavlo Engineering Co. will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications, and to supervise the construction of game courts at seven site locations in the City of Boston, at a cost for such services of: (a) for two of the sites, 7.5 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$60,000, \$4,500, and (b) for five of the sites 7.287 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$260,800, \$19,005, an aggregate cost of \$23,505, the cost of the now proposed services not to exceed \$46,005 (including \$22,500 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby

request your Honor's written authority to dispense with public advertising, and to award a contract to Lev Zetlin Associates-Massachusetts, Inc., a Massachusetts corporation, engineers, of 806 Massachusetts Avenue, Cambridge.

Under the terms of the contract, Lev Zetlin Associates will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications for, and supervise the construction of, improvements to recreation facilities (passive areas) located at seven sites in the City of Boston, at a cost for such services of 7.308 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$211,000, the cost of the now proposed services not to exceed \$36,332 (including \$18,500 in supplementary services).

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

WEATHER INFORMATION

DEAR MR. MAYOR:

Snow storms, heavy rains and high winds create a number of problems for this department.

These problems can only be coped with by adequate preparation before the start of the storm. Accurate forecasts make the difference in being ready when it is necessary to spread salt on icy streets, plow snow or to control drainage for flood operations, or to have the city tied up by a delay in the start of these operations.

The National Weather Services had not been able to furnish the type of forecasting we require, because of the lack of personnel, so for a number of years the city has depended on a private firm, Weather Services Corporation, who have given satisfactory service.

Accordingly, your permission is requested to dispense with the public advertising and award a contract to Weather Services Corporation, of 131A Great Road, Bedford, for weather information and consultation from July 1, 1975, to June 30, 1976, not to exceed the amount of \$2,600.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner.

SALT TESTING

DEAR MR. MAYOR:

The Public Works Department intends to purchase a large amount of salt (sodium chloride) for snow and ice control for the winter season of 1975-1976. The contract for the purchase of this salt provides for a range of prices for payment that is controlled by the percentage of moisture, sodium chloride content and gradation. In order to properly determine these factors, samples are taken from the salt to be delivered for laboratory tests.

During the past twelve winter seasons, the sampling and testing of our salt was performed by the Thompson & Lichtner Company, Inc., of Brookline. This firm has performed our seasonal plant inspection of asphalt and concrete for twenty-two years, and has given excellent service. Therefore, I would like to give the salt, inspection work to this company for the coming winter season.

Accordingly, your permission is requested to dispense with public advertising and to award to the Thompson & Lichtner Company, Inc., 8 Alton Place, Brookline, a contract in the amount of \$11,000 for this work. It has been agreed that the sampling will be set forth in the proposed contract, and will include Social Security, unemployment compensation, insurance, payroll costs, overhead and profit. The laboratory tests will be made at a unit price per test.

It is understood and agreed that the total to be paid under this contract will not exceed \$11,000.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner.

SCHOOL DEPARTMENT

COUNSELING

DEAR MR. WHITE:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to St. Margaret's Hospital for Women, Inc. for individual and group counseling to CENTAUM students during the period April 9, 1975, through June 20, 1975, at a cost not to exceed \$4,000.

The contractor shall provide individual and group counseling to students enrolled in the CENTAUM (Center for Teen-Age Unwed Mothers). Each student will receive at least one hour of service per day.

Because of the professional nature of the services to be provided under this contract and the expertise of contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to the Roxbury Medical Technical Institute, Inc. for an academic reinforcement and counseling project during the period June 16, 1975, through August 8, 1975, at a cost not to exceed \$21,113.

The contractor shall provide academic reinforcement and career education counseling for secondary level disadvantaged students emphasizing in specialized professions. The contractor will also develop curricula for the program and will train

staff from the Boston public school in developing techniques for multiracial, multiethnic understanding. It is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without appropriation under the provisions of G. L. c. 14, s. 53A, and is to be made subject to the receipt of funds under grant from Title VII, Office of Education, Washington, D. C.

Very truly yours,

EDWARD J. WINTER,
Secretary.

VOLUNTEERS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to School Volunteers for Boston, Inc., 16 Arlington Street, Boston, for the recruitment, training and placement of volunteers in the Boston public schools during the period July 1, 1975, to June 30, 1976, at a cost not to exceed \$36,000.

The contractor will recruit, train and place volunteers in the Boston public schools for the purpose of serving as tutors of reading, math, and English as a second language; classroom and library assistants; and participants in science and cultural enrichment programs. They shall perform other duties as may be requested by the Boston public schools.

Because of the sensitive nature of the services to be provided under this contract and the professional expertise of the contractor's staff in providing such services over the past nine years (e.g. in 1971-1975 School Volunteers for Boston recruited, trained and placed a total of 2,121 volunteers who gave at least three hours a week at an estimated value of \$510,000).

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services provided by School Volunteers for Boston, Inc.

Sincerely,

EDWARD J. WINTER,
Secretary.

LEASING OF PREMISES

DEAR MAYOR WHITE:

I request approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Bilingual Education of the School Department.

The building to be leased is a one-story repair shop garage located at 719 Hyde Park Avenue, Hyde Park, and owned by Elizabeth Mandarano. The Department of Bilingual Education will use the repair

shop garage in connection with their Bilingual Automotive Skill Training Program.

The term of the lease will be for one year on a month to month basis from August 15, 1975.

The rental is \$1,050 per month. Funding is provided under the Vocational Education Act of 1963 (P.L. 90-576), as amended under P.L. 92-318.

Inasmuch as the building at 719 Hyde Park Avenue serves the particular nature of the program involved, I feel that public advertising in this instance would serve no useful purpose.

Very truly yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

PAINTING

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award, without public advertising, contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I therefore solicited invited bids from five contractors for painting the entire interior of the Boston Trade School, Parker Street, Roxbury, which were publicly opened and read on August 14, 1975.

The bids received were as follows:

William Lazarakis Painting Company, in the amount of \$45,800.

Calas Painting & Decorating Company, for \$128,000.

R. VanPutten Company, for \$128,680.

The bid of the N. Bello Painting Co. was not accepted because it was submitted too late.

Eastern Decorators, Inc. did not respond to the Invitation Bid.

I therefore request your approval of my action in awarding a contract to the William Lazarakis Painting Co. in the amount of \$45,800.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

REMOVAL OF PLUMBING FIXTURES

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising for the removal of plumbing fixtures at various schools.

There are approximately 25 schools which are to be closed under the Federal Court's Student Desegregation Plan (Phase II) for the racial integration of Boston schools. These schools contain plumbing equipment and apparatus which are very valuable and can be used in other schools in the City of Boston. The salvage of these items is of such importance that I wish to have them removed from the buildings immediately before the buildings are vandalized.

I did solicit four bids without public advertising, under section 41A-L of the General Laws. The bids received were as follows for five of the twenty-five schools:

Consolidated, Inc., for \$2,245; D & F Plumbing & Heating, for \$1,100; and John W. Graham Company, for \$17,490.

Evava Corporation did not respond to the Invitation Bid.

I therefore am awarding a contract to Consolidated, Inc., of 390 Water Street Quincy, the lowest responsible and eligible bidder, in the amount of \$2,245.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DATA SYSTEM FOR OCCUPATIONAL DEMAND

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to James M. Howell, Senior Vice President, First National Bank of Boston for developing a comprehensive data system in order to forecast occupational demand in the Boston SMSA for 1980 and 1985, during the period June 9, 1975, through August 31, 1975, at a cost not to exceed \$25,000.

The contractor shall create the Boston SMSA industry and occupational data base, forecast industry employment levels for 1980 and 1985, analyze Boston SMSA employment trends in terms of reasonableness and in terms of emerging national trends, and forecast the occupational demand patterns for the industry-occupational matrix for the Boston SMSA for 1980 and 1985.

Because the funds for this contract were awarded to the Boston School Committee by the State Board of Education under the provision of the Vocational Education Act of 1963, as amended by P.L. 90-567 in 1968 and P.L. 92-318 in 1972, under the condition that the First National Bank perform the work and because the First National Bank will contribute an additional \$15,000 in time and expenditures to this project, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

REMOVAL OF ELECTRICAL FIXTURES

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising for the removal of electrical fixtures at various schools.

There are approximately twenty-five schools which are to be closed under the Federal Court's Student Desegregation Plan (Phase II) for the racial integration of Boston schools. These schools contain electrical equipment and apparatus which are very valuable and can be used in other schools in the City of Boston. The salvage of these items is of such importance that I wish to have them removed from the buildings immediately before the buildings are vandalized.

I did solicit four bids without public advertising, under section 41A-L of the General Laws. The bids received were as follows for six of the twenty-five schools:

William MacKinlay, for \$5,357; Presidential Electrical Company, Inc., for \$5,395; D & S Electric Company, for \$7,200; and Hume Electric Company, for \$8,440.

I therefore am awarding a contract to William MacKinlay, of 179 Green Street, Jamaica Plain, the lowest responsible and eligible bidder, in the amount of \$5,357.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising or the removal of electrical fixtures at various schools.

There are approximately twenty-five schools which are to be closed under the Federal Court's Student Desegregation Plan (Phase II) for the racial integration of Boston schools. These schools contain electrical equipment and apparatus which are very valuable and can be used in other schools in the City of Boston. The salvage of these items is of such importance that I wish to have them removed from the buildings immediately before the buildings are vandalized.

I did solicit four bids without public advertising, under section 14A-L of the General Laws. The bids received were as follows for six of the twenty-five schools:

Joseph L. McKeen, Inc., for \$4,230; and Griffin Electric Corporation, for \$6,500.

Lentine Electric Service, Inc. and Weir Electric Company did not respond to Invitation Bid.

I therefore am awarding a contract to Joseph L. McKeen, Inc., 113 Bowdoin Street, Dorchester, the lowest responsible and eligible bidder, in the amount of \$4,230.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DRAFTING FURNITURE

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award without publicly advertising contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I therefore solicited invited bids from four contractors for furnishing, delivering, and setting up drafting furniture and equipment at the Madison Park High School (Sawyer Building), 140-144 Berkeley Street, Boston, which were publicly opened and read on August 19, 1975.

The bids received were as follows:

Spaulding Company, Inc., for \$8,499; Dietzen Corporation, for \$9,060; and B. L. Makepeace, Inc. for \$9,534.25.

The bid of Bruning Division was not accepted because it was submitted too late.

I therefore request your approval of my action in awarding a contract to the

Spaulding Company, Inc., 10 Mercer Road, Natick, the lowest responsible and eligible bidder, in the amount of \$8,499.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

CARPENTRY WORK

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award without publicly advertising contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I therefore solicited invited bids from four contractors for carpentry and related work at the Boston Trade School, 550 Parker Street, Roxbury, which were publicly opened and read on August 19, 1975.

The bids received were as follows: John Palumbo Company, for \$64,700; R & L Construction Company, Inc., for \$76,000; and Clifford Construction Company, Inc., for \$77,840.

The bid of Risti Brothers was not accepted because they were unable to get a Bid Bond.

I therefore request your approval of my action in awarding a contract to the John Palumbo Company, 321 West Second Street, South Boston, the lowest responsible and eligible bidder, in the amount of \$64,700.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

FIRE DAMAGE REPAIRS

DEAR MR. MAYOR:

I seek your approval of my action in awarding a contract without advertising to the Clifford Construction Company, 320 Dorchester Street, Boston, in an amount not to exceed \$25,000 for making temporary fire damage repairs to the William Lloyd Garrison School, 20 Hutcheson Street, Roxbury.

Early in the morning of July 8, 1975 vandals broke into the William Lloyd Garrison School and set fire to some of the classrooms on the second floor and the Library which resulted in extensive damage to the building, especially to the roof over two classrooms and the Library, areas which were completely gutted.

In order to secure the building against the elements and to prevent further unlawful entry into the building, and to make emergency repairs to the building, I had to immediately employ the services of the Clifford Construction Company to board-in all doors and windows which were broken, those windows and doors which were burned out because of the fire, and also to remove the danger of falling roof timbers. It was necessary to install new temporary roof decks over the two classrooms, repair the roof over two other rooms and to remove all the debris and remove all water from the affected areas.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

FURNITURE AND EQUIPMENT

DEAR MR. MAYOR:

Under the Phase II Plan for Student Desegregation in the Boston schools as ordered by Judge Garrity, and to carry out my obligation to comply with his order, it has become necessary to purchase additional furniture and equipment for pupils and teachers at the temporary Madison Park Complex (100 Arlington Street, Boston, and the Sawyer Building).

It is not possible at this late date to solicit bids for the various types of furniture and equipment necessary to supplement the furniture which has been sent to these buildings. I have, however, located used furniture and equipment in excellent condition now located at the National Shawmut Bank building in Boston which is available for purchase from L. Goldstein & Son, Inc., 244 Brighton Avenue, Boston.

A personal inspection reveals that it is in excellent condition, made of metal, modern, and of top-quality manufacture (general fireproofing, steelcase, or royal metal).

It is my opinion that the purchase price is about one-half of that of new furniture on bid, and that this furniture will well serve the purpose for many years. It is immediately available for delivery.

I therefore seek your permission to purchase without publicly advertising the furniture and equipment from L. Goldstein & Sons, Inc., at a price of \$26,468.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award without publicly advertising contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I therefore solicited invited bids from three contractors for furnishing, delivering, and setting up of business education furniture in various schools, which were publicly opened and read on August 19, 1975.

The bids received were as follows: Henry S. Wolkins Company, for \$11,300; Roy V. Leonard Company, for \$11,959.90; and Public Seating, Inc., for \$13,169.20.

Because time is of the essence in the setting up of classrooms, I request your approval of my action in awarding a contract to Roy V. Leonard Company, 201 Highland Avenue, Somerville, in the amount of \$11,959.90, the second bidder because the equipment can be delivered much sooner than the low bidder.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

ADVISOR TO HEAD MASTER

DEAR MAYOR WHITE:

The School Committee requests your authorization for the award of a contract to Dalton Baugh, 25 Hollander Street,

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Roxbury, who will function as an advisor to the Head Master and staff at Hyde Park High School, and, as required, at all Boston high schools during the period September 2, 1975, through June 30, 1976, at a cost not to exceed \$15,000.

The consultant will function in an advisory capacity to the Head Master and staff at Hyde Park High School and be available for services and assignments to all Boston high schools. In translating and relating the back experience to curricula and the day-to-day operation of the school(s) he will conduct staff, student and parent black and white seminars, advise in biracial activities, counsel students, conduct sensitivity programs, coordinate community-school group efforts, help plan and implement school stabilization techniques and perform other specific assignments related to his particular expertise as directed by the Head Master of Hyde Park High School and all Boston high schools.

During the opening days of the 1974-1975 school year, Mr. Dalton Baugh was assigned to Hyde Park High School as a Youth Activities Team Leader by his employers, the City of Boston Youth Activities Commission. It was readily apparent to the Head Master of Hyde Park High School and to the Area Assistant Superintendent, Mr. Leo Howard, that Mr. Baugh's presence filled a vital role in that he represented someone to whom the minority students could turn for counsel, advice, and assistance. During the opening days of school, Mr. Baugh was successful in easing tensions, averting crises, and, in general, was recognized as a stabilizing force.

When the Head Master and faculty at Hyde Park High School requested additional administrative help at the school, the decision was made to utilize the training, experience, and demonstrated skill in working with young people of Mr. Dalton Baugh by employing him for the school year as a consultant to the faculty and administration of Hyde Park High. In addition, his services are available to any other high school with problems similar to Hyde Park.

Mr. Baugh was employed during the 1971-1975 school year under the terms of a contract approved by the Board of Superintendents and the Boston School Committee. Mr. Baugh's service was evaluated by the Head Master and Area Superintendent as excellent, and they have requested his reemployment under contract for the 1975-1976 school year.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed.

Very truly yours,

EDWARD J. WINTER,
Secretary.

ELECTRICAL SYSTEM MODERNIZATION

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising to The Bay Design Group, Inc., 31 Smith Place, Cambridge, to prepare plans and specifications for the modernization of electrical systems in the Roxbury High School, 35 Greenville Street, Roxbury.

The engineer's basic fee, while prompted by, but not subject to the "B" rate of the Massachusetts Association of Architects 1970 recommended schedule, is to be negotiated at a flat 11 percent of the estimated cost of the work, but in no case shall exceed \$13,750.

There are to be no supplementary services or supervision.

Since the proposed contract is to be one for the performance of professional services, it is my view that a public solicitation of bids would serve no useful purpose.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising to N. J. Bird Designers, Inc., 850 Providence Highway, Dedham, to prepare plans and specifications for the modernization of and alterations to the electrical systems in the Woodrow Wilson School, 18 Croftland Avenue, Dorchester.

The engineer's basic fee, while prompted by, but not subject to the "B" rate of the Massachusetts Association of Architects 1970 recommended schedule, is to be negotiated at a flat 11 percent of the estimated cost of the work, but in no case shall exceed \$9,900.

There are to be no supplementary services or supervision.

Since the proposed contract is to be one for the performance of professional services, it is my view that a public solicitation of bids would serve no useful purpose.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising to Edward J. Tedesco Associates, Inc., 18 Mount Vernon Street, Winchester, to prepare plans and specifications for egress alterations to comply with public safety regulations for the modernization of the electrical systems in the Winship School, 54 Dighton Street, Brighton, and the Mather School, Meeting House Hill, Dorchester.

The engineer's basic fee, while prompted by, but not subject to the "B" rate of the Massachusetts Association of Architects 1970 recommended schedule, is to be negotiated at a flat 11 percent of the estimated cost of the work, but in no case shall exceed \$22,880.

There are to be no supplementary services or supervision.

Since the proposed contract is to be one for the performance of professional services, it is my view that a public solicitation of bids would serve no useful purpose.

Respectfully submitted,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

SUFFOLK COUNTY District Attorney's Office SECURITY SYSTEM

DEAR MR. MAYOR:

As District Attorney of Suffolk County, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to First Security Services, 92 State Street, Boston, for the amount not to exceed \$1,500, during the period of January 1, 1975, through April 30, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

We have made arrangements with this firm, subject to your approval and that of the Boston Finance Commission, to provide a complete security system for a Witness Protection Facility. This facility is located within the Greater Boston area and provides housing for many government witnesses whose lives are in danger. It is for this reason that we seek to install a modern security system. In addition, the security problem compels me to request a waiver of the bidding provision. Absent such a waiver, this office would be required to publicly advertise specifications for desired equipment. Such advertising would, in my opinion, defeat the very purpose for which the equipment is to be purchased.

I respectfully state that public advertising would serve no useful practical purpose and request a waiver from such requirement.

In addition, First Security Services Corporation has and will continue to provide professional services for security problems in this office. It is my desire to utilize this firm for the purpose of soliciting bids, reviewing all vendor proposals, and advising my staff as to the best vendor for each piece of equipment desired. Such informal bids will, of course be available for inspection by the Auditing Department or a staff member of the Boston Finance Commission.

Respectfully,
GARRETT H. BYRNE,
District Attorney.

Court House Commission AIR-CONDITIONERS

DEAR MAYOR WHITE:

The Court House Commission has leased air conditioning units from the Boston Filter Company, 43 Harvard Square,

Charlestown, upon request of the Courts and the various offices, to overcome the uncomfortable conditions in both the New and Old Court House buildings. These air conditioners have been leased on a monthly rental basis at an approximate monthly cost of \$800 per month. The rental for this equipment is for the fiscal year starting July 1, 1975, to June 30, 1976. The amount of this service shall not exceed \$10,500 for the year.

The Boston Filter Company furnishes and installs proper units for various sections of the buildings where needed. These units remain the property of the contractor and are serviced without any additional charge. The commission has found that this is the most economical way to do this.

In view of the foregoing, the Court House Commission requests your Honor's permission to continue this rental arrangement with the Boston Filter Company. It is the opinion of the commission that nothing would be gained by the city in advertising for bids for this service.

Respectfully yours,

ALBERT SHERMAN,
Chairman.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

PARKS AND RECREATION DEPARTMENT

ARCHITECTURAL AND ENGINEERING SERVICES

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with inviting proposals in the *City Record* in amending the agreement with Schoenfeld Associates, Inc., dated September 20, 1974. The letter of award for the above contract dated August 26, 1974, was approved by your Honor on September 11, 1974. The contract is for landscape architect and engineering services to prepare plans and specifications and the supervision of construction of improvements upon the Public Garden. The amendment will provide an additional \$15,000 under supplementary services to cover the cost of a clerk of the works.

The contract for the improvements to the Public Garden has been awarded and construction is now under way. A major portion of the work involves excavation in and around existing trees which requires constant supervision of the contractor operation to prevent damage to the tree root systems. In addition, the contractor is working more than eight hours each working day which requires our paying the clerk of the works overtime. We have projected the time clerk of the works will be employed and must increase the monies in the supplementary services to cover the cost of constant supervision of construction and design changes requested by the community after construction contract was awarded.

The amendment will raise the supplementary services from \$36,500 to \$51,500 changing the maximum liability of the city from \$92,510.15 to \$107,510.15.

In view of the nature of the services to be provided by Schoenfeld Associates, Inc., I believe it is in the best interest of the city not to publicly advertise this contract.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with inviting proposals in the *City Record* in amending the agreement with Schoenfeld Associates, Inc., dated September 20, 1974. The letter of award for the above contract dated August 26, 1974 was approved by your Honor on September 11, 1974. The contract is for landscape architect and engineering services to prepare plans and specifications and the supervision of construction of improvements upon the Boston Common. The amendment will provide an additional \$20,000 under supplementary services to cover the cost of a clerk of the works.

The original contract provided the sum of \$40,000 for supplementary services. Of this amount \$10,000 remains unexpended. Changes to the contract drawings after the contract was awarded, and the need for field survey information, were greater than anticipated, thus requiring this request for additional funds to pay for the employment of clerk of the works to provide constant supervision during construction.

The amendment will raise the supplementary services from \$40,000 to \$60,000, changing the maximum liability of the city from \$93,171.30 to \$113,171.30.

In view of the nature of the services to be provided by Schoenfeld Associates, Inc. I believe it is in the best interest of the city not to publicly advertise this contract.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

PUBLIC FACILITIES DEPARTMENT

POLICE STATIONS REPAIRS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with John Guarino, architect, 2 Lexington Street, East Boston, providing for architectural services in the preparation of plans, specifications, and construction cost estimates for, and to supervise the construction of, alterations and repairs to, and within two, Boston police stations, District 5 station at 1249 Hyde Park Avenue, and District 1 station, located at 7 Warren Avenue, Boston, dated September 28, 1973, and approved by the Mayor on October 15, 1973, as amended January 31, 1975, in order

to increase the amount authorized for expenditure under the contract from its present \$107,185 to \$118,850 (including \$5,000 for supplementary services).

The now-requested increase of \$11,665 will cover the cost of design for additional work at District 5 station to (a) meet existing code and building requirements for the physically handicapped; (b) incorporate selective replacement of heating and ventilating systems; (c) replace the incinerator; (d) replace or repair, as necessary, skylights, roofing, gutters, and roof drains; and (e) replace windows on the front elevation of the building.

In view of the requirements that existing contract may only be altered by a writing signed by all parties thereto, including the Mayor and the bonding company, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

CONSULTATION SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, in entering into an agreement with Wagner-Holms-Inglis, Inc., a New Jersey corporation duly registered to do business in the Commonwealth, amending a contract between the City of Boston and Wagner-Holms-Inglis, Inc. dated June 8, 1975 for consulting services in connection with the construction of Campus High School, so as to increase the amount authorized for expenditure under Phase A of the contract, in the sum of \$25,000.

Subsequent to award of the contract, it was determined that considerably more time would be required under Phase A to review, collect, assemble, and report on all documentation on the project to cover the existing conditions and items of dispute between the city and the contractor. This amendment provides funding to cover the cost of the additional time required.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

CONTRACTS AMENDED

(Continued from previous page)

1971, for certain CPM (Critical Path Method) management services in connection with the construction of the Southwest Campus High and Jackson-Mann Schools, so as to increase the amount authorized for expenditure under the contract for Southwest Campus High School \$12,500, and extend the time for its performance.

This amendment provides for an additional five months services on the Southwest Campus High School only, to cover the now anticipated completion date which has been extended because of unforeseen construction delays.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

REMOVAL OF REFUSE

DEAR MR. MAYOR:

On June 25, 1971 your Honor approved the award of a contract to Waste Control Incorporated, 17 Richdale Avenue, Cambridge, for collecting and removing refuse in District 1A, Charlestown from July 1, 1971, to June 30, 1975. This contract contained provisions for a renewal contract for the period July 1, 1975, to June 30, 1976, at the city's option which was exercised by notice to the contractor on May 30, 1975. The contract provides for payment in the amount of \$2,115.38 per week with provisions for the city to pay 75 percent of any increased labor cost during the renewal contract period.

The contract requires the contractor to dispose of all the combustible refuse at the South Bay Incinerator. As a result of legal action taken by the Attorney General on behalf of the Commissioner of the Massachusetts Department of Public Health the Court ordered the city to stop receiving refuse at the South Bay Incinerator on August 11, 1975, and consequently the contractor must now haul all the refuse collected in the Charlestown District to the Gardner Street Landfill in West Roxbury which requires considerable added distance in hauling at an appreciable increase in cost for providing labor and equipment for this added work.

As a result of negotiations with the contractor it has been mutually agreed that the price of the contract should be increased by \$712 per week commencing August 11, 1975, until September 30, 1975. We are advertising for bids which will be opened on September 1, 1975 for contracts that will provide for furnishing disposal facilities outside the City of Boston commencing October 1, 1975.

Therefore, because of the conditions imposed by the actions of the Commonwealth, in order to continue the performance of this vital service to the community and to reimburse the contractor the added cost for his service, your approval is respectfully requested to dispense with further public advertising and to amend the present contract by increasing the amount of the weekly price from \$2,115.38 to \$2,827.38 for an increased total amount not to exceed \$5,268.80.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner.

DEAR MR. MAYOR:

On June 28, 1971, your Honor approved the award of a contract to the Browning-Ferris Industries, Inc., 100 Hallet Street, Dorchester, for collecting and removing refuse in District 9, East Boston, from July 1, 1971, to June 30, 1975. This contract contained provisions for a renewal contract for the period July 1, 1975, to June 30, 1976, at the city's option which was exercised by notice to the contractor on May 30, 1975. The contract provides for payment in the amount of \$6,690 per week with provisions for the city to pay 75 percent of any increased labor cost during the renewal contract period.

The contract requires the contractor to dispose of all the combustible refuse at the South Bay Incinerator. As a result of legal action taken by the Attorney General on behalf of the Commissioner of the Massachusetts Department of Public Health the Court ordered the city to stop receiving refuse at the South Bay Incinerator on August 11, 1975, and consequently the contractor must now haul all the refuse collected in the East Boston District to the Gardner Street Landfill in West Roxbury which requires considerable added distance in hauling at an appreciable increase in cost for providing labor and equipment for this added work.

As a result of negotiations with the contractor it has been mutually agreed that the price of the contract should be increased by \$2,320 per week commencing August 11, 1975, until September 30, 1975. We are advertising for bids which will be opened on September 1, 1975 for contracts that will provide for furnishing disposal facilities outside the City of Boston commencing October 1, 1975.

Therefore, because of the conditions imposed by the actions of the Commonwealth, in order to continue the performance of this vital service to the community and to reimburse the contractor the added cost for his services, your approval is respectfully requested to dispense with further public advertising and to amend the present contract by increasing the amount of the weekly price from \$6,690 to \$9,010 for an increased total amount not to exceed \$17,168.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner.

SCHOOL DEPARTMENT

SEALING OF MASONRY WALLS

DEAR MR. MAYOR:

I request your approval of my action in awarding an addition to the contract for sealing of exterior masonry walls to minimize their absorption and increase their repellant of water at the Roxbury High School, to Webster Construction Company, Inc., 53 Clapp Street, Dorchester, in the amount of \$4,000. The original contract price was \$18,888 and with the addition of \$4,000, the total contract price is \$22,888.

The additional work is necessary in the pointing of the chimney and other area not included in the contract.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

FURNITURE DELIVERY

DEAR MR. MAYOR:

In order to prepare various schools so that they will be ready for the opening of school on September 8, 1975, as ordered by Judge Garrity's May 10, 1975, Phase II Plan for Student Desegregation, and to carry out my obligation to comply with his order, I request your approval of my action in amending the contract for furnishing, delivering and setting up miscellaneous furniture with I D E A, 186 Alewife Brook Parkway, Cambridge from \$32,716 to \$17,317.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

In order to prepare various schools so that they will be ready for the opening of school on September 8, 1975, as ordered by Judge Garrity's May 10, 1975, Phase II Plan for Student Desegregation, and to carry out my obligation to comply with his order, I request your approval of my action in amending the contract for furnishing, delivering and setting up miscellaneous furniture with Educational Installations, Inc., 16 Bridge Street, Nashua, New Hampshire, from \$7,350 to \$10,500.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

LEGAL REPRESENTATION

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Francis J. DiMento and James J. Sullivan, Attorneys-at-Law, 100 State Street, Boston, the following two amendments to a contract for legal representation in matters relating to civil proceedings involving racial imbalance and desegregation:

1. Striking out in Article 2 the words and figures \$125,000 and inserting in place thereof the words and figures \$150,000.

2. All terms and conditions of the said contract, except as hereby altered, amended, enlarged, lessened, modified, revised or otherwise changed and except insofar as inconsistent with the purposes of this instrument of amendment shall remain in full force and effect.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, and due to the experience and past performance of Messrs. DiMento and Sullivan in matters relating to civil proceedings involving racial imbalance and desegregation, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

ARTHUR LEVITSKY,
Assistant Secretary.

VI. LETTERS OF THANKS

"November 25, 1975.

DEAR CHIEF:

I want to express my own and my family's heartfelt thanks and our admiration for the superior job done by you and your men early Sunday morning in handling the fire at our daughter's apartment on the 9th floor of 180 Beacon Street. It was done with swiftness and amazing efficiency and there is no doubt in my mind that these actions averted certain tragedy.

Even more impressive than your expected efficiency was the pleasant manner in which every man dealt with the individuals involved. You are entitled to the very highest commendation possible.

As a small way of showing our appreciation, I am enclosing a check for \$500 to the Boston Firemen's Relief Fund.

Sincerely yours,

JOHN N. PHILIPS,
180 Beacon St., Boston, Mass."

"December 12, 1975.

DEAR COMMISSIONER PAUL:

I want to compliment those men in Station 26 and Station 10 for the manner in which they handled a fire which occurred on Wednesday, December 10th at 8:30 in the morning at 19 Brimmer Street.

I live at 21 Brimmer Street. After smelling and seeing smoke, I was unsure as to whether the fire was originating in my home and I reported the fire.

These firemen who responded were both efficient and courteous and I wish to take this opportunity to enclose a check for \$50 in their honor payable to the Boston Firemen's Relief Fund.

With all best wishes.

Sincerely,

ROBERT L. BEAL,
One Center Plaza, Boston, Mass."

CITY OF BOSTON

BUILDING DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR DEMOLITION AND SITE CLEARANCE, PROJECT NO. 2363.

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

- 25 Frontenac Street, Ward 14.
- 109-115 Green Street, Ward 19.
- 298 Marginal Street, Ward 1.
- 140-150 Stoughton Street, Ward 13.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Wednesday, January 14, 1976, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bids shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the

laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a twelve-day period to complete the demolition and site clearance of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

CITY OF BOSTON,
By FRANCIS W. GENS,
Building Commissioner.

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR FURNISHING, DELIVERING, INSTALLING, AND DEMONSTRATING GRAPHIC ARTS EQUIPMENT AT THE JEREMIAH E. BURKE HIGH SCHOOL, 60 WASHINGTON STREET, ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing, delivering, installing, and demonstrating graphic arts equipment at the Jeremiah E. Burke High School, 60 Washington Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, January 19, 1976, at the office of the Awarding Authority, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of 5 percent of total amount of bid. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

NO. 2

Mayor Delivers Inaugural Address

Inaugural Address of Mayor Kevin H. White, given in Faneuil Hall, Boston, on Monday, January 5, 1976:

Your Excellency, Governor Dukakis, your Eminence, Cardinal Medeiros, distinguished public officials, reverend clergy, fellow citizens of Boston:

Today marks the third occasion on which we gather together to inaugurate a new government for the city and people of Boston. It is a deeply personal moment for me, as its mayor, the single most important landmark in my public life.

This ceremony reaffirms eight years of service to this great and historic "City upon a Hill," even as it calls upon all of us to dedicate ourselves anew to the problems this city faces in the last quarter of this century.

Today marks a new beginning and it offers us a rare opportunity to view problems in historical perspective — acknowledging the progress we have made in the past and the challenges we face in the present — all as a prelude to an uncertain future.

Over the past twenty years this city has seen as much change as any in America — our skyline has been reshaped, our City Charter restructured, and our economy redefined.

In that same time frame our people have benefited from great progress — they have also admittedly suffered the pain of transition and traumatic confrontations.

But in response to both progress and pain, we have grown and matured, nurtured and sustained by our greatest resource, our spirit, our spirited communities, and our sense of self.

— In an age of great synthesis, Boston has retained a distinctive identity.

— In a period of suburban sprawl, we have maintained both character and cohesion.

— In an era of mobility, our neighborhoods remain rich in talent and exude excitement.

It was upon and with these strengths that eight years ago the efforts of this administration began.

We promised to bring government closer to people — and *we did*. We created Little City Halls, Community Schools, Summerthing and Local Advisory Councils. Collectively they not only helped in the delivery of services, but they were instrumental in countering decades of citizen alienation through extensive neighborhood involvement in the decision-making process — an involvement unmatched in any other American city.

We promised to meet the physical, social, and cultural needs of neighborhoods — and *we did* — with police stations, fire stations, libraries, and in five years more new schools

per capita than in any city in the country. Today, despite our problems, we are a liveable city.

We promised to provide fiscal stability and *we did*.

— We introduced new methods of fiscal planning, and we improved the bond rating.

— We held the tax rate for four straight years, and last week we stopped 100 percent valuation.

Finally, *we promised* to govern with men and women of talent and dedication and *we did*. The test of that commitment can be seen in their presence and performance seven years later in almost every level of municipal and state government.

There is an admitted and even obstinate pride in these achievements. We fought hard to attain them, but we do not deceive ourselves that they rescue us from our present challenges.

The next four years will be as difficult as any in our history, the problems before us are awesome, fiscally, socially, educationally, and politically.

Such laments seem to be the inevitable and constant complaint of mayors. Yet our plaintive cries are the result of America's greatest tragedy, and that is, we have lived the last 150 years in a society which condemns its oldest communities to constant crisis, its poorest citizens to perpetual poverty, and its toughest domestic problems to national indifference.

(Continued on next page)

Inaugural Address . . .

(Continued from front page)

The irony of it all is that the city itself is the mechanism we have for the formulation and resolution of an incomplete and unmet agenda as a nation.

This truth is apparent to anyone who knows a city. Yet too many people, some in the highest offices in the land, perceive cities as obsolete and isolated cesspools of social ills caught in a hopeless cycle of of social pathology.

That myopic view, however widely held, is childish and is refuted by historic truths — truths that cannot be denied. The *truth* that without cities our religious, social, and governmental institutions could not survive as we know them today. The *truth* that without cities our culture would hunger for the dynamic impetus and vitality of a people in a complex society. The *truth* that without cities commerce could not flourish.

It is in the recognition of these truths that the "Greening of America" will be consummated, with the full development of the human, civic, and physical potential of the American city.

That is to be the goal of this administration.

That goal will be pursued over the next four years in the context of two overriding priorities.

The *first* is to respond to the city's desperate hunger for civic harmony.

The *second* is our need for self-reliance.

First, let me address the question of civic peace and harmony.

For the past several years our city has been divided — divided by deeply rooted cleavages resulting largely, but not exclusively, from the need to bring our educational systems into accord with the requirements of federal laws. This past year also saw an intensely fought — at times viciously fought — election campaign. As a result of the bitterness, suspicion, and hatred which we witnessed and continue to experience, born of these events, it is time for us to begin the process of healing, of lessening the passion of public debate, and re-

storing civility to the conduct of public affairs.

This does not mean that we must like each other or that we must become like each other. In the open debate of public issues, no man is, or can be, his brother's keeper. But we must learn and relearn ways of mediating, debating, and resolving our differences reasonably and compassionately.

Temper tantrums by self-interested groups are adolescent and, in the long run, ineffective. Personal rancor and political exhibitionism contribute to polluting public debate and to corrupting public morality. Systematic campaigns to deface or to destroy an individual or a group have no more place in our politics than the insanity of terrorism or the bombing of a public building.

Healing the wounds of the city cannot be done by the Mayor alone, for the Mayor does not run the city. At best he has the opportunity to orchestrate it. The tempo, tone, and the quality depend largely on the individual players.

And so, we must devise new ways to conceive the civic harmony — ways that must be original.

In the first eight years, as I said earlier, we tried to develop lines of communication between people and their government. Today we must find ways to stimulate communica-

tions among people themselves and their neighborhoods.

As the first steps in an endeavor to bring people into communication with one another, I will submit to the Legislature the following three proposals:

First, the School Committee should be restructured into elect representative districts. The power to formulate school policy must emanate from the neighborhood because the success of public education today is as dependent upon public discourse as it is on teacher competence. Majorities are not always representative, nor are they necessarily tolerant or always effective. Through restructuring, majorities and minorities must begin to deal not through or with the Mayor, but in a more representative and cooperative way with *one another*.

Second, to combat innate suspicion about the integrity of government that was exacerbated in the last campaign, I will create a new office of investigations which will be vested with the full power of inquiry and enforcement available to the executive branch. This office will be charged with the uncompromising and professional responsibility to eradicate wrongdoing within all city departments, and within any city-operated governmental program.

And third, if we are to find harmony, we must combat the cynicism that affects the taproots of the system — the process of campaign fund-raising. The process of soliciting campaign funds is odious, humiliating, and inherently unfair. It breeds suspicion about both the act of giving and the act of solicitation, and it jeopardizes careers and reputations of innocent participants. More importantly, it leads inevitably to alienation, distrust, and divisiveness among us as a people. This is not to question anyone's goodwill or intentions. The process, as practiced at all levels of government, is wrong and full functioning is the only answer. Anything less is hypocritical and a bad measure.

I will submit legislation for the full public funding of municipal campaigns.

In conjunction with the search for peace and harmony, we will also seek the attainment of a second priority, and that is self-reliance.

In the past, we could seek and secure resources and help beyond our boundaries.

In the past we have fought successfully for millions of federal dollars, never enough, never our full share, and yet now we can anticipate even less. We cannot rely on federal assistance.

In the past state government has accepted rightfully the responsibility for welfare costs and 50 percent of the MBTA deficit, but dependence on this avenue for financial relief in the future is not realistic.

The Governor and Legislature have shown courageous willingness to fight for fiscal responsibility, but their needs equal ours. We cannot rely on their assistance.

In the past, public officials have argued that metropolitanization is another prime vehicle for the solution of urban problems. I supported that premise, today I do not. Today I am a wiser, though not necessarily sadder, man. I now firmly believe that in most cases the central city can and should work out its own solutions to its own problems with the power and capabilities it has at its own disposal.

The real unanswered question of governmental performance is not the age-old question of what business government should or should not be in, or as is popularly argued today, what we can or cannot do. But rather, the real question is which levels of government are responsible for what public action.

We know that foreign affairs belong to the national government and that street sweeping belongs to local government, but responsibility for all else in between seems blurred. This blurring has been heightened in recent years by the increasing mobility of our citizens and the nationalization of our economy. So each level of government says it is the responsibility of others to act, or worse, both act on the same problem ineffectively.

We must redefine national and domestic responsibilities between

the needs of the individual and the needs of the community.

Services which are directed principally to the needs of the individual, as an individual, and which he carries with him wherever he goes, should rest either with the federal government, as in the case of welfare and health services, or with the state government, as in the case of education. Primary responsibility for services which are needs of a community as a corporate group, what an economist would call collective goods, such as police and fire protection, should rest solely with local government.

It is time, then, for the hard, tough process of sorting our responsibilities and redirecting resources to match those responsibilities. It won't be easy to delineate the problems or to articulate solutions. *But some things are clear:*

Taxes are going up — unavoidably and significantly. For the past sixty days a management committee has been working to wrestle with the realities of the next fiscal year. In thirty days it will report to me on the decisive steps that must be taken to increase revenues, to decrease expenditures, and to raise additional taxes. A large number of unpleasant and difficult choices must be made, with the alternatives ranging from a one-year moratorium on certain wage increases, to the total closing of programs.

In support of this effort at sound business management, I have proposed state legislation which will enable us to tax commuters, and for those who think that proposal is unfair and inequitable, I would caution that such a tax would only pay for part of the burden which the taxpayers of Boston are forced to bear. The tax is born not out of retribution, but justice, and justice is never farfetched, nor should it be long-deferred in our system.

In shouldering these burdens I can only offer comfort in the words of Lord Bryce who said in 1888, "Both the debt and the taxation of American cities have risen with unprecedented rapidity and now stand at an alarming figure." These same words were echoed by the recent comments of a president.

So let us not be overwhelmed by the challenges that confront us now.

The answers to these challenges, indeed, depend upon us — how hard we are willing to fight, and what we are willing to fight for. As a people, we have the strength and the capacity, but we must affirm a collective commitment.

Today I invite *everyone* to participate — to remember that our greatest challenge is cooperation, our greatest obstacle, self-doubt — and that our aspirations as a people can only be fulfilled by mutual respect and reinforcement.

The Bicentennial year we inaugurate today is an unprecedented opportunity to celebrate and to reconsecrate ourselves to our citizenship as Bostonians.

The nation began in the womb of this city, in this very hall. Today we go forward, no less uncertain, having learned from, and participated in, the past. We continue to strive for the realization of basic ideals and beliefs, shaped and determined by new problems and our own unfolding aspirations.

Boston is truly "Where It All Began." I ask you to join me in continuing the bold endeavor, so that future generations can say, "And Where The Promise Was Fulfilled."

OLD STATE HOUSE

Here "the child Independence was born" according to John Adams, our 2nd President. Built in 1713, it was the seat of the Colonial Government and the center of activity for such patriots as James Otis, John Hancock, Samuel and John Adams. It was known as the Town House until Massachusetts became a state. Just outside, the Boston Massacre occurred. The Declaration of Independence was first read in Boston from the East balcony, and President Washington here reviewed a parade in his honor in 1789. It was here, too, that John Hancock served as first governor of the Commonwealth.

Open Monday through Saturday, 9 A.M. to 4 P.M. Closed Mondays, December through April.

EXCEPTIONAL QUILTS EXHIBIT

"Quilts at City Hall," three centuries of Massachusetts quilts, is an exhibit of 41 antique and nine contemporary quilts on view in City Hall's Main Gallery now through February 5, 1976. The exhibit, sponsored by The Mayor's Office of Cultural Affairs and Boston 200, includes quilts from the collections of Lenice I. Bacon, author of *American Patchwork Quilts*, Elise Laurenzi, Annie Offen, and the Society for the Preservation of New England Antiquities. Mrs. Susan Paine is coordinator of the exhibit.

The quilts, predominantly from Massachusetts, feature a variety of styles and designs including Star of the East, Windmill, Waterwheel, Bear's Paw, Indian Hatchet, and Dolly Madison's Star. The quilts range in design from the utilitarian to the luxurious, with styles from Massachusetts' early pioneer days, from both the Revolutionary and Civil Wars, and from the Bay State's first age of industrialization. Each quilt reflects the aura of an earlier life style and bespeaks the flourishing of a young and struggling people.

Highlighting the exhibit is the "Broekton Shoe Quilt," composed of over 2,000 silk shoe labels bearing the names of stores from every state in the Union and several foreign countries. This unique Log Cabin quilt was made by Mrs. Joyce Tomlinson of Broekton to commemorate her town's successful shoe industry, and is loaned to City Hall by the Broekton Historical Society.

The textile industry in Leominster, not to be outdone by its counterpart in Broekton, is represented in the Main Gallery show by a "shirttail quilt" made entirely from diamond-shaped multi-colored gussets. These gussets were the scraps which fell from cutters' work tables in a Lowell men's shirt factory.

Another unique piece is a saffron satin quilt under which General Lafayette slept on October 29, 1784 after his triumphant visit to Salem, Mass. The quilt is on loan from the Wenham Historical Association

and Museum, from the collection of Edward Osgood of Salem.

Also along Revolutionary lines, a quilt from Mrs. Bacon's collection features a special central square within the Moss Rose design. The square is a piece of a gown said to have been worn by Sally Crowninshield when she danced with President George Washington at a Salem ball in 1789.

The nine contemporary quilts are all winners of a quilt-making competition held at Boston Center for the Arts last November, 1975, sponsored by Boston 200.

In conjunction with "Quilts at City Hall," Mrs. Lenice Bacon gives a talk on "The Historical Significance of Quilts in America" in City Hall's Main Gallery on January 14 at 11 A.M. The Main Gallery is open to the public Monday through Friday, from 10 A.M. until 4 P.M. and on Saturday, from 10:30 A.M. until 3:30 P.M. For more information, call 725-3000.

VACANCY DECONTROL IN BOSTON

Statement by George E. Slye, President, Rental Housing Association, a Division of the Greater Boston Real Estate Board.

The institution of the five-person rent board in Boston and the vacancy decontrol provision were necessary steps taken by Mayor White and the City Council to stave off an economic crisis. The industry believes this recognition by the city of the economic stress wrought by rent control is an essential first step in the solution of this problem.

The Rental Housing Association intends to work with the city to insure a smooth implementation of the program during this transition. RHA is instructing members on the regulations and will make a serious effort to arbitrate on matters submitted to them by both parties. In addition, it will undertake an educational program to inform the general public of the economic problems caused by rent control as a contributor to property tax-base erosion and an unjust subsidy of rents by landlords and other property owners — both residential and commercial.

REAL ESTATE SEMINAR

Suffolk University will conduct an eight-week seminar on the "Real Estate Development Process" beginning January 27 at its College of Business Administration, Mt. Vernon Street, Beacon Hill. Dr. Richard L. McDowell, dean of the College of Business Administration, has announced.

The seminar, which will be held Tuesday evenings from 6:30 to 8:30 through March 16, will be presented by Richard M. Abraham, director of North American Real Estate Marketing, Planning and Development Company of Brookline. It will cover the entire real estate development process from preacquisition market research and analysis through construction and sales or leasing implementation.

Topics to be discussed include how to undertake economic analysis and preliminary market reconnaissance; how to conduct primary market research; how to identify and select the optimum development site; how to conduct financial feasibility analysis; how to market and sell developed land parcels; and how to market and sell the single family, condominium, townhouse and apartment.

The seminar is open to real estate brokers, builders, bankers, lawyers, investors, students, and others interested in real estate.

Mr. Abraham has been in real estate for ten years and formerly served as director of marketing and acquisition for the Kaiser Aetna East Coast operations. He is the author of the *Real Estate Development Desk Book* soon to be published by the Institute of Business Planning, Inc.

Cost for the program is \$150, including registration and materials. Upon successful completion of the seminar, participants will receive 1.6 continuing education units. Further information can be obtained by calling the conference coordinator at 723-4700, Ext. 342 or by writing to Real Estate Development Process, Suffolk University, 47 Mt. Vernon Street, Boston, MA. 02108.

SOUTH BOSTON NAVAL SHIPYARD REOPENS

Mayor Kevin White has applauded the decision of the Navy to award a \$2.5 million overhaul and repair contract to a South Carolina firm now operating at the former Naval Shipyard Annex in South Boston.

It marks the first time the shipyard will be utilized since being closed by the Defense Department in 1973.

"The fact that a southern-based ship repair firm decided in October to expand in Boston was a clear indication that the Port of Boston has great potential as a source of economic growth for the City," Mayor White said. "The award of the overhaul contract to Braswell Shipyards, Inc. of South Carolina not only will mean immediate employment for local workers but will launch what we hope will be a rebirth of the Port of Boston."

The firm's lease with the City's Economic Development and Industrial Corporation (EDIC) specifies that hiring preference be given to Boston residents, many of whom are expected to be former employees of the Naval Shipyard.

The Naval Annex was reopened in November by EDIC, which spearheads the Mayor's Office of Economic Development. Mr. Braswell has said it plans to invest more than \$10 million in the City's economy over the next year.

The southern-based Navy destroyer tender USS Yosemite is due in Boston about January 6 for a five-month overhaul. Some 350 persons will be employed during that period in various phases of ship repair and maintenance, according to Mayor White. The 250 officers and men aboard the ship also will be welcome contributors to the City's economy, he added.

The South Boston Neighborhood Employment Center will be a focal point for hiring.

Mayor White said he believed that the ship repair business in Boston is on the upswing as evidenced by this award and one earlier this month for work on the

USS Blandy at the Bethlehem Shipyard in East Boston.

The City, he said, will undertake a "Welcome U. S. Navy" hospitality program with the arrival of these ships and others that contribute significantly to the City's industrial economy.

Special thanks are due to the Congressional delegation under House Majority Leader Thomas P. "Tip" O'Neill and Congressman Joseph Moakley, who were instrumental in getting the shipyard from the federal government back into productive use, the Mayor said.

NONSMOKERS: TAKE ADVANTAGE

Bay Staters looking for smoke-free dining areas can obtain a newly published "Nonsmoker's Restaurant Guide to Massachusetts," free of charge, from the American Lung Association of Boston, your Christmas Seal people.

The guide lists over 30 restaurants, sandwich shops, and other eating places across the Commonwealth which have no-smoking rooms or sections. The 24-page booklet was compiled and published by the American Lung Association of Massachusetts and Massachusetts Action on Smoking and Health.

In addition, the Guide also provides descriptive details about each restaurant including price range, credit card use, parking, etc. All information in the Guide was provided and verified by the individual dining places.

According to Lung Association President John J. Devlin, "Restaurateurs are responding to the fact that most Americans are nonsmokers. More and more nonsmoking patrons (and employees) are asking for these smoke-free sections. In fact, we've found that many smokers feel more comfortable knowing that there is a separate section for those bothered by cigarette, pipe, or cigar smoke.

"By using this Guide," Mr. Devlin added, "nonsmokers will help assure the continuation and

expansion of smoke-free sections in restaurants. We plan to revise this booklet as we hear from other restaurants."

The Lung Association supports restaurant no-smoking sections as part of its on-going concern with respiratory diseases, air pollution, and the health hazards of smoking. Local Associations also have special no-smoking signs, tent cards, and a Nonsmokers Survival Pack, as well as other health information available at no charge. The annual Christmas Seal Campaign provides the bulk of funds for the Association's daily work for life and breath. To obtain the booklet write to: American Lung Association, 51 Sleeper St., Boston, Mass. 02210.

OFF-TRACK BETTING: POSSIBILITY?

City Councillor Joseph M. Tierney has announced he will introduce a home rule petition establishing off-track parimutuel betting in the City of Boston.

Councillor Tierney said his bill would be thoroughly reviewed by a committee of the whole of the City Council before being sent on to the Mayor and the state Legislature for final approval.

The bill establishes a system based on the New York model, which has returned almost \$150,000,000 to New York City in the past four years. Councillor Tierney said he expects the revenue gained by Boston to be proportional to that of New York. This would be approximately \$5,000,000 per year.

"There is no reason why this source of revenue should be neglected," Councillor Tierney said, "especially with a threat of increased taxes next year. By thoroughly examining the New York City experience, we can avoid their mistakes and produce a revenue-producing, off-track betting system."

First class mail accounted for more than 57 percent of the 90.1 billion pieces of mail handled by the United States Postal Service in fiscal 1971.

BOSTON MASSACRE SITE

At the next intersection below the Old State House, a ring of cobblestones marks where, on March 5, 1770, a jeering Boston crowd clashed with a British guard of nine soldiers. The colonists shouted resentment against the quartering of troops in the town. They hurled stones and debris at the Redcoats, who struck back by firing into the mob, killing five men, among them Crispus Attucks, first negro to die for American freedom. Eleven days earlier a young boy, Christopher Snider, had been shot by a customs official. Thus came the first bloodshed of the growing Revolution. With a sincere and noble desire for justice, John Adams and Josiah Quincy, Jr. defended the British soldiers. All but two were acquitted, and those — convicted merely of manslaughter — were branded on the hand and released.

MAYOR LAUDS LEGISLATURE

Mayor Kevin White on January 2 praised the Legislature for enactment of his bill to ease the effect of court-ordered 100 percent valuation, and thanked Governor Michael Dukakis for signing the bill into law immediately.

"Passage of this bill is the result of a year-long battle, labeled at its outset as futile by some, and little more than election year rhetoric by others," Mayor White said. "But the 'impossible' was achieved through the mobilization of thousands of taxpayers, local elected officials, and with the support and cooperation of the legislative leadership.

"I applaud the efforts of House Speaker Thomas McGee, Senate President Kevin Harrington, and all legislators and mayors who fought for this legislation," Mayor White added.

He also thanked the thousands of Boston residents who joined in the battle against 100 percent valuation.

"Through phone calls, letters, and attendance at more than eighty meetings we held across the city —

from the Shaw School in West Roxbury, to East Boston High — more than 10,000 people voiced their opposition to this unjust tax measure," he said.

"We all appreciate the speedy signing of this bill into law by Governor Dukakis," Mayor White said. "It will provide immediate relief from the threat of 100 percent valuation by giving the cities and towns a flexible and more reasonable means of carrying out their taxation responsibilities."

Mayor White's bill alters the 1853 statute upon which the so-called Sudbury decision of December 24, 1971, was based, by broadening the definition of "fair cash value." To date, the definition has been interpreted by the courts as meaning selling price alone.

The new statute will permit local assessors to choose any one or combination of three nationally accepted approaches to property valuation for tax purposes: sales, income capitalization, and replacement cost less depreciation.

"Essentially," Mayor White said, "it will permit local officials to determine the particular needs and problems of their own municipalities and choose the method that is most equitable for their taxpayers."

Each community's choice of its assessment method(s) must be approved each year by the state Tax Commission. If approval is denied, then each community has the right to appeal to the Appellate Tax Board whose decision shall be final.

Mayor White and other mayors have consistently maintained that valuation of all property for tax purposes by selling price alone would result in tremendous inequities both between and within individual taxing jurisdictions.

"Not only would it ignore the wide disparity in needs and problems of large, industrial cities versus residential communities, but would also place heavier burdens, in nearly every community, on those least able to pay — namely one-, two-, and three-family homeowners," the Mayor said.

"In Boston, homeowners would be particularly hard hit — in most cases facing a doubling of their

tax bills from an average of \$1,000 to \$2,000.

"This bill will not do away with 100 percent valuation, it will simply lessen its impact by giving local jurisdictions more flexibility in complying with the court order.

"It will permit Boston to continue to tax property according to income rather than selling price.

"While this is only a partial and perhaps imperfect solution to a complex problem, it is an absolutely vital first step," Mayor White said. "Only final passage in 1978 of the Constitutional Amendment to permit taxation of property according to use will forever remove 100 percent valuation as an assessment standard in this Commonwealth."

The Mayor's reference is to a bill he filed last December to permit taxation of residential, commercial and industrial property at different rates to be set by the Legislature.

It received initial endorsement by the Legislature last May 28. Because it requires constitutional change it must be approved again by a separately elected Legislature in 1977 and be voted into law by the electorate on the 1978 statewide election ballot.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective immediately, BPD Form 71-73 Daily Report of Personnel for each 24 hours, is hereby discontinued.

Such entries shall be maintained in the Department Detail book and be available at 1 times for inspection by the Bureau of Inspectional Services.

December 22.

Circular No. 75-61

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The following subjects are discussed in this Circular:

I. New Year's Eve Alcoholic Beverage Sale.

II. Sale of Alcoholic Beverages on New Year's Day.

New Year's Eve Alcoholic Beverage Sale
The City Licensing Board has sent notice at all holders of Innholder, Club, and Common Victualer with alcoholic beverage licenses may remain open until 2:00 A.M. for the sale of alcoholic beverages and until 1:00 A.M. for the service of food and entertainment on Thursday, January 1, 1976.

Sale of Alcoholic Beverages on New Year's Day

In accordance with the provisions of Massachusetts General Law, Chapter 138, Section 33, as amended, hotels, restaurants, taverns, and clubs may remain open during the regular business hours on Thursday, January 1, 1976, New Year's Day.

"Package goods" stores may sell and deliver alcoholic beverages during the usual hours.

Manufacturers, wholesalers and importers may sell and deliver at any time during the day.

Registered pharmacists shall not sell alcoholic beverages (or alcohol) at any time during the day except upon the prescription of a registered pharmacist.

December 22.

Special Order No. 75-152

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Permission to wear a longer uniform jacket being given as the result of suggestions made to the Department by patrolmen who find the short nylon jacket is not warm enough for traffic and/or walking patrol duty.

Therefore, effective immediately, patrolmen and sergeants assigned to walking patrols, traffic posts or outside paid details, will wear the fingertip length nylon-coated, double breasted reefer with pile collar as an option.

Officers assigned to duty in patrol vehicles shall continue to wear only the short nylon jacket now in use.

All personnel are advised that this is a temporary order which shall remain in effect only until the Department explores other alternatives, and makes a final determination concerning winter uniforms.

December 22.

Special Order No. 75-153

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

A communication has been received from Mr. Edward T. Sullivan, Director, City of Boston Administrative Services Department, stating that Friday, January 2, 1976, the day after New Year's Day, will be a regular working day.

Employees who can be spared will be allowed to take this day as a vacation day if they so desire.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The following change is being made in the list of public taxicab stands:

Abolish location at District 1, North Market Street, Nos. 29-31 (Durgin Park Restaurant), three cabs allowed (nighttime only, 6 P.M. to 1 A.M.).

Establish at District 1, Clinton Street, No. 31 (Durgin Park Restaurant), two cabs allowed (nighttime only, restricted to use between the hours of 5 P.M. to 11 P.M. only).

The Director of Signal Service will make the necessary changes in taxicab stand designations in accordance with the above.

December 24.

Special Order No. 75-155

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective January 7, 1976, the use of the "Hot Lines" by districts to contact the Operations Section will be discontinued.

The following procedures will be followed by district personnel when necessary:

1. To contact a vehicle on the district, Channel 7 will be utilized as set forth in Special Order No. 75-91.

2. Any calls to the Operations Section for dispatching of response units or "Walk-In" C. C. numbers will be made by dialing line 4911.

3. Any teletype messages to be sent will be directed to the Teletype Section on line 4673.

4. Stolen car and/or recovery information will be given on lines 4535, 36, 37, 38, and 39.

5. Information on inquiries regarding towed vehicles will be given or requested on lines 4629 or 4672.

6. Requests for arrest booking numbers will be made on line 4639.

The Hot Line telephones will remain at the districts. They will become a backup system for the regular telephone service. The Bureau of Field Services and the Operations Section will continue to communicate with the various districts by means of the Hot Lines. By altering the positions in the Operations Section presently dedicated to Hot Lines to 911 positions, the department will provide better service to both the police districts and to the public.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$165.27 the claim of John Cotugno, 20 Bayview Drive, W. Warwick, R. I., to be reimbursed for damage to his car while being towed from Berkeley Street, August 19, 1975.

To settle for \$255.78 the claim of Wesley Dilworth, 86 Ruthven Street, Dorchester, to be reimbursed for damage as a result of a sewage problem at the above mentioned address during the year 1974.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

HEALTH AND HOSPITALS DEPARTMENT

ELECTRON MICROSCOPE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 16, 1975, it was voted and approved to renew the city's contract with Trustees of Health and Hospitals of the City of Boston, Inc., under which said corporation will lease to the City of Boston (lease purchase) for the use of the Pathology Division at Boston City Hospital one Carl Zeiss Electron Microscope Model 95-2, for the period July 1, 1975, through June 30, 1976, at a cost to the city not to exceed \$3,605.19.

This is the fifth and final year of reimbursement to the Trustees of Health and Hospitals of the City of Boston, Inc. which purchased the Electron Microscope for \$35,146.30 in January, 1971. The agreement this year includes a provision for service and maintenance for the entire contract period in an amount not to exceed \$1,527, which along with the remaining sum due for reimbursement for the purchase price brings the total cost of this renewal to \$3,605.19. The contract also stipulates that at its termination on June 30, 1976, the title will vest in the City of Boston as the full owner of this equipment.

In view of the above, no benefit will inure to the city by publicly advertising for bid and inasmuch as the cost to the city is reasonable, your Honor's permission is respectfully requested to renew this contract without advertising under the terms and conditions stated above. Thank you.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

LABORATORY SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on June 16, 1975, it was voted and approved to award a contract, without advertising, to Boston University School of Medicine (School) under which the School will provide laboratory services, specifically rheumatology, diagnostic tests at Boston City Hospital and any and all other subdivisions of the Department of Health and Hospitals, City of Boston, during the period commencing July 1, 1975, and ending on June 30, 1976, at a cost not to exceed \$12,000.

These tests include specifically the sheep cell agglutination test (SCAT), the antinuclear antibody test (ANA), serum complement levels (C3), routine synovial fluid analysis, and latex fixation.

However, in accordance with the standards established by the Joint Commission on Accreditation of Hospitals, only such laboratories as are approved by the medical staff of the hospital, as well as investigated as to

appropriate quality control and methods of functioning, may be utilized for such services. Leary Laboratory and Boston Medical Laboratory, both of Boston, as well as the Boston University School of Medicine Laboratory of Dr. Cathcart are the only laboratories currently so approved by the medical staff of this department.

As indicated by the following information, the estimated cost of continuing to have these tests performed at Leary and Boston Medical is a great deal more than the cost of obtaining these same services at Boston University School of Medicine which has agreed to run all tests of the Department of Health and Hospitals for a twelve-month period for the sum of \$12,000.

Costs of Tests at Outside Laboratories:

ANA, Approximately \$11 (Boston Medical and Leary) per test.

SCAT, \$12.35 (Leary) per test. (Not available from Boston Medical.)

C3S, \$11 (Boston Medical); \$12 (Leary) per test.

Synovial Fluid Analysis, no estimated cost data available. (Approximately \$6.)

Latex Fixation, \$5 (Leary) per test (not available from Boston Medical).

The estimated number of tests required by this department for a year are approximately 4,920 which as indicated by the following information would cost the city approximately \$50,056. This same service is now being offered by Boston University School of Medicine for the sum of \$12,000.

Approximate Outside Cost:

200 ANA a month, by 12 equals 2,400, \$26,400; 80 SCAT a month, by 12 equals 960, \$11,856; 50 C3S a month, by 12 equals 600, \$6,600; 40 Synovial Fluid Analysis a month, by 12 equals 480, \$2,800; 40 Latex Fixation Tests a month by 12 equals 480, \$2,400, total, \$50,056.

Therefore, in view of the aforesaid, your Honor's permission is hereby respectfully requested to dispense with public advertising and to award this contract to Boston University School of Medicine for the period through June 30, 1976, at a cost no to exceed \$12,000.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

PHYSICIANS' SALARIES

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of June 16, 1975, I hereby authorize entering into a contract with the Boston University School of Medicine for the period July 1, 1975, through June 30, 1976, to provide physicians' services for the following staff positions at Boston City Hospital at the salaries indicated herein.

Pediatrics: Director, \$18,375; Associate Director, \$10,237; Chief, Ambulatory Services, \$13,913; and Pediatric Neurologist, \$13,125.

Psychiatry: Physician, Director, \$18,375; Two Physicians, \$15,750 each; Physician, \$7,350; and Physician, \$8,400.

Medical Services: Director, \$30,000; Two Associate Directors, \$20,000 each; Chief,

Oncology, \$25,000; Chief, Pulmonary Service, \$25,000; Chief, Endocrinology, \$25,000; Chief, Gastroenterology, Sup. Phys. Clinic Gastroenterology, \$25,000; Chief, Cardiology Service, \$25,000; Chief, Hematology, \$8,000; Coordinator, Clinical Care Unit, \$10,500; Chief, Liver Section, \$25,000; Staff Cardiologist and Coordinator, Resuscitation, \$10,500; Assistant Director, OPI, \$24,150; Supervisor, OPD Lab, \$12,600; OPD, Medical Director, \$23,000; Physician Medical Director, Primary Care; Health Medical Clinic, \$30,000; Supervising Physician, Internal Medicine, \$20,000; Associate Physician, Lung Station, \$10,000; and G. I. Endocrinologist, \$5,500.

Surgical Services: Director, \$30,000; Two Associate Directors, \$20,000 each; Assistant Director, \$11,000; Assistant Director, \$10,000; Assistant Director, \$9,000; Assistant Director, \$5,000; Assistant Director, \$10,500; Director of Otolaryngology, Boston City Hospital, \$17,920; Otolaryngologist, \$4,480; Director, Orthopedic Service, \$19,000; Director, Pediatric Surgery, \$9,975; Director, Ophthalmology Service, \$13,650; Assistant Director, Ophthalmology, \$12,600; Director, Emergency Services, \$31,500; and Assistant Director, O.P.D., \$10,500.

Obstetrics and Gynecology: Director, \$15,900; Associate Director, \$12,000; Three Assistant Directors, \$10,500 each; and Supervisory Physician for Ambulatory Medicine, \$21,000.

The total cost to the city for this contract shall be a sum not to exceed \$811,050.

Under the terms of this contract, the aforesaid physicians will serve under the Board of Health and Hospitals, but without direct compensation from the City of Boston.

The individual assignments to the positions named herein will be by the University with the approval of the Board.

The decision of this department to enter into this type of a contractual arrangement was made after consideration of several factors; the most significant being to make it possible for these physicians to take advantage of certain fringe benefits which would not otherwise be available to them if they were paid directly by the City of Boston. I refer particularly to their participation in the Teachers Insurance Annuity Association, a nationwide benefit plan offering extremely generous benefits to its members who must be associated directly with and compensated directly by a university, college or medical school. Benefits accruing through membership in this association can be transferred if and when academic affiliation might be changed. However, this would not be possible if these physicians were compensated directly by the City of Boston and were members of the State-Boston Retiree System.

Because of the special fitness of the University to provide these services and because of the personal and professional nature of the services to be provided your approval is respectfully requested to dispense with public advertising and to award this contract, without advertising, to Boston

iversity School of Medicine under the
ms and conditions stated above.

Very truly yours,
WALLACE H. KOUNTZE,
Acting Executive Director.

HOUSING INSPECTION DEPARTMENT LEASE OF PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to
dispense with public advertising in the *City
Record* for the leasing of approximately 5,000
square feet of space in the building located
at 11-29 Roxbury Street, Roxbury, and to
enter into a lease with Morin and Balerna
Trust for this space. The premises
needed by this department as a local
office in connection with the new Housing
Improvement Program. Your approval will
permit the Housing Inspection Department
to exercise the renewal option clause.

The proposed lease is for a term of one
year, July 1, 1975, to June 30, 1976, with
two consecutive options on the part of the
city to extend the term for an additional
year. The proposed rental fee is \$1,275 per
month.

It is my opinion that nothing is to be
dispensed by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

TYPEWRITER AND COPIER RENTAL

DEAR MAYOR WHITE:

I hereby respectfully request permission to
dispense with public advertising in the *City
Record* for the rental of one IBM magnetic
tape electric typewriter and one IBM copier.
The magnetic tape electric typewriter greatly
reduces the large clerical workload in
connection with the Housing Improvement
Program. The copier is also needed due to
the large volume of copies produced.

The rental period is from July 1, 1975,
to June 30, 1976, at a monthly cost of
\$75; at a total cost not to exceed \$6,900.

It is my opinion that nothing is to be
dispensed by public advertising, since these ma-
chines are the only ones able to fulfill our
needs.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

RENTAL OF COPY MACHINES

DEAR MAYOR WHITE:

I respectfully request permission to dis-
pense with public advertising in the *City
Record* for the leasing of no more than nine
Xerox Company 3M VQC III copy ma-
chines at \$55.32 each per month, for a pe-
riod of twelve months. These machines will
be placed in the new Housing Improvement
Program site offices throughout the city.

The proposed lease is to commence July 1,
1975, to June 30, 1976, with two consecutive
options on the part of the city to extend
the term for an additional year.

It is my opinion that nothing is to be
dispensed by public advertising as these ma-
chines are economical and satisfy the needs

of the Housing Improvement Program which
is federally subsidized.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

LAW DEPARTMENT PHOTOGRAPHIC SERVICE

DEAR MR. MAYOR:

The photographic needs of this department
can, in my opinion, be efficiently handled by
C. Franklin Waid, an individual, having a
usual place of business at 144 Bowdoin
Street, Boston. I respectfully request per-
mission to enter into a written contract with
the aforementioned contractor, without ad-
vertising for bids, for the taking and devel-
oping of such photographs as the Law De-
partment may request during the period of
July 1, 1975, to June 30, 1976, inclusive.

Under the terms of the proposed contract,
the Law Department will send notice from
time to time to the above-mentioned photog-
rapher requesting him to take and develop
photographs usually required in the conduct
of the work of this department. For these
photographs, it is proposed to pay the sum
of \$5 for each 8 by 10 print and 75 cents
for each additional print or enlargement.

In addition, it is further proposed to pay
C. Franklin Waid the sum of \$7 for each
8 by 10 print in cases where the Law De-
partment requests the photographer to take
photographs on Saturdays, Sundays, holidays
and weekdays, between the hours of 6 P.M.
and 7 A.M. The proposed cost for additional
prints or enlargements in the case of such
photographs will be 75 cents each. C. Frank-
lin Waid has agreed to be available for 24
hours' daily service, including Saturdays,
Sundays and holidays for the taking of the
above-mentioned emergency photographs. The
proposed charges also include the appear-
ance of the photographer at the trial of any
case where testimony by the photographer is
deemed necessary.

C. Franklin Waid has performed this ser-
vice for the Law Department for the last
seven years. His work has been prompt and
persuasive; frequently thousands of dollars
depend on those factors. Other photographe-
rs charge three times as much for such
work. We know of no one else who obtains
such service for less.

The office has also explored the possibili-
ties of having the work done by the Office of
Public Service. It is not clear that any cost
would be saved by engaging additional mu-
nicipal employees to perform this service.
Furthermore, the burden could well be too
heavy for the Office of Public Service al-
ways to be able to fulfill our needs.

The cost for photographic services under
the proposed contract will not exceed \$17,000.

Because of the nature of the professional
services involved and confidential character
of the work, no useful purpose would be
served by advertising for bids.

Respectfully,
HERBERT P. GLEASON,
Corporation Counsel.

MODEL CITY ADMINISTRATION TRAINING PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby
request your written authority to dispense
with advertising in the award of a contract
for services in an amount not to exceed
\$22,500 to the Community Training Dy-
namics, Inc. (the contractor), a nonprofit
corporation with offices located at 321
Talbot Avenue, in the Dorchester district
of the City of Boston.

The period of performance shall be from
January 1, 1975, through June 30, 1975.

This contract is to provide funds for the
continuation of a construction worker's
training program funded under a prior con-
tract. Under the proposed contract, the
contractor shall recruit residents of the
model neighborhood who have developed
partial skills in such construction trades as
sheetrocking, taping, carpentry, plumbing,
electrical and masonry. The contractor
shall obtain contracts from building con-
tractors for the assignment of trainees to
work in the particular trades. Trainers for
each trade will be provided by the con-
tractor to work with the trainees on the
job. In addition, off-site instruction shall be
provided by the contractor. The contractor
shall further be responsible for overall ad-
ministration and coordination of the training
program.

The contractor is recommended to carry
out the training program because, first it
is the only local construction worker training
organization particularly concerned with
model neighborhood residents, and is there-
fore able to recruit resident trainees; second,
it is continuing a construction worker train-
ing program carried out under a prior con-
tract with the Model City Agency; and
finally, its principals and staff have the
proven capacity to conduct the training pro-
gram in question.

For the aforementioned reasons it is re-
quested that the notice requirement of
advertising in the *City Record* be waived.

Sincerely,
BERTRAM B. WALKER,
Administrator.

SECURITY SERVICES

DEAR MAYOR WHITE:

As the Administrator of the Model Cities
program, I hereby request your Honor's
written authority to dispense with advertis-
ing in the award of a contract to the
Excelon Security Services, Inc., 80 Boylston
Street, Boston, in the amount of \$4,056.

Under the terms of the contract, Excelon
will provide security services for the Model
Cities Administration Offices at 11-29 Rox-
bury Street, Roxbury. The hourly guard
rate will be \$3.90 per hour.

The reason for not inviting bids is the
evidence of satisfactory performance ren-
dered by Excelon under four previous con-
tracts awarded Excelon by the Model Cities
Agency for similar security services. Fur-
thermore, Excelon has demonstrated a com-
mitment in compliance with the Department

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

of Housing and Urban Development mandate. Moreover, the hourly rate paid their employees is higher than the hourly rate usually paid for security services.

The period of performance will be from January 1, 1975, through June 30, 1975.

For the foregoing reasons, advertising for bids would serve no useful or practical purpose.

Very truly yours,

BERTRAM B. WALKER,
Administrator.

DEAR MAYOR WHITE:

As the Administrator of the Model Cities program, I hereby request your Honor's written authority to dispense with advertising in the award of a contract to Excelon Security Services, Inc., 80 Boylston Street, Boston, in the amount of \$4,183.

Under the terms of the contract, Excelon will provide security services for the Model Cities Administration offices in the Bartlett Building, 2401 Washington Street, Roxbury. The hourly guard rate will be \$3.90 per hour.

The reason for not inviting bids is the evidence of satisfactory performance rendered by Excelon under four previous contracts awarded Excelon by the Model Cities Agency for similar security services. Furthermore, Excelon has demonstrated a commitment in compliance with the Department of Housing and Urban Development mandate.

The period of performance will be from January 1, 1975, until June 30, 1975.

For the foregoing reasons, advertising for bids would serve no useful purpose.

Very truly yours,

BERTRAM B. WALKER,
Administrator.

MAINTENANCE SERVICES

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your Honor's written authority to dispense with advertising in the award of a contract to Clarence W. Jones d/b/a Preen Building Maintenance Services, 201 Chestnut Street, Lynn, in the amount not to exceed \$2,310.

The period of performance shall be from January 1, 1975, through June 30, 1975.

Under terms of the contract, Preen will provide maintenance services for the Model City Administration offices in the Bartlett Building, 2401 Washington Street, Roxbury.

Preen Building Maintenance Service was selected because it was the lowest bid contractor selected for the previous contract period. In addition, the uncertainty of the number of offices and location of Model City Administration offices required a month to month evaluation of services required.

For the foregoing reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

BERTRAM B. WALKER,
Administrator.

OFFICE OF CRIMINAL JUSTICE

COURT SERVICES

DEAR MR. MAYOR:

As Executive Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Justice Resource Institute, Inc., 14 Somerset Street, Boston, in an amount not to exceed \$338,571.12, for the period May 1, 1975, through April 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644) and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow Justice Resource Institute to provide mediation and dispositional services to the Dorchester District Court in conjunction with members of the Dorchester community, and services to victims of crimes falling under the jurisdiction of the Dorchester District Court.

Justice Resource Institute (JRI) is a non-profit organization specializing in criminal justice program planning, development and operation on behalf of State and local criminal justice authorities.

JRI is a non-profit corporation which initiates innovative programs designed to positively impact the criminal justice system and provide needed resources for criminal justice personnel. Since its inception in 1973, JRI has operated the Court Resource Program, which provides pre-trial diversion services to thirteen courts in Suffolk, Middlesex and Essex counties; the Diversion of Female Offenders Project, a pre-trial diversion effort addressing the unique needs of women and operating in Suffolk County; the Drug Evaluation and Referral Program, a comprehensive scheme of assessment, detoxification, treatment, and counselling which operated at the Superior Court level; and the Career Development component of the Treatment Alternatives to Street-Adult Program in the Dorchester District Court.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Executive Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Justice Resource Institute, Inc., 14 Somerset Street, Boston, in an amount not to exceed \$17,952.88 for the period January 1, 1975, through July 31, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee

on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644) and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow Justice Resource Institute, Inc., to provide pre-trial planning for programs of (a) mediation and dispositional services to the Dorchester District Court in conjunction with members of the Dorchester community, and (b) services to victims of crimes falling under the jurisdiction of the Dorchester District Court.

Justice Resource Institute, Inc. (JRI) is a non-profit corporation specializing in criminal justice program planning, development and operation on behalf of State and local criminal justice authorities.

JRI is a non-profit corporation which initiates innovative programs designed to positively impact the criminal justice system and provide needed resources for criminal justice personnel. Since its inception in 1973, JRI has operated the Court Resource Program which provides pre-trial diversion services to thirteen courts in Suffolk, Middlesex and Essex counties; the Diversion of Female Offenders Project, a pre-trial diversion effort addressing the unique needs of women and operating in Suffolk County; the Drug Evaluation and Referral Program, a comprehensive scheme of assessment, detoxification, treatment, and counselling which operated at the Superior Court level; and the Career Development component of the Treatment Alternatives to Street-Adult Program in the Dorchester District Court.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,

DONALD B. MANSON,
Executive Director.

OFFICE OF CULTURAL AFFAIRS MUSIC PERFORMANCE

DEAR MAYOR WHITE:

I would like to request your written permission to dispense with public bidding and enter into contract with the Larry Cooper Orchestra for the amount of \$4,200, for three weeks of performances with an eight man orchestra through the various neighborhoods of the city on July 21-25, July 31, August 1, and August 4-8, 1975.

Larry Cooper and his orchestra have performed for the city every summer for many years, and they are uniquely qualified to perform this service. No purpose would be served by putting this contract out for public bidding as no other band has the expertise to perform in Boston's neighborhoods as does this band.

Thank you very much.

Sincerely,

ELIZABETH G. COOK,
Director

PERFORMANCES AND SERVICES

DEAR MAYOR WHITE:

I would like your written permission to dispense with public bidding and enter into contract with the Boston Foundation, Inc. for \$6,208.76, for performances and services the Foundation will be paying for during the Independence Day celebration weekend.

Performers are traditionally paid right after their performance; therefore, the Boston Foundation, Inc. will pay each performer by check and then be reimbursed by the Independence Day budget of Public Celebrations.

No purpose would be served by putting this out to public bidding, because there is no other vehicle we have for paying performers right after their performance. I am attaching a breakdown of this budget for your information.

Thank you very much.

Sincerely,

ELIZABETH G. COOK,
Director.

OFFICE OF THE MAYOR COPYING MACHINE RENTAL

DEAR MR. MERRILL:

I am this day awarding a contract to Xerox Corporation of Rochester, New York, for rental of one Xerox copying machine and equipment servicing to be furnished to the Mayor's Office of Planning and Neighborhood Services. The cost of this service to the city will not exceed \$11,000 and will cover the period between July 1, 1975, through June 30, 1976.

In view of the quality of the machine and the service to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

KEVIN H. WHITE,
Mayor.

PROGRAMMING AND COMPUTER SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to dispense with advertising in the *City Record* as part of the process to award a contract to Scientific Time Sharing Corporation for professional programming and computer services. This contract will be in an amount not to exceed \$30,000 over a period of twelve months, commencing June 3, 1975.

Under the terms of the contract, Scientific Time Sharing Corporation (STSC) will design, implement, and operate a flexible, on-line general purpose computerized management information system for the new Housing Improvement Program. (The Housing Improvement Program is a \$4.5 million sub-component of our \$32.1 million Community Development Block Grant Program).

The city discussed its computer program needs with six reputable computer firms in conjunction with a city-prepared 25-page request for a proposal. Then having received and analyzed 5-10-page responses from each firm, the city chose Scientific Time Sharing Corporation (STSC). STSC is one of three firms which proposed a system to be designed and operated on its own computer.

Three other firms proposed systems to be run on the city computer. The city used three criteria to choose STSC: time, cost, and program performance.

1. Time: STSC is able to provide a system at approximately 20 percent of the time it takes its competitors. (2 weeks vs 3 months.)

2. Cost: STSC is able to provide a system at approximately 30 percent of the cost of its competitors.

3. Program Performance: Because of technical advantages in a computer language which it has developed, STSC is able to develop a program which has advantages in reprogramming flexibility and ease of system operation.

Because of the extensive evaluation and analysis already undertaken, advertising for bids prior to awarding this professional services contract to Scientific Time Sharing Corporation would serve no useful or beneficial purpose at this time.

Sincerely,

DAVID STROHM,
Special Assistant.

CONSULTATION SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for services in an amount not to exceed \$100,000 to Mr. Paul J. Gerry, CPA, and to dispense with public advertising for bids in connection with this contract. The contract period of performance is in two sections—the auditing section to commence on July 1, 1975, and extend through December 31, 1975, and the consulting section to commence on May 21, and extend through February 15, 1976.

Under the terms of the contract Mr. Gerry will audit Model City Agency contracts and will also assist the city in the phase-out of the Model City program.

Mr. Gerry has been awarded five previous contracts by the Model City Agency. Mr. Gerry performed satisfactorily in carrying out his obligations under those contracts. In addition, Mr. Gerry has worked with the Model City Administration, City of Boston Auditing Department, HUD and other interested parties since April 19, 1970, and has a sound knowledge of Model City procedures and appropriate HUD regulations.

The contract will be paid through funds budgeted and appropriated under the City's Community Development Block Grant, as approved by the City Council on May 19, 1975.

For the aforementioned reasons, advertising for bids would serve no useful or practical purpose.

Respectfully yours,

DAVID STROHM,
Special Assistant.

SUMMER SAILING PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract to The Boys' Club of Boston Inc., during the period of June 23, 1975, to September 30, 1975.

This contract will provide for personnel costs and financial management of a summer sailing program at Pleasure Bay in South Boston.

Payment under this contract will not exceed the sum of \$17,950 and will be made from the Community Development Block Grant.

In view of The Boys' Clubs' past experience and unique ability in providing and administering youth services in Boston, it is my view that public advertising would serve no useful purpose.

Sincerely,

DAVID STROHM,
Special Assistant.

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional services to David Clem of Cambridge, and to dispense with advertising in the *City Record* in connection with the award of this contract. The contract will be in an amount not to exceed \$3,760, for a maximum of 25 man days of work during the period from June 6, 1975, to August 1, 1975. City of Boston Community Development Block Grants, a federal special revenue sharing program, will be the source of funds for this contract.

Under the terms of the contract, Mr. Clem will design a demonstration self-help housing rehabilitation program for Boston's more deteriorated neighborhoods. This program design will include: a neighborhood housing market analysis to identify neighborhoods and subareas within neighborhoods most susceptible to successful rehabilitation; a housing unit identification standard to identify the estimated cost of rehabilitation for varying levels of rehabilitation work; a financial assistance model which matches the varying costs of rehabilitation with alternative means of providing subsidized financing for varying levels of lower income homeowners; a client group analysis to identify the impact of alternative subsidy approaches on alternative income groups; and an implementation program to elaborate the procedures required to make this demonstration self help housing program operational.

Mr. Clem has acted as a program director of Cambridge Homeowner's Rehab, Inc., a nonprofit self-help housing rehabilitation group judged by U.S. Department of Housing and Urban Development to be one of the top three housing rehabilitation programs in the United States. Mr. Clem has also acted as the president of a nonprofit housing development corporation which has just successfully completed the construction of 334 units of low- and moderate-income housing. In addition, during the course of his Masters and Ph. D. work at MIT, Mr. Clem has concentrated extensively on the area of neighborhood self-help housing rehabilitation programs.

Because of the specialty of the services offered by Mr. Clem and his past experience in the area of self-help housing rehab-

ilitation programs, advertising for bids prior to awarding this contract to Mr. Clem would serve no useful or beneficial purpose at this time. This letter shall supersede a May 29, 1975, letter addressing the same subject.

Sincerely,

DAVID STROHM,
Special Assistant.

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract to Michael Sand and Associates, Inc., of Cambridge, for professional services, and to dispense with advertising for bids in connection with this award. This contract will be in an amount not less than \$18,000, nor more than \$23,100, for work performed from April 12, 1975, through July 31, 1975. The City of Boston's 1975 Community Development Block Grant will be the source of payment.

Under the terms of the contract, Michael Sand and Associates, Inc. will undertake map fabrication, copy-writing, typesetting, and other professional services associated with the development of a series of brochures on the Neighborhood Improvement Program of the City of Boston.

These brochures will be made available to all Boston residents during the citizen participation process being undertaken this summer as part of the development of Boston's application for 1976 Block Grant funds under the Housing and Community Development Act of 1974. The brochures will detail recent improvement efforts in each of the city's neighborhoods, thereby providing background information crucial for productive discussion at this summer's meetings. The brochures will also include a questionnaire concerning citizen priorities for use of 1976 Block Grant funds. Responses to the questionnaire will be returned to City Hall for use in formulating the city's application for 1976 Block Grant funds.

Citizen participation in the development of the city's application for Block Grant funds, including public meetings and adequate information about the city's community development program, is a requirement of the Housing and Community Development Act of 1974 (P.L. 93-383, Section 104). Costs incurred in the planning, development, and implementation of the citizen participation process, which includes the cost of developing these brochures on the Neighborhood Improvement Program, are eligible for payment out of the City's Block Grant (24 CFR, Part 570.200 (a) (13)).

Informal bids regarding these brochures have been solicited from several advertising firms both within and outside the city, and we have determined that Michael Sand and Associates, Inc. has the best capability to meet our needs in the specified time period. Because of the professional nature of services to be performed under this contract, it

is believed that public advertising for bids would be inappropriate.

Sincerely,

DAVID STROHM,
Special Assistant.

OFFICE OF PROGRAM MANAGEMENT AND EVALUATION

CLERICAL PERSONNEL

DEAR MR. MAYOR:

In an effort to increase the productivity of the clerical personnel hired under Title II of the Comprehensive Employment and Training Act of 1973, it has been determined that twenty-seven CETA clerks and clerk-typists should be given additional instructions in typing, shorthand, and secretarial techniques. Therefore, I respectfully request your Honor's permission to dispense with public advertising and awaiting bids, and award a contract for a clerical skills training workshop to Harvard University, Personnel Office Training Center, Memorial Hall, Cambridge Street, Cambridge, in the amount of \$4,560. The services will commence on June 9, 1975, and are to be completed by August 22, 1975.

The subject services are of a highly special and unique character and, for this reason, it is felt that a public solicitation of bids for these services would serve no useful purpose. The sole source of funding is derived from the Comprehensive Employment and Training Act Program with no financial assistance from the City of Boston.

Sincerely,

ROBERT HANSON,
Director.

OFFICE OF PUBLIC SERVICE

RENTAL OF COPYING EQUIPMENT

DEAR MAYOR WHITE:

I respectfully request your written authorization to dispense with public advertising, and to award a contract to Xerox Corporation, a New York corporation, with a place of business in Boston at 100 Charles River Plaza.

Under the terms of the contract, Xerox Corporation will rent copying equipment to thirteen Little City Halls and one to the Central Office of Public Service located in City Hall during the period commencing July 1, 1975, through June 30, 1976. The thirteen model "660" copying machines will be located at the following Little City Halls:

Allston Little City Hall, Charlestown Little City Hall, Dorchester Little City Hall, East Boston Little City Hall, Hyde Park Little City Hall, Mattapan Little City Hall, Roslindale Little City Hall, West Roxbury Little City Hall, South Boston Little City Hall, Jamaica Plain Little City Hall, Franklin Field Little City Hall, and Uphams Corner Little City Hall.

The one model "4000" copying machine will be located in City Hall, room 706.

The total cost of the machine rental and maintenance service, payable at state and local government rates to be specified in the proposed contract, shall not exceed \$25,000.

These machines have been of extreme value to the operation of the Office of Public Service. In view of the special capabilities of these machines, their excellent performance record, and high quality maintenance service rendered by the manufacturer, it is believed that public advertising would serve no useful purpose.

Sincerely,

PETER G. MEADE,
Director

PARKS AND RECREATION DEPARTMENT

SECURITY SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Special Agent Systems, Inc., 215 California Street, Newton, for providing security services to our Draper and Mass Pools and also our Pinebank Arts Center. The cost to the city will not exceed \$2.1 million and will cover the period from February 1, 1975, to June 30, 1975, inclusive. I am requesting that this contract be executed subject to an appropriation being available and charged to the Parks and Recreation Department budget 1-11-41 (29), Miscellaneous Contractual Services.

Under the terms of this proposed contract, Special Agent Systems, Inc. will provide on-site monitoring, guard response, maintenance of alarm systems, and continuous service to protect the above named locations from vandalism and malicious destruction.

Due to this firm's long standing experience in the security field and because of our past successful employment of their services, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

PHOTOGRAPHY SERVICE

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to C. Franklin Waid, an individual having residence at 144 Bowdoin Street, Boston, for the period July 1, 1975, to June 30, 1976, at a total cost not to exceed \$14,400 at a monthly rate of \$1,200. I am requesting that this contract be executed subject to an appropriation being available in and charged to the new Parks and Recreation Department budget 1-11-41 (29) Miscellaneous Contractual Services.

Under the terms of the contract Mr. Waid will take such photographs which the Parks and Recreation Department may request from time to time. Mr. Waid will take all photographs in accordance with the instructions of the Parks and Recreation Department. The Department will pay Mr. Waid \$5 for each 8 by 10 print. In addition, it is further proposed to pay C. Franklin Waid the sum of \$7 for each 8 by 10 print in cases where the department requests the photographer to

ake photographs on Saturdays, Sundays, holidays, and weekdays, between the hours of 6 P.M. and 7 A.M. The proposed cost for additional prints will be 75 cents each. C. Franklin Waid has agreed to be available for 24 hours' daily service, including Saturdays, Sundays, and holidays for taking the above photographs.

I have ascertained that these prices are far below what other photographers would charge for similar services. Because of the low price and because of the professional nature of the services to be rendered by Mr. Waid, it is my opinion that no useful purpose would be served by advertising publicly or bids for the above services.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

ECOLOGY

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Ruth S. Foster, an individual having residence at 270 Somerset Street, Belmont for the period July 1, 1975, to June 30, 1976, at a total not to exceed \$12,482 at a monthly rate of \$1,040.16. I am requesting that this contract be executed subject to an appropriation being available in and charged to the new Parks and Recreation Department budget 1-11-41 (29) Miscellaneous Contractual Service.

Under the terms of this proposed contract, Mrs. Foster will continue to advise the Parks and Recreation Department, in her capacity as an ecologist, on matters of landscape design, green space planning and conservation programs. Also, she will continue to be responsible for coordinating our programs of an ecological nature with all planning and conservation commissions and directorships in Boston.

Due to the professional nature of the services to be rendered by Mrs. Foster, it is my opinion that no useful purpose would be served by advertising publicly for bids for the above services.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT

RUBBISH REMOVAL

DEAR MAYOR WHITE:

I hereby request your written authorization to dispense with advertising in the *City Record* the award of a contract for rubbish removal from the Suffolk County House of Correction at Deer Island to Jeffries Disposal, a division of SCA Disposal Services of New England, Inc. located in Boston. The contract will be in an amount not to exceed \$1,000 for the period from April 15, 1975, to June 30, 1975.

Jeffries Disposal has been providing containerized service for Deer Island on a purchase of service order since November, 1974. The decision to employ their services was based on three compelling reasons: (1) the Vinthrop Sanitary Landfill, where we had

previously disposed of our waste, utilizing County equipment and inmate labor, was closed to us; (2) the high security risk involved in utilizing inmate labor; and (3) a need to improve the standards of health and sanitation at Deer Island.

The Penal Department did not anticipate that this service would cost more than \$2,000 in this fiscal year. However, due to the fact that this is the first time the department has ever used such a service, and that the inmate population has been steadily increasing, our original estimates have fallen short of the actual cost.

As of July 1, 1975, the department will be serviced by a contractor as a result of competitive bidding. However, failure to collect the garbage for May and June would create a hazardous health and sanitation situation. Therefore, I feel that advertising for bids would serve no useful or beneficial purpose at this time.

Sincerely,
WILLIAM W. NICKERSON,
Commissioner.

POLICE DEPARTMENT

REPAIRS TO MOTOR VEHICLES

DEAR MR. MAYOR:

On April 21, 1975, this department, by an advertisement appearing in the *City Record*, invited interested, competent persons customarily engaged in automobile repair work, located within a reasonable distance of the Boston Police garage, at 286 Adams Street, Dorchester, whether or not located within the City of Boston, to enter into a contract with the City of Boston for estimating periodically the cost of, and thereafter, upon the lowest responsible estimate, performing the work of miscellaneous repairs to Police Department passenger automobiles, trucks, and patrol wagons, during the period July 1, 1975, to June 30, 1976.

Because of insufficient response to formal public bids in the past and the proven difficulty of separating mechanical from body work, the Police and Law Departments developed a method to allow bids on each damaged vehicle for work amounting to \$200 or more, with the lowest written offer in each case receiving the work. This method enabled the city to obtain the most economical prices per unit of work and to complete the work in the most efficient manner.

The April 21, 1975, invitation resulted in the following firms, located within a reasonable distance of the Boston Police garage, declaring their intent to enter into contracts with the city under the above conditions. I therefore respectfully request your Honor's written authorization to dispense with further public advertising and to enter into a contract with the below-named firms:

Columbus Auto Body, Inc., 269 Washington Street, Dorchester; Arcand Sales and Service, Inc., 229 Brighton Avenue, Allston; President Chevrolet, Inc., 540 Southern Artery, Quincy; Adams Automatic Transmission, 241 Old Colony Boulevard, South Boston; Fitzpatrick Brothers, Inc., 150 Centre Street, Dorchester; Double "C" Corporation, d/b/a Aamco Transmissions, 1305 Dorchester Avenue, Dorchester; General Motors Corporation, 77 Guest Street, Brighton.

The Avellino Transmission Corporation, 605 Hyde Park Avenue, Roslindale, also submitted a proposal. However, I recommend rejection of this firm because it is only now in the process of commencing business and will not be ready to do business until July 30, 1975. The department therefore, cannot ascertain the quality of this firm's work. We have also learned that the firm has no insurance in force as required in the proposal.

I propose to enter into one contract to be signed by each of the approved firms. In no event shall the payments to be made by nor the liabilities of the city under this contract for miscellaneous repairs of Boston Police vehicles for the period July 1, 1975, to June 30, 1976, exceed the total sum of three hundred fifteen thousand dollars (\$315,000).

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

IBM PROGRAMS

DEAR MR. MAYOR:

Your Honor's approval is hereby respectfully requested to dispense with public advertising and to enter into a contract with the International Business Machines Corporation, 610 Lincoln Street, Waltham, Mass. 02154, for the leasing of the following programs for the period commencing July 1, 1975, through June 30, 1976:

Program material, 5736-XX6, service classification A, designated CPU type/Serial No. 3135-60423, monthly charges, \$224.

Program material, 5736-LM2, service classification A, designated CPU type/Serial No. 3135-60423, monthly charges, \$21.

Program material, 5736-CB2, service classification A, designated CPU type/Serial No. 3135-60423, monthly charges, \$60.

The total amount for the above-listed programs not to exceed the sum of three thousand six hundred sixty dollars (\$3,660), for the twelve (12)-month period.

In view of the following:

1. The technical and unique nature of these programs fulfills our particular needs at this time and are used in conjunction with other IBM equipment leased by this department;

2. The fact of purchase of said programs would not be economically feasible; I believe that publicly inviting bids would not serve a useful purpose nor be of any avail to the City of Boston.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

FARRIER SERVICES

DEAR MR. MAYOR:

On May 26, 1975, the Police Department, by advertisement appearing in the *City Record*, invited bids for farrier services for Police Department horses.

On June 18, 1975, at the Office of the Police Commissioner, 154 Berkeley Street, Boston, Mass., the following bid was publicly opened and read:

James G. Lovett, 47 Prince Street, Jamaica Plain, Mass., \$4,800.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Upon examination of the bid proposal it was ascertained that Mr. Lovett had inadvertently failed to file a copy of the bid proposal at the office of the City Auditor.

Having reserved the right to waive any informality and to reject any or all bids and because of the technical nature of this discrepancy, I respectfully request that this contract be awarded, without further advertising, to James G. Lovett, 47 Prince Street, Jamaica Plain, Mass.

This contract will provide inspection of horses weekly, shoeing of department horses each month, and includes all emergency calls for the fiscal year beginning July 1, 1975, and ending June 30, 1976. The contract price is not to exceed four thousand, eight hundred dollars (\$4,800).

Very truly yours,

ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT ARCHITECT'S SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Masiello & Associates, Architects, Inc., a Massachusetts corporation, with offices at Mechanics National Tower, Worcester Center, Worcester, Mass.

Under the terms of the contract, Masiello & Associates will provide Phase I architectural and engineering services in the preparation of plans, specifications, and construction cost estimates for a new City of Boston/County of Suffolk Detention/Correctional facility, at a cost for such services of 5 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$15,100,000, the cost of the now-proposed services (at 35 percent for Phase I) not to exceed \$320,250 (including \$46,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Richard White, architect and city planner, of 177 State Street, Boston, Mass.

Under the terms of the contract, Richard White will continue to conduct a study of the surplus buildings under the control of the department, and thereafter develop and implement a program to (1) seek proposals from private developers for their use, (2) evaluate the proposals of said private devel-

opers, and (3) oversee the implementation of the proposals by the developers to assure that the buildings are returned to productive taxable use, during the period July 1, 1975, to June 30, 1976, at a cost for such services (at the rate of \$20 per hour), not to exceed \$10,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Bradley T. Sack, architect, with offices at 561 Boylston Street, Boston, Mass.

Under the terms of the contract, Bradley T. Sack will continue to perform architectural services for the Public Facilities Department in furnishing professional advice and assistance such as design reviews, drawings as may be required, written critiques, etc., to its staff in the planning for, and in the design of: (a) new buildings, and (b) the renovation of existing buildings, as called upon by the director, from time to time, during the period July 1, 1975, to June 30, 1976, at a cost for such services (payable at the rate of \$20 per hour), not to exceed \$20,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

EMERGENCY DEMOLITION

DEAR MR. MAYOR:

As a result of numerous fires and extensive vandalism, the Wesley G. Ross field house, Westminster Street, Hyde Park, has become very hazardous and is a cause for immediate concern. The existing structure was cited by the Fire Department as being unsafe and ordered removed by demolition. On June 11, 1975, this building was inspected by the Public Facilities Department and found to be in an extremely unsafe condition, and would endanger lives and property in the event of another fire. The Commissioner of Parks and Recreation Department has advised me that this building can no longer serve a useful purpose and should be removed. Razing the building by emergency procedure has been deemed the only satisfactory solution.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A, chapter 149 G. L., as it pertains to public advertising, providing we obtain prices from at least three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this demolition work, I received contract proposals from four contractors as follows:

Napoli Wrecking Co. Inc., \$8,371; Pet. Ruggiero, Inc., \$8,500; Mystic Building Wrecking, \$9,300; James Grant Co. Inc. \$11,200.

Your Honor's written approval, therefore is respectfully requested, in recognition of the fact that an emergency situation exists and to authorize the dispensing with public advertising for bids and to award a contract without advertising, to Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester for an amount not to exceed eight thousand three hundred seventy-one dollars (\$8,371).

Respectfully,

ROBERT J. VEY,
Director.

LEASING CERTAIN PROPERTIES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for the Department of the Mayor, Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,000 square feet of space on the ground floor of the building at 412 Tremont Street, Boston.

The term of the lease will be twelve months, beginning March 1, 1975, and terminating February 29, 1976.

The monthly rental will be \$350, with the total cost of this lease not to exceed \$4,200. The monthly rental will be charged to CETA Title VI, Account No. 3-33-13(792) as this office will be utilized in the South End area for CETA activities.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for two city functions, one, the Workmen's Compensation Division of the Law Department, the other the Economic Development and Industrial Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 4,500 square feet of space on the first floor of the building at 60 Congress Street, Boston.

The initial term of the lease will begin May 1, 1975, terminating June 30, 1975. The

essor gives the city options to extend the term of this lease for four consecutive twelve-month terms, beginning July 1, 1975.

The monthly rental for the initial period will be \$3,600 monthly, and this same rent will prevail for the first renewal term. Beginning July 1, 1976 (assuming renewal options are exercised), the rent will reduce to \$3,275 monthly.

The lessor will provide and pay for all utilities, which would include, but not be limited to, heat, air-conditioning, and electricity.

The lease contains two escalation clauses, one a standard tax escalation clause using 1975 as the base year. In addition if the cost of electricity should exceed present estimates, i.e., be in excess of the amount of \$2,700 for any period beginning July 1, 1976, the lessee will pay upon demand the additional charge over the base amount of \$2,700.

It should be noted that the lessor has made a substantial outlay of his funds in meeting our requirements, especially installing two public toilets for the use of the clients of the Workmen's Compensation Division, installing various necessary private offices, and other improvements requested.

Since these facilities are both adequate and convenient it is not felt by the writer that public advertising would be useful in his instance.

Very truly yours,

ROBERT J. VEY,
Director.

EMERGENCY REPAIRS

DEAR MR. MAYOR:

A blockage, with undetermined cause or location, of the four-inch sanitary waste pipe has prevented the use of toilet facilities in the main kitchen, the dietary kitchen, the pharmacy, the central supply, and a portion of the maternity building of the Boston City Hospital. The backup of waste includes indications of a fracture at some point or points in this system of four-inch pipes. The existing pipe is below grade within the buildings and the possibility of contamination compounds this extremely hazardous health condition and presents a danger to patients and staff.

Because of the functions associated with the kitchen, the pharmacy, the central supply, and the maternity building, a sanitary waste system is necessary to maintain the services of this hospital. To obviate this extremely dangerous situation, it was necessary to engage a contractor to do various types of excavation and exploration to investigate in an effort to identify and locate the cause of the blockage. This exploratory work has established that all of this four-inch sewer pipe must be replaced. However, to maintain the vital functions of this hospital, it is expected that temporary repairs by limited replacement can be accomplished, thereby minimizing the period of shutdown. To accomplish this temporary repair, I propose to establish a scope of work that will include excavation examination, and replacement of a fixed amount of sewer pipe. This scope of work, determined and to be supervised by an engineer, was the basis for receiving competitive bids from three contrac-

tors normally engaged in this type of work and including an allowance to pay the cost for the exploratory work.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A, chapter 149, G. L., as it pertains to public advertising, providing we obtained prices from at least three contractors. Having invited reputable contractors to submit bids for this repair work, I received contract proposals as follows:

Clifford Construction Co., Inc., \$14,695; Sciaba & Company, Inc., \$14,955; and Coronis Construction Co., Inc., \$15,000.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to Clifford Construction Co., Inc., 320 Dorchester Street, South Boston, Mass., for an amount not to exceed fourteen thousand six hundred and ninety-five dollars (\$14,695).

Respectfully,

ROBERT J. VEY,
Director.

CPM SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on March 5, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to McKee, Berger, Mansueto, Inc., a New York corporation, duly registered to do business in the Commonwealth, with offices at 2 Park Avenue, New York City, New York.

Under the terms of the contract, McKee, Berger, Mansueto, Inc., will provide CPM (Critical Path Method) services in connection with the Charlestown High School physical education building and Mattapan Elementary School athletic wing, at a cost for such services not to exceed \$22,375 and \$20,800, respectively, an aggregate cost not to exceed \$77,960, including: (a) initial diagram at \$5,200 and \$5,400, respectively; (b) monthly update at \$5,175 and \$4,600, respectively; and weekly job meetings at \$12,000 and \$10,800, respectively.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Carl T. Washburn, professional engineer, of 790 Boylston Street, Boston, Mass.

Under the terms of the contract, Carl T. Washburn will continue to provide cost evaluation and estimating services for City of

Boston construction projects during the period from July 1, 1975, to June 30, 1976, at a cost for such services not to exceed \$12,500, payable at rates to be stated in the proposed contract.

Under several previous contracts, Carl T. Washburn has provided the same services proposed herein, and has done so in a most efficient manner. In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I request your Honor's written authority to dispense with public advertising, and to award a contract to TAD, Incorporated, consulting engineers, 639 Massachusetts Avenue, Cambridge, Mass.

Under the terms of the contract, TAD, Incorporated, will continue to provide general engineering services and technical assistance in connection with the department's preparation of plans and specifications for use in carrying out its extensive alteration and repair programs, during the period July 1, 1975, to June 30, 1976, both dates inclusive, at a cost for such services not to exceed \$75,000, payable in accordance with categorical hourly rates to be specified in the contract, times 1.38.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Comprehensive Designers, Inc., a Pennsylvania corporation duly registered to do business in Massachusetts, with main office at 197 First Avenue, Needham, Mass.

Under the terms of the contract, Comprehensive Designers, Incorporated, will continue to provide general engineering services and technical assistance in connection with the department's preparation of multiple plans and specifications for use in carrying out a part of the alteration and repair program, and emergency work performed from time to time during the period of July 1, 1975, to June 30, 1976, both dates inclusive, at a cost for such services not to exceed \$15,000, payable at the actual hourly rates paid times 1.38 (in accordance with the rates schedule to be set forth in the contract).

In view of the professional and technical nature of the services to be performed under this contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

OFFICE MACHINES RENTAL

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Xerox Corporation, a New York corporation, with a place of business in Boston at 100 Charles River Plaza.

Under the terms of the contract, Xerox Corporation will rent and service (1) a Model 7000 copying machine and expanded sorter system, capable of reducing original copies as large as 14 inches by 18 inches to as small as 8-1/2 inches by 11 inches, and (2) a Model 4000 copying machine to be used for normal, short-run copying work, during the period from July 1, 1975, to June 30, 1976. The total cost for the rental and maintenance of these two machines, payable at state and local government copying equipment rates to be specified in the proposed contract, is not to exceed \$20,500.

In view of the specific capabilities of these machines, their record of performance, the excellent quality of maintenance service provided, and the fact that rental rates are standard ones of state and local government, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

ENGINEERING SERVICES

DEAR MR. MAYOR:

Since early September, the Public Works Department, Water Division has been investigating high ground water and seepage into cellars of homes located in the Dorchester section of Boston, in the vicinity of Blue Hill Avenue, Fabian Street, Johnston Road, and Hansborough Street.

After repairing all known leaking water lines in the immediate area and having dug numerous test pits in the above-mentioned streets, and expending several thousands of dollars, the Water Division is still at a loss as to the source of water seepage.

The residents of these streets have had to purchase water pumps to protect their furnaces and other fixtures in their basements at a great cost to all concerned.

Due to this very serious problem, I have requested Haley and Aldrich, Inc., consulting geotechnical engineers and geologists to submit to the City of Boston a proposal for an investigation to determine the source of this ground water, and to recommend measures which will lower the water table and eliminate seepage into basements of homes in this area.

In view of the professional and technical nature of the services to be performed and this organization's excellent reputation in their field, your permission is requested to dispense with public advertising of bids and to award a contract to Haley and Aldrich,

Inc., for the above-mentioned services at a cost not to exceed \$18,500. If the source of the water seepage is detected early during the investigation, the cost will be less.

Sincerely,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

I know you are well aware of the disabled condition of the Chelsea Street drawbridge over the Chelsea Creek in East Boston.

The Universal Engineering Corporation has submitted a proposal to provide engineering services for the preparation of plans and specifications and contract documents to effect emergency repairs to the subject structure.

Due to the urgent nature of the situation, your permission is requested to award a contract, without advertising, to the Universal Engineering Corporation, 100 Boylston Street, Boston, for an amount not to exceed \$47,000.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

REFUSE COLLECTION

DEAR MR. MAYOR:

Contracts for refuse collection in the various Public Works districts of the city expire June 30, 1975. These contracts include option renewal provisions under which the city may elect to continue the present collection contracts for the period July 1, 1975, to June 30, 1976.

The services provided by the present contractors has been very satisfactory and there would be no advantage to be gained in not exercising our option for renewal and by inviting bids for doing this work.

Therefore, I respectfully request your authorization to dispense with further public advertising and enter into contracts for collecting and removing refuse, for the period July 1, 1975, to June 30, 1976, with the following listed contractors at the current contract prices, plus an adjustment required by the terms of the contract of 75 percent of the increases in cost due to rate increases for each truck driver and helper employed by the contractor under these contracts; the total amount to be paid under each contract not to exceed the amount listed below:

District 1A, Charlestown, Waste Control, Incorporated, 47-51 Richdale Avenue, Cambridge, \$113,453.

District 1B, Boston Proper, Sanitas Waste Disposal of Massachusetts, Inc., 1 Ellery Street, South Boston, \$749,621.

District 2, Jamaica Plain, Joseph Amara & Sons, Inc., Division of Waste Management of Massachusetts, Inc., 200 Providence Street, Hyde Park, \$386,198.

District 3, Dorchester North, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$635,326.

District 4, Brighton, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$591,962.

District 5, South Boston, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$275,750.

District 6, West Roxbury, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, \$478,753.

District 7, Dorchester South, United Contracting Company, Inc. of Boston, 1141 Dorchester Avenue, Dorchester, \$708,334.

District 8, Hyde Park, Ghetto Master, Incorporated, 102 Harvard Street, Dorchester, \$395,308.

District 9, East Boston, Browning-Ferris Industries, Inc., 100 Hallet Street, Dorchester, \$357,822.

District 10, Roxbury, Browning-Ferris Industries, Inc., 100 Hallet Street, Dorchester, \$760,153.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT GUIDE SERVICE

YOUR HONOR:

I respectfully request your written authority to dispense with writing proposals, public advertising in the *City Record* awarding a contract to the Boston Foundation, Inc., 1 City Hall Square, Boston, Massachusetts, for the supply of a guide service, information service, and program service in City Hall. A guide service will consist of three to five guides, Monday through Friday, and up to two guides for Saturdays, Sundays, and legal holidays, during the period July 1, 1975, to June 30, 1976. The foundation will be paid at the average rate of one hundred dollars (\$100) per week for each guide employee Monday through Friday, and at the average rate of three dollars (\$3) per hour for service on other days. The total cost to the city will not exceed thirty thousand dollars (\$30,000).

Further, under this same contract, we would like to request eight thousand five hundred (\$8,500) for special exhibits, events, and other related services in City Hall itself and on the Plaza. This would include such items as:

Exhibitions:

1. Christmas (six weeks of celebrations exhibits, decorations), \$1,500; 2. other holiday exhibits throughout the year, \$1,500; 3. displays for special occasions: flags for U.N. Day, etc., \$1,500; 4. expenses related to above such as security, graphics, public relations, custodial service, and hangings \$2,000.

Events:

1. lunchtime and evening concerts for city employees and the general public, \$1,000 2. expenses related to seminars and meetings held in City Hall: overtime custodians rental of tables and chairs, graphics, and public relations, \$1,000; total, \$8,500.

The total cost to the city under this contract will not exceed thirty-eight thousand five hundred dollars (\$38,500). Because of the special and professional services to be rendered, I believe that public advertising for bids would serve no useful purpose.

Very truly yours,

EDWARD J. KENNEDY,
Assistant Commissioner.

RAZING OF BUILDING

DEAR MR. MAYOR:

The following building has been condemned by the Building Commissioner as

being in an unsafe and dangerous condition. The building is a menace to the neighborhood. The location follows:

40 Wenonah Street, Ward 12.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly, section 116 (d) thereof, and with an agreement between the Building Commissioner and Real Property Commissioner, I have asked and have received your Honor's permission to raze the building.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

George E. Lyons, Jr., Inc., 1594 Hyde Park Avenue, Hyde Park, Mass., \$2,400; Design Demolition Company, Inc., 108 South Street, Jamaica Plain, Mass., \$3,500; Circle Power Demolition, 1002 Harrison Avenue, Roxbury, Mass., \$3,400.

George E. Lyons, Jr., Inc. of 1594 Hyde Park Avenue, Hyde Park, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for the City of Boston in the past. Accordingly, the general public safety so requiring, I ask your Honor's approval for awarding, without advertising, as required by the city charter of a contract in the sum of \$2,400, to the George E. Lyons, Jr., Inc.

Very truly yours,
JOANNE A. PREVOST,
Commissioner.

ELEVATOR MAINTENANCE

OUR HONOR:

I respectfully request your written permission to dispense with inviting proposals in the *City Record*, in awarding a contract to S. Payne Company, for inspection and maintenance service for the elevators in City Hall. The equipment in the building is Payne equipment and since the cost is very reasonable and fair, it is advisable for the Payne firm to service it.

The period of this agreement is July 1, 1975, through June 30, 1976. This is for the renewal of last year's contract. The cost will not exceed \$14,040.

In view of the circumstances, I believe that public advertising would serve no useful purpose.

Respectfully yours,
EDWARD J. KENNEDY,
Assistant Commissioner.

COPYING EQUIPMENT RENTAL

DEAR MR. MAYOR:

I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Xerox Corporation, a New York corporation, with a place of business in Boston at 100 Charles River Plaza.

Under the terms of the contract, Xerox Corporation will rent a Model 4000 copying machine to the department, including service thereon, during the period from July 1, 1975, to June 30, 1976. The total cost for machine rental and maintenance service, payable at state and local government copying equipment rates to be specified in the proposed contract, is not to exceed \$4,500.

This machine is to be charged to the Parking Facilities Fund Account and will not change the budget of the Real Property Department.

It is anticipated that this machine will be of extreme value to the operation of the department, particularly so because of its ability to copy onto ordinary bond paper and its unique feature of saving considerable supply and postage costs for our department. In view of the specific capabilities of this machine, its excellent performance record, and the high quality of maintenance service rendered by the manufacturer, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
JOANNE A. PREVOST,
Commissioner.

RETIREMENT BOARD

ACTUARIAL STUDY

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and award a contract for an actuarial consultant study to Martin E. Segal Company, Incorporated, 607 Boylston Street, Boston. The total cost of this contract will not exceed \$2,500. The contract will run from July 1, 1975, to December 31, 1975.

The purpose of this study is to determine the probable cash requirements of the 4 percent retirement system over the remaining life of the system. This system is in the process of liquidation, and it is important that we know whether the remaining assets of the system are sufficient to cover expected cash requirements, or whether at some time in the future the city will be required to make additional contributions to this system.

Informal bids were requested from three actuarial firms for this study. The Martin E. Segal proposal appeared to provide the most advantageous contract for the city. This company has participated in a number of studies for the Retirement Law Commission and is familiar with Massachusetts retirement systems.

In view of these circumstances, it is not believed that any advantage would be obtained from public advertising.

Respectfully,
THOMAS J. MCGRIMLEY,
Chairman.

COPYING MACHINE RENTAL

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with the writing of proposals of advertisement in the Boston *City Record*, and award to the Xerox Corporation, a contract for the rental and maintenance of a Xerox copying machine, Model 3100, for the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$3,000, which I believe is fair and reasonable.

In view of the already established quality of the equipment and the service, I am inclined to think that public advertising would serve no useful purpose.

Very truly yours,
THOMAS J. MCGRIMLEY,
Chairman.

SCHOOL DEPARTMENT

PUPIL TRANSPORTATION

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without, public advertising, to Massachusetts Bay Transportation Authority, for providing transportation by bus of Boston Public School children during the period September 1, 1974, through June 30, 1975, at a cost not to exceed \$615,000.

Because the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, the public interest would not be served by the public advertisement for bids.

Very truly yours,
LEO J. BURKE,
Business Manager.

PRINTING BOOKLETS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising to Courier Color Division of Courier-Citizen Company, for printing booklets at a cost not to exceed \$27,367.66.

Because the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, the public interest would not be served by the public advertisement for bids.

Very truly yours,
LEO J. BURKE,
Business Manager.

TESTING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Educational Testing Service, acting for and on behalf of the Secondary School Admission Test Board, to administer the Secondary School Admissions Test for entrance to Boston Latin School, Boston Latin Academy, Grades 7 or 9, Boston Technical High School, Grades 9 or 10. This test will be given in at least ten test centers (Boston Public School buildings), on Saturday, January 17, 1976. The cost is not to exceed \$80,000. The term of this contract extends from July 1, 1975, through March 31, 1976.

The contractor shall provide SSAT booklets and related materials and will conduct registration, administration, and scoring services to assist the Committee with student admission. The specific services of ETS under this agreement will be to prepare and distribute as requested by the Committee, a special Bulletin of Information, to conduct a routine administration of the SSAT, and a makeup administration at one center two weeks later, and to process answer sheets and submit scores to the Committee (format on tape).

On May 9, 1972, the School Committee of the City of Boston ordered that beginning with the test in January, 1973, a requirement

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

for entrance to Boston Latin School, Boston Latin Academy, and Boston Technical High School is the taking of the SSAT. The School Department bears the cost of the examination taken by any candidate other than those who failed in three or more subjects.

Because of this precedent, and because Educational Testing Service is nationally recognized as the testing service best able to produce secure, valid, reliable tests for admissions to grades 7 through 12, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Sincerely,
EDWARD J. WINTER,
Secretary.

TRAINING PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Dr. John F. Savage for an in-service training program on the teaching of reading, during the period of January 29 through June 30, 1975, at a cost not to exceed \$2,500.

The contractor shall conduct workshops on the topic of teaching reading in the elementary grades for classroom teachers and professional support personnel, and shall provide related services of consultation, classroom visitations, conferences, meetings, and the like, as necessary in planning and conducting the workshops for teachers in the Boston public schools.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of chapter 636, section 1, Project S-149.

Very truly yours,
EDWARD J. WINTER,
Secretary.

STAFF WORKSHOP

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Emmanuel College, 400 The Fenway, Boston, to conduct an inter-institutional workshop with the staff of the William H. Ohrenberger School, during the period June 23, 1975, through August 29, 1975, at a cost not to exceed \$7,492.75.

The contractor shall conduct an eight-day workshop and follow-up for the purpose of planning the direction and development of

the curriculum and instruction at said school during the school year 1975-1976, such planning to eventuate in a court-sanctioned contract between the School Department of the City of Boston and Emmanuel College.

Because of the court-sanctioned nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

HERITAGE PROJECTS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Museum of Afro-American History, Inc. to conduct a multi-ethnic heritage project on the South End, during the period January 1, 1975, through June 15, 1975, at a cost not to exceed \$5,220.

The Museum shall design and supervise the project on the multi-ethnic history of the South End neighborhood for Brighton High Annex students. The project includes the production of a walking tour of extant sites; a four-week exhibit of photographs and artifacts; training of students as tour guides; and a brochure outlining the chosen sites. Consultant will provide the personnel, consultants, material, and supplies.

The Museum is the only center in Boston solely devoted to the study and exhibition of Afro-American history. Because of the professional nature of the services to be provided under this contract, and the expertise of the Museum, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Yours truly,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising to the Metropolitan Planning Project for their Metro Ethnic Heritage Resource Centers program, during the period of June 16, 1975, through October 16, 1975, at a cost not to exceed \$34,455.

The contractor shall develop an information bank of ethnic/racial heritage materials and establish a task force of resource persons from community agencies that will assist in the collection, review, and production of ethnic heritage materials and information. The contractor will work with the School Department's Bilingual and Curricula Development Departments.

Because the Metropolitan Planning Project has previously coordinated the development of ethnic heritage curricula materials with

documented excellent results, and because the professional nature of the services to be provided under this contract, and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Title 636, section 8.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ROOFING MATERIALS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Waldo Brothers Company for roofing materials, etc., at a cost not to exceed \$2,597.28, less 2 percent, thirty days.

The contractor shall furnish and deliver roofing materials.

Because of the professional nature of the services to be provided under this contract and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

Bids were previously advertised; none received, contract awarded, without further advertising, in the best interests of the City of Boston.

Very truly yours,
LEO J. BURKE,
Business Manager.

EDUCATIONAL PROGRAMS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the University of Massachusetts for developing educational programs with English High School, during the period June 23, 1975, through August 1, 1975, with the understanding that services not completed by August 1, will be provided no later than December 31, 1975. All services will be rendered at a cost not to exceed \$42,613 of chapter 636 funds.

The contractor shall work with English High School to develop a magnet program providing wide curricular options, including innovative forms of alternative education, on-site, in-service education, and promoting meaningful interaction between the English High community and the community at large. This collaboration will utilize both on-campus relationships with cultural, educational, commercial, and recreational sectors of the community.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

RENTAL OF MACHINES

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Xerox Corporation, for rental of xerox machines and service, during the period July 1, 1975, through June 30, 1976, at cost not to exceed \$160,000.

The contractor shall furnish rental and service of machines as requested.

Because of the professional nature of the services to be provided under this contract and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids. This is a continuation of contract.

Very truly yours,
LEO J. BURKE,
Business Manager.

FINE ARTS PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Ma Lewis School of Fine Arts, 122 Elm Hill Avenue, Dorchester, Mass. 02121, for fine arts program for Project Catalyst, chapter 636, section 1, project No. S-82, Phillips Brooks District, during the period March 1, 1975, through June 30, 1975, at a cost not to exceed \$3,510.

The contractor shall conduct programs for selected students from the Brooks District of Alexander Hamilton School, and these programs shall encompass such areas as: dance, music, drama, costuming, and others related to the Afro-American experience.

Because of the contractor's unique offerings, and whereas the contractor has recognized expertise in this area, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from the Equal Education Improvement Fund, section 1, chapter 636 of the Acts of 1974.

Very truly yours,
EDWARD J. WINTER,
Secretary.

SUFFOLK COUNTY

Boston Juvenile Court

LEGAL SERVICES

DEAR MAYOR WHITE:

I respectfully request permission to suspend the bidding law, and that I be allowed to enter into a contract for legal services with the Boston Legal Aid Society, for the period July 1, 1975, through June 30, 1976, at a cost of \$2,083.33 per month. The total cost shall not exceed \$25,000. This sum is needed to provide legal services to children before the Boston Juvenile Court under General Laws, chapter 1073 — Children In Need of Services (CHINS).

In view of the nature of the service to be engaged, it is my view that public advertising would give no useful purpose.

Sincerely yours,
FRANCIS G. POITRAST,
Presiding Justice.

COPIER RENTAL

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Xerox Corporation for the rental of a 2400 Copier for the Boston Juvenile Court office, for the period July 1, 1975, through June 30, 1976, at a base cost of \$400 per month plus 1.5 cents per copy for each copy over 20,000. The total cost shall not exceed \$5,000.

In view of the nature of the service to be engaged, it is my view that public advertising would serve no useful purpose.

Sincerely yours,
FRANCIS G. POITRAST,
Presiding Justice.

Registry of Deeds
OFFICE MACHINES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and to award to the Xerox Corporation, a contract for the supply and maintenance of two Xerox copying machines during the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$4,200, which I believe is a fair and reasonable price.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

DEAR MR. MAYOR:

At the present time the Suffolk County Registry of Deeds is renting from the IBM Corporation, One Gateway Center, Newton, Mass. 02158, one M. C. Sol. typewriter at a cost of \$195 monthly.

Inasmuch as the International Business Machines Corporation is the manufacturer and distributor of the above-mentioned equipment, it is my opinion that no advantage would be gained by publicly advertising for prices.

Therefore, I respectfully request your Honor's permission to dispense with publicly advertising for bids and to enter into a contract for the period from July 1, 1975, to June 30, 1976, inclusive, with the IBM Corporation for the leasing and servicing of one M. C. Sol. typewriter.

The total amount of this contract is not to exceed the sum of two thousand three hundred and forty dollars (\$2,340).

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

RECORDING AND BOOKBINDING

YOUR HONOR:

At the present time the Suffolk Registry of Deeds is using the Electro Duplex Recording System for the microfilming and printing, along with the looseleaf bookbinding, of its records. This service is being furnished by the firm of Hall & McChesney Inc., P. O. Box 591, Syracuse, N.Y.

The use of this service by this office results in substantial savings in the bookbinding account and provides for the prompt availability of the records for the use of the public. At the present time I believe this is the only firm furnishing this service.

This company has submitted an informal quotation of forty cents (\$.40) per sheet including binding of each 375 sheets on an estimated use of 34,000 sheets.

Therefore, for the foregoing reasons, I respectfully request your authorization to dispense with public advertising and to engage the service of Hall & McChesney, Inc., P. O. Box 591, Syracuse, New York, by contract in the total sum not to exceed thirteen thousand six hundred dollars (\$13,600), to furnish the Electro Duplex Recording System and Looseleaf Bookbinding Service as requested during the contract period of July 1, 1975, to June 30, 1976, inclusive, at the price of forty cents (\$.40) per sheet.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division
OIL

DEAR MR. MAYOR:

On April 14, 1975, your Honor approved a permission to award a contract, without public advertisement, to Quincy Oil Company for No. 6 fuel oil to Long Island Hospital. Total amount of contract was not to exceed \$29,825, less 2 percent discount, time of payment.

Projected deliveries until June 30, 1975, indicate that the actual cost until June 30, 1975, will be \$48,000, less 2 percent discount, time of payment.

Permission is therefore requested to amend Contract No. 01-43-545 by and between the City of Boston and Quincy Oil Company by striking wherever they may appear the figures "\$29,825" and inserting in place thereof the figures "\$48,000."

Contract awards to this company are mandatory under the Emergency Petroleum Allocation Act of 1973 P.L. 93-159 E.O. 11746, 38 FR 33577, the Mandatory Allocation Program for Middle Distillate Fuels, and to comply with the Economic Stabilization Act of 1970, as amended P.O. 92-210, 85 Stat. 743; P.O. 93028, 87 Stat. 27; E.O. 11748,

CONTRACTS AMENDED

(Continued from previous page)

38 FR 33575: Cost of Living Council Number 47, 38 FR 24.

All other terms and conditions of the contract will remain the same.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

COPY MACHINES

DEAR MR. MAYOR:

On November 18, 1974, a contract with International Business Machines Corporation was approved for the rental of two copy machines, for the period from July 1, 1974, to June 30, 1975, inclusive, in the amount of \$9,000.

Because of the heavy volume of work produced from the constant use of these machines, it is requested that the current contract be amended to have the total amount of the contract \$12,000.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

HEALTH AND HOSPITALS DEPARTMENT

LABORATORY SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 27, 1975, it was voted and approved to amend the city's contract with Precision Analytical Laboratories, Inc., of North Miami, Florida, under which said firm is currently providing urine drug-screening laboratory services to the City of Boston Drug Addiction Treatment Program for the period July 1, 1974, through June 30, 1975.

An invitation for bids for providing these services for the period July 1, 1974, through June 30, 1975, was advertised in the *City Record* on June 17, 1974, and bids were publicly opened and read on June 28, 1974. Contractors were requested to submit bids on the unit cost per test based on certain given volumes. The bids were as follows:

0 to 100 tests per day: United Medical Laboratories, Inc., Portland, Oregon, \$2.13; Biochemical Procedures, North Hollywood, California, Alternates, \$2.19, \$2.27; Precision Analytical Laboratories, Inc., North Miami, Florida, Alternate, \$2.57, \$1.97.

101 to 200 tests per day: United Medical Laboratories, Inc., Portland, Oregon, \$2.06; Biochemical Procedures, North Hollywood, California, Alternate, \$2.07, \$2.12; Precision Analytical Laboratories, Inc., North Miami, Florida, Alternate, \$2.57, \$1.97.

201 and up: United Medical Laboratories, Inc., Portland, Oregon, \$1.99; Biochemical Procedures, North Hollywood, California, Alternate, \$2.05, \$2.10; Precision Analytical Laboratories, Inc., North Miami, Florida, Alternate, \$2.25, \$1.80.

However, due to an administrative error this contract was written for a sum not to exceed \$30,000, rather than \$42,000, which is the amount needed to pay for the required tests through the end of the contract period June 30, 1975.

Inasmuch as the funds provided for in the original contract have been depleted, this amendment is necessary in order to make an additional \$12,000 available under this contract to pay for further required tests.

Therefore, in view of the above and because the cost to the city is reasonable, your Honor's permission is hereby respectfully requested to amend this contract, without advertising, under the terms and conditions stated above.

Thank you very much.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

XEROX MACHINES

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on June 16, 1975, it was voted and approved to amend the city's contract with Xerox Corporation, 100 Charles River Plaza, Boston, Mass., under which said corporation is providing rental and maintenance of previously installed Xerox duplicating and copy machines to this department during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$49,000, said contract having been approved by your Honor on July 30, 1974.

This amendment is necessitated by an unforeseen increase in the required level of use of these machines which was not anticipated at the time of the awarding of the contract. The areas of this department that are experiencing this increased need for copying services are as follows:

One Xerox 4000, Personnel; Two Xerox 4000, EKG Lab; Two Xerox 3600, Medical Records.

The total cost of this amendment to the city will be a sum not to exceed \$14,000, thereby increasing the total cost of this contract as amended to a sum not to exceed \$63,000.

In our experience we have found the aforesaid Xerox machines to be best suited to meet the needs of this department and inasmuch as we are currently under contract to Xerox Corporation, the sole provider of same, no benefit would inure to the city from publicly advertising for bids.

Therefore, in view of the above, and because the cost to the city is reasonable, your Honor's permission is hereby respectfully requested to amend this contract, without advertising under the terms stated above. Thank you.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

POLICE DEPARTMENT DISPATCH SYSTEM

DEAR MR. MAYOR:

Enclosed is a copy of your original approval of award of a contract, without public advertising, to A.D.L. Systems, Inc. for the design and installation of a computer-aided dispatch system.

Since then, the city's Department of Health and Hospitals has made a decision to participate in the computer-aided dispatching

system to provide quicker and more efficient response of its ambulance vehicles. The additional work time and hardware reconfiguration associated with the Health and Hospitals Department decision to participate in the system has required an increase in contract price of \$7,357.50.

Therefore, I respectfully request that you approve an increase in the contract price from \$609,117.50 to a price not to exceed \$616,475.

Very truly yours,
ROBERT J. DI GRAZIA,
Commissioner.

PUBLIC FACILITIES DEPARTMENT ARCHITECTS' SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 4, 1975, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Masiello & Associates Architects, Inc., a Massachusetts corporation, with offices at Mechanics National Tower, Worcester Center, Worcester, Massachusetts, amending a contract between the City of Boston and Masiello & Associates dated December 11, 1973, and approved by the Mayor January 17, 1974, for a feasibility and space needs study for a new City of Boston/County of Suffolk Detention/Correctional facility, so as to (a) increase the scope of work to be performed thereunder (b) provide for schematic and design development stages of drawings for the rehabilitation of the existing Hill Prison at Deer Island, and (c) increase the amount authorized for expenditure under the contract to the sum of \$34,040.

The increased scope of work is necessary to cover the cost of an analysis of other corrections programs, specifically in New York City and San Diego, to present a space comparison of same with the Boston program. The design development stage drawings has been added, and provision made for the design of rehabilitation work (instead of new construction) to provide an interior facility pending construction of a new combined facility. As a result of the above changes, there has been an increase of \$5,000 for the feasibility and space needs portion of the contract; \$13,040 for the basic fee of the design portion of the contract; and \$16,000 in the supplementary services portion, an aggregate increase in total contract liability from \$126,360 to \$160,400.

For your Honor's further information, the fee for the now proposed Phase I stages of drawings for the alteration and renovation work, at 8.8 percent (1967 A.I.A. "B" rate plus 2.5 percent for alterations) of the presently estimated cost of construction of \$3,000,000, times 35 percent for schematic and design development stages, is not to exceed \$112,700 (including \$20,300 for supplementary services), an increase of \$29,040 over the original contract liability for the schematics for a new facility of \$83,660.

Due to the provisions of the law to the effect that executed and existing city con-

acts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 25, 1975, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with the Boys' Clubs of Boston, Inc., a nonprofit corporation in the Commonwealth of Massachusetts, amending contract to furnish during the period July 1, 1974, to June 30, 1975, personnel, supplies, materials, equipment, and administration necessary to operate the Community School Program at the Lee, Marshall, Henggan, Agassiz, Ohrenberger, Tynan, Holland, Kent, Murphy, and Cleveland Community Schools, dated September 4, 1974, in order to increase the amount authorized for expenditure under the contract.

For your Honor's information, we now have the opportunity to provide an additional \$109,220 to the Boys' Club to be spent by the local community councils during the month of June to start up their summer programs.

Due to the provisions of law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

MAINTENANCE OF MECHANICAL EQUIPMENT

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on November 20, 1974, as amended by vote of April 23, 1975, I respectfully request, in the name and on behalf of the Commission, from the Mayor, written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Bay State York Co., Inc., 94 Beaconsfield Road, Brookline, amending a contract between the city and Bay State York Co., Inc., approved by the Mayor on February 4, 1974, providing for preventive maintenance of mechanical equipment and installations all plumbing, swimming pool, electrical, heating and air conditioning systems, and all filters at the Hennigan, John P. Holland, William I. Kent, Joseph P. Tynan, and William Ohrenberger Schools, so as to increase the contract amount and the contract completion time as follows: by striking out in Article 3, 3rd line the words and figures \$75,568 and by inserting in place thereof the words and figures \$100,757.36; by striking out in Article 1, 12th line the words "September 4, 1974" and by inserting in place thereof the words "February 1, 1975."

For the information of your Honor the Department of Planning and Engineering — Boston public schools will continue the maintenance for these five schools effective February 1, 1975.

In order to avoid any interruption in the important maintenance of these schools, it would not, in my judgement, appear to be in the best interest of the city to advertise for maintenance for these schools for the remaining three months in 1974, and January of 1975, and it may be noted too, that existing contract may be altered solely by its parties, together with the surety company and the Mayor under the terms of a writing signed by all.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on April 23, 1975, I respectfully request, in the name and on behalf of the Commission, from the Mayor, written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Johnson Service Co., Inc., 16 Wheeling Avenue, Woburn, amending a contract between the city and Johnson Services Co., Inc., approved by the Mayor on April 2, 1974 providing for preventive maintenance of mechanical equipment and installation at two schools: English High School and Richard J. Murphy School, so as to increase the contract amount and the contract completion time as follows: by striking out in Article 1, 12th line, the date January 31, 1975 and inserting the date February 28, 1975; by striking out in Article 3, 3rd line, the words and figures \$38,400 and inserting the following words and figures \$41,600.

For the information of your Honor the Department of Planning and Engineering, Boston Public Schools will continue the maintenance for these two schools, effective March 1, 1975.

In order to avoid any interruption in the important maintenance of these two schools, it would not, in my judgement, appear to be in the best interest of the city to advertise for maintenance for these schools for the month of February, 1975, and, it may be noted too, that existing contract may be altered solely by its parties, together with the surety company and the Mayor under the terms of a writing signed by all.

Respectfully,

ROBERT J. VEY,
Director.

SCHOOL DEPARTMENT

TRUCKING SERVICES

DEAR MR. MAYOR:

I request your approval of my action in awarding an addition in the amount of \$12,000 to the contract for trucking services for the period July 1, 1974, to June 30, 1975, with C. S. Walsh Transportation, Inc. The present contract price is \$135,000 and with the addition of \$12,000 the total contract price is \$147,000.

The additional trucking services are necessary to implement the reconstruction of school grades under Phase II of the desegregation order.

Very truly yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

TRAFFIC AND PARKING
DEPARTMENT

PARKING METERS

DEAR SIR:

The Boston Traffic and Parking Commission caused to be printed in the March 3, 1975 and March 10, 1975, issues of the *City Record*, an advertisement inviting proposals for furnishing 1,000 parking meters in the City of Boston. On Friday, March 14, 1975, the bids submitted pursuant to the advertisement were publicly opened and read aloud. The following three bids were received:

Rhodes Parking Meters, \$84,930; Rockwell International, \$87,150; and Duncan Industries, \$109,030.

On April 22, 1975, the Boston Traffic and Parking Commission voted as follows:

"Pursuant to General Laws, chapter 40, section 22A, and as authorized by an order of the City Council dated June 23, 1975, the Boston Traffic and Parking Commission hereby awards a contract for the purchase of 1,000 parking meters to Rhodes Parking Meters at the unit price of \$84.93, for a total cost of \$84,930, to be paid for from income received from parking meters; and further, the Chairman of the Commission is hereby authorized to take all necessary steps to accomplish this purpose.

"Pursuant to General Laws, chapter 40, section 22A, and as authorized by an order of the City Council, dated June 23, 1975, the Boston Traffic and Parking Commission hereby awards a contract to further purchase 250 additional parking meters to Rhodes Parking Meters, at a unit price of \$84.93, for a total cost of \$21,232.50 by extension of the previously authorized contract."

Therefore, following your Honor's approval of the proposed action, I will enter into a contract with Rhodes Parking Meters in the amount of \$106,162.50 for the subject 1,250 parking meters, in the usual manner.

For your Honor's further information, the contract will provide for payment by the City of Boston to be made from the fees received for the use of the parking meters under the authority of section 22A of chapter 40 of the General Laws, as amended.

Respectfully yours,

WILLIAM T. NOONAN,
Commissioner.

CITY OF BOSTON

PUBLIC FACILITIES DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR GENERAL BIDS FOR ELECTRONIC SECURITY PATROL SERVICE AT VARIOUS LOCATIONS.

The City of Boston, acting by its Director of Public Facilities, Room 815, Boston City Hall, 1 City Hall Square, Boston, Mass. 02101, hereinafter referred to as the Awarding Authority, invites sealed proposals for electronic security patrol service at various locations.

Proposals will be received up until twelve o'clock noon, Tuesday, January 20, 1976, at the office of the Awarding Authority, Room 815, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate in the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

No proposal may be withdrawn after the time limit for filing proposals and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the proposals. In addition, no proposals filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, so all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of his contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents will be available on and after Tuesday, January 13, 1976, at the office of the Awarding Authority.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, in the sum of \$10,000, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all proposals or any item or items of a proposal, if it be in the public interest so to do.

The School Committee of the City of Boston reinvites bids for printing officer friendly booklet for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon Street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Printing Officer Friendly Booklet." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager at or before twelve o'clock noon, on Monday, January 19, 1976. Copies filed with the Business Manager will be publicly opened and read at twelve o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid which it deems best for the interests of the city. The successful bidder will be required to furnish a check in the amount of one dollar (\$1), payable to the City of Boston, for the faithful performance of the contract.

LEO J. BURKE,
Business Manager of the School Committee.

B.R.A. Report to the Community

Director Robert T. Kenney's Report — Part 4

Planning

Now functioning full-time in all the city's neighborhoods and working closely with Little City Hall Managers, other BRA staff, and city departments, the District Planners over the past 18 months have been involved in a variety of activities of both city-wide and local importance.

COMMUNITY PLANNING

In 1960, when Boston was gearing up for urban renewal, the City Planning Board was abolished and its functions were absorbed by the BRA. With planning and development responsibilities combined within a single agency — one whose mandate was to carry out redevelopment within specified geographical areas of the city — it was an obvious fact of life that the BRA's planning efforts were focused on planning for the renewal projects. The districts, both residential and commercial, outside the boundaries of the projects, as well as matters of comprehensive planning such as transportation, open space, housing and commercial development, held a secondary place.

A greater emphasis on neighborhood planning emerged in 1968, however, with the establishment of the District Planning Program. It coincided with the commitment on the part of the newly elected Mayor, Kevin H. White, to devote more of the city's attention and resources to the neighborhoods.

The District Planning Program initially provided planning services to only a few neighborhoods. It had to contend with limited funding, and planners also were viewed with some suspicion by communities to whom the BRA symbolized only urban renewal — and only what they considered to be its negative aspects.

In time, however, this perception of the BRA changed. Neighborhood groups discovered that, in fact, the District Planners were a

constructive resource. As trained professionals, they had expertise that could help a neighborhood define and seek solutions to a variety of problems, ranging from zoning changes and open space planning, to street lighting and tree planting, to the need to have community input in privately planned development. The planners could serve as a liaison to city departments, other BRA technical staff, and other agencies which had potential solutions to community concerns. The planners were not, after all, imposing ready-made plans but instead were helping communities determine goals and evolve plans for themselves.

In March, 1974, the BRA requested from the Boston City Council an increase of 10 percent in its city planning budget so that

more planners could be hired and a planner assigned to each of the 18 planning districts. That request was supported by letters from more than 25 community groups throughout the city, all of whom urged the City Council to approve the BRA's request.

Community planning at the BRA came of age when the City Council readily agreed with the sentiments expressed in those letters and granted the planning budget increase.

Now functioning full-time in all the city's neighborhoods and working closely with Little City Hall Managers, other BRA staff, and city departments, the District Planners over the past 18 months have been involved in a variety of activities of both city-wide and local importance.

In every planning district in recent months, the planners have participated with community groups in voicing neighborhood priorities for improvements to the city administration. This information has helped the city's Neighborhood Development Council (which advises the Mayor on such matters) to determine the most effective allocations of funds available under the Federal Community Development Block Grant (CDBG) and city Capital Improvement Program (CIP).

The planners have also been actively involved in the detailing of programs that are being estab-

(Continued on next page)

(Continued from front page)

lished under CDBG, such as the Housing Improvement Program (which provides 20 percent cash rebate to home-owners for the cost of repairs that bring their property up to code standards) and the program to demolish vacant buildings in the city's neighborhoods.

To complement the CDBG activities, the city's capital budget and ongoing planning concerns, the planners have prepared draft planning documents for each neighborhood which outline present conditions and possible strategies for neighborhood stabilization and improvement. These reports are being reviewed by community groups and also are providing valuable information to city departments and service agencies.

In response to concerns expressed by merchants throughout the city's local commercial districts, the District Planners have participated in the establishment of a city-wide Commercial Center Revitalization Program which will coordinate spending of CDBG and CIP funds in business areas. The program will also provide a business advisory service to local businessmen, increase police protection in local shopping areas, and provide design assistance to encourage storefront rehabilitation.

The planners also participated with City departments in the formulation of a proposed "homesteading" program of HUD-owned properties and other deep incentive activities to be implemented to encourage housing maintenance and home-ownership.

On an on-going basis, the planners review and coordinate for their respective districts all private development proposals submitted to the BRA for approval for zoning variances, Planned Development Area designation, and Chapter 121A projects to ensure that such developments are consistent with neighborhood goals, objectives, and policies.

The goal throughout District Planning activities, in sum, is to support and enhance the efforts of Boston's neighborhoods to main-

tain and increase their desirability and viability as places to live and do business.

Legislation creating a Boston Landmarks Commission was approved by the Mayor and City Council in June, 1975, after several years of discussion and redrafting. The Preservation staff, in addition to helping formulate the initial legislation, obtained endorsement of the bill from 30 local organizations and coordinated public support. They also worked closely with opponents to the bill to arrive at a mutually satisfactory version.

A sampling of activities in individual planning districts over the past 18 months illustrates the scope and variety of assistance that the District Planners provide to the neighborhoods:

A planning and design review study was conducted to assist the East Boston community in understanding Logan Airport's development and expansion plans.

Reuse of potential vacant land in South Boston was studied and the compatibility of possible new uses with the surrounding community was evaluated. This resulted in the City's acquisition of land for a long-awaited parking garage in South Boston's commercial center.

An initial study of a potential new heavy truck route through

South Boston's industrial area was conducted. The proposed route would divert truck traffic from residential streets and facilitate the redevelopment of the Naval Armory industrial properties.

Field surveys and studies of abandoned, dilapidated and foreclosed buildings in the Mattapan Franklin Field district were undertaken in an effort to find ways of attracting homebuyers to the area.

A plan for the reuse of the Charlestown Navy Yard was developed that included a proposal to locate the Kennedy Library in the historic portion of the Yard.

A socio-economic analysis of the North End community was completed. It is providing the foundation for a more meaningful dialogue between the neighborhood and City departments and agencies.

A development program for the Columbia Point Peninsula in Dorchester was proposed, including housing, recreational and open space, and commercial activity.

Development and expansion plans of the institutions in the Mission Hill Medical Area were surveyed and published to enable the surrounding community and the institutions themselves to work for compatible, coordinated development.

Through coordination with the developer, community groups, BRA zoning staff, and city department a successful resolution of disagreements was achieved regarding the development of the Cabot Estate in Jamaica Plain. Construction of condominium development on the site is now underway.

A Survey and Planning Grant application was prepared and submitted to the state Department of Community Affairs for Blue Hill Avenue in Roxbury, the first step toward establishment of a state aided urban renewal project in that area.

PRESERVATION PLANNING

The Preservation Planning staff has been occupied with a variety of activities of a city-wide and local nature.

Applications were prepared for six historic burying grounds, two districts, and 11 historic structures

or submission to the National Register of Historic Places. Among these were the Park Street District, the Blake House in Dorchester, the Ames and Winthrop Buildings in downtown Boston, Symphony Hall and Horticultural Hall in the Fenway, St. Stephen's Church in the North End, and the Youth's Companion Building in South Cove.

Preliminary applications for preservation grants totalling \$12.2 million were submitted to the National Park Service on behalf of the City of Boston and the private owners of a number of historic structures in the city.

Various materials to increase public awareness of and appreciation for Boston's distinctive architectural and urban design characteristics were prepared and distributed to appropriate audiences. The documents included the Broad Street "broadside" for the Custom House District; "The Metropolitan Theater," describing the history and design of the present-day Music Hall, which the BRA has proposed to expand and adapt as a new opera facility; and a pamphlet on the historic Rope Walk in the Charlestown Navy Yard. In addition, information was prepared on the Waterfront to be incorporated in proposed Waterfront Park and Dock Square information kiosks, and materials were prepared for the Green and Blue map of historic parks and open space in Boston to be published by Boston 200 as part of the Boston Urban Wilds program. Technical assistance was also provided to the Beacon Hill Civic Association in its preparation of the "Beacon Hill Architectural Handbook."

Extensive effort went into working for the passage of the Congressional bills creating the Boston National Historic Park, which was finally authorized by Congress on October 1, 1974. Preservation Planning staff hosted a Congressional tour of the sites in the proposed park (Old North Church, Old South Meeting House, the Old State House, Charlestown Navy Yard, Anne Sullivan Hall, the Paul Revere House, and the Bunker Hill Monument), and attended hearings on the bill in Washington. They

worked with the Massachusetts Congressional delegation in obtaining the Fiscal 1976 appropriation for the park, and also participated in the master planning phase of the park with the National Park Service, which will administer the park sites.

"Conservation in Downtown Boston," a study funded by a special HUD comprehensive planning grant, has resulted in the completion of an inventory of downtown buildings and the preparation of a topographic history of the downtown. The staff also developed a new and sophisticated system for evaluating the architectural significance of individual buildings and the important urban design characteristics of districts and groups of buildings. In addition, a detailed analysis of building types and the identification of a total of 18 architectural styles found in the downtown were done.

Legislation creating a Boston Landmarks Commission was approved by the Mayor and City Council in June, 1975, after several years of discussion and redrafting. The Preservation staff, in addition to helping formulate the initial legislation, obtained endorsement of the bill from 30 local organizations and coordinated public support. They also worked closely with opponents to the bill to arrive at a mutually satisfactory version. The bill now requires enactment by the General Court.

Technical assistance was provided to a number of neighborhoods concerned with the maintenance of their architectural and historic character, including Charlestown, Beacon Hill, Dorchester Lower Mills, John Eliot Square in Roxbury, and Bay Village. Assistance was also provided to BRA staff involved in the Boston Urban Wilds program, the Central Artery depression feasibility study and the study now being conducted on incentive zoning.

TRANSPORTATION PLANNING

The major functions of the Transportation Planning staff cover the areas of overall transportation policy support, programming, project development, and community transportation planning. Since the BRA

does not build or operate transportation systems itself, the staff plays an important advocacy role to ensure that available funds are used by the implementing and operating agencies to the benefit of transportation in the city. Transportation planning activities, therefore, are carried out with a high degree of liaison and cooperation with other city departments, state and federal agencies, and community groups, as well as other BRA staff.

MBTA FACILITY DEDICATED

A dedication ceremony, opened to the public, was held by the Massachusetts Bay Transportation Authority (MBTA) on January 12, for its new \$10 million light rail vehicle maintenance facility, located at Riverside in Newton, western terminus of the Green Line.

Robert R. Kiley, chairman of the MBTA's Board of Directors, said that while the new facility was built especially for the maintenance of the new fleet of 175 light rail vehicles, it is expected to be utilized for the maintenance of a portion of the existing streetcar fleet, pending delivery of the new cars starting later this year.

Completion of the new maintenance building was timed to coincide with the arrival of the first LRVs, Mr. Kiley said, but the manufacturer is encountering production problems with the result that delivery is far behind schedule. He said the manufacturer now advises that a maximum of thirty-two LRVs will be delivered by the end of this year with the remainder arriving in Boston throughout 1977 and into the spring of 1978.

The new Riverside facility, occupying about eight acres, was built as part of the \$38.1 million federally aided Green Line System Improvements Program.

GOVERNOR SIGNS MAYOR'S LEGISLATIVE BILL

Mayor Kevin White, on January 8, participated in a ceremony in Governor Dukakis' office to mark the signing into law of his bill to ease the effect of court-ordered 100 percent valuation.

"I am extremely pleased with the Governor's speedy action on this important piece of legislation," Mayor White said. "It will provide immediate relief from the threat of 100 percent valuation by giving the cities and towns a flexible and more reasonable means of carrying out their taxation responsibilities."

Mayor White's bill alters the 1853 statute upon which the so-called Sudbury decision of December 24, 1974, was based, by broadening the definition of "fair cash value." To date, the definition has been interpreted by the courts as meaning selling price alone.

The new statute will permit local assessors to choose any one or combination of three nationally accepted approaches to property valuation for tax purposes: sales, income capitalization, and replacement cost less depreciation.

"This will not do away with 100 percent valuation," Mayor White pointed out. "It will simply lessen its impact by giving the cities and towns more flexibility in complying with the court order."

"While this is only a partial and perhaps imperfect solution to a complex problem, it is an absolutely vital first step. Only final passage in 1978 of the Constitutional amendment to permit taxation of property according to use will forever remove 100 percent valuation as an assessment standard in this Commonwealth," the Mayor said.

His reference is to a bill he filed last December to permit taxation of residential, commercial, and industrial property at different rates, to be set by the Legislature.

It received initial endorsement by the Legislature last May 28. Because it requires constitutional change it must be approved again by a separately elected Legislature in 1977 and be voted into law by the electorate on the 1978 statewide election ballot.

PAYMENT URGED FOR SKATING RINK

Mayor Kevin White, saying the city has a moral obligation to pay for what it uses, has asked the City Council to authorize payment of \$228,816 for construction of the ice-skating rink on the Boston Common.

The rink, subject of much controversy, was built last winter by the Monument Contracting Company under a contract from the Parks and Recreation Department. The contract had been approved by the Finance Commission but was subsequently disapproved by the city's Law Department for failure to comply with the public bidding requirements.

If approved by the Council, the Mayor's home rule petition for a special law to permit payment of the bill must also be authorized by the Legislature.

"The contractor acted in good faith, performed well, and charged the city a fair price," Mayor White said. "The rink is being used, and we should pay for what we use."

"After reviewing all of the facts, I am firmly convinced that the contractor should not be penalized for the city's procedural error in awarding the contract," the Mayor continued. "Any blame lies with the city, not with the contractor, and we have a moral — if not legal — obligation to make good on our debt."

The project was only a few weeks away from completion when the contract reached the Law Department, Mayor White noted. The contractor, again acting in good faith, completed the work to permit use of the rink last winter, he explained.

To determine the validity of the contractor's price, Deputy Mayor Robert J. Vey hired Walter J. Hickey Associates, Inc., which in turn retained two professional estimators to prepare independent cost estimates.

One estimator, Construction Services, estimated the cost at \$235,689. The second, Consolidated Estimating Services, set an estimated price of \$221,943. The city pro-

posed, and the contractor agreed to accept \$228,816 as full payment, the average of the two estimates.

MAYOR WELCOMES NAVY SHIPS COMPLEMENT

Mayor Kevin White has extended an official city welcome to the officers and men of two navy ships, the U.S.S. "Yosemite" and the U.S.S. "Blandy."

Both ships will be in Boston undergoing repairs. The "Yosemite" will be berthed in South Boston at Braswell Shipyards and the "Blandy" will be repaired at Bethlehem Shipyard in East Boston.

Braswell Shipyard is located in the new Boston Marine Industrial Park, formerly the South Boston Naval Annex. The industrial park is being developed by the city's Economic Development and Industrial Corporation, which is administered by the Mayor's Office of Economic Development, under the direction of Michael Westgate.

The "Yosemite" will be in drydock No. 4 for five to six months and it undergoes a \$2.5 million overhaul. The 530-foot vessel has a crew of 30 officers and 812 enlisted men. It is commanded by Captain Frank S. Hannegan. The "Blandy" is being overhauled at a cost of \$8.4 million.

Elliott Braswell, president of Braswell Shipyards, anticipates the work in South Boston will create approximately 350 jobs during the time the "Yosemite" will be in drydock.

Several hundred jobs will also be created in East Boston.

As to his choice of Boston for his new shipyard, Mr. Braswell said, "We chose Boston for two reasons: the facilities here at the Marine Industrial Park are excellent, and the available labor force has all the skills we require."

Deputy Mayor Edward T. Sullivan headed a welcoming celebration for the captain and crew of the "Yosemite" at the former South Boston Naval Annex, attended by City Councillors and legislators.

A spokesman for the navy said they were excited at the prospect of reestablishing their 200-year-old ties to the Port of Boston.

POSTAL SERVICE TO ASSIST ALIEN RESIDENTS

United States Post Offices again will cooperate with the Immigration and Naturalization Service in assisting all aliens to comply with the Alien Address Report requirements, the Postal Service announced today.

In compliance with the 1952 Immigration and Nationality Act, each alien residing in the United States as of January 1, 1976, must report his or her current address not later than January 31, 1976.

Report cards (Form I-53) are available now at local post offices, branches, and classified stations throughout the country.

1976 HOLIDAYS

to All Department Heads and County Officials.

Listed below is the 1976 holiday schedule.

January 1, New Year's Day; January 15, Martin Luther King, Jr.'s Birthday; February 16, Washington's Birthday; March 17, Evacuation Day; April 19, Patriots' Day; May 31, Memorial Day; June 17, Bunker Hill Day; July 5, Independence Day; September 6, Labor Day; October 11, Columbus Day; November 11, Veterans Day; November 25, Thanksgiving Day; December 25, Christmas Day.

City Hall will be closed on the above dates.

EDWARD T. SULLIVAN,
Director.

COPP'S HILL BURYING GROUND

In 1660, the colonists began to use this hill for a burying ground. More than a century later, the British troops used it for a battery in the Revolution. Here the redcoats set up their heavy cannon, trained on Charlestown and Bunker Hill across the water. The bodies of Rev. Cotton Mather, Prince Hall, and Edmund Hartt, builder of the frigate "Constitution," lie here. Copp's Hill is within comfortable walking distance from Old North Church.

U.S.S. "CONSTITUTION"

Nicknamed "Old Ironsides" from the strength of her Georgia oak planking, the forty-four-gun frigate "Constitution" fought forty battles and never lost one. Most famous were her victories of the War of 1812, over the "Guerriere," the "Java," and the combination of the "Cyane" and the "Levant." Saved from destruction by Oliver Wendell Holmes' poem in 1837, and carefully and thoroughly restored in 1927, she is still the officially commissioned flagship of the Commandant of the U. S. Naval Shipyard.

The vessel is open to visitors from 9:30 A.M., to 4 P.M., daily.

PERLIE DYAR CHASE

Perlie Dyar Chase, 70, former City of Boston Councilman and State Legislator, passed away suddenly on January 11, in St. Petersburg, Florida.

He was a lifelong resident of Boston and lived at 770 Boylston Street, Back Bay. Mr. Chase attended Boston English High School and was graduated from Suffolk University Law School. In 1945 he was admitted to the Massachusetts Bar.

At the time of his retirement in December, Mr. Chase was a Commissioner in the Boston Election Department.

He is survived by his two stepsons, John McCormick and George McCormick; and two stepdaughters, Mrs. Charles Schaub and Donna McCormick, all of Boston.

Funeral services were held at the Waterman Chapel, Boston, on January 15. Interment was in Mt. Auburn Cemetery, Cambridge, Mass.

BOSTON GETS MILLIONS FROM LOTTERY

The State Lottery will distribute approximately \$41 million to the 351 Massachusetts cities and towns this year. The distribution, part of the gross receipts from the state's lottery games is up almost 9 percent from last year's \$38.2 million, according to State Treasurer Robert Q. Crane. Boston will receive \$7.27 million for the year.

MBTA RESUMES ARBORWAY TROLLEY SERVICE

Trolley service — during week nights and all day Saturday and Sunday — has resumed on the Arborway branch of the Green Line.

David Gunn, Director of Operations for the Massachusetts Bay Transportation Authority, said the week night trolley car service would begin at seven in the evening, Monday through Friday, from Park Street. This service will be trolleys only and is designed to maintain the regular schedule.

Trolleys also will maintain the full schedule on Saturdays and Sundays, Mr. Gunn said.

On weekdays, until the evening trolley service, the Arborway line will be served by buses every six minutes from the Arborway to Copley Square. The bus service will continue to be supplemented during the morning and evening rush hours by trolleys operating between Heath Street (where the Veterans' Administration Hospital is located) and Park Street, the portion of the line which carries the heaviest traffic. In addition, a shuttle of trolleys will continue to operate between Northeastern University and Park Street.

Since the Arborway station is where some trolleys are parked overnight, the first trolleys to leave Arborway in the morning will carry passenger from five in the morning until six fifteen in the morning, when the buses will start to run from the Arborway.

Weekday bus service will have to be continued at least until spring, when, hopefully, sufficient trolleys will be available to run the complete schedule.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

DATA PROCESSING OPERATIONS

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to Clashy Associates, Inc., for services specified for the period beginning March 1, 1975, and ending June 30, 1975.

1. Design and programming work accomplished to modify parts of the Master Resident and Voter List systems.

2. Design and programming work accomplished to circumvent inoperable portions of the current version of systems control programming.

3. Operation of the Master Resident and Voter List systems during the period of time when the city failed to provide the needed expertise to undertake this function.

4. Design, programming, and implementation of a number of specific extensions and enhancements to the Master Resident and Voter List systems requested by the Election Department.

The total cost for these services will not exceed \$26,128.

The complete implementation of this system will result in direct dollar savings to the City of Boston in excess of \$250,000 on an annual basis. The major portion of these savings will be in police overtime, formerly used for the enumeration process.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Due to the extremely stringent time parameters imposed on this system, and in view of the already severe burden placed on the Police Department relative to the school situation, it is questionable if the Master Resident List could have been produced if the new system was not in existence.

As the officials of Clashby Associates, Inc., are thoroughly familiar with our overall data processing operations, and have performed consultant work for the city satisfactorily in the past, public advertising would serve no useful purpose; and in the best interests of the city, we recommend approval of this request.

Respectfully yours,

EDWARD T. SULLIVAN,
Director.

Purchasing Division

TRUCK REPLACEMENT PARTS

DEAR MR. MAYOR:

Invitation to bid on proposals for furnishing GMC truck replacement parts. Proposal 261, to the Public Works Department, from September 1, 1975, to June 30, 1976, inclusive, was advertised in the *City Record*. Subsequently, the only bid received was publicly opened and read in this office on August 25, 1975.

The bid of General Motors Corporation (GMC Truck and Coach Division), the only bidder, was irregular because both the purchasing copy and the Auditor's copy of their bid were received late.

Since this is the third time bids were publicly advertised and since this company is the only source of supply in this area, permission is requested to dispense with further advertising, and award a contract, without public advertisement, to General Motors Corporation (GMC Truck and Coach Division) at the prices submitted on the publicly opened bid.

The amount of the contract is not to exceed \$4,000.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

CUTTING PRESS

DEAR MR. MAYOR:

Bids for furnishing Hytronic cutting press to the Traffic and Parking Department were advertised to open on May 30, 1975, and again on July 7, 1975. No bids were received.

USM Corporation, the manufacturer of the item requested, will not submit a public bid, but has given this division an informal written quotation of \$3,989.10, net 30 days, subject to change.

Inasmuch as bids have been publicly advertised twice with no response, and since USM Corporation is the manufacturer and has submitted an informal written quotation, permission is requested to dispense with further advertising and

award a contract, without advertising, to USM Corporation at an amount not to exceed \$4,500, net 30 days.

The final cost to the city will be the price prevailing at time of shipment, plus shipping charges from Beverly, Mass. The differential between the price submitted September 11, 1975 and the proposed contract amount is to allow for any price increase and shipping charges.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

AUDITING DEPARTMENT

CLASSIFICATION STUDY

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and award a contract for conducting a classification study of the positions in the Auditing Department to Coopers & Lybrand, 100 Federal Street, Boston. The total cost of this contract will not exceed \$15,000. Period of contract will be from September 15, 1975, to June 30, 1976.

Because of the apparent misclassification of a number of positions in the Auditing Department and the changing nature of certain of the functions performed, the City Auditor requested the Personnel Division of the Administrative Services Department to conduct a classification study of the department. Because of other commitments it was agreed that this study could be carried out on a more timely and effective basis through the use of a consulting firm. In view of the nature of the work to be performed, it was not practical to obtain bids through public advertising. Requests for proposals were, however, sent to four leading CPA firms and ten personnel consulting firms. Five proposals were received. Copies of these proposals are on file in my office.

A careful review of the proposals indicated that the Coopers & Lybrand proposal best meets our objectives and offers the best value for the fee quoted.

Respectfully,

WALTER W. MERRILL,
City Auditor.

BUILDING DEPARTMENT

PHOTOGRAPHS

DEAR MR. MAYOR:

The photographic needs of this department can, in my opinion, be efficiently handled by C. Franklin Waid, an individual having a usual place of business at 144 Bowdoin Street, Boston. I respectfully request permission to enter into a written contract with the aforementioned contractor, without advertising for bids, for the taking and developing of such photographs as the Law Department may request during the period of July 1, 1975, to June 30, 1976, inclusive.

Under the terms of the proposed contract, the Law Department will send notice from time to time to the above-mentioned photographer requesting him to take and develop photographs usually

required in the conduct of the work in this department. For these photographs it is proposed to pay the sum of \$5.00 each 8 by 10 print and 75 cents for each additional print or enlargement.

In addition, it is further proposed to pay C. Franklin Waid the sum of \$7.00 each 8 by 10 print in cases where the Law Department requests the photographer to take photographs on Saturdays, Sundays, holidays, and weekdays, between the hours of 6 p.m. and 7 a.m. The proposed cost for additional prints or enlargements in the case of such photographs will be 75 cents each. C. Franklin Waid has agreed to be available twenty-four hours daily service, including Saturdays, Sundays, and holidays for taking of the above-mentioned emergency photographs. The proposed charges also include the appearance of the photographer at the trial of any case where testimony by the photographer is deemed necessary.

C. Franklin Waid has performed this service for the Law Department for the last seven years. His work has been prompt and persuasive; frequently the thousands of dollars depend on those factors. Other photographers charge three times as much for such work. We know of no one else who obtains such service for less.

This office has also explored the possibilities of having the work done by the Office of Public Service. It is not clear that any cost would be saved by engaging additional municipal employees to perform this service. Furthermore, the burden could well be too heavy for the Office of Public Service always to be able to fulfill our needs.

The cost for photographic service under the proposed contract will not exceed \$10,000.

Because of the nature of the professional services involved and confidential character of work, no useful purpose would be served by advertising for bids.

Respectfully,

FRANCIS W. GENS,
Building Commissioner.

COMMERCE AND MANPOWER DEPARTMENT

JOB PLACEMENT SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals for public advertising in the *City Record* in order to award a contract to Opportunities Industrialization Center, Inc., 181 Dudley Street, Roxbury, for providing manpower services in the following programs: neighborhood employment center, assessor center, classroom training, and the central administration to oversee these programs for a total cost not to exceed \$605,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, Opportunities Industrialization Center, Inc., will serve approximately 300 economically disadvantaged Boston residents. These programs will provide recruitment, assessment, job training, and job placement services.

Due to the experience and success of this agency in the operation of manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Women's Service Club, Inc., 161 Massachusetts Avenue, Boston, for conducting a homemaker program for economically disadvantaged women of the City of Boston, for a total cost not to exceed \$37,000. Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract the Women's Service Club, Inc., will conduct a homemaker's training program which will teach approximately fifty women skills as homemaker aids and home health aids.

Due to the fact that the Women's Service Club is the only agency conducting this type of program and because of their past success in training economically disadvantaged women in the above job skills, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Commonwealth of Massachusetts, Division of Employment Security, a state agency, with offices located at the Charles F. Hurley Building, Government Center, Boston, to provide job placement and allowance payments services to manpower trainees, with a total cost not to exceed \$1,960,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, the Massachusetts Division of Employment Security will certify all trainees as to their eligibility under the economi-

cally disadvantaged criteria established by the U. S. Department of Labor, pay allowances weekly, and provide job placement services to manpower clients.

Due to the experience and success of this agency in the operation of manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Action for Boston Community Development, Inc., 150 Tremont Street, for operating various programs for Boston's economically disadvantaged persons at a cost not to exceed \$3,000,000. Funds for this contract will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, Action for Boston Community Development will be responsible for:

1. Staff and operating neighborhood employment centers located in economically disadvantaged areas of the city in order to provide employment services for approximately 5,000 persons.

2. Operating two assessment centers in Dorchester and South Boston for the purpose of providing an estimated 1,200 economically disadvantaged persons with work sampling, counseling, and testing services in order to develop employability plans for them.

3. Providing job training activities in areas of food service, business skills, electro-mechanical trades, etc., for approximately 380 economically disadvantaged persons.

4. Public service employment via "new careers" program in human service fields for approximately 1,000 persons.

5. Providing an adult work experience program to serve approximately 100 chronically unemployed individuals.

6. Providing youth programs for school dropouts in the sixteen to nineteen age groups for approximately 320 youth.

7. Providing in-school programs for youth in the fourteen to eighteen age group to enable potential dropouts to obtain part-time employment — approximately 500 youth will be aided.

In view of the few agencies professionally capable of operating programs of this magnitude, and due to the extensive experience of ABCD with manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Boys' Clubs of Boston, Inc., a corporation with offices at 15 Green Street, Charlestown to provide career development job opportunities to youth, for a total cost not to exceed \$26,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract the Boys' Clubs of Boston, Inc., will serve approximately forty economically disadvantaged Boston residents.

Due to the experience and success of this agency in the operation of manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Manpower Development Associates, Inc., a sole corporation, 50 Federal Street, Boston, for providing on-the-job training manpower services for a total cost not to exceed \$545,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, Manpower Development Associates, Inc., will serve between sixty to seventy economically disadvantaged Boston residents.

Due to the experience and success of this agency in the operation of manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

VOCATIONAL PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to New England Hospital, Inc., 55 Dimock Street, Roxbury for conducting an allied health vocational training program for economically disadvantaged persons from the City of Boston for a total not to exceed \$115,000.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, New England Hospital, Inc., will be responsible for training approximately 100 economically disadvantaged persons in the paramedical fields of lab technology, nursing aides, orderlies, and associated paramedical fields.

Due to New England Hospital's long-standing experience in training for the paramedical fields and because of their proximity and community involvement in the areas to be served, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

DEAR MAYOR WHITE:

We respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to YMCA Services Corporation, Inc., 316 Huntington Avenue, Boston, for conducting, through its Roxbury branch, a vocational services program for youths who have entered the juvenile justice system. The total cost of this contract will not exceed \$31,000. Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1975, through June 30, 1976.

Under the terms of this proposed contract, the Roxbury YMCA will provide educational, counseling, and vocational services for youths assigned to probationary periods from the juvenile justice system. The Youth Activities Commission will be responsible for the administration of operations, monitoring, and evaluation of this contract for the city. Commerce and Manpower will be responsible for the fiscal administration of this contract for the city.

The YMCA has performed valuable youth rehabilitation programs in the past and are eminently qualified to operate this program. It is our opinion, therefore, that no useful purpose would be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

FREEDOM TRAIL COMMISSION INFORMATION BOOTH

DEAR MR. MAYOR:

Since August 1, 1966, until June 30, 1975, yearly contracts have been executed between this Commission and the Greater Boston Chamber of Commerce, for furnishing information service at a booth on Boston Common promoting places of historic value in Boston, particularly all historic places along the Freedom Trail.

By letter dated May 22, 1975, William F. Chouinard, Executive Vice-President of the Greater Boston Chamber of Commerce has informed us that the Greater Boston Convention and Tourist Bureau, Inc., is now its successor to promote tourism.

In view of the foregoing, it is hereby respectfully requested to dispense with inviting proposals by advertisements in the *City Record* in awarding to the Greater Boston Convention and Tourist Bureau, Inc., 900 Boylston Street, Boston, a contract under which the bureau shall, at an information booth on Boston Common to be furnished to it for its exclusive use, provide, during the period commencing July 1, 1975, and ending June 30, 1976, both inclusive, continuously between 9 A.M. and 5 P.M. each day other than Sundays, and legal holidays other than Christmas and New Year's day, and continuously between noon and 5 P.M. on Sundays, an information service promoting places of historic value in Boston, particularly, but without limiting the generality of the foregoing, all historic places along the route designated by the Commission under chapter 625 of Acts of 1965: provided, however, that such service need not be provided on any day when bad weather inhibits the use thereof. The contract will provide for the city to pay the bureau for such information service \$1,200 for each of the months of July, to December, 1975, and for each of the months of March, to June, 1976, and \$500 a month for each of the months of January and February, 1976.

An information service of the kind here involved is obviously a quasi-professional service which is unique and does not readily lend itself to inviting proposals by advertisement.

Respectfully,

FREEDOM TRAIL COMMISSION,
By RICHARD A. BERENSON,
Chairman.

FINANCE COMMISSION PROFESSIONAL SERVICES

DEAR MR. MAYOR:

I request your permission to award a contract to Edward J. Barshak, of the law firm of Sugarman, Rogers, Barshak and Cohen, under which Mr. Barshak will represent the Finance Commission in connection with a dispute with the administration of the City of Boston, regarding the conduct by the Commission of its hearings held in accordance with chapter 562 of the Acts of 1908, including the right of the Finance Commission to

exclude Corporation Counsel and assistants from appearing with city employees who give testimony before Commission at such hearings.

The contract will apply to the period commencing September 18, 1975, ending June 30, 1976. Mr. Barshak bill monthly on the basis of actual time plus disbursements, in an amount not to exceed \$10,000.

Because of the professional nature of the services to be performed under the contract, I request that this contract be awarded without advertising.

Yours very truly,

ANDREA W. WASSERMAN,
Chairman

By PETER HIAM,
Confidential Secretary

OFFICE OF CRIMINAL JUSTICE

LEASING OF SPACE

DEAR MR. MAYOR:

As Director of your Office of Criminal Justice, I respectfully request your Honor's permission to dispense with public advertising in the award of a contract to Marshall G. Bolster and Sons, Street Bank and Trust Company, executors under the will of Anna Quinlan Churchill, 50 Congress Street, Boston, an amount not to exceed \$3,000, for the period March 1, 1975, through February 29, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Government Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to continue to provide professional prosecutors, at the district court level, Suffolk County, at the same location.

The office space that is the subject matter of the aforementioned contract is situated in the Dorchester district of Boston and numbered 503B and Washington Street, and containing approximately 3,070 square feet of space.

Based on the uniqueness of the location of this office and its accessibility to the District Court, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director

HEALTH AND HOSPITALS DEPARTMENT

LEASING OF EQUIPMENT

DEAR MR. MAYOR:

At a meeting of the Board of Health and Hospitals held on September 11, 1975, it was voted to enter into a contract without advertising, with Digital Equipment Corporation, 146 Main Street, Maynard, for the maintenance of a Digital

system-10, clinical laboratory data acquisition and processing system, to be used by the major laboratories and clinical areas of the Department of Health and Hospitals. The term of this contract is one year commencing April 1, 1976, and ending March 31, 1977, in a total amount not to exceed \$28,320.

At the same meeting the Board of Health and Hospitals also voted to enter into a contract with Digital Equipment Corporation for the leasing of the DEC system-10, clinical laboratory data acquisition and processing system, for a one-year period commencing April 1, 1976. On behalf of the board I have requested your Honor's approval of said lease contract by means of a separate letter to your Honor also dated September 7, 1975. By the terms of that proposed lease contract the department agrees to enter into a separate agreement with Digital Equipment Corporation for the maintenance of the leased equipment during the entire term of the lease agreement. This maintenance contract, therefore, may be renewed on an annual basis at the then prevailing rates and charges. Only Digital Equipment Corporation, the manufacturer of the equipment, has the capability to provide this service. Moreover, it is the usual practice in the computer industry for the manufacturer to service and maintain its own equipment. As a percentage of the equipment value, the cost of this maintenance contract is consistent with the cost of comparable maintenance services provided by other manufacturers. It would, in our opinion, serve no useful purpose for the city to publicly advertise for bids. Accordingly, your Honor's permission is respectfully requested to award this contract to Digital Equipment Corporation, without advertising, under the terms and conditions stated above.

Sincerely,
FRANCIS E. GUINEY,
Executive Director.

OFFICE OF THE MAYOR

Office of Community Development

HOMESTEADING PROGRAM

DEAR MAYOR WHITE:

I respectfully request your written authority to award a contract for professional services to Frank Tate of Boston, to dispense with advertising in the *City Record* in connection with the award of the contract. The contract will be in an amount not to exceed \$9,400, during the period of August 1, 1975, to December 31, 1975. City of Boston Community Development Block Grants, a federal special revenue sharing program, will be the source of funds for this contract.

Under the terms of this contract, Mr. Tate will manage the implementation of a demonstration urban homesteading program. Under this program HUD-owned property will be conveyed to the City of Boston which, in turn, will convey the property to a "Homesteader." The homesteader, with the assistance of the Neighborhood Housing Corporation, will

rehabilitate the property within one year. Following rehabilitation, the Homesteader will be required to reside in the property for a three-year period.

Mr. Tate was chosen for this task because of his successful record as the director of the Urban Homesteading Program in Philadelphia. Because of the specialty of the services he offers, and because of his past experience in this unique area, advertising for bids prior to awarding this contract would serve no useful purpose.

Sincerely,
DAVID STROHM,
Director.

EMPLOYMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by public advertising and to award a contract to the Executive Office of Manpower Affairs, the manpower planning and administration agent of the Commonwealth of Massachusetts, located in the Charles F. Hurley Building, Staniford Street, Boston, to render a public service employment program to those citizens of Boston formerly employed by the state through the Emergency Employment Act. The total cost of this contract is not to exceed \$220,000 as per negotiation and agreement between this office acting for the city, the Executive Office of Manpower Affairs representing the Commonwealth, and the regional office of the federal Department of Labor. The funds for this contract are to be provided through a federal grant to the City of Boston under the Comprehensive Employment and Training Act of 1973, P.L. 93-203. No City of Boston funds will be involved.

Under the terms of this proposed contract the Executive Office of Manpower Affairs will carry out a public service program for Boston residents formerly employed under the Emergency Employment Act (EEA) in order to accomplish an orderly and considerate phasing-out of these employees from state service over a three-month period. Only those (EEA) participants verified as Boston residents by the City of Boston's Office of Program Management and Evaluation shall be considered program enrollees under the terms of the proposed contract.

Due to the extremely unique nature of the contract and the fact that the agreement was specified by the grantor (Department of Labor), it is believed that no useful or practical purpose would be served by publicly advertising for bids.

Respectfully,
JOSEPH R. DUGGAN,
Manpower Administrator.

PARKS AND RECREATION DEPARTMENT

CONSULTATION SERVICES

DEAR MR. MAYOR:

I respectfully request your Honor's written authority to dispense with inviting proposals by advertisement in the

City Record, and to award to Wagner-Holms-Inglis, Inc., a New Jersey corporation, duly licensed to do business in Massachusetts, with offices at 212 High Street, Mount Holly, New Jersey, a contract to provide during the period August 15, 1975, to and including June 30, 1976, consulting services to the City of Boston Parks and Recreation Department in connection with claims and litigation arising out of and relating to the construction, design, and equipping of recreation buildings with swimming pools at various sites in the City of Boston, at a cost for such services, payable in accordance with the hourly rate schedule to be recited in the proposed contract, not to exceed \$10,000.

Wagner-Holms-Inglis, Inc., will consult with, and provide to the Parks and Recreation Department, analysis and reports of the work done at the pool sites and the deficiencies existing. They will also analyze from a technical engineering and architectural viewpoint any and all of the claims and demands made against the city by subcontractors, the general, and other claimants. All of Wagner-Holms-Inglis, Inc. work products will then be utilized by the Law Department in the defense of claims and for the recovery of damages in claims brought by the city.

Since the services to be provided under the new proposed contract will be uniquely professional, technical, and highly confidential in nature, it is my view that publicly inviting proposals would serve no useful purpose.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

RECREATION PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to Pauline Hufnagel, an individual having residence at 85 Faraday Street, Hyde Park, for the period October 20, 1975, to May 1, 1976, at a total not to exceed \$2,700, at a monthly rate of \$385.71. I am requesting that this contract be executed subject to an appropriation being available in and charged to the Parks and Recreation Department budget 1-11-41 (29) Miscellaneous Contractual Services.

Under the terms of this proposed contract, Ms. Hufnagel will instruct children and young adults in gymnastic skills at our various recreation centers.

Ms. Hufnagel has provided this department with like services in the past. She is a very competent instructor of gymnastics and I feel that her continued involvement is necessary to the successful continuation of this program. I believe therefore, that no useful purpose would be served by advertising publicly for bids for the above services.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to Harry Walker, an individual having residence at 1 Saville Street, Saugus, for the period October 20, 1975, to May 11, 1976, at a total not to exceed \$2,700, at a monthly rate of \$385.71. I am requesting that this contract be executed subject to an appropriation being available and charged to the Parks and Recreation Department budget 1-11-11 (29) Miscellaneous Contractual Services.

Under the terms of this proposed contract, Mr. Walker will instruct children and young adults on the trampoline at our various recreation centers.

Mr. Walker has provided this department with like services in the past. He is a very competent instructor on the trampoline and I feel that the program would suffer without his continued involvement. Therefore, I believe that no useful purpose would be served by advertising publicly for bids for the above services.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to Diane Gangi, an individual having residence at 18 Maywood Terrace, Woburn, for the period October 15, 1975, to May 11, 1976, at a total not to exceed \$2,700, at a monthly rate of \$385.71. I am requesting that this contract be executed subject to an appropriation being available in and charged to the Parks and Recreation Department budget 1-11-11 (29) Miscellaneous Contractual Services.

Under the terms of this proposed contract Ms. Gangi will coordinate the baton-twirling program at our various indoor recreation facilities. She will schedule all classes and arrange for timely exhibitions of the skills acquired by the participants. She will also be involved as an instructor on a part-time basis.

Ms. Gangi has provided this department with like services in the past. The baton-twirling program has proven to be one of our most successful under her leadership. It is my opinion that the program needs her continued involvement for its success. Therefore, I believe that no useful purpose would be served by advertising publicly for bids for the above services.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

HOCKEY PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by

public advertising in the *City Record* and to award a contract to Mr. John A. Whelan, 50 Monument Avenue, Charlestown, as director of the Boston Neighborhood Hockey League, for the period from October 1, 1975, to March 31, 1976, at a total cost not to exceed \$4,908.48. Mr. Whelan will be paid at a monthly rate of \$818.08 for a period of six months, which is to be charged to the Parks and Recreation Department budget 1-11-41 (29) Miscellaneous Contractual Services.

The services to be provided by Mr. Whelan will include organization of a complete city-wide hockey program for approximately 1,500 boys, ages eight through fifteen. It will be his responsibility to obtain ice time, keep all records, schedule all games, settle all disputes, and enforce all regulations concerning this program.

Due to the professional nature of the service to be rendered by Mr. Whelan, it is my opinion that no useful purpose would be served by advertising publicly for bids.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT

LEGAL ASSISTANCE PROGRAM

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, in awarding to the Boston Foundation, Inc., a Massachusetts nonprofit corporation, a contract for the development and implementation of a comprehensive legal assistance program at the Suffolk County House of Correction at Deer Island.

Under the terms of the proposed agreement the Boston Foundation, Inc., will employ the services of a full-time legal advisor for the inmates at the House of Correction. Said advisor shall develop a comprehensive program designed to assist the inmates with a broad range of legal problems.

The cost to the city will not exceed \$36,000. The contract will be for the period July 1, 1975, to June 30, 1976.

In view of the nature of the professional services to be rendered, and the need for such services, it is my opinion that public advertising would serve no useful purpose, and that award of this contract will be in the best interest of the City of Boston.

Respectfully,
WILLIAM W. NICKERSON,
Commissioner.

CONSULTATION SERVICES

DEAR MAYOR WHITE:

I am respectfully requesting your written approval to dispense with public bidding for the personal services of a part-time correctional consultant at the Suffolk County House of Correction under the SCORE Program, an LEAA funded effort. We propose that Doctor Guy O. Seymour, House Officers' Building, Boston City Hospital, 818 Harrison Avenue, Boston, fill the above-mentioned position.

The period of consultation will be from March 3, 1975, to December 31, 1975 at the rate of \$115 per day, for one day a week. This will amount to \$5,980 for period.

Dr. Seymour has been selected after comprehensive search for a suitable individual with the experience in correctional and mental health to meet our unit needs. Further, Dr. Seymour possesses experience in program planning, implementation, and staff training which makes his services desirable.

For the above reasons, I would respectfully suggest that there is no public benefit in submitting this position to public bidding.

Sincerely yours,
WILLIAM W. NICKERSON,
Commissioner.

POLICE DEPARTMENT TAXI INDUSTRY STUDY

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with public advertising in the *City Record* and to enter into contract with Cambridge Systematic Inc., having a place of business at 1 Main Street, Cambridge, to prepare study on data and rate-making procedure relative to the city's taxi industry, in amount not to exceed \$5,400.

There has never been any study of this nature done in the past on the taxi industry, and which, if implemented, would result in a fairer treatment to the public and the industry.

The objective in the study would be design a systematic base of information and associated procedures to assist the Commissioner's office in responding to requests for taxi rate increases. The study therefore, is expected to be helpful in formulating specific questions to be asked of the taxi industry in association with their rate increase requests.

In view of the Cambridge Systematic Inc. experience and expertise in the field of transportation, and the unique service required to be performed in the functioning of this contract, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

MOTOR VEHICLE RENTAL

DEAR MAYOR WHITE:

On June 30, 1975, the Police Department, by advertisement appearing in the *City Record*, invited bids for the short term rental of motor vehicles for undercover surveillance and other official Police Department business. Bidders were requested to bid on a daily rental rate.

On July 21, 1975, at the office of the Police Commissioner, 154 Berkeley Street, Boston, Mass., the following bids were publicly opened and read:

National Car Rental Systems, Inc. \$22.95 per day.

Mass. Growth Equities Corporation d/b/a Dollar A Day Rent-A-Car, \$1 plus \$.16 per mile.

The bid of Mass. Growth Equities Corporation arrived several minutes after the time set for opening of bids. Upon examination of the bid of National Car Rental System, Inc., it was ascertained that National had inadvertently failed to file a copy of the bid proposal at the office of the City Auditor.

Upon further examination of the bid of Mass. Growth Equities Corporation, it is ascertained that this company could provide this department with nine-passenger station wagons. This type vehicle will be urgently needed to quickly transport police officers to various sections of the city during Phase II school desegregation.

The cost to the city provided by the National bid is \$22.95 per day, per vehicle, with unlimited mileage. While Mass. Growth Equities Corporation provides a lower per car rate, it also charges for each vehicle driven. Although it is impossible to estimate the exact number of miles each vehicle will be driven, it is probable that the mileage will be sufficient to make the \$22.95 per day charge lower than the charges charged by Mass. Growth Equities on a bill on a per-day per-mile basis. The rate unlimited mileage also allows for a more accurate forecast of expenditures than is not to exceed the maximum contract price. The \$22.95 per-day price submitted by National is two dollars per day less than the rate charged the city last year for the short-term rental of motor vehicles.

Having reserved the right to waive any formality and to reject any or all bids, I respectfully request that this contract be awarded, without further advertising, to National Car Rental Systems, Inc., 100 Stuart Street, Boston.

This contract will be for a period beginning September 1, 1975, and ending on the 30, 1976. The contract price is not to exceed \$35,000.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

FOOD SERVICE

DEAR MR. MAYOR:

During the recent turmoil at Carson Tech, South Boston, and other sections of the city and during the opening days of school, it has been, and will be, necessary to provide food, coffee, and soft drinks to police officers assigned for extended periods to preserve the peace and protect persons and property in various sections of the city.

Because the food requirements fluctuate from day to day depending on the number of men assigned, the location of their assignment, and the duration of duty for a particular day, it is necessary for the Boston Police Department to be able to obtain the necessary food products from a number of vendors on short notice in order to assure that our needs will be met.

This department has made arrangements with the city's School Department to allow police officers assigned in and around school buildings with cafeteria

facilities during Phase II of school desegregation to eat meals in the school cafeterias at their own expense. However, some police officers will be assigned to locations around the city during Phase II that are not near a school cafeteria and who will not be able to leave their posts for public safety reasons. This contract will provide these officers with food and beverages.

Since there are a limited number of vendors that can provide the volume of food needed on short notice and because of the emergency nature of this contract, it is my belief that a formal public bid request would serve no useful purpose to the City of Boston and would require more time than is available to meet the emergency food requirements of the City of Boston Police Department. I therefore, respectfully request your Honor's written authorization to dispense with public advertising and to enter into a contract with the below named firms:

Coffee Ann, Inc., 11 Vinton Street, South Boston.

Blanchard Mattapan, Inc., 7 Edgewater Drive, Mattapan.

Hart Brothers, Caterers, 3 Billings Street, Randolph.

I propose to enter into one contract to be signed by each of the named firms. In no event shall the payments of liabilities of the City of Boston under this contract for the period August 1, 1975, to June 30, 1976, exceed the total sum of \$35,000.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

EMERGENCY DEMOLITION

DEAR MR. MAYOR:

The Palmer School at 75 Eastis Street, Roxbury, having had several fires, starting on Saturday, August 16, 1975, with a major fire on Friday, August 22, 1975, and a series of fires from Sunday, August 24, 1975, through September 1, 1975, has resulted in extensive damage to the building and numerous injuries to Boston fire fighters. The remaining structure in its present condition, creates an extreme danger to persons and property. The existing structure was cited by the Fire Department as being unsafe and ordered removed by demolition. On September 5, 1975, this building was inspected by the Public Facilities Department and found to be in an extremely unsafe condition and removal of the structure by emergency procedure was recommended.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 11A, chapter 119, G. L., as it pertains to public advertising, providing we obtain prices from at least three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this demolition work, I received contract proposals as follows:

Duane Corporation, \$9,400; Ups and Downs Wrecking Company, Inc., \$22,800; and Alpha Wrecking Company, \$23,000.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to Duane Corporation, 11 Hallett Street, Dorchester, for an amount not to exceed \$9,400.

Respectfully,
ROBERT J. VEY,
Director.

ALTERATIONS AND REPAIRS TO FIELD HOUSES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Richard H. Walwood, Architect, Inc., a Massachusetts corporation, with offices at 189 Blue Hills Parkway, Milton.

Under the terms of the contract, Richard H. Walwood, Architect, Inc., will provide architectural services in two phases, A and B, as follows: (A) analyze the present space use and projected space needs necessary to provide live-in quarters in each existing field house located at McConnell Park field house, Dorchester; Billings Playground field house, West Roxbury; and Hynes Playground field house, West Roxbury; and thereafter prepare and deliver to the director a space-use feasibility study report, including schematic designs and construction cost estimates for alterations and repairs to each of the field houses in order to allow their continued efficient and comprehensive use; and (B) provide design development drawings, basic outline specifications, working drawings, detailed specification construction cost estimates, and supervision of construction for alterations and repairs to one of the aforesaid field houses as determined by the director based on the feasibility studies submitted under Phase A of the contract, at a cost for such services for (A) of 15 percent of 11.35 percent (1967 A.I.A. "B" rate) of the currently estimated cost of construction of the three field houses of \$210,000, \$3,575; and, for (B) at a cost for such services of 11.5 percent (1967 A.I.A. "B" rate plus 2.5 percent for alterations) of the currently estimated cost of construction of the alterations and repairs for one field house of \$70,000, less 15 percent for Phase A credit, \$1,208, the cumulative cost of the now proposed services not to exceed \$11,118 (including \$1,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of educational facilities, including the use of a recital hall, gymnasium, and pool of the lessor located at 312 Huntington Avenue, Boston.

The term of the lease will be approximately nine months beginning September 1, 1975, and ending May 31, 1976.

The rental for the term will be \$51,050, payable in nine equal installments of \$5,750.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide office space for the bilingual language department, to implement the educational program for non-English speaking students, at the Old Boston College High School, James Street, Boston. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The lessor will be Boston College High School, 761 Harrison Avenue, Boston, a Massachusetts nonprofit corporation.

The term of the lease will be from July 1, 1975, through June 30, 1976.

The demised premises consist of the following rooms used for office and conference purposes: Rooms 106, 108, 130, 302, 303, 301, 305, 307, 103, and newly added beginning this fiscal year, rooms known as the Music Room, the Meeting Room, and Parlor 3 — an addition of approximately 3,816 square feet. The total

square footage leased, exclusive of hallways, toilet facilities, etc., now totals approximately 12,800 square feet.

The lessor will provide heat, light, and other utilities, full janitorial and custodial services, and off-street parking for seven to ten cars.

The rental for the term of this lease will be \$29,140, payable quarterly, at the inception of each quarter, in the amount of \$7,385.

Since these facilities have proven both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to The Coe Group, Inc., a Massachusetts corporation, architects, with offices at 79 Marblehead Street, North Reading.

Under the terms of the contract, The Coe Group will provide architectural and engineering services in the preparation of plans, specifications, construction cost estimates, and supervision of construction of alterations and repairs to the Curtis Hall and Tobin Municipal Building, in the Jamaica Plain and Roxbury districts of the City of Boston, as will be necessary to meet the existing building code and facilitate the use of both buildings by the physically handicapped, at a cost of such services of 11.09 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$125,000, the cost of the now-proposed services not to exceed \$51,833 (including \$1,700 for supplementary services).

In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

SCHOOL DEPARTMENT

ALTERNATIVE SCHOOL PROJECT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Federated Dorchester Neighborhood Houses, Inc., for the alternative school project during the period March 1, to June 30, 1975, at a cost not to exceed \$20,702.

The contractor shall provide an alternative school program based in a community center. The students are those who are potential school "dropouts," and already dropped out, whose behavior in varying degrees has been classified as delinquent. The goals of the program are the development of specific skills and knowledge

needed for "gainful" employment and readmittance to the public school system; the development of self expression with the group through constructive verbalization, which will assist in the channeling aggressive and/or passive behavior.

Because of the resources and talent provided by the new Dorchester Home Multi-Service Center and the experience they have shown in working with this kind of student mentioned above, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provision of G.L. c. 41, s. 53A, and is to be made subject to the receipt of funds under grant from the Equal Education Improvement Fund.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TUTORIAL PROJECT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Marver Bernstein, president of Brandeis University, for an emergency high school tutorial project during the period September 30, 1974, to June 1975, at a cost not to exceed \$18,288.

The contractor shall offer two services: one will be a comprehensive tutorial program in mathematics, English, foreign languages and science; the other will be a program stressing a thorough and factual understanding of the history and problems about the racial imbalance situation.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

SECRETARY SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Robin Leatherwood, for service as administrative-assistant secretary, the evaluation unit of the Horace Mann School for the Deaf during the period September 2, 1975, through June 30, 1976, at a cost not to exceed \$8,500.

The contractor shall coordinate clerical and procedural tasks as required by the administrator of the unit, and shall be responsible for parent and agency contracts, appointments and scheduling, typing of reports, correspondence, filing and related office procedures.

Because of the professional nature of the services to be performed under the contract and of the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

MEDIA SPECIALIST

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Peter S. Schragle, for services as media specialist at the Horace Mann School for the Deaf during the period of September 2, 1975, through June 30, 1976, at a cost not to exceed \$10,530.

The contractor shall instruct middle and high school students in the development of media skills as part of the vocational program; shall act as consultant to teachers in preparation of audio-visual materials; shall maintain inventory and repair audio-visual equipment necessary for a program for hearing-impaired children.

Because of the professional nature of the services to be performed under the contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PSYCHOLOGIST

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Claire Figler, for services as a clinical psychologist during the period of September 8, 1975, through June 30, 1976, at a cost not to exceed \$14,910.

The contractor shall perform psychological assessments of Spanish-speaking children referred for evaluation under Chapter 766, participate in core evaluation team conferences, and provide psychological counseling services, when indicated in educational plans, to Spanish-speaking children.

Because of the professional nature of the services to be performed under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

LANGUAGE/SPEECH PATHOLOGIST

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Duley Bochle, for services as a language/speech pathologist in the Horace Mann School for the Deaf during the period of September 2, 1975, through June 30, 1976, at a cost not to exceed \$13,460.

The contractor shall perform speech and language assessments of all Horace Mann students, of all new admissions, and of other Boston hearing-impaired children referred to the Horace Mann evaluation unit. She shall consult with, and advise teachers relative to, special instruction in language and speech. She shall participate in staffings and in-service courses.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

PLUMBING ALTERATIONS

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award without publicly advertising contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I, therefore, request invitation bids from four contractors for the plumbing alterations at the Boston Trade School, Parker Street, Roxbury, which were publicly opened and read on August 27, 1975.

The bids received were as follows:

J. McCusker, \$1,740; D & F Plumbing Company, \$5,475; and John W. Graham, \$6,500.

The low bidder, P. F. Russo, withdrew his bid without prejudice, due to the fact that a clerical error was made in figuring out his bid.

I, therefore, request your approval of my action in awarding a contract to J. McCusker, 4601 Washington Street, Roslindale, in an amount of \$4,740.

Respectfully yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

CONSULTATION SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Mr. Richard H. Murch of 20 Weeks Avenue, Roslindale, for the Title I ESEA Community Relations Department as a consultant funded by HEW, Title I ESEA.

This contract shall extend from September 1, 1975, through June 30, 1976, at a cost not to exceed \$17,290.

The contractor shall act as a liaison between the Community Relations Department and the Parent Advisory Council. He will be a liaison between the Title I Department, schools, and parents. He will maintain a daily log of activities to be submitted to the assistant director in charge. The advisor will also submit a monthly report to the office of the Superintendent of Schools detailing his monthly activities. The Community Relations Advisor will provide orientation and training to the local, district, and city-wide PAC in parliamentary procedures, and he also will be available to provide guidance to all groups in the interpretation of their roles as members of a Parent Advisory Council. The advisor will provide assistance in the interpretation of all federal and state guidelines.

The contractor has business experience as a news reporter for the *Record American* from 1955 through 1963; educational experience, teacher in Boston public schools, 1963, 1964, and 1965; community relations experience, consultant to the Community Relations Department, Title I, 1971 to present; administrative assistant to Boston School Committee during 1970-1971; guidance supervisor at Massachusetts Half-Way House, Inc., Boston, from 1966 through 1968; manager in Department of Adult Education and Recreational Activities for the South End from 1970 through the present; instructor at Boston State College, September, 1974, through present.

The contractors' education is as follows: Boston College High, 1951-1955; Boston College, A.B., 1956-1960; New England School of Law, J.D., 1960-1963; also member of state and federal bar associations.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from HEW, Title I ESEA.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EVALUATION PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request authorization for the award of a contract, without public advertising, to Educational Research Corporation, a nonprofit organization chartered under Massachusetts law, for the evaluation of certain reading and mathematics learning centers located in the Boston public schools, during the period September 1, 1975, to November 15, 1975, at a cost not to exceed \$9,186.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

The contract provides that Educational Research Corporation will conduct a process evaluation of the NCEC learning centers which will include:

(1) interviews with center personnel about various aspects of center operations; (2) direct observation of the centers; (3) analysis of the students' progress through the curriculum; and (4) related activities, including the preparation of a final report and recommendations.

Because of the professional nature of the services to be provided under this contract, and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provision of G. L. c. 41, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Commonwealth of Massachusetts.

Very truly yours,

EDWARD J. WINTER,
Secretary.

MANAGEMENT CONSULTATION SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of mendment of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the International Education Association, Inc., a nonprofit company, at a cost not to exceed \$101,000. This award is to be used for management consulting services in organizational development, operations planning and evaluation, and to develop and install a management information system, all to be provided directly through the office of the Superintendent, during the period July 1, 1975, through June 30, 1976.

The contractor is to establish accountabilities and job descriptions for all key positions in the schools; and is to install a system to similarly cover all other positions as a regular organization function; and is to install a system for developing and evaluation operational plans; and is to develop and install a system which will regularly provide all school administrators with critical information on the quality and cost of educational programs. These services are essential to the proper management of the schools.

Because of the professional nature of the services to be provided under this contract, and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

LIGHTING MODERNIZATION

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award, without publicly advertising, contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I, therefore, solicited invitation bids from five contractors for the modernization of lighting at the Boston Trade School, Parker Street, Roxbury, which were publicly opened and read on September 4, 1975.

The bids received were as follows:

Presidential Electric Co., Inc., \$27,700; Lentine Electric Service, Inc., \$45,400; Joseph L. McKeen, Inc., \$47,235; William MacKinlay, \$18,070; and Griffin Electric Corporation, \$19,600.

The bid of Presidential Electric Company, Inc., was rejected because they were unable to get a bid bond.

The bid of Lentine Electric Service, Inc., was rejected because they were unable to get a performance bond.

I, therefore, request your approval of my action in awarding a contract to the Joseph L. McKeen, Inc., 413 Bowdoin Street, Dorchester, in the amount of \$47,235.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Kline & Gordon, Attorneys at Law, 92 State Street, Boston, a contract for legal representation in the case of *Black Voters, Rose Jolley, et al., Civil Action No. 75-812-T vs. John J. McDonough, et al.*, in the amount of \$2,500.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Francis J. DiMento and James J. Sullivan, Attorneys at Law, 100 State Street, Boston, an amendment to a contract for legal representation in matters relating to civil proceedings involving racial imbalance and desegregation from \$150,000 to \$200,000.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, and due to the experience and past performance of Messrs. DiMento and Sullivan in matters relating to civil proceedings involving racial imbalance and desegre-

gation, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

EDWARD J. WINTER,
Secretary.

SUFFOLK COUNTY

MICROFILM SUPPLIES

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *C Record* and to award a contract to Graph Microfilm, Inc., 1560 Trapelo Road, Waltham, for supplies to operate or newly purchased microfilm equipment.

The period will run from June 30, 1975, to June 30, 1976, at a base cost of \$520. per month. The total cost this fiscal year shall not exceed \$4,200 as we expect to be in operation around October 1, 1975. Enclosed are copies of estimated list of supply usage.

In view of the nature of the service to be engaged, it is my view that public advertisement would serve no useful purpose.

Your kind consideration in this matter will be appreciated.

Very truly yours,

JAMES W. HENNIGAN, JR.,
Register.

District Attorney's Office

LEASING OF PREMISES

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I hereby request your permission to enter into a contract, without public advertising, with Nathan R. Miller Properties, Ltd., 6 Beacon Street, Boston, for leasing approximately 2,500 square feet of space on the seventh floor of 11 Beacon Street, Boston. As of July 1, 1975, the Suffolk County District Attorney's office receives a \$163,192 grant from the United States Department of Justice's Law Enforcement Assistance Administration to establish a special prosecution unit to accelerate trials of persons with past records of violence who are charged with new violent crimes. The grant was received through the Massachusetts Committee on Criminal Justice under Title I of the Omnibus Crime Control and Safe Streets Act of 1968, P.L. 90-351, as amended. The premises at 11 Beacon Street would provide the office space for this effort, called the Major Violators Project.

After an intensive search of available office space, I have concluded that the 11 Beacon Street premises are the most cost efficient: (1) 11 Beacon Street is virtually around the corner from the courthouse where the project's attorneys will be constantly engaged; (2) the owner has agreed to construct the interior according to our specifications to provide single offices for each trial attorney, a receiving and waiting area for witnesses and victims, and a conference room; (3) the rent of \$20,000 per annum is

within the office budget rental figure allocated to the LEAA grant. Competing bidders from owners of, among others, 10 Court Street, 73 Tremont Street, and 94 Washington Street were decidedly inferior.

I am enclosing herewith a copy of the proposed lease. The lease will commence on August 15, 1975.

In view of the nature of the agreement proposed to be entered into by the District Attorney's office and the fact that security considerations argue against general disclosure of the Major Violators project location, it is my opinion that no useful purpose would be served by publicly advertising. Accordingly, I hereby request your approval of the awarding of this contract, without public advertising, pursuant to the provisions of Section 30 of the City Charter.

Very truly yours,
GARRETT H. BYRNE,
District Attorney.

Register of Deeds

LEASING OF IBM MACHINES

DEAR MR. MAYOR:

The Suffolk County Registry of Deeds is presently leasing and using the IBM equipment for which the International Business Machines Corporation has submitted written quotations, as itemized below.

Inasmuch as the above-mentioned company is the manufacturer and distributor, it is my opinion that no advantage would be gained by publicly advertising for prices.

Therefore I respectfully request your honor's permission to dispense with publicly advertising for bids and following the effective date of July, 1975 budget, to enter into a contract for the period of July 1, 1975, to June 30, 1976, inclusive, with the International Business Machines Corporation, for leasing and servicing of the following equipment:

407 IBM printing machine at \$895 per month, 3 months, \$2,685.

1 Sorter 83, 21797, \$119 monthly, 1,428.

1 Collator 85, 10632, \$111 monthly, 1,692.

3 Typewriter Card Printers, each \$139 monthly, \$5,001.

Transportation charge of 407 printing machine, \$1,600.

Total amount of contract not to exceed the sum of \$12,409.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

AUTOMOTIVE EQUIPMENT

DEAR MR. MAYOR:

On January 29, 1975 your Honor approved a permission to award a contract to Cote Motor Company, Inc., in the amount of \$239,312.38, less 2 percent discount, time of payment, for furnishing automotive equipment to the various city departments.

During the period from the time of the appraisal of the vehicles by the contractor until the actual time the vehicles were turned over to the contractor, twenty-eight of the vehicles were partially or totally destroyed. The Police Department and Cote Motor Company, Inc., have agreed that the cost of placing the aforesaid vehicles in the condition which they were in immediately prior to the filing of the bids, allowing for normal wear and tear on the vehicles up to and including the day of delivery, is in the amount of \$1,070.

The Police Department and Cote Motor Company, Inc., have submitted to this office lists of the vehicles and their revised trade-in allowances, copy of which is attached.

It is therefore requested that permission be granted me to amend Contract No. 01-13-508 by and between the City of Boston and Cote Motor Company, Inc., by making whatever changes are necessary to increase the approximate total amount of the contract to read \$240,412.38, less 2 percent time of payment, and to issue a purchase order to Cote Motor Company, Inc., for \$1,070, less 2 percent discount, time of payment.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

HEALTH AND HOSPITALS DEPARTMENT

STAFF PHYSICIANS SERVICES

DEAR SIR:

As Executive Director of the Department of Health and Hospitals, City of Boston, and in accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 13, 1972, I hereby authorize an amendment to the city's contract with Boston University School of Medicine (University) under which the University is currently providing staff physicians services to Boston City Hospital and shall continue to do so through June 30, 1976, at a cost not to exceed \$811,050, said contract having been approved by the Mayor on September 3, 1975.

This amendment will add to the contract, the position of Associate Director, Department of Obstetrics and Gynecology

at an annual salary of \$12,000 and it is occasioned by the recent appointment of Dr. Kenneth C. Edelin to said position.

Dr. Edelin, as Associate Director, OBS-GYN, will serve under the Board of Health and Hospitals of the City of Boston but without direct compensation from the City of Boston, but rather from Boston University School of Medicine.

The total cost of this amendment to the city is \$12,000 and it shall result in increasing the total amount of this contract, as amended, to a sum not to exceed \$823,050.

Inasmuch as Boston University School of Medicine is specially suited to provide the city with these services and because the cost to the city is reasonable, your Honor's permission is hereby respectfully requested to amend this contract under the terms stated above.

Thank you.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

OFFICE OF COMMUNITY DEVELOPMENT

RECREATION PROGRAM

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter dated July 8, 1975, requesting permission to dispense with bidding and to award a contract in an amount not to exceed \$12,500 to the Club Hispano, Inc., a nonprofit corporation located at 3091 Washington Street, Roxbury. The contract shall provide for the operation of a recreation program, and payment will be made from the Community Development Block Grant.

Under the terms of the agreement, Club Hispano, Inc., will conduct a comprehensive program of recreational/educational activities to include sports, field trips, and a summer nutritional aid program for children. The period of performance, established as June 1, 1975, through October 31, 1975, in the original letter of award, is hereby amended to July 1, 1975, through December 31, 1975.

On the basis of Club Hispano's previous experience and ability to provide and administer a recreation program in Boston, I recommend that a contractual relationship between Club Hispano, Inc. and the city be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,
DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter dated July 8, 1975, requesting permission to dispense with bidding and to award a contract in an amount not to exceed \$2,000 to St. Patrick Church, located at 10 Magazine Street, Roxbury. In the

CONTRACTS AMENDED

(Continued from previous page)

original letter of award, the contractor was identified incorrectly as St. Patrick's parish, a nonprofit corporation. The proper contractor identification is, Roman Catholic Archbishop of Boston, a corporation sole acting by and through the Administrator of St. Patrick Church.

Under the terms of the agreement, the contractor will conduct a comprehensive program of activities to include sports, a summer nutritional aid program, and recreational/educational field trips. Payment for this contract will be made from the Community Development Block Grant and the period of performance shall be from January 1, 1975, through June 30, 1975.

The city, through the former Model Cities program, has awarded a previous contract to the Roman Catholic Archbishop of Boston on behalf of St. Patrick Church for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between the Archdiocese and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

PUBLIC FACILITIES DEPARTMENT

ENGINEERING, ARCHITECTURAL SERVICES
DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Yunits Engineering Company, Inc., a Massachusetts corporation, of 11 Technical Park Drive, Holbrook, amending a contract between the City of Boston and Yunits Engineering Company, Inc., dated and approved by the Mayor of Boston May 20, 1974, providing for engineering and architectural services (not including supervision of construction) for the design of alterations and repairs to five city-owned parking garages, so as to now provide for supervision of construction and increase the basic fee to provide payment therefor in the amount of \$8,028, an increase in the maximum liability of the city under this contract from \$34,684 to \$42,712.

For your Honor's information, this increase is caused by the necessity to now include supervision of construction in the contract to meet the requirements of the new state building code, a provision not contemplated under the original award.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing

signed by all the parties thereto, including the Mayor and contract surety on the performance bond, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

COMMUNITY SCHOOL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 25, 1975, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with the Boys' Clubs of Boston, Inc., a nonprofit corporation in the Commonwealth of Massachusetts, amending a contract to furnish, during the period July 1, 1974, to June 30, 1975, personnel, supplies, materials, equipment, and administration necessary to operate the Community School Program at the Lee, Marshall, Hennigan, Agassiz, Ohrenberger, Tynan, Holland, Kent, Murphy, and Cleveland Community Schools, dated September 4, 1974, in order to increase the amount authorized for expenditure under the contract.

For your Honor's information, we now have the opportunity to provide an additional \$109,220 to the Boys' Club to be spent by the local community councils during the month of June to start up their summer programs.

Due to the provisions of law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

YOUTH ACTIVITIES COMMISSION YOUTH PROGRAM

DEAR MR. MAYOR:

As a result of an extension of our grant from the National Institute of Drug Abuse for a period from October 30, 1975, to December 31, 1975, I should like to request your approval to extend the effective dates of our contract with Lena Park Community Development Corporation, which was approved by you in a letter of December 16, 1974. The extension would change the effective date of the contract from January 6, 1975, through October 6, 1975, to the new date of January 6, 1975, through December 5, 1975.

As Executive Director of the Youth Activities Commission I hereby request your written authority to extend this contract to December 5, 1975, in an amount not to exceed \$19,108.17, in order to continue a valuable program of advocacy and meet the increasing needs of youth in the Boston community, as stated in your letter of December 16, 1974.

The entire TASC-J program is supported solely through federal funds. City of Boston monies will be used in any aspect of the program.

Sincerely yours,
PAUL V. McCAFFREY,
Executive Director

SUFFOLK COUNTY

*Municipal Court, Civil Business
COPYING MACHINE RENTAL*

DEAR MAYOR WHITE:

I respectfully request your written authority to amend Contract No. 1619, previously awarded to Xerox Corporation the amount of \$3,000 for maintenance rental of Xerox copying machine, during the period from July 1, 1975, to June 30, 1976.

The amended contract would be \$7,100. This figure includes, in addition to the \$3,000 rental charge, \$3,000 copies and \$1,100 for paper and supplies for the same fiscal year.

Prior to this time, copies and supplies were paid for on separate service orders. This amendment to the Xerox contract being requested at this time in order we may comply with the instruction of the Auditing Department — that the use of service orders for procurement of materials be discontinued.

Inasmuch as the supplies are for use solely on the Xerox machine, it appears the best source for this material is Xerox Company, and therefore it is my recommendation that public advertising in this matter would not serve any useful purpose.

Very truly yours,

JOHN E. HURLEY,
Clerk

DEPARTMENT OF PLANNING AND ENGINEERING, 26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR FURNISHING AND INSTALLING VINYL ASBESTOS FLOOR TILES AND RELATED WORK AT SOUTH BOSTON HIGH, 95 G STREET, SOUTH BOSTON, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing and installing vinyl asbestos floor tiles and related work at South Boston High, 95 G Street, South Boston, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, February 3, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$5,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the

obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

NO. 4

B.R.A. Submits New Park Plaza Plan

The Boston Redevelopment Authority, on January 12, submitted a led-down Park Plaza project to the state's Department of Community Affairs for environmental review and approval.

As a result of the twenty-two-month environmental analysis of Park Plaza, the density of the project has been reduced from 6 million square feet to approximately 2.8 million square feet.

The number of tower elements has also been reduced from five to two, and the maximum height of those towers from 550 to 350 feet and 300 feet, respectively.

In addition, the design controls for buildings on Boylston Street, across from the Public Garden, call for a height limit consistent with the present cornice line of buildings in the project area.

The revised Park Plaza scheme is incorporated in a supplemental environmental impact report the B.R.A. was required to submit to the state as a condition of initial approval for the project in March, 1974.

Key to the reduced density of the project involves the planned construction of a state office building in the Park Square area by the Commonwealth of Massachusetts and an additional \$11 million of public improvements, including expansion of the Public Garden and construction of a public plaza.

Funding for acquisition of land by the state was recently included in the \$350 million transportation bond package approved by the Massachusetts Legislature in its last session.

Stewart Forbes, deputy director of development at the B.R.A. and Park Plaza project director, said, "These public improvements will create a sufficiently unique urban space to attract a major hotel, which should stimulate future residential and office development."

Mr. Forbes said, "The Park Plaza design we are submitting to the state is a compromise that should eliminate the controversy that has surrounded this project and thereby create a positive atmosphere that will help get the project under way."

"It represents an extraordinary cooperative effort between people, including members of the Civic Advisory Committee who have volunteered their time over a three-year period, the design staff of the B.R.A., the Design Advisory Committee, elected and appointed public officials on the state and city level.

"The compromise plan establishes with certainty what the public would permit to be built in Park Square. With a continuing cooperative effort, there is every reason to believe that the promise of Park Plaza can become a reality.

"It now remains for both the state and the developer to review the current status of the project, the state to determine if the environmental information submitted satisfies the condition of the March 5, 1974, approval, the developer to

assess the market's response to the reduced scale of the project."

Under the revised plan, Park Plaza will now consist of the following components:

- A low-rise, luxury hotel of 450 rooms, along Boylston Street, between Hadassah Way and Charles Street. Height of the building will be 130 feet along its street facade.

- On the east side of Charles Street (where the Trailways bus terminal and Eliot Street garage are now located) there will be a 600,000 square-foot state transportation office building. Height of the building will be 155 feet.

- A low-rise office building of 550,000 square feet along Boylston Street, between Arlington Street and Hadassah Way. Height of the building will be 85 feet along its street facade, with a setback of 50 feet where it becomes 130 feet high.

- It is proposed that the existing Motor Mart garage will be expanded into a 1,000-car parking garage.

- A public plaza of 65,000 square feet (1.5 acres) will be built in what is now Park Square.

- An apartment tower 300 feet high, with 300 units of market rental housing, will be constructed as the southern edge of the Plaza.

- There will be parking for 400 cars in the basement level of the state transportation office building.

It is anticipated that approval of the supplemental environmental re-

port will be forthcoming within the next three months. Acquisition for the first stage of construction could begin within approximately eighteen months of final state approval.

ASTRONOMY COURSES AT MUSEUM OF SCIENCE

The Hayden Planetarium at Boston's Museum of Science offers two courses in astronomy this winter, one for teen-agers and the other for adults.

Teen-age astronomy is a general introductory course for thirteen-to-fifteen-year-olds, starting Saturday, February 7. It is given for eight successive Saturdays, from 10 to 11 A.M.

Presented indoors, it uses the Planetarium for identification of constellations and a Museum classroom for exploration of such topics as spectrum analysis, star magnitudes, and structure of the solar system. Each student will make his own star map.

The fee is \$25; family and contributing members, \$20.

The Planetarium's course for adults is "Beyond the Solar System," which starts Thursday evening, January 29. The course meets for eight sessions, from 7:30 to 9 P.M.

Participants will investigate stars, star clusters, galaxies, and nebulae. They will discuss the most up-to-date theories on pulsars, quasars, and black holes.

Open to those aged sixteen and older, the course is the third in a series planned as background for the serious amateur astronomer. The fourth and final course in this adult series is "Seeing Stars," which provides practice in the use of telescopes and in astrophotography. It starts March 23.

The fee for each course in the adult series is \$30; family and contributing members, \$25.

Registration for either course may be made by calling the Registrar at 723-2500, extension 271.

MAYOR APPOINTS NEW FIRE COMMISSIONER

Mayor Kevin White has announced the appointment of Chief George Paul to be Commissioner of the Boston Fire Department.

"During his twenty-eight years in the department, Chief Paul has proven himself to be a dedicated, hard working, and innovative professional who has the high regard of his men and his colleagues in the fire-fighting profession," Mayor White said.

"This is the first time a professional fire fighter has been elevated to Commissioner, and a review of the department's transformation during Chief Paul's tenure will indicate why this appointment was made.

"In recent years seventy-four new vehicles, 80 percent of the department's fleet, have been purchased; several new fire-fighting units have been added; a highly sophisticated computer dispatch system is now being installed which will enable dispatchers to pinpoint locations of fires instantaneously and to deploy the precise amount of men and equipment necessary; the Planning and Logistics Division has been expanded to maintain continual analysis of fire-fighting

techniques; a program has been established to enable fire fighters to earn college credits; salaries have been increased 46 percent; 300 new jobs have been added to the force; the work week reduced from 40 to 32 hours; and finally, five fire stations have been built, renovated, and three will be under construction this year.

"Representative John Melia of Brighton had been under serious consideration for this position, but he had asked that his name be withdrawn from consideration. Representative Melia told me he felt obligated to his constituents to complete his two-year term, but he plans to seek reelection next year. I have the highest regard for John Melia as one of the hardest working and most influential members of the Boston delegation, and the signing of the revaluation bill by Governor Dukakis and the bill filed by Representative Melia indicates his value to the city. I understand his desire to continue in the Legislature and am delighted he will continue to serve all the people of Boston."

HARRISON GRAY OTIS HOUSE

The Old West Church next door to the Otis House, designed by Bulfinch, traces its history to 1737. The Harrison Gray Otis House, 141 Cambridge Street, is Boston's best example of a late eighteenth-century mansion. Designed by the incomparable Bulfinch for one of the town's most distinguished personages, the building reflects the dignity of a gracious era. It houses a museum of New England antiques with many architectural exhibits.

It is open Monday through Friday, 10 A.M. to 4 P.M., and is closed on holidays. Admission is 50 cents.

DISPLAY OUR FLAG PROUDLY

POSTERS DESCRIBE DORCHESTER AND JAMAICA PLAIN

The Boston neighborhoods of Dorchester and Jamaica Plain have recently gone on display in homes, schools, and offices in the city and elsewhere. They have done so in the form of two posters that the Boston Redevelopment Authority is designed and distributed over the past six months in an effort to present positive, accurate information and images about these areas.

"The purpose of the Dorchester and Jamaica Plain posters is to point out the positive aspects of these communities — to the people who live there, to people who might be interested in living there, to businessmen, and not incidentally, to banks and real estate people, who sometimes have a tendency to focus on the negative, particularly in the city," says BRA Director Robert T. Kenney. "Dorchester, after all, is so large that it is difficult to know where to begin to explore and Jamaica Plain has a lot of diversity that you don't see living along the Jamaica way."

"And you thought you knew Dorchester" was printed last summer and widely distributed to community residents, schools, real estate offices, banks, and Boston businesses. One copy was taken back to Dorchester, England, as a gift to a visiting British clergyman.

The poster stresses the architecture and amenities of Dorchester, which has some of the finest Victorian architecture in Boston as well as a large supply of more recent housing from triple-deckers to single-miles in good condition and available at reasonable prices.

The BRA continues to receive requests almost daily, and the poster went into a second printing recently: a local bank wanted copies to hand out at a new branch bank opening in Dorchester, and the BRA itself needed more copies as well.

The Jamaica Plain poster was designed to coincide with a special TV program aired January 6 on a local commercial station (Channel

7) called "Jamaica Plain: Options in the City." The poster — and the program — highlight the diversity of Jamaica Plain residents, the wide variety of housing, green space, and recreational activities, and the vitality of the community as a whole.

The poster's availability was announced on the TV program, and nearly 500 viewers called asking for copies. Like the Dorchester poster, "Jamaica Plain" has been distributed to the community, banks, and businesses. Because the neighborhood has a sizeable Hispanic population, a Spanish version was also prepared.

John Weis, BRA Director of Community Planning, observes: "People need to update their attitudes and perceptions about Boston's neighborhoods, which we hope these posters will help them to do. Neighborhood residents themselves often take the good things about their community for granted, and people from outside make erroneous assumptions based on limited experience. Many people are pleasantly surprised by what they find in the neighborhoods when they take the time to look."

PARKS DEPARTMENT PRESENTATIONS

Boston's Parks and Recreation Department offers a wide variety of creative, athletic, recreational, and cultural courses and events at city-wide recreation centers. These opportunities are available to all Boston residents. More information may be obtained by calling 725-1883.

Ice Skating on the Frog Pond

Free supervised ice skating, weather permitting, is available to the public at the Boston Common Frog Pond skating rink. Instructors are there from 9 A.M. until 10 P.M., daily, lighted area at night.

Indoor Track Competition

Boston boys and girls aged eight to eighteen should register now at their neighborhood recreation cen-

ters to participate in the Boston Parks and Recreation Indoor Track Championships scheduled for March. Jumping, timed running, and dashes are only a few of the categories for these age group competitions.

Boxing

Boxing instruction is held at the South Boston Boxing Center, Tuesday and Thursday, from 3 to 5 P.M., and Saturday, from 10 A.M. until noon. Evening sparring practice and instruction is also held each Tuesday, from 7:30 on, at the Tobin Gym, 1181 Tremont Street, Roxbury.

Interest in Trees?

Buy a tree, or part interest in one, for yourself or for someone you love in honor of the Bicentennial, as the Boston Parks and Recreation Department continues to refurbish tree life lost to the Dutch Elm disease in the Boston Common.

For a contribution of \$25, a tree will be planted in someone's honor for any occasion. A gift certificate and any personal message will be sent to the recipient in the donor's name. Because trees cost \$125, the money is pooled; and because of vandalism, no plaques are placed on individual trees to indicate the donor.

For further information, write PLANTREE (or send your check and specific information to PLANTREE FUND), Boston Parks and Recreation Department, Room 802, New City Hall, Boston, MA 02201.

Life Support, Resuscitation Class

In order to reduce increasing cardiac fatalities and in response to chapter 795, the state's "First Responder Law," Boston's Parks and Recreation Department is offering courses in basic life support and cardiopulmonary resuscitation.

Going into effect July 1, 1977, the law requires all lifeguards, police, and firemen to be certified in the above course as well as in standard first aid and personal safety.

To register and for further information call John Landry, Boston Parks and Recreation, at 725-1981.

"ACTION" PHASES OUT VISITING AIDES PROGRAM

Boston's year-old Visiting Aides Program, through which fifty-one older people have served as companions to an estimated 3,000 elderly shut-ins throughout the city, is in trouble.

Mayor White announced that the Commission on the Affairs of the Elderly was recently notified by ACTION, the federal funding agency, that the program will not be refunded for the coming year.

"We intend to fight to save this important service for Boston's elderly," Mayor White said. "The Visiting Aides Program has been one of the most successful ever undertaken by the Elderly Commission. The nearly 3,000 elderly shut-ins served this year have looked forward to the regular visit of the senior aide as it is often their only link with the outside world. The visiting aide has provided needed companionship, taken shut-ins on shopping trips or visits to the doctor, and just generally improved their mobility and morale," Mayor White concluded.

The fifty-one visiting aides, all over age fifty-five, have been receiving a \$50 nontaxable weekly stipend, plus travel expenses for their work; and in the process have acquired new skills, a sense of purpose, and have made a contribution to their community.

An independent evaluation study done by Pacific Consultants of Berkeley, California, and published last summer, cited Boston's Visiting Aides Program as "the only program where 100 percent of the participants indicated they were 'very satisfied.' This is a remarkable outcome and speaks well for the way this program has been conducted. All impact goals were achieved and even exceeded," the report concluded.

"ACTION's decision has come as a shock to us," Elderly Commissioner Taylor Wagenseil said. "Just two months ago, they wanted to use our program as a model for implementation nationwide.

"We intend to seek support from our elected officials in Washington," Mr. Wagenseil continued, "to see

if we can either overturn the ACTION decision or find funding from another federal source."

The Commissioner asked for demonstrations of community support for such action. All interested parties are urged to write letters of support for continuation of the Boston Visiting Aides Program to Senators Kennedy and Brooke and to Congressmen Joseph Moakley and Thomas "Tip" O'Neil.

"If we can show genuine community support for the continuation of this program, we will have a much greater chance of overturning ACTION's decision," Commissioner Wagenseil said. "If we are unsuccessful, funding will run out by March, 1976."

BOSTON: AN URBAN COMMUNITY

A National Endowment for the Humanities Learning Library Program

The Boston Public Library is presenting an ongoing program of extended group and individual learning activities that seeks to make the Library a center of formal humanities for the Boston metropolitan community. The program focuses on Boston in its infinite variety — politics, culture, economy, literature, architecture, to name but a few. Its purpose is to establish a living relationship between our city's past and its present.

The program's activities include sequences of lectures and discussions, field trips, individual study guidance, individual projects on the community, special events — films, guest speakers, and performances.

The Library's staff, facilities, and collections are used to the fullest possible extent by the learners and teachers in the program. Most special events are open to the general public as well as the learners in the program. Teachers for the activities come from Boston area colleges, universities, and other community institutions. A trained person will be available to work closely with learners in small-group and individual projects, by arrangement.

The program is free of charge and anyone in the community wishes to participate in the program and is willing to commit the necessary time to it is invited to apply. Books and instructional materials will be available at the Library.

Sequences for February through May, 1976 will be as follows:

1. The Emerging Immigrant Boston. Andrew Bunii, Professor of History, Boston College, Wednesdays, 5:30-7:30 p.m., February to March 31, 1976. A survey of Boston's various immigrant ethnic groups as they entered America: successive waves, and as Old-World ways were brought to bear on New World conditions. Will include some neighborhood tours.

2. From Grass to Glass: History of Boston's Architecture. Gerald Bernstein, Professor of History, Brandeis University, Thursdays, 5:30-7:30 p.m., February 5 to March 25, 1976. A review of Prof. Bernstein's popular review of Boston's architectural heritage from the first townhouse of the seventeenth century through the great nineteenth-century master to the present city hall. Will feature field trips.

3. The American Revolution and the Common Man. Robert Groves, Adjunct Professor of History, Worcester Polytechnic Institute, Tuesdays, 5:30-7:30 p.m., April to May 25, 1976. An examination of the Revolution as a socioeconomic, political, and ideological force in the lives of ordinary men and women in both Boston and the countryside. Visit to Lexington-Concord. Study of original documents.

4. Law, Justice, and Equality: Case Studies from the Boston Experience. William Davis, Professor of Law and Urban Studies, M.I.T., Thursdays, 5:45-7:45 p.m., April 8 to May 27, 1976. Examines legal and humanistic topics such as privacy and criminal justice, housing and landlord-tenant relationships, land use and environmental quality, and school desegregation and its implementation. Includes case studies, audio-visual materials and guest advocates.

All lectures will be in the Lecture hall of the Central Library, Copley square.

For further information and additional application forms write or call NEH Learning Library Program, Boston Public Library, Boston, MA 02117. Telephone (617) 36-5400.

The Boston: An Urban Community program is made possible by a grant from the National Endowment for the Humanities (NEH). The Boston Public Library a NEH Learning Library.

STRICTER PARKING REGULATIONS

The Boston Traffic and Parking Commission, acting on an emergency proposal of Fire Commissioner George Paul, has voted, 10-0, to institute stricter winter parking regulations and to make the fine for noncompliance \$15 throughout the city.

The emergency meeting of the commission was called at the request of Public Works Commissioner Joseph F. Casazza, on January 16.

After nearly ninety minutes of discussion, the commission voted as follows:

(1) Increase the fines in Zone B from \$6 to \$15 for Code 06 snow removal, and Code 30 weather emergency (violations), to be implemented when newly-printed tickets become available; and

(2) Motorists will be required to park from 12:01 A.M. to 8 A.M. on the **DD SIDE ONLY**, from 12:01 A.M., currently, through Thursday, March 3, 1976, **EVERY** night whether or not a weather emergency has been declared by the Traffic and Parking Commissioner. This regulation does not apply where parking already prohibited at all times on one or both sides of a street; along a divided highway; in reservations where angle parking is permitted; and in municipal off-street parking areas.

When a weather emergency has been declared, this regulation will remain in effect on a twenty-four hour basis until the weather emergency has been lifted.

Commissioner Paul asked that the emergency regulation be adopted for public safety reasons. Emergency regulations may be implemented for a maximum of sixty days.

LOUISE DAY HICKS ELECTED CITY COUNCIL PRESIDENT

The following remarks were given to the City Council members, on Monday, January 5, 1976, by newly elected President Louise Day Hicks (who, incidentally, is the first woman ever to achieve that honor and deservedly so).

Gentlemen of the City Council, I thank you. To be selected as your President is an honor I fully appreciate, and I shall endeavor to perform the duties faithfully and impartially.

As we begin the year 1976, we find ourselves with a double commitment. We must rededicate ourselves to the principles of the most noble event in the history of our city and nation, the American Revolution; and we must continue to extend the benefits of that noble event to every citizen within the confines of its birthplace.

Our task will be most difficult, but I firmly believe we can do much towards maintaining the City of Boston as a vital center of learning and living, as a monument to those who have come before us and as a much enriched legacy to those who will follow.

We must begin today firmly dedicated to a policy of cooperation in all City Council matters. I can assure you my door will remain open to you, as it will for every citizen of the city. The President's office is the people's office.

In the spirit of that same cooperation, I invite you to make known to me over the course of the next week your personal preferences for committee assignments so that together we may begin the task of governing harmoniously and wisely.

In their wisdom, the voters of Boston entrusted the government of Boston to us. I congratulate them for their choices and I congratulate

each of you for having been the choice. My prayer is that we can leave behind with the old year any rancor or bitterness that can divide us.

Mayor White has extended an invitation to the City Council to meet with him tomorrow. I particularly urge him to establish the practice of meeting with us on at least a monthly basis. I am quite sure we can share the vital decisions that affect the daily lives of our fellow citizens and still uphold the powers guaranteed us under the separation of powers principle of our constitutional system of government.

To the newly inaugurated School Committee, I pledge my fullest cooperation as it begins perhaps the most difficult deliberations in its history.

Gentlemen, permit me to express the hope that our deliberations will be harmonious, that we act as the representatives of the people of a truly great city, dedicated to their betterment and the fulfillment of the promise of the American Revolution.

IMPORTANT MEETING

A meeting of the Coordinating Council on Drug Abuse will be held in Conference Room 805, City Hall, at 4 P.M., on January 29. The public is invited to attend.

FIRE DEPARTMENT ORDERS

January 2, 1976.

General Order No. 1

I. RETIREMENTS

FIRE DEPARTMENT ORDERS

(Continued from previous page)

II. FIRE ALARM BOX RENUMBERED

Effective at 1200 hours, January 14, 1976, the following fire alarm box will be renumbered. Company commanders shall make the changes on assignment cards.

Old Box 3111 — new Box 311, Columbia Road and Wyola Place.

III. FIRE ALARM BOX DISCONTINUED

The following box has been removed from service, and company commanders shall delete it from Box 4121:

15-4121, Hoosac Docks, Battery Charging Building.

IV. HIGH COMMENDATION

At 1037 hours, December 10, 1975, the department responded to Box 2324 for a fire at 6 Keswick Street, Boston. On arrival it was determined that a woman was trapped in the apartment in which the fire was located.

A couple of attempts were made to enter the apartment but failed due to the heat and smoke. Fire Lieut. Daniel J. Hurley of Engine Company 37 entered the room and crawled around until he discovered the woman at the rear of the room. He removed her to the corridor. She was then removed to the outside and given first aid before removal to the Beth Israel Hospital.

Lieut. Hurley performed this act at great personal risk and before charged lines had been positioned, ventilation had not been performed, and without the use of respiratory equipment. The Fire Commissioner is pleased to highly commend Lieut. Hurley for this rescue, and his case is referred to the Board of Merit for further consideration.

V. LETTER OF THANKS

"December 8, 1975.

DEAR COMMISSIONER,

On behalf of the children and staff of the Trotter School, I wish to thank the men and chief of District 9, B.F.D., for their efforts in putting out a potentially serious fire at the rear of the Trotter School. The fire was confined and quickly extinguished by the members of the department who responded to the call on Sunday evening, December 7, 1975, at about 8:30 P.M.

The fire had extended into the building prior to the arrival of the apparatus and had damaged our Reading Resource Center. To our amazement, we found most of the materials were only slightly damaged by smoke. The fire fighters are to be commended for the care in which they avoided unnecessary damage to the remaining materials. Due to their care, we will be able to resume our reading program within a few days.

Once again, we thank you and the men of the department for their fine work in saving our school building.

Sincerely,

BARBARA L. JACKSON, Assistant Director,
JOHN FLEMING, Guidance Safety Counselor,

MABEL L. REVALEON,
Reading Resource Teacher."

VI. UNSAFE BUILDING

The building at 10 Oak Street, Hyde Park, is unsafe for fire fighting due to numerous fires which left holes in the stairs and the roof is in a weakened condition. In case of fire in this building, members shall use extreme caution. The building has been posted.

January 9.

General Order No. 2

I. RETIREMENTS

The following retirements, in accordance with the provisions indicated, will become effective at 0800, February 1, 1976:

Fire Capt. Morley J. Carter, Engine Company 42, sections 7, 94, chapter 32, G. L.

Fire Fighter Thomas J. Heanue, Engine Company 1, sections 7, 94A, chapter 32, G. L.

Fire Fighter James M. Welch, Ladder Company 19, sections 7, 94, chapter 32, G. L.

Fire Fighter Thomas E. Connolly, Ladder Company 18, sections 7, 94, chapter 32, G. L.

Fire Capt. Morley was appointed to the department January 22, 1947, promoted to fire lieutenant on March 12, 1958, and to fire captain February 20, 1974. Fire Fighter Heanue was appointed November 29, 1950. Fire Fighter Welch was appointed January 18, 1967. Fire Fighter Connolly was appointed on January 29, 1947.

All of these members leave the department with the best wishes of his associates.

II. FIRE ALARM BOXES INSTALLED

The following boxes have been installed, and company commanders shall add them to circuit cards listed:

1376, Beacon and Charles Streets, circuit card No. 70.

13-2884, Boston Gas Company, 201 Rivermoor Street, circuit card No. 23.

III. CHANGE IN DESIGNATION OF FIRE ALARM BOXES

The designation of the following boxes shall be changed to read as follows:

13-1551, Concord House, 707 to 719 Tremont Street.

14-1551, Concord House, 727 to 733 Tremont Street.

IV. ATTENTION TO RULE

Re: Rule 27.18 (d) of the Rules and Regulations of the Boston Fire Department. If for any reason a company is disabled or cannot respond with their assigned apparatus to an incident and therefore responds in compliance with Rule 27.18 (d), the company shall be given credit for the incident as if it were, for them, a normal response.

The district fire chief of the district involved, and the officer in charge of the (disabled) company shall, upon return to quarters, enter such incident as a bona fide response on each of their respective reports. The Fire Alarm office shall also enter in their journal and on Form FA-156 the incident as a legitimate response for the disabled company and its members who responded with another company.

The above procedure will enable and ensure true company records, correct statistical

data, and accurate year-end totals within department.

V. HIGH COMMENDATION

At 1032 hours, December 25, 1975, L Company 13 responded to 119 Westcord Street for a building fire. On a heavy smoke was showing and they were formed a woman was still in the building.

Fire Lieut. James E. Brodbeck and Fire Fighter Robert P. Post of Ladder Company 13 immediately entered the building found a bedroom on the second floor involved in fire. Fire Fighter Post forced door to the room and saw a woman in clothing was engulfed in fire. He dove into the room, grabbed the woman, and pulled her out into the hallway where Lieut. Brodbeck assisted him in putting out the fire clothing and removing her to the hospital where she was taken to the Boston City Hospital.

This rescue was performed while communications were in progress and ventilation had not been completed. Both men were subjected to intense punishment due to the fire.

The Fire Commissioner is pleased to highly commend Fire Fighter Post for this rescue which involved great personal risk. His case is referred to the Board of Merit for further consideration.

VI. LETTER OF THANKS

"December 30, 1975.

DEAR COMMISSIONER:

On Monday evening, December 29, 1975, one of our watchmen discovered a fire in a small storage area of the Old Court House section of the Court House complex.

Through the rapid response of your department, the fire was extinguished and damage was minimal. Frankly, had the fire spread, we would have suffered damage to a recently renovated court room; one had been renovated in a most unusual manner, allowing it to conform with the original architecture of the building. This court room had not even fully completed, has cost a great deal of money to renovate and its loss, coupled with the loss of desperately needed court room space would have caused a great deal of problems.

I would like to take this opportunity to thank, through you, the officers and members of the department who responded in a normally superior fashion and performed their usually superior manner.

On behalf of the Court House Commissioners, once again, thanks for the help.

Kindest personal regards,

ALBERT SHERMAN, Chairman

January

General Order No. 3

The following is published for the information and guidance of members of the Boston Fire Department:

"Having been duly appointed as Fire Commissioner of the City of Boston by the Mayor, I hereby assume charge of the Department of the City of Boston, effective as of 0800 hours, January 9, 1976."

GEORGE H. PAUL,
Fire Commissioner

CONTRACTS AWARDED

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Your permission is respectfully requested to award a lease, without advertising, for approximately 125 square feet of space, at the premises designated as Suite 1020, situated at 1730 Pennsylvania Avenue, N.W., Washington, D.C., as more fully described in said lease. This lease is to be between the City of Boston, acting by and through its Administrative Services Department, and Winston & Strawn, 1730 Pennsylvania Avenue, N.W., Washington, D.C.

The lease is for a period of ten months from September 1, 1975, to July 30, 1976, and provides for payments of \$350 per month, plus reasonable charges for the use of copying and teletype machines, the installation, rental, and maintenance of telephone service, and rental and maintenance charges in the amount of \$37 per month for the use of one IBM Executive typewriter. Since the charges are reasonable and the space is appropriate, public advertising would not serve any useful purpose.

This space is to be used by a special assistant to the Mayor who will represent the interests of the City of Boston in federal legislation, and keep City of Boston officials informed of progress on pending legislation or new legislation that may affect cities and towns generally, but more particularly the City of Boston, and represent the City of Boston's interests before various federal agencies.

Respectfully,
EDWARD T. SULLIVAN,
Director.

Purchasing Division
PERISHABLE FOODS

DEAR MR. MAYOR:

On April 18, 1975, your Honor approved a letter for the award of contracts to several companies for furnishing perishable foods, etc., to the various city departments, for the period from July 1, 1975, to June 30, 1976, inclusive.

Authority is requested at this time to award a contract, without public advertisement, to the following-named company for perishable foods, etc., for the period from October 1, 1975, to June 30, 1976, inclusive:

Dietary Products Division of American Hospital Supply Corporation, 22 Wiggins Avenue, Bedford, Mass.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

DEAR MR. MAYOR:

On April 18, 1975, your Honor approved a letter for the award of contracts to several companies for furnishing perishable foods, etc., to the various city departments, for the period from July 1, 1975, to June 30, 1976, inclusive.

Authority is requested at this time to award a contract, without public advertisement, to the following named company for the period from October 15, 1975, to June 30, 1976, inclusive:

Kemberly Foods, Inc., 5680 Allentown Boulevard, Harrisburg, Pennsylvania 17112.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

AUTOMOBILE BATTERIES

DEAR MR. MAYOR:

Invitation to bid on proposals for furnishing Automobile Batteries, Proposal 219, from September 1, 1975, to June 30, 1976, inclusive, was advertised in the

City Record. Subsequently, bids received were publicly opened and read in office on July 22, 1975.

Bids received on Item 3 are being rejected. The bid of Atlantic Battery Co., Inc., the lowest responsible eligible bidder, was irregular because bid was received at the Auditing Department.

Permission is requested to dispense with further advertising and award contract, without public advertisement for all remaining items to Atlantic Battery Co., Inc., at the prices submitted on the publicly opened bid.

The amount of the contract is not to exceed \$20,000, net 30 days.

Respectfully yours,
FRANK F. CHIN,
Purchasing Agent.

ANIMAL CONTROL COMMISSION

DOG OFFICERS SERVICES

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract for professional services to the Animal Rescue League of Boston, a charitable Massachusetts corporation, at the cost not to exceed \$463 per day, during the period from July 1, 1975, to July 1, 1976.

Under the proposed contract, the Animal Rescue League of Boston will perform all the duties required of dog officers in the City of Boston as set forth in chapter 140 of the General Laws.

In view of the professional and unique services to be rendered, in which the Animal Rescue League has had wide experience, it is my opinion that inviting proposals by advertisement would serve no useful purpose.

Sincerely,
JOHN J. REID,
Executive Secretary.

BUILDING DEPARTMENT

FIRE ESCAPES STUDY

DEAR MR. MAYOR:

Because of the collapse of the fire escape on Marlborough Street, and a subsequent survey of some typical fire escapes located throughout the city, I have decided to issue an order requiring the owner of buildings using exterior fire escapes as a secondary means of egress to submit a report to the Building Department testifying to the structural integrity of their fire escapes. The state building code clearly places this responsibility on the owner.

Before such an order is issued it is important to establish criteria for periodic certification of fire escape safety and program for maintenance.

I request your permission to enter into a contractual agreement between the City of Boston and Metcalf & Eddy, Inc., of Boston. This contract would oblige Metcalf & Eddy, Inc., to undertake a survey of various neighborhoods of the city for

purpose of selecting typical fire escapes for evaluation; undertake a preliminary sign analysis of typical fire escapes; develop criteria, forms, and guidelines for use in inspection of fire escapes; develop a series of tests to be conducted on selected fire escapes; and encompass the findings and recommendations in a written report, accompanied by pertinent exhibits, sketches, maps, and photographs. The total cost of the study will not exceed \$20,000 and will be funded by community development revenue sharing.

The selection process is such that public advertising would serve no useful purpose and I further request that this contract be awarded without advertising.

Very truly yours,

FRANCIS W. GENs,
Building Commissioner.

RAZING BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

127 Buttonwood Street, Ward 7.
Emergency bid was called in over the telephone by 3 P.M., Thursday, October 2, 1975, for the demolition of this building, ordered by Commissioner Francis W. Gen's. This building was fire gutted and a very unsafe and dangerous condition. Accordingly, in conformity with the provisions of chapter 802 Acts of 1972 as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic Wrecking, \$2,400; Napoli Wrecking, \$2,800; John J. Duane Wrecking, \$2,365; and Design Demolition, \$900.

John J. Duane Wrecking Co., Inc., 600 Southern Artery, Quincy, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it could be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to

severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter of a contract in the sum of \$2,365, to the John J. Duane Wrecking Company, Inc., 600 Southern Artery, Quincy, Mass.

Very truly yours,

FRANCIS W. GENs,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

15-15A Cranston Street, Ward 19.
Emergency telephone bid was called over the telephone by 3 P.M., Tuesday, October 7, 1975, for the demolition of this building ordered by Commissioner Francis W. Gen's. This building was fire gutted and in an unsafe and dangerous condition.

Accordingly, in conformity with the provisions of chapter 802 Acts of 1972 as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Design Demolition, \$6,800; Mystic Wrecking, \$4,875; Napoli Wrecking, \$5,800; Ups and Downs Wrecking, \$5,600.

Mystic Wrecking Company, Inc., 265 Carter Street, Chelsea, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility

for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the City Charter of a contract in the sum of \$4,875, to the Mystic Wrecking Company, Inc., 265 Carter Street, Chelsea, Mass.

Very truly yours,

FRANCIS W. GENs,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

200 West Seventh Street, Ward 7.
Emergency bid called in over the telephone by 3 P.M., October 21, 1975, for the demolition of this building, ordered by Acting Commissioner Leo F. Martin. This fire-gutted building is attached to No. 202 West Seventh Street, presenting a very dangerous and hazardous condition to the occupants.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the building or structure.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic Wrecking, \$3,385; Duane Corporation, \$5,500; Design Demolition, \$3,400; John A. Berardi Wrecking, \$2,222; Napoli Wrecking, \$2,480; Ups and Downs Wrecking, \$3,600.

BOARDING AND SECURING OF BUILDINGS
DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they

have taken no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

109 Devon Street, 22 Angell Street, Ward 11; 1284 Blue Hill Avenue, Ward 18.

Emergency bid called in over the telephone by 11 A.M., Friday, October 31, for the boarding and securing of these buildings to prevent further deterioration, ordered by Commissioner Francis W. Gens.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 121 thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure them.

Bidders were requested to submit an aggregate bid for the boarding and securing of these buildings or structures.

We have solicited invitation bids, and to be made to the lowest qualified bidder, and have received the following:

Donald Clancy & Sons, \$2,595; Tri Construction, \$2,765; Hub Construction, \$2,695; B. F. Associates, \$3,525.

Donald Clancy & Sons, 339 Dorchester Street, South Boston, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter of a contract in the sum of \$2,595, to Donald Clancy & Sons, 339 Dorchester Street, South Boston, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

COMMERCE AND MANPOWER

MANPOWER PROGRAMS

DEAR MR. MAYOR:

Under the Comprehensive Employment and Training Act (CETA), Title I permits the prime sponsor to establish programs of comprehensive manpower services, including recruitment, orientation, counseling, testing, placement, classroom instruction, institutional and on-the-job training, allowances for persons in training, supportive services, and transitional public employment jobs.

To accomplish this comprehensive approach to providing manpower programs, the Manpower Administration of the Office of Commerce and Manpower has contracted with sixteen agencies providing services through seventeen neighborhood employment centers, four assessment centers, and approximately fifty training program activities. Projected volumes in FY 76 for these levels of service delivery are 20,000 applications at the neighborhood employment centers, 8,000 vocational assessments at the assessment centers, 3,000 direct job placements and 2,500 individual enrollments in training programs.

To operate, coordinate, and evaluate this diverse system, the Manpower Administration, in conjunction with the Mayor's Office of Program Management and Evaluation, has designed an automated, cost-integrated management information system (MIS) to provide management planning, tracking, and reporting information. Specific details and features of the automated MIS were included in a request for proposals sent to fifteen well-known systems analysis firms who possessed the characteristics deemed appropriate for the design and operation of this system. Nine firms replied with a formal proposal, which were evaluated thoroughly for technical and cost elements.

The firm of Accudata, Inc. has been selected for the MIS project. It will be responsible for the detailed systems design, programming, implementation, and operation contracted at a cost not to exceed \$16,316, for the period from October 21, 1975, through June 30, 1976. The other eight bidders and their respective costs were:

A. V. Products, \$50,838; Processing Management, Inc., \$70,211; Action Data Company, Inc., \$77,173; Programs and Analysis, Inc., \$79,581; Interactive Sciences Corporation, \$81,398; Responsive Communication, Inc., \$85,000; Touche Ross and Company, \$117,530; Boston Systems Office, Inc., \$250,000.

The bid of Accudata, Inc. was the lowest and their technical skills, responsiveness to time requirements, quality of production, and reputation were judged equal or superior to those of the other eight bidders. Accordingly, Accudata, Inc. was selected for the development and production of the automated, cost-integrated MIS.

I, therefore, request that this contract be issued without public advertising. Funds for the operation and maintenance of the CETA, Title I management information system will be paid out of the CETA, Title I administrative budget and will not impact on the City of Boston budget.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

JOB PLACEMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Opportunities Industrialization Centers, a nonprofit corporation, located at, 181 Dudley Street, Roxbury, Mass., to provide a job placement program for substance abusers for a total cost not to exceed \$12,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P. L. 93-203. The effective date of operation for this contract will be from October 1, 1975, through September 30, 1976.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Due to the experience and success of opportunities industrialization centers in the operation of job placement, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Jewish Vocational Services Program, a nonprofit corporation, located at 20 Boylston Street, Boston, Mass., to provide a placement program for the elderly, for a total cost not to exceed \$50,000.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P. L. 93-203. The effective date of operation for this contract will be from November 1, 1975, through October 31, 1976.

Due to the experience and success of Jewish Vocational Services in this type of program for the elderly, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with writing proposals by public advertising in the *City Record*, and to award a contract to Xerox Corporation, 100 Charles River Plaza, Boston, Mass., for the supply and maintenance of a Xerox copying machine during the period July 1, 1975, to June 30, 1976, at a total cost not to exceed \$12,000.

Under the terms of the proposed contract, Xerox will deliver, install, and furnish the use of the copy machine for the Emergency Employment Act staff. The terms of the proposed contract will cover equipment and servicing.

Due to the fact that Xerox can provide services which are of a highly unique nature, and because of the quality of the machinery involved, it is in my opinion that no useful purpose will be served by publicly advertising for bids. The sole source of funding is derived from the Federal Comprehensive Employment and Training Act of 1973 with no financial assistance from the City of Boston.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

COMMUNITY DEVELOPMENT

RECREATION PROGRAM

DEAR MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter dated August 11, 1975, requesting permission to dispense with bidding and to award a contract in an amount not to exceed \$4,000, to the Mt. Pleasant Tot Lot Associates, an unincorporated association located at 61 Mt. Pleasant Avenue, Roxbury, Mass. The contract shall provide for the operation of a recreation program and payment will be made from the Community Development Block Grant.

Under the terms of the agreement, Mt. Pleasant Tot Lot Associates will conduct a comprehensive program of activities to include arts and crafts; reading instruction classes; birthday parties; and an Easter egg hunt. The period of performance, established as January 1, 1975, through June 30, 1975, in the original letter of award, is hereby amended to July 1, 1975, through December 31, 1975.

The city, through the former Model Cities program, has awarded a previous contract to Mt. Pleasant Tot Lot Associates for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between Mt. Pleasant Tot Lot Associates and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

MENTAL HEALTH PROGRAM

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$22,000, to the Affiliated Hospitals Center, d/b/a the Peter Bent Brigham Hospital, a nonprofit corporation, on behalf of the Brookside Park Family Life Center, located at 3297 Washington Street, Jamaica Plain, Mass., for the operation of a mental health program in conjunction with the Massachusetts Mental Health Center. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, the Brookside Park Family Life Center will conduct a comprehensive mental health program of activities to include individual, family and group therapy, psychiatric testing and counseling, and preventive mental health education for residents of the Jamaica Plain area. The period of performance shall be from October 16, 1975, through March 31, 1976.

The city, through the former Model City Administration, has awarded previous contracts to Brookside Park Family Life Center for the provision of similar services as those proposed. In the interest of continuity of service delivery, I recom-

mend that the relationship between Brookside Park Family Life Center and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and award a contract in an amount not to exceed \$36,000 to the Trustees of Health and Hospitals of the City of Boston, Inc., on behalf of the Charles Drew Family Life Center, located at 12 Bicknell Street, Dorchester, Mass., for the operation of a mental health program. The Trustees of Health and Hospitals of the City of Boston, Inc., is a nonprofit corporation that serves as the fiscal intermediary for the Charles Drew Family Life Center. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Charles Drew Family Life Center will conduct a comprehensive mental health program of activities to include individual and group therapy, psychiatric testing and counseling, and preventive mental health education for residents of the North Dorchester area. The period of performance shall be from July 1, 1975, through March 31, 1976.

The city, through the former Model City Administration has awarded previous contracts to the Trustees of Health and Hospitals of the City of Boston, Inc. on behalf of the Charles Drew Family Life Center, for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between the Charles Drew Family Life Center and the city be maintained at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

HEALTH AND HOSPITALS DEPARTMENT

LEASING DATA EQUIPMENT

DEAR MR. MAYOR:

At a meeting of the Board of Health and Hospitals held on September 11, 1975, it was voted to enter into a contract without advertising, with Digital Equipment Corporation, 146 Main Street, Maynard, MA 01754, for the lease of a DEC System-10 clinical/laboratory data acquisition and processing system for the major laboratories and clinical areas of the Department of Health and Hospitals. The term of this agreement is five (5) years pursuant to General Law chapter 40, section 4, as amended, co-

encing on April 1, 1976, and continuing for a sixty (60)-month period ending on March 31, 1981. The total cost of was se agreement for the five (5)-year-term, exclusive of maintenance, is an amount t to exceed \$460,200.

The lease contract requires that equipment maintenance is to be provided under separate contract with the vendor at a monthly cost of \$2,360.

An invitation for bids for the lease or purchase of a computer-based clinical laboratory system for the Department of Health and Hospitals was advertised in the *City Record*, the *Boston Globe* and the *Bay State Banner*. A thorough analysis by both hospital personnel and independent consultants of the department's needs, with respect to computerization of the clinical laboratories, resulted in a set of original functional specifications for such a system. These specifications were made a part of the bid information provided each prospective bidder.

Because of the complexity of such a system, it was realized that no two bidders could bid on an identical system. The bidding specifications, therefore, were drafted to require the bidders to delineate precisely, and with associated details, in which ways their proposed system differed from the original minimal specifications. In addition, because of the usual practice in acquiring computerized systems, bidders were invited to submit alternative plans for financing. Moreover, because of the hospital's needs, the complexity of the systems in question, and the long-term value of any resulting contractual relationship, it was made clear to all bidders that the evaluation of the bid proposals would be based not only on price, but also on considerations of the quality and performance of the systems presented.

In addition to the above, the bid specifications were drafted to provide the Department of Health and Hospitals with a range of possible candidates including varied approaches. These approaches include: specific "turnkey" systems; remote time-sharing services; general purpose data acquisition and processing systems.

All major vendors of clinical laboratory data processing systems which were sought to be possible candidates were notified by telephone of the advertisement. Univac, Burroughs, Shared Medical Systems, and Singer expressed no interest. Seven firms received the bid package.

The following bids were received for turnkey systems as a result of the advertisement:

B-D Spear Medical Systems, Inc., purchase, \$299,856.07; monthly lease, \$1,080; monthly maintenance, \$1,575.

Honeywell Information Systems, Inc., purchase, \$291,791; monthly lease, \$7,169; monthly maintenance, \$1,957.

Interpretive Data Systems, Inc., purchase, \$197,037; monthly lease, not offered; monthly maintenance, \$2,625.

Medical Information Technology, Inc., purchase, \$216,570; monthly lease, \$6,661; monthly maintenance, \$2,612.

The bids from Interpretive Data Systems, Inc. and Medical Information Technology, Inc. were contractually non-responsive.

The following late bid was received for a turnkey system:

Laboratory Computing, Inc., purchase, \$317,050; monthly lease, not offered; monthly maintenance, nonresponsive.

The following bid was received for remote time-sharing service:

Medical Information Technology, Inc., purchase, not offered; monthly lease, \$11,013; monthly maintenance, not applicable.

This bid was contractually non-responsive.

The following late bid was received for a general purpose data acquisition and processing system:

Digital Equipment Corporation, purchase, \$332,000; monthly lease, \$7,670; monthly maintenance, \$2,360.

All proposals submitted, including those contractually nonresponsive and/or late, were thoroughly considered and evaluated.

The turnkey system approach was eliminated because none of the configurations proposed would provide the Department of Health and Hospitals with the capacity to handle the processing requirements of all four major laboratories in the department (biochemistry, hematology, microbiology, pathology) and allow for growth requirements in other clinical areas.

The time-sharing service proposal was eliminated because of its high cost and lack of operational feasibility in multiple laboratory and clinical areas within the department.

The general purpose data acquisition and processing system proposal by the Digital Equipment Corporation (DEC) was selected because it was the only system proposed with the capacity to handle the data requirements of all four major laboratories of the department. The DEC System 10 incorporated a number of distinct and necessary advantages which the other systems did not provide, including supporting a larger number of simultaneous users without operational degradation, the largest amount of disk storage capacity, complete operational software, and language compilers which could provide the department with the capability to support other clinical applications.

The following summarizes, by category, all bid proposals received, giving conservative and anticipated estimates of savings to the Department of Health and Hospitals:

Turn-key Systems:

Purchase Price: Honeywell, \$291,791; B-D Spear, \$299,856; Meditech, \$216,570; Interpretive Data Systems, \$197,037; Laboratory Computing, \$317,050.

Annual Lease: Honeywell, \$86,028; B-D Spear, \$72,960; Meditech, \$79,963; Interpretive Data Systems, not offered; Laboratory Computing, not offered.

Annual Maintenance: Honeywell, \$23,481; B-D Spear, \$15,900; Meditech,

\$31,701; Interpretive Data Systems, \$31,500; Laboratory Computing, no response.

Annual expense: Honeywell, \$109,512; B-D Spear, \$88,860; Meditech, \$111,672; Interpretive Data Systems, N/A; Laboratory Computing, no response.

Annual net savings, conservative/anticipated: Honeywell, \$86,544, \$267,544; B-D Spear, \$107,196, \$288,196; Meditech, \$81,381, \$265,381; Interpretive Data Systems, n/a, n/a; Laboratory Computing, n/a, n/a.

Remote Time-Sharing Service:

Meditech, purchase price, n/a; annual lease, \$132,156; Annual maintenance, n/a; annual expense, \$132,156; annual net savings, conservative/anticipated, \$63,900, \$241,900.

General Purpose System:

Digital, purchase price, \$332,000; annual lease, \$92,040; annual maintenance, \$28,320; annual expense, \$120,360; annual net savings, conservative/anticipated, \$75,696, \$256,696.

In view of the above, and because the net savings to the city are expected to exceed \$75,000 per annum, your Honor's permission is respectfully requested to reject all bids and to award this contract to Digital Equipment Corporation, without advertising, under the terms and conditions stated above.

Sincerely,
FRANCIS E. GUINEY,
Executive Director.

SNOW REMOVAL AND PLOWING

DEAR MR. MAYOR:

Invitation bids for furnishing all labor and equipment necessary for plowing, plowing and removal of snow from various areas in and around Boston City Hospital (Main Complex), and Long Island Chronic Disease Division (Boston Harbor), during the Winter 1975-76, were advertised in the *City Record* on September 15, 1975.

Bids were publicly opened and read aloud on Wednesday, October 1, 1975, at the office of the Deputy Commissioner, Hospitals and Health Facilities, Boston City Hospital, Administration Building, Room 507, 818 Harrison Avenue, Boston, Mass., at 12 o'clock noon, Eastern Daylight Time. Although five bid books were taken out by contractors, only one was filed:

John J. Botti Co., Inc., 1050 Adams Street, Dorchester, Mass.

This contract is bid on a "Force Account" basis, with the total price not to exceed \$12,000. It is vital to the welfare of the patients to have immediate removal of snow after each storm. The plowing and removal of snow from the hospital areas differs measurably from normal plowing, in that it can be done only as access is arranged. In the past, the John J. Botti Co., Inc., has performed the work to the complete satisfaction of the Hospital Department.

As readvertising for these crucial services would not be in the public interest, I therefore respectfully request your Honor's written authorization to enter

into a contract of not to exceed \$12,000, with John J. Botti Co., Inc., 1050 Adams Street, Dorchester, Mass., for Snow Removal Services as outlined above.

FRANCIS E. GUINEY,
Executive Director.

PROFESSIONAL SERVICES

DEAR MR. MAYOR:

I respectfully request for, and on behalf of, the Board of Health and Hospitals, and in conformity with its vote at the meeting of September 11, 1975, your Honor's written permission to dispense with a public solicitation for proposals in the *City Record*, and to award a contract to John Guarino, A.I.A., with offices at 2 Lexington Street, East Boston, Mass., for the preparation of the plans and specifications and for the supervision of alteration and rehabilitation of Malcolm E. Nichols Building, Long Island Hospital, Boston (Harbor), at a total estimated construction cost of \$1,500,000.

The architect's fee, based upon an estimated construction cost of \$1,500,000, shall be at 10 percent of said estimated construction cost, resulting in an architect's fee of \$150,000, plus a sum of not to exceed \$16,000, for reimbursement for salaries and fees attendant to retaining the services of a clerk-of-works.

It is the opinion of the Board of Health and Hospitals, since the proposed contract entails the performance of professional and very technical services, that a public solicitation for proposals for these services would be of no avail to the City of Boston.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HEALTH CARE SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston, held on October 7, 1975, it was voted and approved to enter into a contract with Greater Roslindale Health Organization, Inc., a Massachusetts nonprofit corporation with offices at 8 Cummins Highway, Boston, Mass., and thereby make a grant to the Roslindale Health Center, 8 Cummins Highway, Boston, Mass., during the period commencing October 1, 1975, through June 30, 1976, under the City of Boston Matching Grants Program. The amount of this grant/contract shall be \$22,500, and its purpose is to financially assist the said health center in providing comprehensive community health care services within its district of the city under the City of Boston Matching Grants Program.

Grantee Corporation: Greater Roslindale Health Organization, Inc.; Community Health Center: Roslindale Health Center, Boston, Mass.; amount of grant: \$22,500.

It is also the purpose of this grant to enable hospitals to carry on the responsibility placed upon them by the City of Boston Primary Health Care Districting Plan.

Under the said Matching Grants Program the city's contribution of \$22,500, will be at least matched by a sum contributed by voluntary hospitals in or near this particular neighborhood — in this case the Faulkner Hospital, Carney Hospital, Boston Hospital for Women, St. Margaret's Hospital, and St. Elizabeth's Hospital.

Therefore, inasmuch as this contract is of a personal and professional nature, and inasmuch as the said corporation is specially suited by its experience and expertise to provide this health care service, your Honor's permission is hereby respectfully requested to award this contract, without advertising, under the terms and conditions stated above.

Thank you very much.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HOUSING INSPECTION DEPARTMENT

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of approximately 350 square feet of space in the building located at 628 East Fifth Street, South Boston, and to enter into a lease with South Boston Management Corporation, for this space. The premises are needed by this department as a local office in connection with the new Housing Improvement Program.

The proposed lease is for a term of five and one-half months — October 15, 1975, to March 31, 1976 — with two consecutive options on the part of the city to extend the term for an additional six months. The proposed rental fee is \$225 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT

LEGAL ASSISTANCE

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by advertisement in the *City Record*, in awarding to the Boston Foundation, Inc., a Massachusetts nonprofit corporation, a contract for the development and implementation of a comprehensive legal assistance program at the Suffolk County House of Correction at Deer Island.

Under the terms of the proposed agreement the Boston Foundation, Inc., will employ the services of a full-time legal advisor for the inmates at the House of Correction. Said advisor shall develop a

comprehensive program designed to assist the inmates with a broad range of problems.

The cost to the city will not exceed \$36,000. The contract will be for the period July 1, 1975, to June 30, 1976.

In view of the nature of the professional services to be rendered, and the need for such services, it is my opinion that public advertising would serve no useful purpose and that award of this contract will be the best interest of the City of Boston.

Respectfully,
WILLIAM W. NICKERSON,
Commissioner.

POLICE DEPARTMENT

DEAR MAYOR WHITE:

I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to McBer, Inc., of 137 Newbury Street, Boston, in an amount not to exceed \$6,000 for the period of November 15, 1975, through December 31, 1975.

The purpose of this contract is to conduct a task analysis for the positions of police captain and lieutenant, with the final product being a completed job description that more accurately reflects the present duties of those positions. This represents the first step in the new motivational system currently being developed by the department in conjunction with the Massachusetts Division of Personnel Administration.

On October 2, 1975, the Division of Personnel Administration authorized the department to begin work on the selection process for the positions of captain and lieutenant. Subsequently the department prepared a request for proposal relating to the task analysis and job description for these positions. The request for proposal was sent to nine firms inviting their response. Four of the nine firms prepared proposals and submitted them to the department.

The four proposals were reviewed by members of the command staff and a representative of the Division of Personnel Administration. On the basis of this review it was felt that the McBer proposal presented a superior effort for the amount of money involved.

Therefore, because of the unique services required to perform this contract and in light of the selection procedure outlined above, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for Police Department purposes. This is a further delegation of power from the

mission to the Director to execute the lease upon receipt of said written authority from the Mayor of Boston. The premises to be leased consist of three contiguous parcels of land, comprising a total of approximately 82,000 square feet on the easterly side of Albany Street, under the viaduct of the Southeast Expressway. Said premises are to be used by the Police Department for the parking and storage of vehicles towed by said department in its towing program. The term of the lease will begin July 1, 1975, and terminate June 30, 1976. The city has the options upon expiration of the initial term to renew this lease for consecutive one-year periods, said options running ten years. The rent payable shall be at the rate of \$1,200 monthly, with the total for the term not to exceed \$14,400. Since these facilities are both adequate and convenient, it is not felt that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

HONORABLE MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department purposes. There is no further delegation of power from the Commission to the Director to execute the lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston. The demised premises consist of educational facilities of the lessor, located at Columbus Avenue, Boston, Mass. The term of the lease will be from August 1, 1975, to the date on which the demised premises are taken in fee by the tenant domain. The rental will be based upon the figure of \$6 per square foot for the approximately 125,000 square feet of space available in the building, or \$62,500, on a monthly basis. Since these facilities are both adequate and convenient, as well as being in compliance with Judge Garrity's court order concerning the premises, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

—
HONORABLE MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for the Department of the Mayor-Rent Board purposes. There is a further delegation of power from the Commission to

the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston. This lease actually is our renewal of a lease expiring June 30, 1975 for the same occupant. However, due to a change in ownership of the building it was felt best to issue a new lease rather than the usual extension.

The demised premises consist of approximately 10,182 square feet on the second floor of the building known and numbered as 18 Tremont Street, Boston.

The term of the lease will be twelve months beginning July 1, 1975, and terminating June 30, 1976. The lessor however grants the lessee options to renew for four consecutive twelve-month terms.

The rental for the term will be \$61,092, paid in twelve equal monthly installments of \$5,091.

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

ARCHITECTS SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on September 11, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Dix McDill, Campbell and Robert J. Searson, Jr., a Massachusetts partnership, architects, d/b/a Campbell and Searson, of 110 Coolidge Hill Road, Watertown, Mass.

Under the terms of the contract, Campbell and Searson will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings, and detailed specifications for, and supervise the construction of, improvements to the Back Bay Fens, at a cost for such services of 6.808 percent (A.I.A. 1967 A rate) of the presently estimated cost of construction of \$596,000, the cost of the now-proposed services not to exceed \$78,075 (including \$37,500 supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

FEASIBILITY STUDY

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on September 11, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to The Boston Partnership, Incorporated, a Massachusetts corporation, of 35 Saratoga Street, East Boston, Mass.

Under the terms of the contract, The Boston Partnership, Incorporated, will perform a feasibility study for converting the Sullivan Square MBTA station into a municipal sports center, at a cost for such services (payable at rates to be set forth in, and further defined by, the proposed contract) not to exceed \$17,000 (including \$2,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

PLANNING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to The Planning Services Group, Inc., a Massachusetts corporation, with offices at 56 Boylston Street, Cambridge, Mass.

Under the terms of the contract, Planning Services Group will develop an action program for the revitalization of the Cleary Square, Hyde Park neighborhood shopping area, during the period from August 1, 1975, to November 30, 1975, at a cost for such services (as further authorized in and defined by the contract) not to exceed \$15,500.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 2, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Schoenfeld Associates, Incorporated, a Massachusetts corporation, Engineers, of 210 South Street, Boston.

Under the terms of the contract Schoenfeld Associates will prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications, for improvements to parks and squares at four sites in the City of Boston, at a cost for such services of 7.133 percent (1967 A.I.A. "A" rate) of the presently estimated cost of construction of \$343,671, the cost of the now proposed services not to exceed \$36,703 (including \$12,000 in supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

BURGLAR ALARM PROTECTION

DEAR MR. MAYOR:

I hereby request your written permission to dispense with public advertising and award to the American District Telegraph Company, 11 North Avenue, Burlington, a contract to provide burglar alarm protection to five buildings under the control of the Public Works Department.

The cost of the contract would not exceed \$5,500, for the period of July 1, 1975, to June 30, 1976.

The five buildings mentioned have been under the protection of the American District Telegraph Company for a number of years and the service they have provided has proven to be most beneficial to this department.

Whereas the buildings are equipped with their sophisticated alarm systems, and the cost of this contract is minute when measured against the cost of hiring watchmen and guards to protect these buildings, it is in the best interest of the city to award the contract without public advertising.

Respectfully yours,

JOSEPH F. CASAZZA,
Commissioner.

REAL PROPERTY DEPARTMENT

BUILDING DEMOLITION

DEAR MR. MAYOR:

The following building has been condemned by the Building Commissioner as being in an unsafe and dangerous condition. The building is a menace to the neighborhood. The location follows:

38 Woodbine Street, Ward 12.

Accordingly, in conformity with the provisions of chapter 179, Acts of 1938, as amended, particularly section 116 (d) thereof, and with an agreement between the Building Commissioner and Real Property Commissioner, I have asked and have received the following:

RENT CONTROL ADMINISTRATION

COMPUTER SYSTEM SERVICES

DEAR MAYOR WHITE,

I respectfully request your approval of the award, without advertising, of a contract to the Julian R. McDermott Corporation for services during the period beginning July 1, 1975, and ending June 30, 1976.

1. To continue operation of the system of forms, procedures, and programs for record-keeping by computer to serve the needs of the administration in the areas of registration, rent adjustment, evictions, and management; and providing for property status information, automated correspondence, actions monitoring, statistical management information, statistical rent and expense guidelines, and computer data retrieval.

2. To maintain the computer programs required to generate documents and reports for the above system including the Registration Log, the Eviction Docket Report, the Rent Adjustment Docket Report, mailing labels, and computer printed notices.

3. To provide keypunching, computer operation, equipment rental, and supplies of forms as required to accomplish regular production of the various documents and reports.

4. To train Rent Control personnel in procedures for feeding information to the computer system, requesting reports, and utilizing the computer output; and to monitor office activity in this regard.

5. To originate such new forms, computer programs and procedures as may be required for the production of new reports or analyses, and to provide the above ancillary services for production of these reports.

The total cost for these services will not exceed \$72,000.

Inasmuch as Mr. McDermott and members of the above firm have worked intensively with the Boston Rent Control Administration since 1973, and are thoroughly familiar with the problems of record-keeping for Boston Real Estate; and since they are expert in the data processing area and offer a competence in real estate and economics, as well; and since the hourly rates of payment proposed are substantially below prevailing published rates for similar services, public advertising would serve no useful purpose, and in the best interests of the city, I recommend approval of this request.

Respectfully submitted,
WILLIAM B. EDGERTON,
Administrator.

SCHOOL DEPARTMENT

COORDINATOR SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Mrs. Shirley Lalime, 6 Eric

Road, Allston, Mass. 02134, during the period September 1, through November 30, 1975 (sixty working days), at a cost not to exceed \$2,318.10.

The contractor shall perform such duties as attending all Advisory Council meetings; attending community meetings such as Police-Community Relations Board, Allston Civic Association, Oak Square Civic Association, APAC, and Inter-Agency Council; meeting with local institutions and individuals to assist in local dissemination; submitting written monthly reports to District Superintendent, Area 1; acting as liaison between public and parochial schools in planning and implementation of mutual programs (particularly areas of multi-ethnic curriculum, bicentennial planning, substance abuse programs, and rumor verification); assisting in implementation of programs initiated by the Advisory Council; and coordinating all efforts for funding.

Mrs. Lalime has been crisis prevention and intervention community coordinator for the Allston-Brighton District from the period of January, 1971, through August, 1975. To maintain continuity in community coordination, her services are recommended. Her qualifications for the assignment are highly satisfactory.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Sincerely,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Sister Elizabeth Carroll, for the position of program coordinator for the Archdiocese of Boston, during the period of October 1, 1975, through June 29, 1976, at a cost of \$12,000.

The contractor shall represent the interests of the ESAA project in the pertinent parochial schools of the Archdiocese of Boston. She will work closely with component directors to ensure that provision is made for the distribution of program services to the appropriate schools in accordance with needs. The contractor will conduct informal evaluations of the ongoing programs. She will prepare publicity releases through the Catholic Office of Education, describing successful ESAA programs in parochial (and public) schools, and will perform special administrative tasks as directed by the project manager of ESAA.

Because of the need to initiate the program during the present academic year, and because of the prior work experience in both public and parochial school educational programs, and comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the Boston School Committee, and upon the recommendation of the Superintendent and the Board of Superintendents, I request your authorization to award a contract, without public advertising, to Dr. Michael J. Savage, for the implementation of the Evaluation Component of the Emergency School Aid Act Project, during the period November 1, 1975, through June 29, 1976, at a cost not to exceed \$17,132.

Dr. Savage shall be responsible for the implementation of the ESAA Evaluation Component, supervision of the Evaluation staff, and utilization of resources in accordance with city and federal rules and regulations.

Because of the need to initiate the program during the present academic year and the unexpected resignation of Dr. Stephen C. McKinney as the ESAA evaluation component coordinator, effective November 1, 1975, the School Committee believes that the public interest would not be served by a time-consuming process of public bidding for this position. Moreover, inspection of Dr. Savage's resume in light of the job description and responsibilities in question, reveals that he is most qualified for this position and can be reasonably expected to serve the citizens of Boston quite satisfactorily.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under the grant from Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

GUIDANCE SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Mary F. Spruill, for the implementation of guidance and counseling services, during the period of September 1, 1975, through June 29, 1976, at a cost not to exceed \$10,500.

The contractor shall provide administrative and personnel assistance to the component director. The contractor will assist in the supervision of clerical aides and paraprofessional career educators. She will assist in the development, im-

plementation, and evaluation of workshop activities for paraprofessional career educators. The contractor will also assist in the recruitment of supportive personnel and perform special administrative tasks as directed by the component director.

Because of the need to initiate the program during the present academic year, and because of the prior work experience in administrative duties, comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act Grant No. G301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ZOOLOGY CLASSES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Museum of Comparative Zoology (The President and Fellows of Harvard College), for fourteen weeks during the period September 15, 1975, through December 20, 1975, at a cost not to exceed \$20,000.

The contractor shall: (1) teach live classes of twenty-five students from the Donald McKay and Martin Luther King Magnet schools an eight-week museum course on animals and their origins at the education center of the Museum of Comparative Zoology (teacher training for this program, student materials, and student transportation provided for in the cost of the program); and (2) provide weekly display material in both schools and auditorium and other in-school programs as requested.

Because of the professional nature of the services to be provided under this contract, and the unique facilities, exhibits, and collections available at the Museum of Comparative Zoology, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8.

Very truly yours,
EDWARD J. WINTER,
Secretary.

THEATER TECHNIQUES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Theater Workshop Boston, for a six-

teen-week period to start October 1, 1975, and end February 27, 1976, at a cost not to exceed \$15,000.

The contractor shall train teachers parents in Theater Workshop Boston techniques, and then work with teachers and parents in the classroom implementing these techniques with the children. The contractor will conduct planning sessions for four hours and training sessions twelve hours prior to classroom work.

Because of the professional nature of the services to be provided under contract, and the expertise and preparation of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8.

Very truly yours,
EDWARD J. WINTER,
Secretary.

WILDLIFE COURSES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Boston Zoological Society, for fourteen weeks during the period September 17, 1975, through December 21, 1975, at a cost not to exceed \$20,000.

The contractor shall: (1) provide zoomobile presentations at each school; (2) provide two zoo staff days in each school each week; (3) teach ten classes of twenty-five students the eight-week Wildlife Education Course at the Franklin Park Zoo. Teacher training for this program, student materials, and student transportation are included in the cost of the program.

Because of the professional nature of the services to be provided under this contract and the unique facilities, exhibits, and collections available at the Franklin Park Zoo, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TRANSPORTATION STUDY

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Museum of Transportation for "The Moving Game," for thirteen

ks, during the period September 22, 1975, through December 26, 1975, at the not to exceed \$23,300.

The contractor shall involve eighty high-grade students from the Martin Luther King, Jr., Middle School, in groups of twenty for ten days per group at the Museum of Transportation. The museum will provide access to the museum collection, maps, and workshop materials; program sessions and provide staff transportation for the students' location of the Boston area. The museum staff will also work with the pool teachers to integrate this program into the ongoing curricula.

Because of the special nature of services provided by the museum under this contract, including special staff training and program development, as well as the unique museum collection of transportation vehicles and artifacts, it is the determination of the School Committee that public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant in chapter 636, section 8.

Very truly yours,

EDWARD J. WINTER,
Secretary.

PLUMBING REPAIRS

DEAR MR. MAYOR:

Early August, vandals broke into the John Winthrop School, 35 Brookford Avenue, Roxbury, Mass., and caused considerable damage to the plumbing system. In an effort to have this work completed by the opening of school in September, I solicited invited bids from live contractors for plumbing repairs. The bids received were as follows:

D. & F Plumbing Company, \$3,888, plus additional allowance, \$1,700, total bid, \$5,588; Gus Sergi Company, \$1,165, plus additional allowance, \$1,700, total bid, \$2,865; John W. Graham, \$1,300, plus additional allowance, \$1,700, total bid, \$3,000; E. Marchant Company, \$1,908, plus additional allowance, \$1,700, total bid, \$3,608; Consolidated, Inc., \$1,989, plus additional allowance, \$1,700, total bid, \$3,689.

After the bids were opened and read, vandals again broke into the building and caused additional damage to the plumbing and heating systems. An allowance of \$100 was made for this additional damage.

Judge Arthur Garrity granted permission to award, without publicly advertising, certain work in schools which had to be completed prior to the opening of school in September. The John Winthrop School is one of the schools so designated.

I, therefore, request your approval of my action in awarding a contract to the D. & F Plumbing Company, 375 Centre Street, Jamaica Plain, Mass., in an amount not to exceed \$8,588.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

Judge Arthur Garrity has granted permission to award, without publicly advertising, contracts for particular work in certain schools which must be substantially completed prior to the opening of school in September.

I, therefore, solicited invited bids from four contractors for the new girls' shower and toilet room areas at the Boston Trade School, 550 Parker Street, Roxbury, Mass., which were publicly opened and read on October 16, 1975.

The bids received were as follows:

J. McCusker, \$7,450; D. & F Plumbing Company, \$8,250; Consolidated, Inc., \$8,300; J. T. Walsh, \$11,826.

I, therefore, request your approval of my action in awarding a contract to the J. McCusker, 1601 Washington Street, Roslindale, Mass., in the amount of \$7,450.

Respectfully yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

ADDITIONAL CLASSROOMS

DEAR MR. MAYOR:

At a hearing held before Judge W. Arthur Garrity approximately two weeks ago, he requested that the Boston School Department act as quickly as possible to relieve the overcrowding in the cosmetology rooms at the Occupational Resource Center, located in the Jefferson School, Heath Street, Roxbury.

Presently there are two cosmetology rooms to service some 200 students enrolled in this program, whereas four rooms are necessary.

In order to expedite the purchase of equipment, invitation bids were solicited from three reputable dealers of cosmetology equipment and the prices received were as follows:

M & M Interiors, Boston, \$9,958; The Cam Sales and Service Company, Newton, \$10,765.12; R. G. Shakoue Company, Boston Turnpike, Westboro, no bid received.

The equipment desired can be delivered within thirty days by the low bidder.

In order to satisfy the wishes of the court, I request your approval of my action in awarding a contract to M & M Interiors of Boston, Mass., in the amount of \$9,958.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

BILINGUAL CONSULTANT

DEAR MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Robert Stanley Sterling-Smith, Ph.D., for the implementation of bilingual consultant services, during the period of October, 1975, through June, 1976, at a cost not to exceed \$3,000.

The contractor shall provide upgraded training for all ESAA bilingual direct service staff which includes guidance

advisors, community field coordinators, and health aides. The contractor will also provide training in intergroup relations and on the differences and the similarities of cross-cultural/ethnic interactions.

Because of the need to initiate the program during the present academic year, and because of the teaching and counseling experience of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Boston University for a bilingual teacher-training program, for the period September 1975, through June 1976, at a cost not to exceed \$157,500.

The contractor shall provide a bilingual teacher-training program for the staff of the Boston public schools. Boston University will offer a series of degree granting programs for certification bachelor's and master's degrees. This contract with the Boston public schools provides for 15 traineeships in bilingual education as awarded by the U. S. Office of Education.

Because Boston University has had extensive experience in the field of bilingual education and because of the wide variety of courses and programs which the staff of the university can provide, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without appropriation under the provisions of G.L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Title VII, Office of Education, Washington, D.C.

Very truly yours,

EDWARD J. WINTER,
Secretary.

CAREER SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Ralph W. Clampitt, for the implementation of new educational programs for nondiscriminatory career awareness, career exploration, and career training in the Boston public school system, during the period of September 1, 1975, through June 29, 1976, at a cost not to exceed \$20,000.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

The contractor's activities shall include supervision of all ESAA vocational remedy staff, performance of necessary liaison functions between ESAA and other school personnel, schedule and management of activities required to meet component objectives, management of the resources allocated to the component, including staff, professional consultants, and contracts, and to provide reports and other information.

Because of the need to initiate the program during the present academic year and because of prior knowledge and expertise of ESAA activities, program, and function, and through ongoing experience in the vocational remedy component, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

SPECIAL TEACHERS TRAINING

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Boston State College, to serve as consultant, at a cost not to exceed \$27,000, during the period September 1, 1975, to June 30, 1976.

Boston State College will provide twelve semester hours of graduate work toward certification as generic special teachers to thirty Boston teachers from District V, Dorchester, during the 1975-76 school year. The courses and practicum will be one-half of a two-year, twenty-four-hour sequence, and will be provided in accordance with *Regulations for Interim Approval of Professional Personnel for Special Education, Generic Special Teachers of School-Aged Children with Mild Special Needs*, as adopted by the Massachusetts Department of Education, January 28, 1975.

We feel success with this unique program is assured because of the successful experience of the pairing of Boston State College with District V, and it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without appropriation under the provisions of pertinent laws and is to be made subject to the receipt of funds under grant from Title III, Office of Education, Washington, D.C.

Very truly yours,

EDWARD J. WINTER,
Secretary.

ACCOUNTING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization of the award of a contract, without public advertising, to Mary J. Oscielowski, for accounting services, during the period of September 1, 1975, through June 29, 1976, at a cost not to exceed \$10,500.

The contractor shall process all Boston public schools' requisitions, invoices, petty cash vouchers, and payrolls; maintain an individualized line item account for each ESAA expenditure and encumbrance; maintain files of background information for each account, invoice receipt, payroll, and stipend which is submitted for payment; and prepare monthly financial reports detailing total line item expenditure and encumbrance for all ESAA funds.

Because of the need to initiate the program during the present academic year, and because of prior knowledge and expertise of ESAA activities, program, and function, and through ongoing experience in both the crisis prevention and management components, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

STRUCTURAL AND ELECTRICAL REPAIRS

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract, without advertising, to Joseph Intingaro Associates, 98 Tremont Street, Melrose, Mass., to prepare plans and specifications for complete repairs and alterations of the structure and electrical system in that wing of the William Lloyd Garrison School, 20 Hutchings Street, Roxbury, Mass., that recently was severely damaged by fire.

The engineer's basic fee, while prompted by, but not subject to, the "B" rate of the Massachusetts Association of Architects 1970 recommended schedule, is to be negotiated at a flat 11 percent of the estimated cost of the work, but in no case shall exceed the sum of \$20,900.

There are to be no supplementary services or supervision.

Since the proposed contract is to be one for the performance of professional services, it is my view that a public solicitation of bids would serve no useful purpose.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

ELEVATOR MAINTENANCE

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract to the Consolidated

Elevator Company, 19 Melcher St., Boston, Mass., for maintenance of two escalators and three elevators, in amount of \$4,399.00 per month for months of November and December, 1975.

This contract is based upon the monthly payment between the Boston School Department and the Consolidated Elevator Company which was in effect during the months of April, May, June, 1975, for the maintenance of equipment listed above.

Your approval of this two-month contract will give the Boston School Department time to evaluate the bids which were received via public advertising to determine whether the low bidder in fact acquire the necessary stock replacement parts necessary for proper function of the equipment.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

HEALTH OCCUPATIONS PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Frank A. Laquid Jr., for the implementation of an allied health occupations program, during the period January, 1975, through January, 1976, at a cost not to exceed \$9,415.

The contractor shall provide an experienced allied health occupations program secondary students at the Occupational Resource Center; review funded proposals; develop curriculum outline; consult with outside agencies; make a list of equipment, books, and supplies; submit recommendations for approval and/or revisions; prepare recruitment and screening of students; instruct students in program; prepare weekly reports, recommending possible changes; meet with faculty senate, coordinator, and director to discuss progress of program; evaluate success of program; develop placement procedures; and directly assist in placing students in the world of work.

Because of the need to initiate the program during the present academic school year, and because of our difficulty in obtaining a qualified person to direct and teach the exploring allied health occupations program at a salary which is the starting wage of a teacher in Boston public schools, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 11, s. 53A, and is made under a grant from Vocational Education Act of 1963, Grant No. D-13974.

Very truly yours,

EDWARD J. WINTER,
Secretary.

HEARING PATHOLOGIST

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Duley Boehle, for services as a language/speech pathologist at the Horace Mann School for the Deaf, during the period of September 2, 1975, through June 30, 1976, at a cost not to exceed \$13,460.

The contractor shall perform speech and language assessments of all Horace Mann students, of all new admissions, and of other Boston hearing-impaired children referred to the Horace Mann Evaluation Unit. She shall consult with and advise teachers relative to special instruction in language and speech. She shall participate in staffings and in-service courses.

Because of the professional nature of the services to be provided under this contract, and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

ADMINISTRATIVE SECRETARY

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Robin Leatherwood, for services as administrative assistant secretary to the Evaluation Unit of the Horace Mann School for the Deaf, during the period of September 2, 1975, through June 30, 1976, at a cost not to exceed \$8,500.

The contractor shall coordinate all clerical and procedural tasks as required by the administrator of the unit; shall be responsible for parent and agency contacts, appointments, and schedules; typewriting of reports, correspondence, filing; and related office procedures.

Because of the professional nature of the services to be performed under the contract, and of the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

LIAISON CONSULTANT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Mr. Richard H. Murch of 20

Weeks Avenue, Roslindale, Mass. 02131, for the Title E.S.E.A. Community Relations Department as a consultant funded by H.E.W., Title I, E.S.E.A.

This contract to extend from September 1, 1975, through June 30, 1976, at a cost not to exceed \$17,290.

The contractor shall act as a liaison between the Community Relations Department and the Parent Advisory Council. He will be a liaison between the Title I Department, schools, and parents. He will maintain a daily log of activities to be submitted to the assistant director in charge. The advisor will also submit a monthly report to the office of the Superintendent of Schools, detailing his monthly activities. The community relations advisor will provide orientation and training to the local, district, and city-wide PAC in parliamentary procedures, and he also will be available to provide guidance to all groups in the interpretation of their role as members of a parent advisory council. The advisor will provide assistance in the interpretation of all federal and state guidelines.

The contractor has business experience as a news reporter for the *Record American*, from 1954, through 1963; educational experience, teacher in Boston public schools 1963, 1964, and 1965; community relations experience; consultant to the Community Relations Department, Title I, 1971 to present; administrative assistant to Boston School Committee during 1970-1971; guidance supervisor at Massachusetts Half-Way House, Inc., Boston, Mass., from 1966, through 1968; manager in Department of Adult Education and Recreational Activities for the South End from 1970, through the present; instructor, Boston State College, September, 1971, through present.

The contractor's education is as follows: Boston College High, 1951-1955; Boston College, A.B., 1956-1960; New England School of Law, J.D., 1960-1963; also member of state and federal bar associations.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without an appropriation under the provisions of G.L. c. 11, s. 53A, and is to be made subject to the receipt of funds under grant from H.E.W., Title I, E.S.E.A.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EMERGENCY BOILER REPAIRS

DEAR MR. MAYOR:

I respectfully request your approval of my action in awarding a contract to the Harding Welding Company, for emergency repairs to the boilers at the Patrick F. Lyndon School in West Roxbury. It is necessary to do major welding work, replace brick work, and install new flanges and rods where necessary in order that

we may have these repairs made as soon as possible, so as to provide heat for the children.

It was not possible to publicly advertise for this work. I did solicit invitation bids from three contractors, and bids were received as follows:

1. Harding Welding Company, \$3,752; 2. Kendall Boiler and Tank Co., Inc., \$5,257; 3. The Hodge Boiler Works, \$6,950.

Respectfully submitted,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

EDUCATION PROGRAMS DEVELOPMENT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the University of Massachusetts, for developing educational programs with English High School, during the period June 23, 1975, through August 1, 1975, with the understanding that services not completed by August 1, will be provided no later than December 31, 1975. All services will be rendered at a cost not to exceed \$12,613 of chapter 636 funds.

The contractor shall work with English High School to develop a magnet program providing wide curricular options, including innovated forms of alternative education, on-site, in-service education, and promoting meaningful interaction between the English High community and the community at large. This collaboration will utilize both on-campus and off-campus relationships with cultural, educational, commercial, and recreational sectors of the community.

Because of the professional nature of the services to be provided under this contract, and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

TEACHER TRAINING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Alexis D. Butler-Davis, for the implementation of teacher training services, during the period of September 15, 1975, through June 29, 1976, at a cost not to exceed \$9,975.

The contractor shall provide administrative and personnel assistance to the component director. The contractor will assume the major responsibility for the development and production of multicultural curricular materials and the supervision of a multicultural curriculum

sign; (3) develop appropriate instruments; (4) collect data through observations, interviews, questionnaires, and tests; (5) analyze data; (6) write three interim reports (at timely points in project activities) (five copies to be sent to the Liaison Coordinator); (7) write final reports and executive summaries; and (8) hold periodic feedback sessions as needed and requested by Boston Research and Evaluation and Project Staff.

Because of the most recent award of an Emergency School Assistance Act grant, the fact that the project component activities have begun, and the short time period for the activities of this project which is to be terminated June 30, 1976, the determination of the School Committee that the public interest would not be served by public advertisement for bids. This agreement is to be executed without an appropriation under the provisions of G.L. c. 41, s. 53A, and is to be made subject to the receipt of funds under grant in Emergency School Aid Act, Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TREASURY DEPARTMENT

Treasury Division BOOKKEEPING PROJECT

HONORABLE MR. MAYOR:

I respectfully request your Honor's permission to dispense with public advertising in the award of a contract to Monchik-Weber Associates, Inc., 15 State Street, Boston, Mass. 02109, for services to be performed as a consultant in (1) assisting the city in the implementation of the second phase of the Trust Fund Bookkeeping project; and (2) effecting a data collection and analysis study in the cash disbursement area of the Treasury Division.

In the former area, Monchik-Weber will serve the city in an advisory role, reviewing the First National Bank of Boston's approach to assuming custodianship of the trust funds, monitoring coordination of the interfaces of the system with the city's personnel and procedures; making recommendations for improvement when applicable, and keeping the city advised of the status of the project.

In the area of the cash disbursement study, Monchik-Weber will utilize its standard analysis approach, first effecting data collection effort encompassing all cash supporting and/or impacting the cash disbursement function, with particular emphasis on record-keeping activities; and organizing the information gathered according to responsibility, after which an analysis of this data will be conducted, focusing upon the strengths and weaknesses of the present organization and procedures; and culminating in a series of recommendations to enable better cash management. The results will be presented in a formal flip-chart presentation and will be recapped in a document organized in the above format.

Charges for the above services will be on Monchik-Weber's standard time and materials rates of \$40 per hour for a senior analyst, \$30 per hour for an associate analyst, and \$25 per hour for a programmer analyst. Bills itemizing the above categories by hours worked will be prepared and mailed at each month-end for the month's services. For planning purposes, it should be estimated that Monchik-Weber services for the Trust Fund Bookkeeping project will be in the vicinity of \$10,000 and, for the cash disbursements study, in the vicinity of \$15,000. Out-of-pocket expenses are included in these estimates. In any event the total liability of the city will not exceed \$25,000 under this contract. This contract will run from November 3, 1975, through the end of the fiscal year.

Monchik-Weber has an excellent reputation in the accounting systems field and has previously worked for the city as a consultant in the first phase of the Trust Fund Bookkeeping project. In view of the professional nature of the services to be performed, and of Monchik-Weber's qualifications and familiarity with the projects to be undertaken, I believe that public advertising is neither desirable nor feasible.

Sincerely,

JAMES V. YOUNG,
Collector-Treasurer.

SUFFOLK COUNTY

Municipal Court, Roxbury District

TAG FORMS

YOUR HONOR:

I respectfully request permission to award, without advertising, a contract to the Arnold Graphic Industries, Inc., of 518 Washington Street, Canton, Mass., for supplying to the court, parking violation tag forms similar to those which they have previously supplied us.

Inasmuch as the Municipal Court of the City of Boston is in the process of entering into a contract with Arnold Graphic Industries after having solicited bids on July 23, 1975, for the delivery of similar parking violation tag forms, I feel that it would serve no useful purpose for this court to solicit bids for the same material because the Arnold Company has quoted us the same base price of \$35.87 per thousand.

However, added to our base price of \$35.87/M is an extra charge of \$145 per lot (there will be two lots). This charge is for changing the plate and color. The parking violation tags for Boston Municipal Court are printed in red ink, while ours are printed in green ink.

We estimate that our requirements will be approximately 600,000, at \$35.87/M, plus the two lot charges at \$145 per lot.

Therefore, the total cost of this contract shall not exceed \$21,842, and will cover the period from July 1, 1975, through June 30, 1976.

Sincerely yours,

KEESLER H. MONTGOMERY,
Clerk of Court.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT

MALPRACTICE INSURANCE

DEAR SIR:

An invitation for bids for furnishing malpractice insurance coverage to approximately 960 nurses, 15 surgical technicians, 7 nurse practitioners and 1 nurse aesthetists employed by this department, with liability limits of \$100,000/\$300,000 per individual, for the period July 1, 1975, through June 30, 1976, was advertised in the *City Record* on April 28, 1975, and bids were publicly opened and read aloud on May 16, 1975. The following bids were submitted:

Insurance broker, Cole and Foley Associates, Wellesley Hills, Mass.; Physicians Planning Service Corp.; insurance company, Employers Insurance of Wausau; annual premium per nurse, \$101, per technician, \$101, per nurse practitioner, \$101, per nurse aesthetist, \$1,500; total cost of coverage, \$108,428.

Insurance broker, MacIntyre, Fay and Thayer Insurance Agency, Inc., One Wells Avenue, Newton, Mass.; insurance company, Chicago Insurance Company, Chicago, Illinois; annual premium per nurse, \$15, per technician, \$15, per practitioner, \$15; total cost of coverage, \$11,730.

Bidders were invited to submit prices for the total or any portion of the coverage sought and the city retained the right to accept or reject all or any portion of the bid and to award this contract in the best interest of the city.

Therefore, in view of the above and inasmuch as the cost to the city is reasonable, your Honor's approval is hereby respectfully requested to award a contract to MacIntyre, Fay and Thayer Agency, Inc., for malpractice insurance for nurses for the period July 1, 1975, through June 30, 1976, at \$11,730, under the terms stated above.

This letter shall serve to rescind our previous letter of award dated June 6, 1975, which incorrectly stated the insurer provided by MacIntyre, Fay and Thayer Agency, Inc. as St. Paul Insurance Company, rather than the correct firm which is Chicago Insurance Company.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

MANPOWER ADMINISTRATION

VOCATIONAL TRAINING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award an amendment to the contract to New England Hospital, Inc., a corporation with offices located at 55 Dimock

CONTRACTS AMENDED

(Continued from previous page)

Street, Roxbury, Mass. 02119, for conducting health vocational training programs by increasing the program's amount of money from the figure of \$110,326, and substituting the figure \$117,120.

Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973 P.L. 93-203. The effective date of operation for this contract will be from July 1, 1975, through September 30, 1975.

Under the terms of this proposed contract, Dimock Community Health Center will serve approximately thirty to forty economically disadvantaged Boston residents.

Due to the experience and success of this agency in the operation of manpower programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Manpower Administrator.

PUBLIC FACILITIES DEPARTMENT

ARCHITECTS SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on September 11, 1975, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Sasaki, Dawson, DeMay Associates, Incorporated, architects and planners, a Massachusetts corporation, of 23 Main Street, Watertown, Mass., amending a contract between the City of Boston and Sasaki, Dawson, DeMay Associates, Inc., dated February 20, 1975, to prepare preliminary designs, and design development drawings for use in the rehabilitation and construction of new police stables and canine facilities in the Forest Hills district of the City of Boston, so as to increase the amount available for supplementary services by \$1,500.

For your Honor's further information, the need for additional monies in this category is based upon the extra time required to establish a starting point for the survey of this site, as the Public Works Department was unable to establish a property line for us.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all the parties thereto, including the Mayor and contract surety on the performance bond, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

CONSULTANTS SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on September 11, 1975, I

hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Keane Associates, Inc., a Massachusetts corporation, data processing system designers, of 177 Milk Street, Boston, Mass., amending a Phase I contract between the City of Boston and Keane Associates, Inc., providing for the design of a capital improvement program data base and management information system, dated July 28, 1975, in order to increase the amount authorized for expenditure under the contract by \$2,500, to cover additional work performed by the consultants, and extend the time for performance until December 31, 1975.

This increase and extension is necessary to cover additional systems design work (requested by the Public Facilities Department personnel who will be using the system when it is implemented) to incorporate ideas and modifications developed as a result of meetings held with the consultant during this phase of the program.

Due to the provision of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that public advertising in this case could not best serve the public interest.

Respectfully,

ROBERT J. VEY,
Director.

SCHOOL DEPARTMENT

HEALTH OCCUPATION PROGRAM

DEAR MR. MAYOR:

This letter will amend my letter to you dated April 7, 1975, requesting your authorization to award a contract, without public advertising, to Frank A. Laquidara, Jr., by striking out in the first paragraph, the dates "January, 1975, through January, 1976," and inserting in place thereof the dates "January 1, 1975, to June 30, 1975, September 1, 1975, to December 31, 1975."

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising to Frank A. Laquidara, Jr., for the implementation of an Exploring Allied Health Occupations Program during the period January, 1975, through January, 1976, at a cost not to exceed \$9,115.

The contractor shall provide an Exploring Allied Health Occupations Program for secondary students at the Occupational Resource Center, review funded proposal, develop curriculum outline, consult with outside agencies, make a list of equipment, books and supplies, submit recommendations for approval and/or revisions, prepare recruitment and screening of

students, instruct students in the program, prepare weekly reports, recommend possible changes, meet weekly with faculty senate, coordinator, and director to discuss progress of program, evaluate success of program, develop placement procedures, and directly assist in placement of students in the world of work.

Because of the need to initiate the program during the present academic school year, and because of our difficulty in obtaining a qualified person to conduct and teach the Exploring Allied Health Occupations Program at a salary which is the starting wage of a teacher in Boston public schools, it is the determination of the School Committee that public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provision of G. L. c. 11, s. 53A, and is made in part a grant from Vocational Education Act of 1963, Grant No. D-13971.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TRUCKING SERVICES

DEAR MR. MAYOR:

On April 25, 1975, you approved our action in awarding a contract to the Walsh Transportation Co., Inc., Southhampton Street, Boston, Mass., lowest responsible bidder, to provide trucking services for the period July 1, 1975, through June 30, 1976, at an estimated cost of \$100,000.

At the time of the awarding of the contract it was not expected that there would be an excessive amount of moving as was necessary the previous year. However, a vast amount of moving was required to implement Phase II of Dr. Garrity's plan to desegregate school grades in almost every school in the City of Boston. To accomplish this work, we have the schools ready for September 1, 1975, it was necessary to assign more trucks and services.

In order that the Boston School Department may continue to provide the trucking services necessary to continue relocation of furniture and equipment, I request your approval of my action amending the present contract from an estimated cost of \$100,000, to an estimated cost of \$230,000 for trucking services for the period of July 1, 1975, through June 30, 1976, with the C. Walsh Transportation Co., Inc.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

GLASS INSTALLATION

DEAR MR. MAYOR:

I request your approval of my action to amend the contract with the B & Service Systems, Inc., 76 Baxter Street, South Boston, Mass., for furnishing and installing glass and glass substitute, at the Boston Trade High School, 550 Park Street, Roxbury, Mass., from \$26,675.

380. You did approve of my action awarding the contract on August 25, 1975. This amendment becomes necessary because at the time the contractor was placing glass at the building, vandals had broken an additional 577 lights of glass. The additional amount of \$10,705 based on the same unit-price basis the original contract.

Respectfully yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

YOUTH ACTIVITIES COMMISSION ADVOCACY PROGRAMS

MR. MAYOR:

As a result of an extension of our grant from the National Institute of Drug Abuse for a period from October 30, 1975, to December 31, 1975, I should like to request your approval to extend the effective dates of our contract with the Dorchester Neighborhood Houses, Inc., which was approved by you in our letter of December 16, 1971. The extension would change the effective date of the contract from January 6, 1975, through October 6, 1975, to the new date of January 6, 1975, through December 5, 1975.

As executive director of the Youth Activities Commission I hereby request your written authority to extend this contract to December 5, 1975, in an amount not to exceed \$12,021.99, in order to continue a valuable program of advocacy and meet the increasing needs of youth in the Boston community, as stated in our letter of December 16, 1971.

The entire TASC-J program is supported solely through federal funds. No City of Boston monies will be used for any aspect of the program.

Sincerely yours,
PAUL V. McCAFFREY,
Executive Director.

MR. MAYOR:

As a result of an extension of our grant from the National Institute of Drug Abuse for a period from October 30, 1975, to December 31, 1975, I should like to request your approval to extend the effective dates of our contract with Dynamic Action Residence Enterprise, Inc., which was approved by you in our letter of December 16, 1971. The extension would change the effective date of the contract from January 6, 1975, through October 6, 1975, to the new date of January 6, 1975, through December 5, 1975.

As executive director of the Youth Activities Commission I hereby request your written authority to extend this contract to December 5, 1975, in an amount not to exceed \$17,953.16, in order to continue a valuable program of advocacy and meet the increasing needs of youth in the Boston community, as stated in our letter of December 16, 1975. The entire TASC-J program is supported solely through federal funds. No

City of Boston monies will be used for any aspect of the program.

Sincerely yours,
PAUL V. McCAFFREY,
Executive Director.

DEAR MR. MAYOR:

As a result of an extension of our grant from the National Institute of Drug Abuse for a period from October 30, 1975, to December 31, 1975, I should like to request your approval to extend the effective dates of our contract with La Alianza Hispana, Inc., which was approved by you in our letter of December 16, 1971. The extension would change the effective date of the contract from January 6, 1975, through October 6, 1975, to the new date of January 6, 1975, through December 5, 1975.

As executive director of the Youth Activities Commission, I hereby request your written authority to extend this contract to December 5, 1975, in an amount not to exceed \$8,161.65, in order to continue a valuable program of advocacy and meet the increasing needs of youth in the Boston community, as stated in our letter of December 16, 1971.

The entire TASC-J program is supported solely through federal funds. No City of Boston monies will be used for any aspect of the program.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Sewerage Works in Belvidere Street and Blagden Street, in Boston Proper.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for sewerage works in Belvidere Street and Blagden Street, in Boston Proper.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$7,800, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be sealed, enclosed in an envelope, sealed, and marked "Proposal for Sewerage Works in Belvidere Street and Blagden Street, in Boston Proper," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 o'clock on THURSDAY, FEBRUARY 5, 1976.

A certified check for THREE THOUSAND EIGHT HUNDRED DOLLARS (\$3,800), payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square. Proposals must be made in duplicate, the original duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders recorded on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder objects to bid on each and every item, it will lead to the rejection of the proposal.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, as amended) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposals should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for renovations to 1120-1130 Boylston Street, Renovations Contract No. 1 in the Fenway Urban Renewal Area, located in the City of Boston, Mass., until twelve noon, Boston time, on February 9, 1976, at City Hall, ninth floor, Room 921, One City Hall Square, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of construction to the degree of completeness as shown on the plans of repairs to existing fire escape structure on rear wall of building.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority at City Hall, ninth floor, Room 982, One City Hall Square, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, certified check, or cashier's check, issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to 5 percent of each proposal for renovations to 1120-1130 Boylston Street, Renovations Contract No. 1.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract bid price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's

Compensation and conditions of employment and to the Boston Redevelopment Authority's equal opportunity compliance policy, adopted February 20, 1969, revised September 7, 1972, and to the Commonwealth of Massachusetts Supplemental Equal Employment Opportunity Anti-Discrimination and Affirmative Action Program.

Attention is also directed to the Instructions to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with a copy of the bid.

Each bidder will indicate in letter form the sum of money that he will pay for the above-stated period for the privilege of operating the refreshment and boat concession at Jamaica Pond, Jamaica Plain, Mass. Bids based on percentages unacceptable.

Bidders must have a minimum of twenty (20) heavy-duty aluminum boats in addition to two (2) powerboats; also, life jackets, oars, anchors, oar locks and sockets, hemp rope, and chain necessary for proper boat operation and safety. Further, power and hand tools for repairs to boats, docks, and store; also, ice cream freezer, tonic chests, refrigerators, gas stove, cash registers, and tables pertinent to refreshment concession. A knowledge of sailing, as well as boating safety and first aid, is required. First-aid equipment as well as telephone service at all times in case of emergency must be provided. Successful bidder shall provide twenty-four hour daily security during term of agreement.

The successful bidder, as the licensee, shall be subject to the laws, rules, and regulations of the Boston Parks and Recreation Department.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other

benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the contract.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and in the sum of 100 percent of the contract price, as well as a bond of public liability and property damage insurance, will be required of the successful bidder.

Copy of proposal of lease may be obtained at the Commissioner's office, Room 802, Boston City Hall.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

City Record

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

HON. KEVIN H. WHITE, MAYOR OF BOSTON

LOUISE DAY HICKS
PRESIDENT, CITY COUNCIL

DL. 68

MONDAY, FEBRUARY 2, 1976

NO. 5

Neighborhood Improvements Planned for Boston

Mayor Kevin H. White has recommended channeling the \$30.5 million in Federal Community Development block grants into the city's ongoing effort to stabilize and preserve its housing stock, improve public services, and continue high priority capital improvements in all the neighborhoods.

In placing before the Boston City Council the city's second-year application for use of federal grants under the Community Development Block Grant program, the Mayor emphasized a continuing commitment to turn federal funds into better facilities and improvements in the neighborhoods.

The recommendations made in the application represent a continuation of programs begun under the first-year 1975 Community Development Program, and a turn away from downtown renewal.

Mayor White, in the application drawn from over 120 community meetings held throughout the city from June through December, 1975, categorized funding allotments in the following way:

- \$11 million for housing improvements, public housing, special housing programs, renovation of vacant lots, and demolition of abandoned housing.

- \$1.5 million for the revitalization of neighborhood business districts.

- \$7.0 million for high priority, small-scale neighborhood capital improvements such as residential street lighting, park and playground refurbishments, tree planting, street pavement, and traffic improvements.

- \$6.1 million to the Boston Development Authority to close out existing urban renewal commitments.

- \$1.8 million to support human service programs such as day care, elderly transportation, youth recreation, and neighborhood health centers.

- \$8 million for an administrative budget.

The federal grants available to Boston this year represent a sharp cutback in levels of funding from the federal government.

Under previous federal grants, such as Model Cities and urban renewal, Boston has averaged \$45 million a year, with a high mark of over \$90 million in 1972 alone.

In 1975 the city received \$32.1 million in Community Development funds, and Boston's entitlement will decline sharply over the next four years with a low point of \$11 million seen for 1980.

"It is ironic that at a time when the needs of this city are greatest, we can no longer look for solutions, nor needed financial support from the federal government," Mayor White said.

"The \$30.5 million in federal grants this year represent a small, yet a significant resource in the city's drive to provide decent hous-

ing, better neighborhood facilities, and improved living conditions for all its citizens," he said.

"While the city is faced with serious financial constraints, and is in the process of realigning its budget priorities to cut waste, remove duplication, and improve productivity, the recommendations made are designed to reinforce existing neighborhood services and to ensure that, despite these problems, the needs and priorities of Boston's neighborhoods are met," Mayor White explained.

The Mayor assigned high priority and close to one-third of the available funds to housing improvements, special housing programs, the revitalization of neighborhood business districts, and small-scale capital improvements.

Highlighted is the drive to stabilize and upgrade the city's housing stock through the \$5 million Housing Improvement Program.

The program subsidizes 20 percent of the cost to bring substandard housing up to housing code standards, and is available to any resident owner of a one- to six-family home whose net taxable income is less than \$16,000.

Under this program, begun just seven months ago, over 7,000 applications have been received from homeowners in every neighborhood in the city, with approximately 11 percent, or over 6,000 of the city's eligible residents repairing their homes in Boston.

(Continued on next page)

Improvements . . .

(Continued from front page)

More than \$18 million in home repair work was generated by Boston homeowners last year, and a similar, significant response can be expected this year.

Capital improvements cited in the Community Development application include over 150 special high-priority, small-scale projects slated for neighborhood business districts and in residential areas, including off-street parking facilities, increased residential street lighting, and improvements to parks and playgrounds.

Priorities for capital improvements were drawn from recommendations made during community meetings last summer, and are designed to complement the private investment in Boston's residential housing stock and business centers.

"It is important not to overlook the importance to Boston of its neighborhood shopping centers," Mayor White said.

"Local business centers are thought of as a center of the surrounding neighborhood, and their condition reflects on the character, image, and vitality of the entire residential community."

The \$6 million commitment to urban renewal is designed to assist in the completion of existing projects, and to leverage an additional \$8 million in discretionary funds from the Department of Housing and Urban Development.

The Mayor's recommendations went to the City Council on January 16, for the first of three reviewing phases before the funds can be released from the federal government.

Mayor White said that following speedy review by the City Council, state, and federal authorities the funds could be made available, and the projects under way in Boston, by May 1, 1976.

EMERGENCY PARKING PROGRAM

Real Property Commissioner Joanne A. Prevost has announced a trial program of low-cost, all-night parking rates at the Government Center garage to aid motorists during the winter.

Motorists will be permitted to park from 8 P.M. until 8 A.M., for 50 cents to ease the burden when on-street parking is restricted to the odd side of the street.

The pilot program was instituted with the cooperation of Joseph Somario, operator of the 1,500-car facility, located at the intersection of Sudbury and New Congress Streets. The garage is owned by the city but is leased and operated by Mr. Somario.

"If the program of low-cost, all-night parking proves successful at Government Center, we will attempt to expand it to the St. James Avenue garage in the Copley Square area," Commissioner Prevost said. "I am particularly pleased with Mr. Somario's cooperation and willingness to help residents, particularly of the North End, downtown, and Beacon Hill," she said.

The Traffic and Parking Commission has voted to institute stricter winter parking regulations.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by noon, Tuesday of each week to insure its publication in the Monday issue.

Motorists are required to park from 12:01 A.M. until 8 A.M. on *Odd Side Only*, every night whether or not a "weather emergency" been declared. The regulation does not apply where parking already prohibited at all times on one both sides of a street; along a divided highway (such as Commonwealth Avenue); in reservations where no parking is permitted; and in municipal off-street parking areas.

When a weather emergency is declared, one-side-of-the-street parking will remain in effect on a twenty-four-hour basis until the weather emergency has been lifted.

LEXINGTON AND CONCORD

Approaching Lexington, visitors may follow in part the route taken by Paul Revere on his midnight ride. Here is the rendezvous of the Minutemen, the Old Buckminster Tavern, built in about 1700; and the Munroe Tavern, built in 1691. Henry Kitson's idealized statue of Capt. John Parker, commander of the Minutemen, stands on Lexington Common where the first line of resistance was formed against the British Regulars.

Just beyond Lexington, in the peaceful town of Concord, is the famed site of the Concord Bridge, and Daniel French's statue of "The Minuteman." On that momentous day in April, 1775, "Here the embattled farmers stood and fired the shot heard 'round the world." Closer to Concord, in the town of Sudbury stands the Wayside Inn, originally built in 1686. The old hostel once sheltered Washington at Lafayette and later became the setting for Longfellow's "Tales of Wayside Inn."

A BOSTON FIRST

The first subway in the United States was constructed right here in Boston, Massachusetts, and started operating in 1897. It ran from Park Street to the Public Garden and one year later was extended to the North Station.

The world's first subway opened in London, England, in 1863.

HOUSING TRENDS FAVORABLE

Daniel P. Kearney, President of the Government National Mortgage Association (GNMA) of the Department of Housing and Urban Development predicts a continuation of the favorable housing trends late 1975.

"Single family starts are near their peak years," he said, "and single family sales have recovered at a rate commensurate with previous housing cycles."

Mr. Kearney noted that while multifamily construction is still at depressed levels, the \$3 billion in 2 percent "tandem" assistance recently released for FHA-insured multifamily projects should give that sector of the housing industry the necessary support to insure recovery.

With housing starts approaching level near 1.4 million units as 1976 begins, he predicted starts at about 1.1 million, perhaps going as high as 1.8 million.

"Continuing economic recovery," Mr. Kearney said, "and record savings inflows to the thrift institutions, with mortgage rates declining into the 8½ percent range, will support this level of housing activity."

DIRECTIVE NO. 1 DISPOSAL OF SURPLUS PROPERTY

To All Department Heads.

In compliance with the provisions of chapter 3, section 14 of the city Ordinances, you are hereby requested to transfer to the custody of the Purchasing Agent, Frank F. Cim, all city property in your department which, in your opinion, is considered "surplus."

Surplus property declaration forms, Gen. 25, used in the transfer process, are available in the office of the Purchasing Agent.

Kindly contact the Property Officer, Extension 4562, for copies of these forms or such other assistance you may need in complying with the request contained herein.

Director.

HUB POLICEMEN PROMOTED

Eleven Boston Police superior officers were promoted to new ranks on January 23, by Police Commissioner Robert di Grazia.

The three lieutenants promoted to captain are Edward Connolly, who until recently commanded the Drug Control Unit, and is now commander of District 13, Jamaica Plain; Robert Bradley, who is supervisor of Informational Services; and Frederick Conley, who was recently named commander of the Tactical Patrol Force.

Promoted to lieutenant are: Detective Sergeant Francis Coleman of District 4; Sergeant Edward McMahon of District 3; Sergeant Matthew Cotugno of District 4; Detective Sergeant John Chalpin of the Internal Affairs Division; Sergeant Robert Corbett of the Tactical Patrol Force; Detective Sergeant Anthony DiNatale of the Intelligence Division; Sergeant James Donovan of the Tactical Patrol Force; and Sergeant Edward Flaherty of District 3.

Badges were presented to the officers during ceremonies at Police Headquarters, on January 28.

CHINESE NEW YEAR

January 31 is the date of the Chinese New Year — the beginning of year 4674 after the Yellow Emperor. As always, Chinese-Americans will be celebrating this important festival.

The City of Boston, through its Office of Cultural Affairs and in conjunction with the Chinese Community, will also be celebrating February as the China Month.

To wish everyone a happy New Year of the Dragon and to share some of the important messages of the new year the Chinatown Little City Hall has prepared some background materials for the convenience of Boston residents.

Further details on programs, history, and customs can be obtained by calling Peter Kim-lap Chan at 542-5931 or 542-6125.

HUB PLANS ACCELERATED AUCTION PROGRAM

Boston has realized more than \$750,000 during 1975 from the auction of property taken for non-payment of real estate taxes, Real Property Commissioner Joanne A. Prevost has reported.

The figure was more than double the amount collected in 1974 and thirty times the sum raised from auctioned property in 1969.

"Not only does the sale of vacant or abandoned buildings generate desperately needed revenue for the city, but also it brings in additional funds by restoring those properties to the tax rolls," Commissioner Prevost said.

"In many cases, properties that had been eyesores are rehabilitated, with the result that adjacent properties are increased in value, and the neighborhood, as a whole, becomes more livable," she added.

In 1975, 429 so-called tax title properties were advertised. Bids were received on 319 parcels, for a total of \$757,476, according to City Auctioneer Alfred Legelis. By contract, in 1969, only sixteen parcels were advertised, with bids recorded on ten for a total of \$25,750.

The city presently holds title to 5,600 vacant or abandoned parcels, including land, buildings, or land with buildings, and plans an accelerated auction program by neighborhood in the spring in an effort to return the property to the tax rolls.

The following is a breakdown of the properties advertised and bid for the past seven years.

Year	Advertised	Bid	Totals
1969	16	10	\$25,750
1970	24	20	69,000
1971	45	42	118,000
1972	122	75	149,000
1973	130	89	209,000
1974	302	201	291,575
1975	429	319	757,476

FREE COURSES AT BPL

Immigrants, Architecture, Revolution, and Equality are the animating themes for the Boston Public Library's free 1976 NEH Learning Library sequences.

Andrew Buni, professor of history at Boston College and author of a forthcoming biography of the black actor Paul Robeson, will offer a sequence on "The Emerging Immigrants of Boston," during February and March 1976. Professor Buni will deal with the way old-world customs were adapted to new-world conditions.

During the same time period, Gerald Bernstein will repeat his popular sequence "From Grass to Glass: A History of Boston's Architecture." The sequence will feature a number of field trips. Professor Bernstein is a member of the Art History Department at Brandeis University and the author of a book on the Islamic influence on American architecture.

Beginning in April and extending through May, Robert Gross, an adjunct professor of history at Worcester Polytechnic Institute and author of *The World of the Minuteman*, will present a sequence on "The American Revolution and the Common Man."

At the same time, William Davis, professor of law and urban studies at M.I.T., will conduct a sequence on "Law, Justice, and Equality: Case Studies from the Boston Experience."

The Learning Library Program offers free eight-week sequences of lectures and discussions and continues to operate under a grant from the National Endowment for the Humanities (NEH). Further information can be obtained from Paul Wright, the program director, at Central Library, (617) 536-5400.

VI. LETTER OF THANKS

"January

DEAR COMMISSIONER PAUL:

On Tuesday afternoon, January 6, three alarms were struck for a fire in one of Brookline's older churches — once considered by many as an architectural landmark and one prominent in town history.

Through your office I would like to thank the members of your department who responded and provided coverage and assistance in accordance with our Mutual Aid System program. In particular, please convey our thanks and gratitude to District Chief Edward Kenny, Acting Lieutenant Barrett, and the members of Engine Company 37 for their invaluable aid and assistance in confining, controlling, and extinguishing the fire in a relatively short period of time.

May I also extend to you on behalf of the officers and members of this department our congratulations and best wishes on your recent new appointment.

Sincerely,

WILLIAM E. MURPHY,
Chief of Department,
Brookline Fire Department

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

RENTAL OF COPIER

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Mayor's Office of Development and Industrial Commission, for the rental of a 4500 Copier, Xerox, from August 25, 1975, to June 30, 1976, inclusive.

Authority is requested to award a contract, without public advertisement, to Xerox Corporation, in an amount not to exceed \$5,000, net.

This particular machine is best suited for the particular needs of this department.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

SELECTRIC TYPEWRITER

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to the International Business Machines Corporation, for the rental and maintenance of a magnetic tape "Selectric" typewriter, for the period beginning July 1, 1975, and ending June 30, 1976.

The rental and maintenance of this equipment is required in order to perform efficiently the operations of this department and without publicly advertising would serve the best interests of the city.

The total cost will not exceed \$3,300.

Respectfully yours,

EDWARD T. SULLIVAN,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

CONSULTANT SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by advertising in the *City Record* and to award a contract for professional consultant services to McManis Associates, Inc., 1120 Connecticut Avenue, N. W., Washington, D. C., at a cost not to exceed \$5,000, during the period from July 1, 1975, to June 30, 1976.

Under the proposed contract, McManis Associates, Inc., a firm specializing in public policy analysis, organizational analysis, personnel administration, etc., will conduct a special study to assess the present strengths and weaknesses of personnel procedures in the Boston Fire Department and outline a plan of action for improving these procedures.

As we are desirous of securing an impartial view of present personnel procedures within the Fire Department and as the firm selected has an outstanding reputation in the public administration field, having performed work in all phases of municipal administration for many large cities throughout the country, including the City of Boston on a previous occasion, I am of the opinion that inviting proposals by advertising would serve no useful purpose.

Respectfully,
EDWARD T. SULLIVAN,
Director.

BUILDING DEPARTMENT

REPAIRING SIDEWALL

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building or structure is a menace to the neighborhood. The location follows:

4 Coppersmith Way, Ward 1.

Emergency bid called in over the telephone by 11 A.M., October 31, 1975, ordered by Acting Commissioner Leo F. Martin. Water getting into the apartment because of takedown of No. 2 Coppersmith Way.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to repair sidewalk.

Bidders were requested to submit an aggregate bid for the repairing of sidewalk of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Tri Construction, \$3,172; Cousins Construction, \$3,775; and Fore Construction, \$4,300.

Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass., has submitted

the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$3,172, to Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of 1,296 square feet of space in the building located at 263, 265, 265A Bowdoin Street, Dorchester, and to enter into a lease with Harold E. Stone, for this space. The premises are needed by this department as a local office in connection with Housing Improvement Program activities. Your approval will permit the Housing Inspection Department to exercise the renewal option clause in last year's lease of the same premises.

The proposed lease is for a term of three months—January 1, 1976, to March 31, 1976—with two consecutive options on the part of the city to extend the term for an additional twelve months. The proposed rental fee is \$225 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

TITLE SEARCHING

DEAR MR. MAYOR:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Howard Russell, of 19 Wellsmere Road, Roslindale, for the purpose of title examination on behalf of the Department of Housing Inspection. Under the terms of the contract, Mr. Russell will search titles for owner of record to be used for proper service and in the preparation of the department's court cases.

Compensation under this contract shall not exceed \$8,000. This contract will be effective for the period August 1, 1975, through June 30, 1976.

Because of the professional nature of the services to be performed, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

BOARDING AND SECURING

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken

no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

1187-1195 Blue Hill Avenue, 132 Dorchester Street, Ward 14; 303 Geneva Avenue, Ward 15; 85-87 Florida Street, and 92 Florida Street, Ward 16.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure.

Bidders were requested to submit an aggregate bid for the boarding and securing of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Tri Construction, \$2,700; Maffei Working, \$3,950; J. M. Cashman, Inc., \$3,950; D. Clancy & Sons, \$4,140; Napoli Wrecking, \$5,350; and Albre Marble & Tile Co., \$5,350.

Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,700, to Tri Construction Company, 1034A Blue Hill Avenue, Milton, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

24-26 Highland Park Avenue, Ward 11; 114-118 Bird Street, Ward 13; 25 Mt. Vernon Street and garage, Ward 15; 30 Beach Street, Ward 16; 18 Dyer Street, Ward 17; 276 Norfolk Street, 18 Southern Avenue, Wentworth Street, and 58-60 Withing Street, Ward 17.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate structure. This break down is necessary for the departmental use in billing demolition charges incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups & Downs Wrecking, \$34,300; John J. Duane Wrecking, \$24,140; Napoli Wrecking Co., \$25,487; Mystic Wrecking, \$24,900; and Circlepower Demolition, \$29,087.

John J. Duane Wrecking Co., Inc., 600 Southern Artery, Quincy, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, carries all necessary insurance, and it has no satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I do believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000 over the statutory limitations upon awards that can be made without advertising, unless the Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for awarding, without advertising, as required in the City Charter, of a contract in the sum of \$24,140, to the John J. Duane Wrecking Co., Inc., 600 Southern Artery, Quincy, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

Note:

Three buildings were removed from this project at time of bid. They are listed as follows:

88-294 Norfolk Street, Ward 17; and 275-2 Talbot Avenue, Ward 17. Both of these locations are stores — one has a lounge and will not be on a project using HUD money. They will be re-bid on a city project.

7 Wentworth Street, Ward 17. This is a HUD building and HUD demolishes or repairs its own buildings.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

1 Mapes Street, and 71-73 Mapes Street, Ward 16.

Emergency bid called in over the telephone by 11 A.M., Thursday, November 13, 1975, for the demolition of these buildings. Public Facilities is the owner of these buildings and requested that the Building Department take them down.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic Building Wrecking, \$2,747; Duane Corporation, \$4,790; Napoli Wrecking, \$5,900; Circlepower Demolition, \$5,284; Design Demolition, \$4,600; Ups & Downs Wrecking, \$2,250; John J. Duane Wrecking, \$4,130; John A. Berardi Wrecking, \$5,903; and Ruggiero Wrecking, \$6,250.

Ups & Downs Wrecking Co., Inc., 606 Columbian Street, Braintree, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case, in a contract price \$2,000 over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$2,250 to the Ups & Downs Wrecking Co., Inc., 606 Columbian Street, Braintree, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

360-360A Warren Street, and 362 Warren Street, Ward 12.

Emergency bid called in over the telephone by 11 A.M., Thursday, November 13, 1975, for the demolition of these buildings ordered by Commissioner Francis W. Gens. These buildings, one of which was used as a church, were fire gutted and in an unsafe and dangerous condition.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Duane Corporation, \$9,200; Napoli Wrecking, \$6,420; Circlepower Demolition, \$5,800; Design Demolition, \$7,800; Ups & Downs Wrecking, \$7,600; and Ruggiero Construction, \$7,800.

Circlepower Demolition, 1002 Harrison Avenue, Roxbury, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. Unit handling results, however, in this case, in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$5,800 to the Circlepower Demolition, 1002 Harrison Avenue, Roxbury, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

safe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

19-21 Roach Street, Ward 15.

Emergency bid called in over the telephone by 11 A.M., Wednesday, November 19, 1975, for the demolition of this building, ordered by Commissioner Francis W. Gens, because of unsafe and dangerous conditions and to prevent fires. This building is in a very deteriorated condition.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. Corporation, 1002 Harrison Avenue, Roxbury, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

10 Inwood Street, Ward 15.

Emergency bid called in over the telephone by 11 A.M., Wednesday, November 19, 1975, for the demolition of this building, ordered by Commissioner Francis W. Gens, because of unsafe and dangerous conditions and for prevention of fires. This building has already had a serious fire, leaving it open, vacant, and partially gutted.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. FRANCIS W. GENS,
Building Commissioner.

OFFICE OF THE BOSTON BICENTENNIAL

SUPPORT SERVICES

DEAR MAYOR WHITE:

This is to request your written authority to dispense with public advertising and enter into a written agreement with the Boston 200 Corporation, to provide a broad range of vital support services to the Office of the Boston Bicentennial. The cost of these services will not exceed \$722,133. The period of performance is from July 1, 1975, to July 30, 1976.

The Boston 200 Corporation which has been determined to be a nonprofit 501 (c)(3) corporation by the Internal Revenue Service will principally function by assisting the City of Boston in organizing, supervising and coordinating its celebration of the two hundredth anniversary of the American Revolution and in appropriately welcoming the large influx of visitors.

The Boston 200 Corporation will be specifically responsible for:

(a) coordinating and managing all Bicentennial programs and events sponsored by the city;

(b) continuing a corporate and private fund-raising program focusing on unrestricted contributions for operating expenses;

(c) managing and operating two major Bicentennial exhibits: "The Revolution," located in the Quincy Market building, and "Victorian Boston," located at the Stueland Street Armory;

(d) monitoring and controlling restricted and unrestricted contributions made to the city for Bicentennial purposes;

(e) providing informational systems including printed literature, recorded telephone messages, an unrecorded answering service, and the operation of three information centers which will enable both visitors and residents of Boston to become aware of all Bicentennial programs and events;

(f) conceptualizing and implementing other Bicentennial projects concerning environmental improvements and visitor services programs.

In view of the special nature of the services to be rendered and the outstanding capability of the Boston 200 Corporation, it is my opinion that public advertising would serve no useful purpose.

Respectfully requested,

KATHARINE D. KANE,
Director.

OFFICE OF COMMUNITY DEVELOPMENT

COMMUNITY DEVELOPMENT SERVICES

MR. MAYOR:

I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to the South End Project Area Committee, located at 374 Columbus Avenue, Boston, Mass. The contract will be for a period of one year, terminating June 31, 1976, and will have a maximum obligation of \$87,500.

Under the terms of the contract, the South End Project Area Committee will monitor development of the South End Community in urban renewal and other community development programs, and will provide information by means of a periodic newsletter, and provide means of citizen participation to South End residents.

In view of the professional nature of the services to be provided, and in view of the South End Project Area Committee's status as a popularly elected body established to perform these functions, and in view of its involvement, experience, and unique expertise in these matters, it is believed that public advertising would serve no useful purpose.

Sincerely,

DAVID STROHM,
Director.

HEALTH CENTER

MR. MAYOR WHITE:

I hereby submit an amended Letter of Award to replace a previous Letter dated August 14, 1975, requesting permission to dispense with bidding and to award a contract to Affiliated Hospitals Center d/b/a Peter Bent Brigham Hospital, a nonprofit corporation, on behalf of the Brookside Park Family Life Center located at 3297 Washington Street, Jamaica Plain, for the operation of a neighborhood health center. The contract amount and period of performance, established as \$148,000, and June 1, 1975, through November 15, 1975, respectively, in the original letter, are hereby amended to \$18,000, and June 1, 1975, through December 15, 1975, respectively.

Under the terms of the agreement, the Brookside Park Family Life Center will conduct a comprehensive health care program including: internal medicine; pediatrics; obstetrics/gynecology and allied services (nursing; dental; education and social services) for residents of the Jamaica Plain community. Payment for this contract will be made from the Community Development Block Grant.

The city, through the former Model Cities Administration, has awarded prior contracts to the Peter Bent Brigham Hospital on behalf of the Brookside Park Family Life Center for the provision of the same or similar services as those proposed. In the interest of continuity of service delivery, I recommend that the relationship between the hospital and the city be maintained.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful purpose.

Sincerely,

DAVID STROHM,
Director.

REAL ESTATE SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding, and to award a contract in an amount not to exceed \$90,000, to the Urban Edge Real Estate of Greater Boston, Inc., a nonprofit corporation, located at 620 Centre Street, Jamaica Plain, Mass., for the provision of real estate and property rehabilitation services. Payment for this contract will be from the Community Development Block Grant.

Under the terms of the agreement, Urban Edge Real Estate will acquire and market vacant properties for the purpose of rehabilitation and upgrading. The period of performance shall be from January 1, 1976, to January 1, 1977.

On the basis of Urban Edge Real Estate's previous experience and ability to provide and administer such services in Boston, I recommend that a contractual relationship with Urban Edge Real Estate be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DAY CARE SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to enter into an agreement with the Commonwealth of Massachusetts, Department of Public Welfare, in an amount not to exceed \$8,500, to be paid out of the Community Development Block Grant. These funds represent a local share of 25 percent for which the Commonwealth will match the remaining 75 percent with federal funds under Title XX of the Social Security Act.

These funds which will be donated in a lump sum on January 1, 1976, will be used to provide after-school day care services by Infants and Other People, Inc., which will receive a twelve-month contract with the Department of Public Welfare commencing on January 1, 1976.

Due to the unique arrangement of donated funds under Title XX, public advertising would serve no useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional services to the Community Development Corporation of Boston, Inc., located at 25 Ruggles Street, Boston, and to dispense with advertising in the *City Record* in connection with the award of this contract. The contract will be in an

amount not to exceed \$100,559. The contract shall be effective during the period June 1, 1975, to April 1, 1976. The source of funds for the contract will be the City's Community Development Block Grant, a federal special revenue sharing program.

Under the terms of the contract, the funds will be used as matching funds for technical assistance grant from the United States Department of Commerce and for the ongoing administrative expenses of the Community Development Corporation. The corporation will conduct a feasibility study of industrial development within the Southwest corridor and provide technical assistance to individual businesses within the district.

The city, through the former Model Cities Administration, has awarded previous contracts to the Community Development Corporation concerning the development of the Southwest corridor. In the interest of continuity, I recommend that the relationship between the city and the Community Development Corporation be maintained.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional services to Arthur Andersen & Co., of 100 Federal Street, Boston, and to dispense with advertising for bids in connection with the award of this contract. The contract will be in an amount not to exceed \$17,500 dollars for a period from July 7, 1975, to December 15, 1975. The City of Boston Community Development Block Grant will be the source of the funds for this contract.

In conjunction with their larger project to establish a financial management system for Community Development Block Grant funds, Arthur Andersen & Co. will provide temporary personnel to perform accounting and bookkeeping functions on a loan staff basis for the Comptroller of the Office of Community Development.

Arthur Andersen & Co. was selected as contractor in this instance because of their extensive knowledge gained during the development of the accounting and financial system. In view of the professional nature of the services, advertising for bids would not be appropriate.

Sincerely,

DAVID STROHM,
Director.

ELECTION DEPARTMENT

RESIDENT LISTING FORM

DEAR MR. MAYOR:

On behalf of the Boston Election Commission, I hereby request permission to dispense with public advertising and award a contract to the UARCO Corporation of Newton, for the Annual Resident Listing Form at a price not to exceed \$4,404, for 400,000 forms.

The recent City Preliminary Election has shown a need for revision of the form, and

the UARCO Corporation has assisted in the development of a new form.

Considering the usual production time, availability of paper and guaranteed delivery date of November 30, 1975, the Boston Election Commission believes public advertising would serve no useful purpose at this time.

Very truly yours,

JOSEPH D. MURPHY,
Chairman.

HEALTH AND HOSPITALS DEPARTMENT

HEALTH CENTER

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on May 27, 1975, it was voted and approved to enter into a contract with Peter Bent Brigham Hospital, a Massachusetts nonprofit corporation with offices at 721 Huntington Avenue, Boston, and thereby make a grant to Southern Jamaica Plain Health Center, of 300 Longwood Avenue, Boston, during the period commencing July 1, 1975, through June 30, 1976, under the City of Boston Matching Grants Program. The amount of this grant/contract shall be \$50,000 and its purpose is to financially assist the health center in providing comprehensive community health care services within its district of the city under the City of Boston Matching Grants Program.

Grantee Corporation: Peter Bent Brigham Hospital.

Community Health Center: Southern Jamaica Plain Health Center, 300 Longwood Avenue, Boston, Massachusetts.

Amount of Grant: \$50,000.

It is also the purpose of this grant to enable hospitals to carry on the responsibility placed upon them by the City of Boston Primary Care Districting Plan.

Under the said Matching Grants Program the city's contribution, \$50,000, will be matched by a sum contributed by a voluntary hospital in or near this particular neighborhood, in this case the Peter Bent Brigham Hospital.

Therefore, inasmuch as this contract is of a personal and professional nature and inasmuch as the said corporation is specially suited to provide this health care service by its experience and expertise, your Honor's permission is hereby respectfully requested to award/renew this contract without advertising under the terms stated above.

This letter will rescind our previous letter of award dated June 23, 1975, relative to this contract which in error cited the Children's Medical Center as the contracting party and the participating hospital rather than the Peter Bent Brigham Hospital.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

OFFICE OF CRIMINAL JUSTICE

PROGRAM ASSISTANCE

DEAR MR. MAYOR:

On April 23, 1975, you approved a contract between the City of Boston and the Boston Teen Center Alliance, Inc., in an amount not to exceed \$177,176, for the period January 1, 1975, through December 31, 1975.

The purpose of the contract was to allow the Boston Teen Center Alliance, Inc., to continue to provide program assistance and financial resources to priority teen centers across the city.

The Mayor's Office of Criminal Justice now has the opportunity to increase the amount of the contract by \$11,700, which would pay for the program's rent and utility bills up to June 30, 1975. Previously, the program had been lodged in a city building; however, due to space restrictions it was forced to find other office space. It should be noted that the project did seek free space in city buildings, but found nothing suitable. Also, the project did inspect over a dozen facilities and finally settled on one in which the cost per square foot was the lowest.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the Boston Teen Center Alliance, Inc. In view of the unique services required to perform the function of this contract, the nature of the expenditures, and the competitive process employed by the program in seeking office space, it is believed that public advertising would serve no useful purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

SECURITY PROGRAM

DEAR MR. MAYOR:

As Director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Allston-Brighton Area Planning Action Council, Inc., in an amount not to exceed \$60,000, for the period December 1, 1975, to June 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control and Safe Streets Act of 1970 (P.L. 91-644), and as further amended by the Crime Control Act of 1973 (P.L. 93-83).

The purpose of this grant is to allow the Allston-Brighton Area Planning Action Council to conduct a community security program at the Commonwealth Public Housing Development in the Allston section of Boston. This program will be based on developing a more cohesive community within the development in order to encourage tenant participation in both crime prevention efforts and cooperation with local police. Separate components deal with the specific security-related problems of the young, senior citizens, and minority residents will be included within the total program.

The Allston-Brighton Area Planning Action Council (APAC), Inc., has provided diverse social action programming within this community for the last several years. They have established considerable credibility with the local residents and have developed a significant expertise in effective program implementation and operation. Allston-Brighton APAC operates a variety of social health and welfare programs within this community, many of which will be beneficial to the operation of this community security program at the Commonwealth Development. In addition, the experience in sound fiscal management gained in operating these programs places APAC in a singular position within the community in terms of assuring compliance with our fiscal control requirements. APAC has emerged over the past years into a position of community leader and unequalled professional knowledge in its service area—the Allston-Brighton community.

Because of both the unique professional services and community support required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

PROSECUTORS SERVICES

DEAR MR. MAYOR:

As director of your Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Marshall G. Bolster and State Street Bank and Trust Company, executors under the will of Anna Quincy Churchill, 50 Congress Street, Boston, Mass. 02109, in an amount not to exceed \$3,000, for the period May 1, 1975, through December 31, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's office to continue to provide professional prosecutors at the district court level in Suffolk County, at the same location.

The office space that is the subject matter of the aforementioned contract is situated at the Dorchester district of Boston and numbered 503B and 505 Washington Street. It contains approximately 3,000 square feet of space.

Based on the uniqueness of the location of this office and its accessibility to Dorchester District Court, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

PATROL PROGRAM

DEAR MR. MAYOR:

On September 30, 1974, you approved a contract between the City of Boston and the Boston Housing Authority in an amount not to exceed \$10,050 for the period October 1, 1974, through September 30, 1975.

The purpose of the contract was to allow the Boston Housing Authority to hire a plant supervisor for the voluntary resident patrol program at each of four housing projects in Boston (Columbia Point, Mission Hill, Mission Hill Extension, and Commonwealth).

The Mayor's Office of Criminal Justice now has the opportunity to increase the amount of the contract by \$7,800, which would permit the Boston Housing Authority to continue its program through June 30, 1976.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-633).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the Boston Housing Authority. In view of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

PARKS AND RECREATION DEPARTMENT SHARED UTILITIES COSTS

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with proposals by advertisement in the *City Record*, and to award to Federated Dorchester Neighborhood Houses, Inc. (Federated of 1353 Brimley Avenue, Dorchester, Mass.), a contract for the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$5,000.

The Parks and Recreation Department owns and operates a swimming pool at the above address in a premises connected to Federated property by a shared locker room

facility. This department seeks to renew its contract with Federated for the purchase from Federated of utilities utilized for the operating of the city pool at the above premises for the current fiscal year. The utilities are supplied to Federated by the servicing utility companies and the city will pay Federated a share of the billed cost, proportional to the actual use of such services, and set forth in the following formula:

City, heat, 29.05 percent, Federated, 70.95 percent; city, electricity, 30.20 percent, Federated, 69.80 percent; city, water, 68 percent, Federated, 32 percent.

In view of the fact that Federated has supplied the city with necessary utilities supplied to them by servicing utility companies in the past, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

PLANNING AND NEIGHBORHOOD SERVICES

MACHINE RENTAL AND SERVICING

DEAR MAYOR WHITE:

I am awarding a contract to Xerox Corporation of Rochester, New York, for rental of one Xerox copying machine and equipment servicing to be furnished to the Mayor's Office of Planning and Neighborhood Services. The cost of this service to the city will not exceed \$11,000, and will cover the period between July 1, 1975, through June 30, 1976.

In view of the quality of the machine and the service to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

DAVID ROSENBLUM.

POLICE DEPARTMENT

FOOD SERVICE

DEAR MR. MAYOR:

During the recent turmoil at Carson Beach, South Boston, and other sections of the city during the opening days of school, it has been and will be necessary to provide food, coffee and soft drinks to police officers assigned for extended periods to preserve the peace and protect persons and property in various sections of the city.

Because the food requirements fluctuate from day to day depending on the number of men assigned, the location of their assignments and the duration of duty for any particular day, it is necessary for the Boston Police Department to be able to obtain the necessary food products from a number of vendors on short notice in order to assure that our needs will be met.

This department has made arrangements with the city's school department to allow police officers assigned in and around school buildings with cafeteria facilities during Phase II of school desegregation to eat in the school cafeterias at their own expense. However, some police officers will be assigned to locations around the city during

Phase II that are not near a school cafeteria and who will not be able to leave their posts for public safety reasons. This contract will provide these officers with food and beverages.

Since there are a limited number of vendors that can provide the volume of food needed on short notice and because of the emergency nature of this contract, it is my belief that a formal public bid request would serve no useful purpose to the City of Boston and would require more time than is available to meet the emergency food requirements of the City of Boston Police Department. I therefore, respectfully request your Honor's written authorization to dispense with public advertising and to enter into a contract with the below named firms:

Coffee Ann, Inc., 41 Vinton Street, South Boston.

Blanchard Mattapan, Inc., 7 Edgewater Drive, Mattapan.

Hart Brothers, Caterers, 3 Billings Street, Randolph.

I propose to enter into one contract to be signed by each of the named firms. In no event shall the payments of liabilities of the City of Boston under this contract for the period August 1, 1975, to June 30, 1976, exceed the total sum of \$35,000.

Very truly yours,

ROBERT J. DI GRAZIA,
Commissioner.

CONSULTANT SERVICES

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with inviting proposals by advertisement in the *City Record* and award to Lawrence J. Ball of 3 Center Plaza, Boston, a contract in the amount not to exceed \$15,000, commencing on July 1, 1975, through June 30, 1976.

During the current fiscal year the Boston Police Department will be faced with new and complex problems relating to police discipline. The Rules and Regulations of the department are being extensively revised and rewritten. The new rules, which will set forth procedures for conducting internal affairs investigations and police disciplinary hearings, must clarify the rights of employees and the powers of police administrators in light of the federal constitution, the recently amended civil service laws, the new public employees collective bargaining law and the new revisions of the collective bargaining contracts for employees of this department. The difficulty of this task has been increased because of the disciplinary problems which will, and in fact have already arisen, as a result of the implementation of the federal court school desegregation order. In addition, there are several highly complex internal affairs investigations pending which may result in immediate challenges to the legality of these new procedures.

Because of the special circumstances in existence during this fiscal year, it is impossible for the present staff of this depart-

(Continued from previous page)

ment to establish new, workable and efficient disciplinary procedures without the assistance of a trained and knowledgeable consultant. That consultant is necessary to advise and assist me and my staff in drafting the new rules and in resolving the complex problems arising from implementation of those rules. Mr. Ball has the unique and special skills necessary to carry out that task.

Mr. Ball has considerable knowledge and experience with respect to the problems faced by police administrators in imposing discipline upon employees of a large urban police department. Mr. Ball is an expert in public employee disciplinary procedures, the Massachusetts Civil Service Laws and the new public employees collective bargaining law. Mr. Ball, as of counsel to the firm of Nutter, McClellan and Fish, has advised and assisted the Commissioner of the Department of Youth Services of the Commonwealth of Massachusetts. That advice related to the excess employees which resulted from the closing of large state institutions, the abolition of permanent Civil Service positions and implementation of budget reductions imposed by the legislature. He has established procedures for handling Civil Service problems raised by employees of that department. In addition, he has represented City of Boston officials with respect to abolition of permanent Civil Service positions and the termination of permanent employees. Mr. Ball has a knowledge of police related problems because he has in the past advised this department and represented me with respect to numerous complex police disciplinary problems. He has previously drafted rules establishing new procedures, reviewed numerous complex internal affairs investigations and successfully defended me in federal and state actions brought by employees of this department challenging the legality of those procedures. He has lectured private security guards and is presently an instructor in the Law Enforcement Program at Boston State College. The skills and knowledge possessed by Mr. Ball make him uniquely capable of advising and assisting me in resolving the problems I face during this current fiscal year.

In view of Mr. Ball's experience and expertise and the unique service required to perform the various functions of this contract, it is believed that the public advertising would serve no useful purpose.

Very truly yours,

ROBERT J. DI GRAZIA,
Commissioner.

INVITATION FOR GENERAL BIDS FOR FURNISHING, DELIVERING AND SETTING UP OFFICE FURNITURE IN VARIOUS SCHOOLS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing, delivering and setting up office furniture in various schools. General bids will be received until five o'clock noon, Boston time, Monday, February 9, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the designation of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority, or a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount of whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids. No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid may be withdrawn prior to the execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR DEMOLITION AND SITE CLEARANCE, PROJECT NO. 2366.

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

359-361 Chelsea Street, Ward 1.
51-53 Linwood Street, Ward 9.
63 Centre Street, Ward 11 (garage).
65 Centre Street, Ward 11.
66 Centre Street, Ward 11.
68 Centre Street, Ward 11.
39A Woodbine Street, Ward 12.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Thursday, February 12, 1976, at the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass.

02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on a form for general bid obtained from the Awarding Authority. The general bid must be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Copies of the general bids shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid in the form of a bid bond, or cash, or certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value to be less than \$100, not to exceed \$500. One copy of the general bid shall be filed with the City Auditor. The general bid will be opened before the time stated above for the opening of the general bids.

No general bid may be withdrawn within the time limit for filing general bids after five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time for.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152C, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a sum equal to the contract price, from a company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a twenty-one-day period to complete the demolition and site clearance of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

CITY OF BOSTON,
FRANCIS W. GENS,
Building Commissioner

Mayor Cuts City Budget by \$19.6 Million

Mayor Kevin White, on January 29, announced the first stage of a three-pronged effort to get the city's budget back into balance, released a budget cutback for fiscal 1976 of \$19.6 million, eliminating 615 permanent and temporary positions.

The Mayor's reductions deal only with the city budget — the school budget is excluded — and will initiate a budget overhaul to reduce a \$33 million cash deficit confronting the city. These cuts exceeded by \$6.6 million the \$13 million share of the deficit that falls within the Mayor's fiscal jurisdiction, with the remaining \$20 million deficit contained in the School Department.

The cuts were explained by Deputy Mayor Edward T. Sullivan, chairman of a six-member budget committee established by Mayor White, who is in Washington attending the United States Conference of Mayor's annual meeting. The Mayor will make a statement concerning the need for School Department budget cuts.

"When this fiscal year began, our budgets were in perfect balance, with appropriations matching revenues," Mayor White declared. "But the combination of profligate spending in the School Department and a very tight money market have imposed a severe financial pinch not of our own making, and to which we must respond decisively if we are to control our economic destiny. Comparative cuts now must be made in the School Department and later in the fiscal 1977 budget."

The major components of the fiscal 1976 cuts are:

(1) A reduction of \$19,694,502 for fiscal 1976; when carried over to the fiscal 1977 budget for a full year, the savings will total about

\$30 million or nearly 11 percent of this year's \$279 million appropriation, excluding the School Department.

(2) Layoffs of 615 employees, including permanent (Civil Service) personnel and provisional employees, and middle managers.

(3) Reductions of programs and/or personnel in twenty-four city agencies.

(4) A cut of \$745,000 or 11 percent in the budgets of all city agencies conceived by Mayor White since his administration began in 1968.

(5) Budget cuts in Health and Hospitals, Police, Fire, Parks, and Public Works total \$12.1 million.

(6) Completion through the budget review process of the first stage of an in-depth evaluation of the effectiveness, accountability, and productivity of all city agencies. This evaluation will be resumed when further cuts are considered in the fiscal 1977 budget.

"Furloughing people with families and cutting back on human services is a painful process for any jurisdiction, however necessary it may be,"

Mayor White declared. "We are sensitive to the hardships that will be imposed on unemployed workers, many of whom are dedicated careerists or who include some of our best-educated, best-trained, or best-motivated people. Productivity could not be the sole yardstick in all cases for retaining personnel, because legal and financial constraints often will dictate who can be retained.

"The economic realities of our times have decreed these hard choices, but traumatic though these furloughs will be for those released, the cutbacks are necessary to provide relief for the great majority of the city's taxpayers, who simply could not afford the consequences of indifference or inaction.

"The city will announce soon, a program for helping released employees to find other positions.

"These cuts will not mean the elimination or drastic reduction of basic services, but no one should be so naive as to think they won't require sacrifices," Mayor White continued. "Neither will there be a wholesale elimination of services that enhance the quality of life in the city. They will, however, be reduced.

"Streets will be cleaned as before, rubbish will be collected, police and firemen will respond, parks will be maintained," he said. "But it may take longer to get a tree trimmed, a new street light installed, a pothole filled. That inconvenience

is the price we must pay, for the alternative is unacceptable — a tax increase so overwhelming that it would deplete the budget of most families in the city," Mayor White explained.

Boston is facing an economic crunch primarily because of the \$28 million cost of implementing the federal court's desegregation order (\$20 million of which is a School Department deficit and \$8 million in police overtime) and the increased difficulty in borrowing money of the ripple effect resulting from New York's precarious financial condition.

"We are not mired in New York's desperate predicament, and more importantly, we don't intend to get there," the Mayor said. "But like other municipal and state jurisdictions, we are paying the price for New York's flirtation with default. The lowering of Boston's credit rating by Moody's, an action imposed despite the city's plan for curbing its deficit, illustrates this point. Lending institutions view state and local government as a poor risk, causing the money supply to dwindle and the interest rates to increase.

"Faced with a long-term money shortage, the only realistic solution, therefore, is to cut costs, maintain a balanced budget, and make the system more productive, and today's cuts, rather than being a one-shot panacea, are merely the first step in a long-range overhaul of Boston's bureaucracy," Mayor White concluded.

Among the larger department cuts are the following:

HEALTH AND HOSPITALS: \$5 million, including layoff of 60 personnel.

POLICE: \$1.6 million (no layoffs of professional uniformed personnel).

Fire: \$1.2 million (no layoffs of uniformed personnel).

PUBLIC WORKS: \$3.1 (no layoffs).

PARKS: \$1.2 million and a layoff of 245 personnel.

LIBRARY: \$500,000.

BRA: \$350,000 in city planning funds.

OPS: (Little City Halls) \$200,000.

YOUTH ACTIVITIES: \$100,000.

COMMUNITY SCHOOLS: \$270,000.

ADMINISTRATIVE SERVICES:
\$387,000.

Personnel reductions, which will begin immediately, and most of which will be completed by March 1, will be determined by individual department heads and employees to be terminated will first be notified, in writing, in accordance with appropriate labor relations and Civil Service requirements. Major personnel reductions include:

Police, 140 civilians; Parks and Recreation, 228 laborers and 17 in the Recreations Division; Administrative Services, up to 60; BRA, 50; Health and Hospitals, 60; Real Property, up to 87; Youth Activities, 14; Air Pollution, 5; Animal Control, 7; and Little City Halls, up to 29.

In addition, the city is weighing proposals to close its printing plant and to discontinue cleaning services in public buildings by city employees. A final decision on these services will be made after final estimate of the money to be saved has been received and after consultation with the union officials representing these employees.

Four Little City Halls being closed are Franklin Field, Roslindale, Brighton, and Fields Corner.

Their activities will be consolidated within four contiguous halls: Mattapan, West Roxbury, Allston, and Uphams Corner, respectively. Other economies to be instituted include:

- a sharp reduction in uniformed personnel and civilian overtime in the Police Department (\$530,000);
- closing of the Back Bay Police substation (\$2,000);

- closing of the arts and crafts program in the Pinebank Art Center in Jamaica Plain (\$41,500);

- closing of both municipal courses at Franklin Park and George Wright course;

- termination of subsidy to officials in privately sponsored basketball and baseball leagues (\$83,386);

- layoff of 50 permanent and temporary school crossing supervisors in the Police Department (\$133,000);

- layoff of 228 Parks Department laborers and 17 Recreation personnel;

- delaying from one to two months the start of eight new community school programs (\$270,000);

- layoff of eight H.I.D. nine building inspectors (\$109,600);

- terminating in-patient care treatment at BCH; consolidation of operating rooms, eliminating beds, layoff of 60 personnel;

- shifting the cost of building demolition from city to federal (CDRS) funds (\$425,000);

- reduction of overtime, personnel, and contractual services in the Election Department (\$234,270);

- reduction of overtime, personnel, and contractual services in the Assessing Department (\$234,586);

- layoffs, salary reductions, elimination of night maintenance Youth Activities (\$100,000).

The Mayor noted he did not want to arbitrarily and artificially cut costs merely to compensate for the city's \$13 million share of the overall deficit, but rather cut according to need and opportunity, thereby counting for cuts totaling \$19,694,502 million.

The budget reductions imposed by the Mayor were based on

BOSTON'S BOND RATING REVISED

Statement of Collector-Treasurer James V. Young, January 27, 1976.

Moody's Investors' Service of New York City today announced the lowering of Boston's municipal bond rating from A to Baa. Their decision came as a surprise and shock to the City of Boston.

I object strongly to both the process and substance of Moody's action. I was not notified until yesterday that a rating revision was being considered and am greatly disturbed that the city was given no opportunity to present its case before that decision was reached.

Moody's cited "an impending deficit; a strained tax base; undischarged pension liabilities of large undetermined magnitude; and a weakened financial condition of the Commonwealth of Massachusetts" as reasons for its action.

With the exception of the Commonwealth's recent financial problems, all of the above conditions have existed for some time. The city has discussed them at length with Moody's, a process which resulted in the upgrading of Boston's bond rating over the last two years. What is new is that despite inflation, recession, and the cost of desegregation, the city tax rate has, in fact, remained stable over the last four years.

In general, I feel that Moody's is overreacting to the problems recently experienced with their past ratings of New York City bonds and to Massachusetts' recent financial problems.

It is unfortunate that Moody's overreaction may now result in the city's being forced to pay higher rates of interest on its municipal bonds.

CHILDREN PLAY "DENTIST"

Children will enjoy playing the role of the dentist and the auxiliary team while exploring dental health at the fourth annual dental exhibit at the Children's Museum on the Jamaica way.

The exhibit, which runs through February 22, honors Massachusetts Dental Health Month, and is sponsored by the Massachusetts Dental Society, Massachusetts Society of Dentistry for Children, the Forsyth Dental Center, and the dental schools at Tufts, Harvard, and Boston University.

Children visiting the museum can become both doctor and patient as they try out dental equipment, get a close-up of instruments, see brushing demonstrations and films, play dental games on the computer, and discover in a risk-free atmosphere a new kind of trip to the dentist.

"The key to the exhibit is its lack of formal structure and restraints," according to Dr. Michael Sheff of Newton, state chairman of the Council on Dental Health. "The children will be able to don traditional dental gowns and examine their peers in actual dental chairs as well as consider other aspects of dental medicine and health."

This year's theme of Massachusetts Dental Health Month is "Smile, America! Be Free from Dental Disease." Through the introduction of this exhibit it is hoped that the child's dental experience will be a pleasant one.

"Today, preventive dentistry is the goal of every practicing dentist," said Dr. Robert Frank of Lexington, chairman of the Children's Museum project and a children's dentist in Medford. "It is important that children and their parents understand that through diet and home care they can best preserve the health of their teeth. We hope that children themselves will get a feeling for preventive dentistry."

The exhibit will be open to parents and children Tuesday through Friday, from two to five p.m.; Saturday and Sunday, from ten to five p.m. During February

vacation week (February 14 through February 22) visiting hours will be extended to from ten a.m. to five p.m. daily. For further information call 522-4800.

REMEMBER THIS ADDRESS?

The Gettysburg Address was delivered by President Abraham Lincoln at the dedication of the National Cemetery on Gettysburg Battlefield, November 19, 1863. It is a masterpiece of literature. President Lincoln, our sixteenth President, was born February 12, 1809, and died April 15, 1865.

Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our poor power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honoured dead we take increased devotion to that cause for which they here gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain, that this nation under God, shall have a new birth of freedom; and that government of the people, by the people, for the people, shall not perish from the earth.

HUD ANNOUNCEMENT

Secretary Carla A. Hills, of the Department of Housing and Urban Development, has announced the tentative regional allocations of housing units for the elderly and the handicapped authorized by the Housing Act of 1959.

The units were allocated among HUD's ten regions on the basis of need, as defined by the number of elderly households, income levels, and housing conditions.

Under section 202 of the Act, HUD is authorized to lend up to \$375,000,000 to eligible sponsors during fiscal year 1976 for construction or substantial rehabilitation of units for the elderly and the handicapped. They may borrow directly from HUD amounts up to 100 percent of the total development costs of their projects, through a long-term, forty-year loan, at an interest rate charge related to the current long-term rate paid by the United States Treasury in its borrowing activities.

An invitation to submit applications for these loans was published in the Federal Register on September 24, with a closing date of December 15. Applications for more than 1,500 projects were received, requesting the financing of more than 230,000 units.

Final allocations to sponsors will be announced on or about March 15, following further evaluation by HUD. Although the table shows allocations of 12,160 units, it is anticipated that the final figure may rise to 14,000 units.

The projects to be constructed or substantially rehabilitated will vary in size and design, and will be expected to furnish a wide range of services, including health, continuing education, welfare, informational, recreational, and transportation services.

While the program is designed primarily to help meet the housing needs of low- and moderate-income groups, it is expected that tenants will comprise a wide income range, including those who need no financial assistance. However, for those persons with income below 80 percent of the median income for the

locality, subsidies will be available under HUD's section 8, Housing Assistance Payments Program.

The estimated units available in Region I, Boston, are 675; the applications/project count received (estimated) is 117; the total units (estimated) are 15,139.

HELPING THE HANDICAPPED

More attention is being paid to handicapped Americans. Rental cars modified with hand controls, special auto license plates identifying handicapped operators, wider parking spaces marked by blue and white signs are some innovations now easing burdens. More municipal building codes are requiring ramps and sloped curbs to smooth a wheelchair's way. Telegrams are now being sent in Braille. A restaurant chain provides Braille menus in Chicago, Minneapolis, and Rochester, Minnesota. Tennessee now issues driving licenses to people certified blind — not for driving, but as identification to cash checks and open credit lines.

HAVE YOU A GREEN THUMB?

Ever popular, the ten-week "Green Thumb for a Greener Boston," instruction begins the second week in February. Three separate sessions, from 1 to 3 p.m. will be held starting Tuesday, February 10, Wednesday, February 11, and Thursday, February 12 at the Parks and Recreation Department greenhouse in Franklin Park.

One hundred applications will be accepted on the basis of earliest postmark. *Boston residents only* are eligible. All interested persons should send their names, addresses, and phone numbers to: Green Thumb Course, Boston Parks and Recreation Department, Room 802, City Hall, Boston, MA 02201.

A ten dollar registration will be required of those selected for the class, but should not be sent in the registration letter.

DIRECTIVE NO. 2 17F COUNCIL ORDERS

To All Department Heads.

For your information and the within your department or agency who may be unfamiliar with provisions of section 17F of City Charter, under which certain Council orders are passed or resolutions adopted, I am citing below excerpt from this section:

Sect. 17F. The City Council any time may request from the Mayor specific information on a municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the Mayor shall personally, or through a head of department or a member of the board, attend such meeting and publicly answer all such questions.

I, on behalf of his Honor the Mayor, request your complete cooperation and prompt attention in the future to all orders and/or resolutions passed or adopted by the City Council and forwarded to you for reply.

EDWARD T. SULLIVAN,
Director.

PLYMOUTH AND CAPE CO

Thirty-eight miles south of Boston lies Plymouth. Here is where it began with the landing of the Pilgrims in 1620. Visitors will see Plymouth Rock, Mayflower II, an accurate reconstruction — the Plimoth Plantation, with thatched roofed replicas of Pilgrim homes. Farther south, one reaches Cape Cod, known for its beaches, picturesque villages, and summer cottages. There are many state parks including the National Seashore. Provincetown, at the tip, is renowned as an artist's colony and a crafts center.

Other interesting places to visit are Antiquarian House, Harlow House, Howland House, Mayflower Society House, Pilgrim Museum, Sparrow House, and Spooner House.

OVERNIGHT PARKING

The Massachusetts Parking Authority has announced it will permit overnight parking in the Under Common Garage, from 8 P.M. to 8 A.M., for fifty cents, through March 18.

This is to ease the burden on motorists who have difficulty finding a parking space while the winter parking regulations are in effect, according to the Authority.

An identical low-cost, overnight parking program recently was initiated by the Government Center Garage.

Overnight garage parkers should note that in both cases, regular fees resume after 8 A.M.

HARING OF COMMUNITY DEVELOPMENT FUNDS URGED

Each section of Boston should receive an equitable share of community development federal funds, City Councillor John J. Kerrigan urged in his first measure submitted to Council vote.

"Urban renewal and neighborhood improvement is vitally needed in every area of this city — and not just token grants for some," he said.

The new Council member in his maiden speech won unanimous support of his colleagues in passage of his order endorsing the principle of equitable distribution of community development.

He noted that Council members elected from the entire city have a duty to give all sections representation and equitable city services.

An examination of the current \$1 million first-year program shows disproportionate allocations, Councilor Kerrigan said. The distribution appears to have no rationale based on population or area of coverage.

For instance, the Roxbury area received \$3.1 million in block grants and the South End \$3.5 million, against \$1.3 million for South Boston; \$940,000 for Hyde Park; \$50,000 for West Roxbury.

"The one-person, one-vote principle has been established as fair in our electoral process," Councillor Kerrigan said.

"I believe that equitable sharing of community development funds among all Bostonians should be set as our policy."

ANNUAL SUBMISSION OF EMPLOYEES LIST FOR CIVIL SERVICE AND NON-CIVIL SERVICE EMPLOYEES

To All Department Heads.

Your attention is directed to the provision of chapter 31, section 15c of the General Laws (Civil Service) which requires the appointing authorities to submit annual "seniority lists" based on their original date of permanent Civil Service appointment by March 2 of each year.

However, your cooperation is solicited this year to prepare this seniority list and submit a copy to the Personnel Division by February 13, 1976.

The appointing authority of non-Civil Service employees are advised to prepare a list of their employees, by job classification, salary and/or grade, and date of permanent appointment and submit this list to the Personnel Division by February 13, 1976.

Thanking you in advance for your cooperation.

LAWRENCE W. COSTELLO,
Supervisor of Personnel.

CITY OF BOSTON PUBLIC HEARING

A public hearing will be held in Rooms 801-805, City Hall, on Monday, March 1, 1976, at 10:30 A.M., to consider the application proposals for (1) the Boston Sewerage Facilities Plan, modifying and rehabilitating existing sewerage conduits, to be submitted under section 201 of the Water Pollution Control Act of 1972 for federal and state monies; and (2) Sanitary Sewer Construction in Charlestown Urban Renewal Area, R-55, under the Boston Redevelopment Authority to be submitted for federal construction grant monies.

Inspection of the proposed projects and the complete application is available during regular business hours in Room 716, Department of Public Works, City Hall. Public comments are invited any time prior to March 1, 1976. Comments and requests for further information should be directed to Mr. P. Baxter Lanius, Law Department, City Hall, Boston 02201. (617)-725-4060.

THE CITY SEAL

As it appeared prior to 1827

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii, 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'Sicut patribus sit Deus nobis,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATI REGIMINE DONATA A.D. 1822.'"

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

PUBLIC FACILITIES DEPARTMENT DESIGNS OF IMPROVEMENTS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on July 31, 1975, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to C. E. Maguire, Inc., a Delaware corporation duly registered to do business in the Commonwealth, with offices at 60 First Avenue, Waltham, Mass.

Under the terms of the contract, C. E. Maguire, Inc. will design necessary improvements to each of (not to exceed) 400 currently vacant parcels of land owned by, and in, the various districts of the City of Boston, as may be designated from time to time under the REVIVAL (Revitalization of Vacant Land) program, at a cost for such services (at categorical hourly rates set forth in, and, further defined by, the contract, times 2.5), not to exceed \$80,000 (including \$10,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

UTILITIES AND SERVICES

DEAR MAYOR WHITE:

I request your Honor's written permission to dispense with public advertising in entering into an agreement with the University of Massachusetts, a state university under G. L. chapter 75, for the use of space at the university's facility at 100 Arlington Street, Boston, by students of Madison Park High School.

The need for this space has been brought about by the redistricting of high schools—as a result of which new high schools had to be established. A city-wide search for available classroom space was made, and classroom space to accommodate this overflow situation was found at 100 Arlington Street.

The classroom space we occupied last year has been expanded to six floors, namely the third, fourth, fifth, sixth, seventh, and eighth floors, with a total floor area of approximately 60,000 square feet.

All utilities (except telephone) will be provided by the university, together with security and custodial services.

Our occupancy will begin September 1, 1975, and terminate June 30, 1976.

No charge for rental as such will be made but the university has requested that we reimburse it for the utilities and services supplied. The monthly charge for these services will be \$30,000, with the total cost

for our period of occupancy not to exceed \$300,000.

In view of the fact that this space has proven adequate and convenient, I do not feel that any useful purpose would be served by public advertising.

Very truly yours,
ROBERT J. VEY,
Director.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the physical education facilities of the YMCA branch at 316 Huntington Avenue, Boston, by students participating in the physical education program of Copley Square High School.

The term of the lease will be approximately ten months from September 8, 1976, through June 25, 1976.

The rental for the term will be \$10,200, based on 408 hours of usage at \$25 per hour. The rental will be payable in two equal installments of \$5,100 each: one upon execution of this lease, and the second payment due May 6, 1976.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain personal property deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The property consists of kitchen facilities incidental to the educational facilities of the lessor located at 209 Columbus Avenue, Boston.

The term of the lease will be from August 1, 1975, to the date on which the demised premises are taken in fee by eminent domain.

The rental for the property will be \$300 per month for the fifteen pieces of equipment involved.

Since these facilities are both adequate and convenient, as well as being in compliance with Judge Garrity's court order

concerning the premises, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT ENGINEERING SERVICES

DEAR MR. MAYOR:

Following up the request of Deputy Vey, in his capacity as chairman of the Neighborhood Development Council, implementation of the Council's vote of \$115,000 of Community Development Grant funds to hire experts to develop plans for upgrading the Centre Street area of Roxbury, between West Roxbury Parkway and Spring Street, I have requested the consultant firm of Howard Needles Tammen and Bergendoff to submit a proposal to accomplish the work required.

They have submitted their proposal for engineering services to study, develop alternative concepts, and prepare cost estimates and documents for improvements to this Centre Street area. Their proposal would cover those amenities that will enhance the aesthetics and functioning of the general area, including potential improvements relating to vehicular and pedestrian circulation, public transit, MBTA services, signing, and landscaping.

These proposed services are highly professional and technical in nature and this consultant firm which very smoothly and successfully did the consulting work for the Massachusetts Turnpike, along with having a most impressive array of varied engineering accomplishments to their credit, is eminently capable of carrying out the work we require.

Therefore, I respectfully request your Honor's approval to dispense with public advertising and to award a contract to Howard Needles Tammen and Bergendoff, Suite 300, Prudential Center, Boston, Mass., to render the above-referenced services for an amount not to exceed \$115,000, and within a limit of one year from the date of approval.

Payment for engineering services would be based upon the actual salary paid to the personnel, plus 150 percent to cover salaries, overhead, general overhead, and profit. In addition there would be provisions for reimbursement of the direct cost of all out-of-pocket expenses for travel, reproduction, printing and similar items, with automobile mileage at the rate of 15 cents per mile.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works

REAL PROPERTY DEPARTMENT RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following building has been condemned by the Building Commissioner as being in an unsafe and dangerous condition. The building is a menace to the neighborhood. The location follows:

8 Lithgow Street, Ward 17.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116 (d) thereof and with an agreement between the Building Commissioner and Real Property Commissioner, I have asked and have received your Honor's permission to raze the building. We have solicited invitation bids; award to be made to the lowest qualified bidder, and have received the following:

Regal Wrecking Company, 49 Woodgate Road, Mattapan, Mass., \$4,250; Ideal Demolition Co., 231 Park Street, Dorchester, Mass., \$4,000; and Design Demolition Co., Inc., 108 South Street, Jamaica Plain, Mass., \$4,250.

Regal Wrecking Company, of 49 Woodgate Road, Mattapan, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries necessary insurance, and it has done satisfactory work for the City of Boston, in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$4,250, to the Regal Wrecking Company, 49 Woodgate Street, Mattapan.

Very truly yours,

JOANNE A. PREVOST,
*Commissioner of Real Property,
Chairman, Real Property Board.*

DEAR MR. MAYOR:

The following building has been condemned by the Building Commissioner as being in an unsafe and dangerous condition. The building is a menace to the neighborhood. The location follows:

SCHOOL DEPARTMENT

CONSULTANT SERVICES

MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to fax Birnbaum, Director of the Boston University Human Relations Laboratory, for consultant services providing training, coordination and board for seven participants at the Boston University Summer Laboratory in Community Relations and Community Dynamics, during the period of June 22, to July 3, 1975, at a total cost not to exceed \$3,500.

The contractor has acted as a consultant to the School Department since 1970 and has been the inspiration for much of the material currently used in the Office of Orientation for Intergration Workshops. As director of the laboratory he will provide intensive training in human relations skills and techniques to be applied subsequently in Boston public school work-

shops.

Because of the professional nature of the services to be performed under the contract, and of the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement, and to award to Kline & Gordon, attorneys at law, 92 State Street, Boston, Mass., a contract for legal representation in the case of *Black Voters, Rose Jolley, et al. vs. John J. McDonough, et al.*, in the amount of \$25,000, during the period August 16, 1975, to June 30, 1976.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

EDWARD J. WINTER,
Secretary.

EMERGENCY OFFICE SERVICES

DEAR MR. MAYOR:

I request authorization for the award of a contract, without public advertising, to Diversified Business Services, also known as office specialists, for professional services during the period July 16, to September 3, 1975, at a cost not to exceed \$4,200. The contractor has delivered these services during the above period and under the emergency required by Phase II of the desegregation plan.

We immediately initiated the bidding procedures for an annual contract for such services. However, we were forced to continue the emergency work in the interim. The bidding process has resulted in a contract effective September 5, 1975. The emergency services above will require a separate contract.

Very truly yours,

LEO J. BURKE,
Business Manager.

COORDINATOR SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Patricia Ann Murray, for the position of drug coordinator, during the period of November 1, 1975, through June 30, 1976, at a cost not to exceed \$8,000.

The contractor will be working with all impacted schools (as well as selected parochial schools) in the field of substance

abuse (drugs and particularly alcohol) to facilitate the following programs:

1. Needs assessment on administrators, teachers, parents, and students;
2. design programs to respond to needs assessment;
3. facilitate all contracts addressing substance abuse;
4. conduct actual workshops for parents, teachers, students; and
5. report to the coordinator on model substance abuse programs in effect in other school systems.

Because of the need to initiate the program during the present academic year, and because of the teaching, counseling, and social service experience of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act Grant G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

POLAROID EQUIPMENT

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Polaroid Corporation, for Polaroid equipment, at a cost not to exceed \$11,612.50.

The contractor shall furnish Polaroid equipment.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

This contract is awarded, without public advertising, in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Polaroid Corporation, c/o Lexington Technical Associates, for Polaroid ID systems, at a cost not to exceed \$7,960.

The contractor shall furnish Polaroid ID systems.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

This contract is awarded, without public advertising, in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

ELECTRONIC DETECTOR

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Rens Manufacturing Company, for

electronics weapons detector, at a cost not to exceed \$36,503.07.

The contractor shall furnish electronic weapons detector.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

This contract is awarded, without public advertising, in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

MACHINE RENTAL

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Digital Equipment, for machine rental, during the period October 1, 1974, through June 30, 1975, at a cost not to exceed \$35,827.02.

The contractor shall provide the leasing of computer equipment.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

Very truly yours,

JAMES J. KEEFE,
Business Manager.

PRINTING SERVICES

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Eagle Graphics, Inc., for printing for the Office of Implementation, at a cost not to exceed \$2,107.

The contractor shall furnish printing for the Office of Implementation.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

This contract is awarded, without public advertising, in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to Uarco Business Forms, for printing of business forms, at a cost not to exceed \$3,200.

The contractor shall furnish printing of business forms.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

This contract is awarded, without public advertising, in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

IBM MACHINE SERVICES

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract, without public advertising, to International Business Machines for IBM machine service, during the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$6,340.

The contractor shall furnish IBM machine services.

Because of the professional nature of the services to be provided under this contract, and the expertise of contractor in providing such services, the public interest would not be served by public advertisement for bids.

Very truly yours,

JAMES J. KEEFE,
Business Manager.

TEST MATERIALS AND SCORING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request authorization for the award of a contract without public advertising to Harcourt, Brace, Jovanovich, Inc., for test materials and scoring services during the period of November 20, 1975, through December 19, 1975, at a cost not to exceed \$15,488.94.

Because of the need to initiate the program in early November, 1975, and to complete it by December 19, 1975, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A and is to be made subject to the receipt of funds under the grant from Emergency School Aid Act Grant No. G-301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

GAS METERING INSTALLATION

DEAR MR. MAYOR:

I request your approval of my action in issuing a service order, without advertising, to the Boston Gas Company in the amount of \$2,139 for inside service for a gas metering installation at the Grover Cleveland School.

An extreme emergency has been created by leaks in the existing oil tanks, and the system is being converted to gas.

Inasmuch as we must use the metering equipment of the sole supplier, Boston Gas Company, no useful purpose would be served by advertising.

Very truly yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

AUTOMOTIVE EQUIPMENT

DEAR MR. MAYOR:

On October 24, 1975, your Honor approved a request to award contracts to several companies for automotive equipment for various city departments as a result of publicly opened bids of October 3, 1975.

Due to a transposition of figures in the computation of the total amounts, the totals of Cote Motor Company, Inc. and Mirak Chevrolet Co., Inc. were incorrect.

It is now requested that my letter dated October 22, 1975, approved by your Honor on October 24, 1975, be amended by changing the totals of the aforementioned companies to read as follows:

Cote Motor Company, Inc., \$348,353.00 net; Mirak Chevrolet Co., Inc., \$128,303.00 thirty days net.

All other terms and conditions will remain the same.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

ELECTION DEPARTMENT

PRINTING OF BALLOTS

DEAR MR. MAYOR:

Your approval is respectfully requested to amend the contract between the City of Boston, acting through its Board of Election Commissioners, and Acme Printing Company, Inc., dated August 4, 1975, for the printing of ballots for the City Preliminary and City Election, by increasing the contract sum from \$9,810, to \$12,795.

Due to an unforeseen emergency which arose through passage of a Home Rule Petition in the State Senate, the Election Department was required to print additional paper ballots at a cost exceeding the contract price.

Very truly yours,

BOARD OF ELECTION COMMISSIONERS,
JOSEPH D. MURPHY,
Chairman.

PARKS AND RECREATION DEPARTMENT

RECREATION FACILITIES

DEAR SIR:

On August 19, 1974 your Honor approved the award of a publicly advertised contract to the lowest bidder, W. T. Rich Company, Inc., for construction of recreation facilities at the Woodcliff play area and Shirley Eustis Park, for the sum of \$77,900.

Each of the above sites were designed with community input through the Model City Agency. After the construction contract was awarded, there developed a dispute with the community as to how the Shirley Eustis Park should be designed, and after several attempts to resolve the differences of opinion failed, I decided to delay the construction

park for the time being, as we must
out our HUD Grant Program OSL-
-01-06-1044, under which this contract
unded. All work has been completed at
Woodcliff play area. Therefore, I re-
tfully request your Honor's authoriza-
to amend the contract for construction
recreation facilities at the Woodcliff play
and Shirley Eustis Park, by deleting
work called for at the Shirley Eustis Park,
which will reduce the contract sum by \$27,-
00, by deleting the bypass system in the
water meter manhole at Woodcliff play area,
which will reduce the contract sum by \$230;
and by adjusting the contract to compensate
contractor for work deleted at the rate
of 15 percent of the estimated cost of the
improvements at Shirley Eustis Park, which
will amount to \$4,110.

The net result of the amendment will be
a decrease in the original contract sum from
\$7,900, to \$50,270.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

ELECTRICAL REPAIRS

SIR:
In response to an advertisement in the
Record of September 22, 1975, inviting
interested competent persons customarily en-
gaged in electrical repair work, whether or
not located within the City of Boston, to
enter into a contract with the City of Boston
for estimating periodically the cost of, and
thereafter, upon the lowest responsible esti-
mate, performing the work of miscellaneous
and/or emergency repairs to Parks and Rec-
reation Department buildings, playgrounds,
parks and fields, the following is a list of
firms who have received applications for
such contract:

D & S Electric, 38 Charter Street, Boston.
Griffin Electrical Corporation, 18 Clarendon
Street, Boston.

James F. Houlihan, Inc., 260 Cypress
Street, Brookline.

Joseph L. McKeen, Inc., 413 Bowdoin
Street, Dorchester.

Malco Company, 121 Corey Street, West
Newbury.

Monument Contracting Company, 353
Washington Street, Brighton.

The Chappy Corporation, 447 Bennington
Street, East Boston.

Wallace Electric Company, Inc., 390 Cam-
bridge Street, Allston.

Westland Electric Company, Inc., 101
River Street, Waltham.

This amended award letter supercedes my
letter to you of October 23, 1975 and signed
by you on October 30, 1975. Due to a clerical
error the Griffin Electrical Corporation
was incorrectly listed as Griffin Electrical
Company, Inc., having a usual place of busi-
ness at 101 River Street, Waltham. Their
correct address is Griffin Electrical Corpora-
tion, 18 Clarendon Street, Boston.

Your Honor's approval is hereby requested
to award a contract to the firms listed above
for the period October 15, 1975, through

June 30, 1976. The cost for the entire period
will not exceed \$15,000.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

PUBLIC FACILITIES DEPARTMENT LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I am amending a letter of award, dated
September 3, 1975, and signed by the Mayor
on October 14, 1975.

Due to inadvertence, the total cost of the
lease and the service order should be \$51,-
750, rather than the incorrect amount of
\$51,050.

We appreciate your attention to this cor-
rection.

Very truly yours,
ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT ENGINEERING SERVICES

DEAR MR. MAYOR:

Reference is made to your approval of my
request dated June 24, 1975, copy enclosed,
concerning the award of a contract, without
advertising, to the Universal Engineering Cor-
poration, 100 Boylston Street, Boston, for
certain engineering services for the Chelsea
Street Bridge over Chelsea Creek in East
Boston, please be advised of the following:

Due to the urgent nature of the situation,
an estimate of \$47,000 was submitted by the
engineer for the specified engineering ser-
vices.

I respectfully request that the previous
submitted estimate be amended to \$62,000.

This amendment has been brought about
by the increased magnitude and complexities
of the project that could not be readily fore-
seen by the city or the engineer at the time
of failure.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

YOUTH ACTIVITIES COMMISSION TASC-J PROGRAM

DEAR MR. MAYOR:

As a result of an extension of our grant
from the National Institute of Drug Abuse,
for a period from October 30, 1975, to De-
cember 31, 1975, I should like to request
your approval to extend the effective dates
of our contract with Y.M.C.A. Service Cor-
poration which was approved by you in our
letter of August 2, 1974, and reaffirmed in
our letter of March 26, 1975. The extension
would change the effective date of the con-
tract, which originally was from August 1,
1974, through July 31, 1975, and later
amended to August 1, 1974, through October
30, 1975, to the new date of August 1, 1974,
through December 31, 1975.

This change in no way affects the cost or
scope of work as originally defined under
the contract. The Treatment Alternatives to
Street Crime-Juvenile (TASC-J) program is
supported solely through federal funding. No
City of Boston monies will be used for any
aspect of the program.

Your approval of this action is herein re-
quested.

Very truly yours,
PAUL V. McCAFFREY,
Executive Director.

FIRE DEPARTMENT ORDERS

January 27.

General Order No. 5

I. CHANGE IN RULES

The following changes will be made in
Rule 50.16 of the Rules and Regulations of
the Boston Fire Department, effective at
0800, January 27, 1976:

Deputy fire chief, \$15.87 per hour, \$63.48
minimum, \$126.96 eight-hour day.

District fire chief, \$13.80 per hour, \$55.20
minimum, \$110.40 eight-hour day.

Fire captain, \$12.00 per hour, \$48.00 mini-
mum, \$96.00 eight-hour day.

Fire lieutenant, \$11.00 per hour, \$44.00
minimum, \$88.00 eight-hour day.

Fire fighter, \$9.00 per hour, \$36.00 mini-
mum, \$72.00 eight-hour day.

Add Martin Luther King Day to the list
of holidays. Paid detail rates for holidays
will be two times the prescribed rate. Sun-
day rates are straight time. Detail rates for
over eight hours will be one and one-half
the prescribed hourly rate. There shall be
a four-hour minimum on all paid details.

II. COMMENDATION

The Fire Commissioner is pleased to com-
mend all members of the department who
worked the night tour of January 22, 1976,
for their performance not only at the fire,
Box 7445, five alarms, but also at Box 1423,
two alarms, and Box 7317, two alarms,
which occurred during the same tour of
duty. This devotion to duty reflected great
credit on the entire department under the
most severe conditions.

In addition, the following members are
commended for responding to and working
at fire, Box 7445, while off duty:

Dist. Fire Chief Paul B. McNiff, Head-
quarters.

Dist. Fire Chief Howard J. Sylvester, Dis-
trict 4.

Fire Lieut. Paul Christian, Ladder Com-
pany 20.

Fire Fighter Charles J. Kelley, Ladder
Company 20.

Fire Fighter Francis Belmore, Engine
Company 39.

Fire Fighter Edward Donovan, Engine
Company 43.

Numerous other off-duty members re-
sponded to and worked at Box 7445, and
their assistance combined with the work of
the on-duty members prevented the further
extension of this fire, and the possibility of
a conflagration.

III. AIR BOTTLES

K11 air bottle truck will be stationed at
the Maintenance Division. Tanks will be
refilled or replaced on a twenty-four-hour
basis by calling Extension 284. This will
be effective at 0800, January 28, 1976.

IV. ANNIVERSARY MASS

A third anniversary Mass for the late Arthur L. Ceurvels of Ladder Company 20 will be held Sunday, February 1, at 1200 hours in St. Agatha's Church, Adams Street, Milton.

POLICE DEPARTMENT ORDERS

January 14.

Special Order No. 76-5

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective immediately, an area to the rear of Headquarters has been designated for the parking of specific vehicles. The authorized vehicles will display a card in the top center of the rear window. All other vehicles, whether police or private, will be towed to Lot No. 1.

Personnel whose police vehicle has been towed will provide their own transportation to retrieve it and will submit a report of the incident to their commanding officer.

Additionally, three spaces at the right rear of Headquarters are for the exclusive use of the news media. These cars will be identified by displaying the News Photographers Tri-Card issued by the Boston, State, and MDC police, or by the State Police News Media Identification card in the front windshield. All others will be towed as above.

Both areas are clearly marked.

January 14.

BUILDING DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR BOARDING AND SECURING, PROJECT NO. 2368.

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the boarding and securing of the following buildings:

- 5 Bismarck Street, Ward 11.
- 14 Germania Street (Garage), Ward 11.
- 15 Ballou Avenue, Ward 14.
- 9 Balina Place, Ward 17.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Thursday, February 19, 1976, at the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing an 8-day period to complete the buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

CITY OF BOSTON,
FRANCIS W. GENS,
Building Commissioner.

NOTICE TO CONTRACTORS

INVITATION FOR GENERAL BIDS FOR ELECTRONIC SECURITY PATROL SERVICE AT VARIOUS LOCATIONS.

The City of Boston, acting by its Director of Public Facilities, Room 815, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed proposals for electronic security patrol service at various locations.

Proposals will be received up until twelve o'clock noon, Thursday, February 19, 1976, at the office of the Awarding Authority, Room 815, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

No proposal may be withdrawn after the time limit for filing proposals and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of proposals. In addition, no proposals filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless an award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, notice to all bidders (including subbidders) and the provisions with respect to bonding, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity antidiscrimination and affirmative action program contract provisions. No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

Specifications and other contract documents will be available on and after Tuesday, February 10, 1976, at the office of the Awarding Authority.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, in the sum of \$10,000, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all proposals or any item or items of a proposal, if it be in the public interest to do so.

B.R.A. Report to the Community

Director Robert T. Kenney's Report — Part 5

A significant portion of Transportation Planning activity reflects community needs or desires. For example, a transportation plan for the South End, completed this year, was prompted by the community's concern about the impact of heavy traffic on residential streets.

Policy

As a continuing involvement, the Transportation Planning staff participates in the Joint Regional Transportation Committee (JRTC), which is the central advisory group for all transportation plans in the Boston region. The BRA is thus regularly involved in the deliberations of the subcommittee work of JRTC, dealing with a wide variety of issues affecting transportation in Boston.

Over the past year, the Transportation Planning staff has been especially involved in discussions and recommendations regarding the Environmental Protection Agency's Transportation Control Plan to achieve clean air standards for the Boston region. The plan has recently been promulgated, and the Transportation Planning staff will continue to have a role in its administration.

Other policy matters that are receiving attention include the master plan for Logan Airport now being developed by Massport, and Southwest Corridor planning issues which range from intercity rail service to city streets.

Programming

In order to achieve desired transportation improvements, projects must receive funding from several available sources on a priority basis. The Transportation Planning staff is active in the identification of needed work and the assignment of priorities. Within the last year, for example, overall street improvement priority lists have been assembled in cooperation with the Mayor's office, the Traffic and Parking Department, and the Public Works Department, and have been

submitted to the Massachusetts Department of Public Works. These lists provide a basis for the state-level allocation of funds for which Boston is eligible.

A transit development program for the Boston region has been initiated through the JRTC and its subcommittees. The Transportation Planning staff is working to see that transit plans and designs can be fostered in the best interests of the city.

Project Development

Once projects have been identified and related to possible funding programs, alternative plans must be developed and studied, design work carried out, and the project put into execution. Depending on the nature of the project, the Transportation staff plays a vary-

ing role, ranging from the review of work by other agencies or contractors, to full responsibility for all aspects of a project.

A variety of projects has been dealt with in the last eighteen months, such as the Central Artery Feasibility Study, the South Station Transportation Center, Lafayette Place, and the myriad transportation issues it entails, Park Plaza, and many street projects such as North Street/Dock Square in the downtown, Huntington Avenue and Massachusetts Avenue in the Fenway, and City Square in Charlestown. Projects in the initial planning or environmental assessment stage include the Seaport Access Road in South Boston, and the Chelsea Street/Water Street connector, coupled with a Little Mystic Channel bridge in Charlestown.

Planning support has also been given to Boston 200 in a number of ways ranging from the design and location of street signing to the location of tour bus parking.

Neighborhood Transportation Issues

A significant portion of Transportation Planning activity is initiated by expressions of community needs or desires. A major example is a transportation plan for the South End, completed within the last year, which was prompted in large part by South End residents' concerns for the impact of heavy traffic on residential streets in the

(Continued on next page)

B.R.A. Report . . .

(Continued from front page)

area. The issues raised in this plan are reflected in the attention now being given to urban design elements in current planning work to improve Tremont Street and Columbus Avenue, with the participation of the South End community.

Planning and project development in the Southwest Corridor is aimed at the realization of community goals in development, transportation, and environmental areas. Planning for the Corridor affects a large area of Boston, in fact most of the city lying south of the Massachusetts Turnpike. The Transportation Planning staff is working with city and state agencies and all the community groups involved to develop the best combination of improvements for the individual neighborhoods as well as for the city as a whole.

Other neighborhood transportation planning activities have included proposed bus service to parking garages for Beacon Hill and waterfront residents, traffic improvements in East Boston, and planning for the restoration of trolley service in Allston/Brighton.

Zoning

The BRA's Zoning staff provides assistance to the district planners in reviewing specific requests for zoning variances and other approvals in individual neighborhoods. It is also instrumental in formulating and seeing through the Zoning Commission amendments to the Zoning Code that have application city-wide. In the last eighteen months, amendments have been enacted that:

- Make private clubs a conditional use (requiring a public hearing) in multi-family and local business areas.

- Make additional restaurants and bars conditional uses on the commercial streets of the Back Bay.

- Established a special "adult entertainment" district on lower Washington Street in the downtown and made such activity a forbidden use anywhere else in the city.

- Amended the Boston Sign Code (which is part of the Zoning Code) to allow public purpose signs, such as historic markers, in residential districts.

- Changed the Boston Sign Code regulations, at the request of the Massachusetts Sign Contractors Association, to facilitate administration of the code.

- Make lodging and boarding-houses a conditional use in apartment districts.

- Require a property owner to reapply for a conditional use permit if he wishes to reactivate a conditional use that has not functioned for two consecutive years.

In its advisory capacity to the Back Bay Architectural Commission, the Zoning staff also worked to obtain approval by the General Court of the expansion of the boundaries of the Back Bay Architectural (formerly called Residential) District. The boundaries were extended to include not only Beacon and Marlborough Streets and Commonwealth Avenue, and the cross streets from Arlington Street to Charlesgate, but also Newbury Street and the north side of Boylston Street from Dartmouth Street to Massachusetts Avenue.

HUB TO HOST MILLIONS OF BICENTENNIAL VISITORS

Between nine and eleven million Bicentennial visitors will arrive in Boston this summer, according to a survey conducted last October by Chilton Research Services of Radnor, Pennsylvania. The figures range from Philadelphia, Washington, and Boston, respectively, as the cities expected to receive the largest summer Bicentennial tourist volume.

The October, 1975 poll was the last in a series of three Bicentennial tourist destination surveys undertaken by Chilton as a public service. Earlier ones took place in July and March, 1975. Together they show an eight-month increase of the million people planning Bicentennial trips to Boston in the summer of 1976. In contrast, for the same period, the results project only a one million increase for Philadelphia and a one million drop for Washington.

In response to the Chilton findings Lewis A. Carter, Jr., director of public relations and advertising for Boston 200, commented, "much effort by Boston 200 has been given to making known the city's Bicentennial program and to promoting the city as a vacation destination. These figures represent the first evidence of the positive impact of Boston 200's 1975 national promotional program."

The October survey further reports that summer visitors plan to spend more nights in Boston than in the other two primary Bicentennial cities. They are predicted to spend the fewest nights in Philadelphia. Based on the same study Chilton estimates that well over half the visitors to each city will be traveling by automobile.

NUMBER ONE PRESIDENT (1732-1799)

Rules of Civility — from George Washington's Copybook

Before he was sixteen years old, President Washington copied down "Rules of Civility and decent behavior in company and conversation" as an exercise in penmanship.

Thus early did Washington learn the secret of gracious manners and apply it to his own gentlemanly conduct. The "Rules" cover 110 pages in one of Washington's copybooks now in the Library of Congress at Washington. Originally published by French Jesuits in 1671 and 1695, the "Rules of Civility" were translated into English with various changes and were published in many times. The "Rules" do not follow exactly the text of these earlier versions. Here are some of Washington's "Rules," just as he edited and punctuated them:

Associate yourself with Men of good Quality if you esteem your Reputation; for 'tis better to be alone than in bad company.

Wear not your Cloths foul, unclean or dusty but see they be washed once every day at least. Take heed that you approach to any uncleanness.

Be not hasty to believe flying Reports to the disparagement of any. Shift not yourself in the sight of others nor gnaw your nails. Treat Men at fit times about business and whisper not in the company of others.

Be not curious to know the secrets of others neither approach to that speak in private.

Be not in the streets nor in the public house, out of Season.

Read no letters, books, or Papers in company but when there is a necessity for the doing of it you must ask leave; come not near the

Books or Writings of Another so as to read them unless desired or give your opinion of them unask'd also look not high when another is writing a Letter.

If you cough, sneeze, sigh, or yawn, do it not loud but privately; and speak not in your Yawning, but put your handkerchief or hand before your face and turn aside.

Let your discourse with Men of Business be short and Comprehensive.

Let your recreations be Manfull not sinfull.

Turn not Your back to others especially in speaking, jog not the table or Desk on which another Reads or Writes, lean not on any one.

Think before You Speak pronounce not imperfectly nor bring out Your words too hastily but orderly & distinctly.

Undertake not what You cannot perform but be careful to keep Your Promise.

Speak not evil of the absent for it is unjust.

When You Speak of God or his attributes, let it be seriously & with Reverence. Honour & Obey Your Natural Parents altho they be poor.

DISASTER RELIEF OFFICE OPENED

State and local Civil Defense agencies have opened a disaster relief office for victims of the recent five-alarm fire at the old Plant shoe factory building in Jamaica Plain.

The office, which is located at the Bromley-Heath Community Relief Center, 10 Lamartine Street, Jamaica Plain, will coordinate both federal and state assistance and will be opened temporarily from 9 A.M. until 5 P.M., Monday through Friday.

CITY OF BOSTON PUBLIC HEARING

A public hearing will be held in Rooms 801-805, City Hall, on Monday, March 1, 1976, at 10:30 A.M., to consider the application proposals for (1) the Boston Sewerage Facilities Plan, modifying and rehabilitating existing sewerage conduits, to be submitted under section 201 of the Water Pollution Control Act of 1972 for federal and state monies; and (2) Sanitary Sewer Construction in Charlestown Urban Renewal Area, R-55, under the Boston Redevelopment Authority to be submitted for federal construction grant monies.

Inspection of the proposed projects and the complete application is available during regular business hours in Room 716, Department of Public Works, City Hall. Public comments are invited any time prior to March 1, 1976. Comments and requests for further information should be directed to Mr. P. Baxter Lanius, Law Department, City Hall, Boston 02201. CHINESE CELEBRATION

To commemorate the Year of the Dragon, the Mayor's Office of Cultural Affairs and the Chinese Celebration Committee announce Festival Bostonian's February Chinese Celebration. The month-long festival includes Chinese art, dance, music, crafts, photography, and a variety of traditional and contemporary performing and visual arts.

Highlighting the celebration is a daylong festival on February 22, at 2 P.M., at Boston Latin High School on Avenue Louis Pasteur. This Chinese festival opens with the colorful Lion Dance ceremony and also features floral fan dancing, martial arts demonstrations, classic Chinese music, and exciting ribbon dancing.

Performing several of the dance numbers are the Boston Chinese Dance Company, directed by Walter Chan, and bilingual students from the In-School Theatre Arts Program.

COUNSELING OFFERED TO CRIME VICTIMS

The Victim Advocacy portion of the Boston Senior Citizen Security Program is now offering counseling and assistance to any Bostonian over sixty who has been a recent victim of crime.

In operation since December 1, 1975, the Victim Advocacy Program is sponsored by the Boston Commission on the Affairs of the Elderly in cooperation with the Boston Police Department.

Its purpose is to deal with the fear, confusion, and disorientation that are the frequent aftereffects of crime.

"We hope to pick up where the police leave off," said Paul Hunt, director of the program. "Whether older victims of crime just need someone to talk to, or require practical advice on how to protect themselves and their homes in the future, we can help."

Mr. Hunt said that an arrangement has been worked out with the Police Department. "They will notify us when an elderly person has been robbed or mugged and we will then make phone contact with that person to determine what kind of assistance is needed. If necessary, one of our Victim Advocates will make a home visit," Mr. Hunt said.

The Victim Advocate can help in many ways. If a purse or wallet has been stolen, he can often help to retrieve I.D.s and other important papers. If it's a case of breaking and entering, the advocate can act as a go-between between victim and landlord to see that security is improved, locks changed, etc., or if need be, the advocate can help locate a new apartment for the victim.

"We can also accompany the victim on court appearances, assist with the filing of medical insurance forms, or advise the victim if he/she qualifies for victim compensation out of the state Attorney General's office," Mr. Hunt added.

The Victim Advocates include a former police officer and a social service worker. They can be reached by calling the Elderly Hotline at 722-4646.

"We hope that older Bostonians will take advantage of our services," Mr. Hunt said. "Crime against the elderly is a tragic fact of urban life, but we stand ready and able to help those who are its victims."

"Armed with the information and counseling we are equipped to give, elderly crime victims will be able to continue to live normal and safer lives. We urge older Bostonians to turn to us for that assistance," Mr. Hunt concluded.

NEW GAMES FOR THE MENTALLY RETARDED

Two first-of-their kind games to be played with mentally retarded women and the siblings of mentally retarded children have been developed by the Massachusetts Department of Mental Health and produced and distributed by United Community Planning Corporation, the nonprofit, citizen-led, human services planning and research organization for sixty-seven Metropolitan Boston cities and towns, including Boston.

The Brothers and Sisters Game is played with small groups of seven- to fifteen-year-old children who have a mentally retarded brother or sister. The Community Experience Game is played with small groups of mildly retarded institutionalized women who are ready to live in the community.

Each game provides the players with an opportunity to consider alternative ways of dealing with difficult everyday situations, discuss their feelings, ask questions, and participate in a structured learning experience. The games can be used for counseling purposes by persons who work with retarded individuals or their families.

Each game includes an 18-inch by 22-inch folding, two-color game-board, a manual of playing rules, a deck of situation cards, one die, one spinner, and five player's pieces.

The games are available at an at-cost price of \$7.50 per game (including postage and handling), from United Community Planning Corporation, 11 Somerset Street, Boston, MA 02108.

DEDICATION AT MIT

The dedication and naming of a new \$14.6 million chemical engineering facility at Massachusetts Institute of Technology will conclude March 4-5 convocation on the Future of Chemical Engineering. The building will be named for an anonymous donor whose identity will be revealed at the convocation preceding the dedication. The structure is the first in modern history at MIT to be built entirely from funds from private and corporate donors. Nearly \$12 million of the cost was committed when ground was broken in April, 1973.

BOSTON A CITY BY 2,796 VOTES

The assent of the inhabitants being in favor, measures were immediately taken to obtain the action of the Legislature of the Commonwealth, resulting in a body passing, on February 23, an act which was commonly called the "City Charter," entitled "Act Establishing the City of Boston." In conformity with its provisions, the inhabitants assembled in general meeting on March 1, 1822, and accepted the act by vote, taken by ballot, by a majority of 916, the whole number being 4,778, of which 2,796 voted in the affirmative, and 1,881 in the negative.

On April 8 a meeting of citizens was held for the election of city officers; the whole number of votes for mayor was 3,708. The votes were chiefly divided between J. Quincy and Harrison Gray, but neither having a majority, no choice was effected. Immediately after this result, Mr. Otis and Mr. Quincy declined being a candidate for office. On April 16, Mr. Phillips was unanimously elected mayor.

Humor is a superb leveling agent. It deflates the pompous; disarms the angry; and it can play on the dangerously overblown situation, and bring it into proper perspective. Laughter is the universal language understood everywhere.

LOT PARKING PROGRAM

Mayor Kevin White has announced that February 16 was tentatively set to begin a pilot parking program for Back Bay residents.

Under the program, residents will be permitted to park free at meters during legal hours, according to Mayor White. No longer will there be a need for residents to "feed" the one-hour meters if the car displays a resident parking sticker.

The Mayor said the program was being implemented because it seemed unfair to make Back Bay residents pay for on-street parking in front of their homes when residents in other sections of the city are not required to do so.

Resident parking stickers are available at the Back Bay Little Hall, located at the new City Hall in Government Center.

Some streets ban parking between 8 A.M. and 1 P.M. weekdays, and residents will be required to adhere to the parking restrictions, the Mayor cautioned.

The proposed boundaries for the experimental program will be from more Square east to Arlington Street and the Public Garden, and from Beacon Street to Newbury Street, and applies only to ten-cent meters.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

WIRELESS TRAINING SYSTEM

DEAR MR. MAYOR:

On August 21, 1975, Proposal 261 for a wireless auditory training system for the Jackson-Mann Community School was publicly opened and read in this office.

The equipment is for use in a highly specialized field in which the Purchasing Division has no professional expertise. It was requested that Dr. Wilbert Pronovost, Ph.D., consultant on Jackson-Mann Complex who participated in the development of the original specifications used for bidding, provide analysis of the bids of both bidders. Copies of recommendations are attached.

On the basis of the evaluation submitted by Dr. Wilbert Pronovost, Mary F. Deveney, Director-Mann Unit, states that the phonic No. 411 would be most satisfactory.

Since the original bid language would allow any bidder to withdraw its bid after 45 days if no award had been made the lowest bidder was requested to confirm the fact that the price submitted August 21, 1975 on Proposal 261 is, and will remain in effect until award of the bid.

Inasmuch as the time for accepting the bids has expired and, since the lowest bidder is willing to supply the items bid at the prices submitted permission is requested to reject all bids and award a contract without further advertising to HC Electronics, Inc. for wireless auditory training system for the Public Facilities Department.

Items and prices will be the same as those submitted on Proposal 261, publicly opened and read August 21, 1975.

Total amount of contract to HC Electronics, Inc. will be in an amount not to exceed \$8,675.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

AFFAIRS OF THE ELDERLY

ENGINE REPAIRS

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to the International Harvester Company, 230 Southampton Street, South Boston, for engine repairs and installation of a new transmission for the Elderly Mobile Market in an amount not to exceed \$2,500.

The Elderly Mobile Market, formerly a Boston Public Library Bookmobile and a Parks and Recreation Craftmobile, was built by the International Harvester Company in 1961. It was originally thought that the required repairs would not exceed \$2,000, therefore not requiring a contract, and informal bids were solicited. All vendors contacted replied that due to the age and specialized nature of the vehicle, the manufacturer would be best equipped to perform the repairs.

It is therefore felt that public advertising would serve no useful purpose, and permission is hereby requested to dispense with public advertising in awarding this contract.

Sincerely,

TAYLOR B. WAGENSEIL,
Commissioner.

BUILDING DEPARTMENT

RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

146 Minden Street, Ward 10; 34 Cobden Street, Ward 11; 3079-3081 Washington Street, Ward 11; 83 Bird Street, Ward 15; and 16 Greenbrier Street and garage, Ward 15.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Napoli Wrecking, \$15,000; Maffei Wrecking, \$12,100; Mystic Wrecking, \$13,110; Design Demolition, \$13,200; John J. Duane Wrecking, \$16,400; James G. Grant Company, \$18,453; and Circlepower Demolition, \$9,969.

Circlepower Demolition Corporation, 1002 Harrison Ave., Roxbury, has submitted the

lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the city charter of a contract in the sum of \$9,969 to the Circlepower Demolition Corporation.

Note: Although 116-118-120 Talbot Avenue, Ward 17, was on an advertised bid, this building was removed at time of bid from this Community Development Block Grant Project, as this money cannot be used to take down stores. Money used must be for dwelling units only.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

"YOUR EGO IN BLOOM"

*Sometime when you're feeling important,
Sometime when your ego's in bloom,
Sometime when you take it for granted,
You're the best qualified in the room,
Sometime when you feel that your going,
Would leave an unfillable hole,
Just follow this simple instruction
And see how it humbles your soul.
Take a bucket and fill it with water;
Put your hand in it up to the wrist,
Pull it out, and the hole that's remaining
Is a measure of how much you'll be missed.
You may splash all you wish when you enter,
You may stir up the water afore,
But stop — and you'll find in a minute
It looks quite the same as before.
The moral in this quaint example
Is just do the best you can.
Be proud of yourself, but remember,
There's no indispensable man.*

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY.

OFFICE OF THE SHERIFF

LAWRENCE W. COSTELLO,
Supervisor of Personnel.

DEAR SIR:

An order passed by the City Council on April 13, 1970, and approved by the Mayor on April 15, 1970, brought under the Classification and Compensation Plans for the Officers and Employees of Suffolk County, court officers appointed in Suffolk County under G.L. c. 221, s. 70.

The following-named court officer presently employed by the Court Officers Division of the Superior Court, has evidenced prior creditable service which is hereby submitted for consideration under the provisions of Rule 15(f) of the Suffolk County Compensation Plan:

W. Michael Campbell, appointed June 25, 1975; served in Suffolk County as a deputy sheriff since November 11, 1973.

In view of his prior service and qualifications, it is requested that his first and second increments in the position of court officer be determined under the provisions of Rule 15(f) of the Suffolk County Compensation Plan, effective June 25, 1975.

Very truly yours,
THOMAS S. EISENSTADT,
Sheriff.

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY.

REGISTRY OF DEEDS

MR. LAWRENCE W. COSTELLO,
Supervisor of Personnel.

DEAR MR. COSTELLO:

Effective June 4, 1975, John J. Craven was appointed as a senior clerk in the Registry of Deeds Department, and on October 1, 1975, he was promoted to deputy register of deeds.

Prior to this appointment Mr. Craven worked for the Commonwealth of Massachusetts as:

1. State representative from Ward 9 in Roxbury, 1933, 1934, 1937, 1938, 1939, 1940.

2. State insurance examiner for the Division of Insurance of the Commonwealth of Massachusetts, 1935, 1936.

3. Administrative assistant to the Boston City Council from January 1, 1964, to December 31, 1967.

4. Senior examiner for the Division of Insurance of the Commonwealth of Massachusetts from February 1, 1969, to June 3, 1975.

Because of this prior experience and his qualifications for the position, it is requested that his first-year, second-year, third-year, fourth-year, fifth-year, and sixth-year increments be determined under Rule 15F of the Suffolk County Compensation Plan.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

POLICE DEPARTMENT ORDERS

January 20.

Commissioner's Memorandum No. 76-3

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

To assist officers in finding and recovering stolen motor vehicles, the department is instituting a stolen vehicle "Hot Sheet," a sample of which is attached. The sheet will be produced daily and will list all vehicles

stolen in the city within the previous seven two hours that have not been recovered.

The list of vehicles will be arranged first by the district in which the theft took place and secondly by alphabetical/numerical order of the registration numbers.

Officers are cautioned against using the Hot Sheet to apprehend or recover a stolen vehicle without confirmation of the vehicle's stolen status from Operations Section Channel 1.

A sufficient number of Hot Sheets will be delivered daily in the afternoon mail to districts, other field units, and Traffic.

Unrecovered Stolen Motor Vehicles for the Last Seventy-two Hours Ending 11:27 a.m., January 21, 1976.

NOTE: F—Used in Felony; P—Hold for Prints; A—Occupants Armed.

CITY OF BOSTON

REAL PROPERTY DEPARTMENT, PROPERTY DIVISION

NOTICE TO CONTRACTORS

The City of Boston, acting by its Real Property Commissioner, invites interested, competent persons customarily engaged in vacant lot cleaning, including landscaping, whether or not located within the City of Boston, to enter into a contract with the City of Boston for estimating periodically the cost of, and thereafter, upon the lowest responsible estimate, performing the work of, miscellaneous and/or emergency clean-up work, vacant lots under the care and custody of the Real Property Department by foreclosure for the period February 25, 1976, through June 30, 1976.

Copies of contract documents may be obtained at the Real Property Department, Room 811, City Hall, Boston, at and after 9 A.M., Boston time, Monday, February 9, 1976.

The Real Property Commissioner will receive applications for such contract documents at her office at the Real Property Department, Room 811, City Hall, Boston, up until 2 P.M., Boston time, Tuesday, February 24, 1976.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The Real Property Commissioner reserves the right to reject any or all applications as she deems it to be in the public interest to do so.

Ellet Street, Ward 15.
Ellet Street, Ward 15.
Ellet Street, Ward 15.
Ellet Street, Ward 15.
Philip Street, Ward 16.

Technical specifications may be obtained from the office of the Awarding Authority. General bids will be received up until 11 Thursday, February 26, 1976, at the office of the Awarding Authority, Room 807, 1 City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place bids will be publicly opened and read aloud. General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a reliable bank or trust company, payable to the City of Boston, in the sum of 5 percent of the bid (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated for the opening of general bids.

A general bid may be withdrawn after the time limit for filing general bids and for 5 days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid may be withdrawn by the three lowest responsible and eligible general bidders may be withdrawn from execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of com-

pensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a forty-five-day period to complete the demolition and site clearance of these buildings, starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

Parks and Recreation Presentations

Entertainment, instruction, and recreational activities take place at many neighborhood recreation centers throughout Boston. All residents, young and old, can find a program of interest sponsored by Boston Parks and Recreation Department. For more information call 4-4883. Assistant Commissioner for Recreation, Dorothy Curran, will happily answer your questions.

Boxing Every Week

Boys, aged nine to nineteen, can prepare for city-wide boxing matches to be held soon, by practicing every Tuesday, at 7:30 P.M., at the Tobin Gym, 1181 Tremont Street, Roxbury. Instruction and pointers will be given by Don Barnard. Sparring partners will be paired off according to weight and age. Call Don Barnard at Tobin Gym, 427-8808.

Guitar Lessons

If you're over age twelve, you can take guitar lessons every Thursday 7 P.M., at the Roslindale Municipal Building, Roslindale Square. Instruments are supplied by the Boston Parks and Recreation Department. To register call 325-1615 and talk to Pete McMahon.

Soccer Clinics

Girls, boys, and adults are invited to learn to play soccer and participate in interleague competition. Clinics cosponsored by the Boston Parks and Recreation Department and the Boston Minutemen soccer team are now being held. Call Richie Bath at 725-1888 for more information.

Tennis Lessons

Free tennis instruction is available to children and adults each Monday, at 8 P.M., at Curtis Hall

Recreation Center, 20 South Street, Jamaica Plain. Please bring sneakers and tennis balls and racket.

Specials at Roslindale

Women may participate in two slimming and toning classes at the Roslindale Recreation Center. Mondays, from 10 to 12 A.M., and Thursdays, from 7:30 until 9 P.M., professional belly dancing is taught. Also, a gymnastics class for women over eighteen is being conducted Mondays from 7 to 8 P.M. and Tuesdays and Wednesdays from 10 to 11 A.M. Wear comfortable clothes for the gymnastics class.

Other city-wide locations for the belly dancing class include:

East Boston, on Monday, from 6:30 to 7:30 P.M.; Hyde Park, on Tuesday, from 6 to 7 P.M.; Morton-Gallivan, on Tuesday, from 6 to 7 P.M.; Jamaica Plain, on Thursday, from 7 to 8 P.M.; Charlestown, on Friday, from 11:30 A.M. to 12:30 noon; Brighton, on Friday, from 10-11 A.M.

Ice Skating on the Frog Pond

Free, supervised ice skating, weather permitting, is available to

the public at the Boston Common Frog Pond skating rink. Instructors are there from 9 A.M. until 10 P.M., daily, lighted area at night.

Indoor Track Competition

Boston boys and girls, aged eight to eighteen, should register now at their neighborhood recreation centers to participate in the Boston Parks and Recreation Indoor Track Championships scheduled for March. Jumping, timed-running, and dashes are only a few of the categories for these age-group competitions.

Boxing

Boxing instruction is available to boys and teens at the South Boston Boxing Center, Tuesdays and Thursdays, from 3 to 5 P.M., and on Saturdays, from 10 A.M. to noon. The center is open Monday through Friday, from noon until 8 P.M., and from 10:30 A.M. to 2:30 P.M., on Saturdays, for unsupervised boxing.

Memorial Held for Jim Lee Hunt, Former Patriot, Assistant Parks Commissioner

At a recent fund-raising reception honoring the late Patriots lineman and assistant commissioner of the Boston Parks and Recreation Department, Jim Lee Hunt, his wife Rosa received a portrait of her late husband. The painting was done by Tommy McDonald, former wide receiver for the Philadelphia Eagles and a close friend of Mr. Hunt's. Proceeds from the memorial event will go to the Jim Hunt Scholarship Fund.

TRUCK DRIVERS: TAKE HEED

Metropolitan District Commissioner John F. Snedeker has announced that ten neon warning signs for trucks will be installed on Memorial Drive in Cambridge, Storrow Drive in Boston, and on Soldiers Field Road in Brighton.

The signs, activated by laser beams situated approximately 600 feet in front of them, are designed to warn drivers of large trucks and buses that bridges ahead are too low to permit passage underneath them. Although such vehicles are permanently banned from the three thoroughfares, more than 100 such accidents occur each year, largely due to unfamiliarity with the rules of out-of-state drivers.

Said Commissioner Snedeker, "It seems no matter how many signs we have installed in the past, and no matter how many regulations have been passed, many truckers continue to use the roads in question, creating huge traffic jams when their vehicles hit the overpasses. We determined that something has to be done as quickly as possible. I hope the new flashing signs will put a stop to these accidents, which have been occurring at an average of better than two a week."

Each sign will be 3 feet by 6 feet and will be equipped with flashing lights calling attention when activated to the sign. Each sign will read "Truck Warning — Bridge Too Low — Take Exit." The laser beam activating the sign will be 600 feet in advance of it, and the sign itself will be 100 feet in advance of the underpass or bridge. All signs are to be placed at least 12 feet above the highway at a point where, after having been seen by the driver, it is possible to stop and take an exit before reaching the structure.

It is hoped installation of the ten neon truck warning signs will be under way by March. One already exists on the inbound side of Memorial Drive in Cambridge at Magazine Street. It is activated on an average of fifty-six times each week.

The ten new signs will be situated in the following locations:

Two on the inbound and outbound lanes, Memorial Drive in Cambridge, before the Massachusetts Avenue underpass.

One on the outbound lane, Memorial Drive in Cambridge, before the Magazine Street Pedestrian overpass.

One on the outbound lane, Soldiers Field Road in Brighton, before the Weeks pedestrian overpass.

One on the inbound lane, Soldiers Field Road in Brighton, before the North Harvard Street underpass.

One on the surface road inbound lane, Soldiers Field Road in Brighton, before the Weeks pedestrian overpass.

One on the service road near the Coca Cola plant in Brighton leading into the inbound lane, Soldiers Field Road. A second sign on the outbound lane of the service road before the River Street underpass.

One on the inbound lane, Storrow Drive at Dartmouth Street, Boston, before the Drive tunnel.

One on the inbound lane, Storrow Drive, Boston, before the Charles Street Circle exit ramp.

da VINCI: SUPERSTAR

A trip to the fifteenth century isn't so far as you might think — if you use Leonardo da Vinci's scientific and technical ideas as a flight plan.

Detailed models, built according to the farsighted designs the Renaissance genius recorded in his notebooks, are now on exhibit at Boston's Museum of Science through March 14.

Parachutes? Helicopters? Flying machines? Leonardo anticipated them. Car transmission? Leonardo worked out a variable speed drive that is reproduced in today's cars. Automation? Leonardo adapted weight-driven mechanisms to theoretical industrial uses; his dual train mechanism for a clock illustrates the principle.

Looking like the svelte objects that might fill a best-of-modern-design show, the twelve models displayed are a traveling IBM exhibit. They are a part of a larger collection owned by the corporation and represent but a minute portion

of the thousands of observation theories, inventions, and improvements of existing devices that Leonardo's notebooks contain. His mind ranged over almost every field of science in fresh, free inquiry and imaginative experiment. His interests included such subjects as military engineering, urban architecture, the anatomy of the body, and astronomical theories.

Some of his engineering achievements bore practical fruit during his lifetime, like his canal design, still in use in Italy today, and a spindle-shaped hull for ships that increased safety and speed. Other inventions were not realized because they overlooked the facilities and needs of his society.

Although he was also a mathematician, painter, sculptor, and musician, these activities and scientific endeavors were not disparate, believed, but were one in leading to the discovery of truth.

Like the work of his contemporaries, Michelangelo, Raphael, and Copernicus, the models of Leonardo's mechanical designs, no less than his famed paintings and sculpture, provide a bridge to his time for Museum visitors.

The exhibit is in the Design Around Us Gallery and open during regular Museum hours: Monday through Saturday, 10 A.M. to 5 P.M.; Friday night, to 10 P.M.; Sunday, 11 A.M. to 5 P.M.

MAYOR LAUDS N. E. PARKING ASSOCIATION

The more parking garages have on the list of facilities offering short, overnight parking to Boston residents to ease the burden of declared storm emergencies. The rate at all participating garages except Prudential Center Garage will be 50 cents from 3 p.m. to 8 a.m. At Prudential the rate will be \$1 for the twelve-hour period.

Mayor Kevin White praised the work of the New England Parking Association for spearheading the effort among its members.

The participating garages will provide a desperately needed service at a time when parking spaces in downtown, North End, and South Bay are forced into particularly short supply." Mayor White

In addition to the Government Center Garage and the Under Cornhill Garage, which offer the low rate nightly, regardless of weather conditions, the following garages participate when the city declares a storm emergency:

BOSTON TO APPEAL SCHOOL DESEGREGATION CASE

Mayor Kevin White has announced that the city has hired a noted Washington attorney to carry an appeal of the school desegregation case to the United States Supreme Court.

After several weeks of searching, Mayor White named Attorney Robert Hertzstein of the Washington law firm of Arnold and Porter. Mr. Hertzstein has represented numerous clients in public issue law suits, most recently the Reporters Committee for Freedom of the Press which sought successfully to have the Nixon papers declared public property.

"The appeal to the nation's highest court will not seek to overturn the federal court order to desegregate the city's schools, but rather it is intended to raise questions about the placing of limits on the remedy power of the courts," Mayor White said.

"In other words, just how far can Judge Garrity or any other judge go in attempting to correct a given situation," the Mayor said.

The city's financial situation is a compelling factor in making the appeal but will not be a major legal argument, he noted.

"We are questioning the power of the judiciary to intervene in the entire school system because of an act of segregation by the School Committee," Mayor White explained.

CITY COUNCIL URGES HARVARD: "HELP BOSTON"

Harvard College and its graduate level schools have been asked by the Boston City Council to give Boston a better break in contributions toward municipal services and acceptance of Hub residents.

The resolution, proposed by Councillor John J. Kerrigan and unanimously approved by colleagues, suggested the Mayor call together representatives of all tax-exempt, "literary" institutions to

urge help in light of Boston's fiscal crisis.

Councillor Kerrigan said the conference would be "for the purpose of determining a fair pledge of voluntary assistance to help offset some of the costs of services rendered at city expense."

Harvard University, he noted, has over \$15 million in tax-exempt assessments within Boston in Allston, Mission Hill-Fenway, and Jamaica Plain sections, listed to the President and Fellows of Harvard College.

"These valuations on the assessors tax-exempt books are, of course, extremely conservative. The actual value of Harvard Medical and Library complex, the Harvard Business School properties, and Arnold Arboretum would come to many times the tax-free assessments," Councillor Kerrigan noted.

He said Harvard College has established a precedent in helping Cambridge by giving payments in lieu of real estate taxes to that city.

"The University would perform a distinct public service by helping Boston for the benefits it derives from its facilities here," the Dorchester councillor suggested.

He cited a portion of the Council resolutions asking help now because "Boston taxpayers, facing sharp levy increase largely because of court-imposed school desegregation costs, must still provide municipal services for tax-exempt institutions."

Councillor Kerrigan said, "young women and men raised in the City of Boston comprise a disproportionately small quota of admissions to the Harvard and Radcliffe College undergraduate ranks."

He urged Harvard officials at the college and also graduate level medical, dental, law, and public health schools to review their enrollment rosters and as a "moral commitment" signify willingness to admit more Boston resident young men and women.

He said both city and university would benefit from such "affirmative action investment in the professional careers of promising Boston residents."

SPRING FOR SUMMERTHING

"Spring For Summerthing" and spend an evening swinging to the big band sounds of Buddy Rich, the jazz tunes of Gerry Mulligan, and the popular vocals of Melba Moore. This annual fund-raising event is sponsored by the Mayor's Office of Cultural Affairs and features a festive night of unusual door prizes and music from the '30s and '40s as well as contemporary favorites by top-name entertainment. Tickets for "Spring For Summerthing," to be held on March 27 in the Commonwealth Armory, from 9 P.M. to 1 A.M., are priced at \$20 per person.

Boston media personalities and leading figures in the arts, political, sports, and entertainment worlds will be among the guests at the benefit. Buddy Rich and the Big Band Machine, Gerry Mulligan and his Sextet, and special guest star Melba Moore enliven this exciting event which has a projected goal of \$30,000 to support Boston's neighborhood festival of the arts.

Fabulous door prizes highlight the gala entertainment and offer the lucky guest a chance to win weekend vacations at first-class Boston hotels like the Copley Plaza, 57 Park Plaza, Dunfey's and the Colonnade Hotel; a trip to Montreal for the summer Olympics; a spring tour for a party of ten in a 1919 mountain open touring bus; dinner for two at Dini's, Top of the Hub, Au Beauchamp, or Cafe Berkeley; and many more unusual items.

"This fund-raising event is the largest single effort of its kind our office has ever undertaken and is crucial to the continuation of Summerthing," said Elizabeth Cook, director of the Mayor's Office of Cultural Affairs. "Now the need for broad public support is more urgent than ever in the face of expected budget cuts to Summerthing's wide-ranging programs."

For tickets and further information on "Spring for Summerthing," contact the Mayor's Office of Cultural Affairs at 725-3003.

CETA JOBS TO ARTS INSTITUTIONS

A significant share of CETA (Comprehensive Employment and Training Act) jobs, recently awarded to nonprofit agencies in Boston, will go to arts institutions, Elizabeth G. Cook, director of the Mayor's Office of Cultural Affairs, said recently.

Close to 30 percent or twenty-one of the seventy-one nonprofit agencies which Mayor White's office announced recently will receive CETA personnel, are arts organizations. These organizations which have been allotted twenty-eight of the 173 positions will acquire semi-skilled help which will assist them as support staff in a variety of tasks as secretaries, receptionists, guides, and general help. The remaining positions that have not gone to arts groups went to health care facilities, social service agencies, and day care centers.

The jobs will be full-time for six months, and it is hoped, will provide the kind of assistance that arts organizations seek to meet the daily needs of running their offices and public service activities.

Director Cook pointed out that the Office of Cultural Affairs, as an umbrella agency taking part in the job selections, worked closely within the federal guidelines. Although the application requirements were difficult, the director said, she was pleased that they were able to designate twenty-eight job slots for arts institutions. For the first time in Boston, the arts have been able to make sizeable inroads on this first effort to secure jobs from the public sector.

Those to get new personnel are the Arts Ticket Service, McCormack Center, Pocket Mime Theatre, Boston Visual Artists' Union, Museum of Afro-American History, North End Union, Boston Ballet, Dance for the New World, Store Front Learning Center, Bunker Hill Museum, Society for the Preservation of New England Antiquities, Architectural Heritage, Boston Gospel Cultural Society, United Neighbors of Lower Roxbury, Theatre Workshop Boston,

Community Music Center, HOP Back Bay Aging Concerns, RA National Mime Theatre, and Agacia Unidas.

The hiring of CETA enrollees currently under way and the positions will be filled by the long unemployed in several special categories, including heads of households with dependents, minority workers over forty-five years of age, and Vietnam veterans.

BOSTON MARKETPLACE CELEBRATES THIRD ANNUAL EXHIBIT

Over 200 exhibitors will be participating in the leap year celebration of the Boston Marketplace formerly the Boston Flea Market at the Hynes Auditorium on February 28 and 29. The Third Annual Boston Antiques and Crafts Show will highlight a large Colonial section in addition to the many quality collectibles and professional crafts exhibits.

The special Colonial displays include Americana and Colonial period antiques such as spinning wheels, paper collectibles, primitive tools, and banjo clocks. In addition many demonstrations of American crafts will be offered including weaving, pewtersmithing, woodworking, and the unusual art of broommaking.

Heath and Lee Morse, antique dealers from Rockport, Massachusetts, will be selling pieces of stoneware grease lamps, eighteenth century butter molds, kitchen utensils, and lighting fixtures. V. Jack Boyko of Middleboro, Massachusetts, will be displaying Colonial, salt-glazed stoneware productions ranging from pottery butter churns to crocks with covers and ladles.

The Boston Antiques and Crafts Show will open at the Hynes Auditorium on Saturday, February 28, from 1 to 10 P.M., and Sunday, February 29, from 1 to 7 P.M. Admission for adults is \$2, children (six to twelve) 50 cents. For further information call 617-536-0300.

MAYOR REQUESTS FUNDS FOR CAPITAL IMPROVEMENTS

Mayor Kevin White has announced plans for the financing of \$8 million worth of capital improvements for the City of Boston.

The Mayor said that the city has entered into negotiations with an underwriting group headed by Mortimer Guaranty Trust Company, The First National Bank of Boston, Merrill Lynch, and Salomon Brothers for the placement of \$10 million worth of City of Boston, general obligation, municipal bonds.

Arrangements are being made for the placing of an additional \$15 million worth of city bonds with financial banking and financial institutions. Up to \$20 million of this amount could be placed with the State-Boston Retirement System, if the Retirement Board decides to make that purchase. Collector-Treasurer James A. Young indicated.

Proceeds of the bond sales will retire bond anticipation notes presently outstanding and will provide money to carry out the city capital improvement program for the remainder of this fiscal year.

Of the \$85 million, over \$48 million is for school construction and renovations costs; \$10 million for construction at Boston City Hospital; \$10 million for various urban renewal projects; with smaller amounts allocated for such things as streets, water mains, sidewalks, and street lighting.

VI. RESOLUTION

The following resolution was adopted by the Boston City Council and is published for the information of the department.

"Councillor Christopher A. Iannella for all the Councillors:

Whereas, During the past week Boston has experienced bitter cold and high winds; and

Whereas, Last Thursday night the wind-chill factor was equal to a temperature of fifty below zero; and

Whereas, During the worst of these weather conditions, fire broke out in South Boston; and

Whereas, Without regard to their own comfort and safety, members of the Boston Fire Department bravely responded to this situation; and

Whereas, In sub-zero weather, water was brought to the fire, icy ladders were mounted, and after Herculean efforts, this major conflagration was extinguished; and

Whereas, Only a tragedy such as this South Boston fire brings to mind the dedication and bravery of the members of our Fire Department; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, this twenty-fifth day of January, 1976, conveys to each member of the Boston Fire Department, and especially to those who responded to the major residential fire in South Boston, the heartfelt thanks of a grateful city, and be it further

Resolved, That this resolution be read at muster in each fire station in the city.

In City Council January 26, 1976. Adopted.

Attest:

J. M. DUNLEA,
City Clerk."

VII. MISSING INFORMATION ON FORM 5-D

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

BUILDING DEPARTMENT

RAZING OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

1, 3, and 5 Philip Street, Ward 16.

Emergency bid called in over the telephone by 3 P.M., Thursday, December 11, 1975, for the demolition of these buildings, ordered by Commissioner Francis W. Gens. These buildings fire gutted and in an unsafe and dangerous condition.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Mystic Wrecking, \$4,473; John J. Duane Wrecking, \$4,860; Circlepower Demolition, \$4,800; James G. Grant Co., \$4,200; Napoli Wrecking, \$5,628; and Design Demolition, \$4,500.

James G. Grant Co., 28 Walcott St., Readville, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the City Charter of a contract in the sum of \$4,200 to the James G. Grant Co., 28 Walcott St., Readville, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

REPAIR OF REAR WALL

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building or structure is a menace to the neighborhood. The location follows:

75 Phillips Street, Ward 5.

Emergency bid called in over the telephone by 11 A.M., Tuesday, December 23, 1975, for the repair of rear wall, ordered by Commissioner Francis W. Gens, to prevent further deterioration. Wall in unsafe and dangerous condition.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to repair rear wall.

Bidders were requested to submit an aggregate bid for the repairing of rear wall of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Tri Construction, \$7,800; Cousins Construction, \$3,675; J. M. Cashman, \$6,274.

Cousins Construction Company, 348 Ford St., Charlestown, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the City Charter of a contract in the sum of \$3,675 to Cousins Construction Co., 348 Medford St., Charlestown, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

HARVARD GOVERNS MASSACHUSETTS

Smallpox was very prevalent in the town in the 1760s and, in consequence of this the General Court left the Town Hall and took up temporary accommodations at Harvard College, at Cambridge, the library room of the college being used by the Governor and Council, while the representatives had a room below. Thus occupied, a fire was discovered a little after noon on January 25, 1764, in what was then called Old College or Harvard Hall, which was in a short time entirely consumed, together with the library and philosophical apparatus. Stoughton and Massachusetts Hall were preserved from the flames with great difficulty, having caught fire several times. The fire was supposed to have originated under the hearth, which was laid with timber. The files of the court and minutes of the Council for that session were destroyed, although it does not appear to have been an interruption to the business of the session, as it was continued in the house of Ebenezer Bradish.

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

NOTIFICATION FOR GENERAL BIDS FOR REPAIRS AND FLAMEPROOFING OF STAGE AND WINDOW DRAPES, CURTAINS AND OTHER FABRICS, AND REPAIRS TO OPERATING MECHANISMS IN VARIOUS SCHOOLS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairs and flameproofing of stage and window drapes, curtains and other fabrics, and repairs to operating mechanisms in various schools.

General bids will be received up until five o'clock noon, Boston time, Tuesday, March 2, 1976, at the office of the Awarding Authority, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. Each general bid shall be completely filled in, sealed, enclosed in an envelope, sealed, and clearly marked with the description of the work to be done. The general bid shall be submitted with the Awarding Authority, at the address designated above, accompanied by a deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$4,000. The general bid shall be received before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid may be withdrawn by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon execution of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined by this work by the Commissioner of Labor Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors

to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

ADVERTISEMENT MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. PI-119 will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M., Boston time, on March 16, 1976. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The contract is described as follows: CONCRETE AND DRAINAGE REPAIRS TO ELEVATED STRUCTURE, GREEN LINE, NORTH PORTAL TO LECHMERE STATION, Boston and Cambridge, Mass., consisting of structural and architectural repairs to existing concrete and drainage repairs on the elevated structure. The work includes furnishing and maintaining all scaffolding, shoring, and bracing of the structure; hoisting and power supply equipment and furnishing any floating equipment necessary for work over water on the Charles River Concrete Arch Bridge.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$10. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by a separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Any person may purchase copies of the plans and specifications, for information purposes only, upon payment of the required charge.

Complete information and authorization to view the structure may be obtained from the Project Manager, Plant Improvements, Mr. Donald J. Burns, 500 Arborway, Boston, Mass. (Tel. No. 617-722-6351).

A prebid conference and inspection tour will be held on March 3, 1976, at 10 A.M., Boston time, at North Station, lower level. It is essential that the prospective bidders have a representative attend. Any request for interpretation of the specifications should be submitted in writing at that time.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

All bids will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of thirty thousand dollars (\$30,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check, issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

LOUISE DAY HICKS
PRESIDENT, CITY COUNCIL

L. 68

MONDAY, MARCH 1, 1976

NO. 9

Mayor Announces Staff Reorganization

Mayor Kevin H. White, on February 17, announced the first stage of a major staff reorganization by appointing a Vice-Mayor, strengthening the authority of his Deputy Mayors, and promoting eighteen positions within his administration.

Mayor White named Edward T. Sullivan, Deputy Mayor and Director of Administrative Services, to the new position of Vice-Mayor. His position is second in command to that of Mayor.

In this role Mr. Sullivan will serve as the key financial spokesman for the city, represent the Mayor at administrative, official, and ceremonial functions, and coordinate the activities of the Deputy Mayors.

Mayor White said his two Deputy Mayors, Robert J. Vey and Katharine D. Kane, will be joined in the next few weeks by a third black Deputy Mayor to create a professional management team responsible for overseeing major policy-making, planning, construction, and development.

In this capacity Mr. Vey will be the Deputy Mayor in charge of construction and development, and freed from the day-to-day administrative duties in the Public Utilities Department. A successor to replace Mr. Vey as Director of Public Facilities will be named soon. Deputy Mayor Katharine D. Kane, appointed last July, holds responsibility for coordinating city agencies involved with neighborhood or human services, such as the Office of Public Service and the Early Commission. She also will coordinate federal funds received by the city and oversee the Mayor's advisors.

The unnamed Deputy Mayor, pending on his background and tests, will be active in those agencies involved with affirmative

action, contract compliance, and economic and job development.

"This administration has within it a wealth of talented, dedicated, and hard-working people and this year, more than ever before, it is critical that we make the best use of these resources, both by rewarding talent and by placing people in positions where their talents will have the greatest impact," Mayor White said.

"The emphasis of the personnel changes I have announced is to move those who have proven themselves up within the system and to tackle the areas of this administration where sounder management, of human as well as financial resources, is needed," he said.

"Boston is faced with serious financial problems. While they are not of our making, we must act decisively through better management to ensure that the inroads we have made toward improving the system are not threatened," Mayor White said.

Included in the staff reorganization is the establishment of two new operations — the Office of Per-

sonnel Management and the Office of Budget and Management.

Mayor White named Richard E. Wall, the city's Budget Director, as the Director of the Office of Budget and Management. Mr. Wall has worked with the city for six years and is responsible for introducing new methods of fiscal planning to the city, such as long-range fiscal planning.

The Office of Budget and Management's focus will be to strengthen the city's budget system by improving methods of monitoring and evaluating departmental expenditures during the budget year, to improve accountability and maximize the effectiveness of spending.

The new office will incorporate the Office of Public Service planning and management staff into the existing budget operation.

The Mayor named Robert A. Freeley, forty-eight, now Commissioner of Veterans' Services, as Director of the Office of Personnel Management. Mr. Freeley, a career government employee and father of ten, will oversee the reorganization of the Personnel Office into one central personnel management system.

The reorganization will include the merger of the Civil Service personnel office and the Labor Relations office, both of which are now located in Administrative Services, with the existing personnel office which oversees the 1,600

(Continued on next page)

appointed employees working for the city. It will also include the hiring of a professional personnel consultant to engage in training and evaluation of all employees.

Named by Mayor White to work with Mr. Freeley in the Office of Personnel Management are:

Portia Smith of the South End, now manager of the Franklin Field Little City Hall, to be Deputy Director of Personnel in charge of Civil Service employee relations.

John E. Murphy of Brighton, former school teacher and job counselor, to be Deputy Director of Personnel in charge of non-Civil Service employee relations.

Robert E. Holland of the North End, now Supervisor of Labor Relations, will remain in that position, and his office merged with the Office of Personnel Management.

A person to serve as supervisor, responsible for training and evaluation of all personnel, is being recruited from the private sector. A decision will be announced in several weeks.

The Mayor's appointments, some of which are intended to fill vacancies and the rest to fill a particular need within the administration, include three blacks and four women.

The list of appointees are:

Claudia L. Delmonaco of the North End, twenty-six, now manager of the Jamaica Plain Little City Hall, to be Director of the Mayor's Office of Public Service.

John C. Losk of the South End, twenty-seven, now a policy analyst and program planner in the Office of Public Service, to be Deputy Director of the Office of Public Service.

Maureen F. Shaffner of Mattapan, thirty-two, who has served as chairwoman of the Boston Consumers Council, vice-chairperson of the Board of Commissioners of the Boston Housing Authority, and has worked on tenant-related issues, and as a liaison from the Mayor's Office of Human Rights, specializing in Senior Citizen programs, to be Commissioner on the Affairs of the Elderly.

Everett Shepard of Dorchester, fifty, now program manager, Elder Service Corps of the State Department of Elder Affairs, to be Deputy Commissioner, Commission on the Affairs of the Elderly. Mr. Shepard joins James McCarthy, now Deputy Commissioner, in this newly created post.

Donald B. Manson of Jamaica Plain, thirty-five, now Executive Director, Mayor's Office of Criminal Justice, formerly employed by the United States Conference of Mayors as Director of Criminal Justice, and a former teacher, to be Director, Youth Activities Commission.

John A. Vitagliano of East Boston, thirty-three, manager of the East Boston Little City Hall since 1972, a member of the Board of Trustees of Health and Hospitals, and a graduate of Northeastern with a degree in electrical engineering, to be Commissioner of the Housing Inspection Department.

Joseph F. Egan of Dorchester, thirty-one, now manager of the Fields Corner Little City Hall, formerly a hearing officer with the Boston Rent Control Administration and a captain in the United States Marine Corps, to be Director of the Housing Improvement Program (HIP).

Dorothy M. Curran of Dorchester, now the Assistant Commissioner of the Parks and Recreation Department, and a career Civil Service employee in the Parks Department for twenty-six years, to be Director of Recreation, Parks and Recreation Department. Ms. Curran is the first woman to hold this position, and the first woman to serve in her previous post as Assistant Commissioner.

Alan Austin of the North End, twenty-seven, now Director of the Mayor's Office of Personnel, to be in charge of administration in the Boston Parks and Recreation Department.

Donald A. McGowan of Hyde Park, forty-eight, a career police officer and detective in the Boston Police Department, and a special investigator for the Boston Police Department, formerly an investigator for the Suffolk County District Attorney's Office, to be Director of the Mayor's Office of Criminal Justice.

Richard J. Kelliher of West Boston, twenty-six, who has served as an assistant to Mayor White since 1973, and was responsible for public safety planning and operations during school desegregation, formerly grant manager for the Office of Criminal Justice, to be Deputy Director, Mayor's Office of Criminal Justice.

John Morris "Moe" Robinson of Boston, sixty, who is black and formerly worked as an informal officer for the Massachusetts Commission Against Discrimination, with the United States Postal Service, was named by Mayor White to the City of Boston Board of Election Commissioners. Mr. Robinson replaces the late Perlie I. Chase as a member of the Board of Election Commissioners.

James W. Ronayne of Dorchester, formerly employed as a service officer with the Massachusetts Transportation Authority, to be Assistant Commissioner, Real Property Department.

All appointments are effective beginning March 1, 1976.

BRA REPORT TO THE COMMUNITY

clor Robert T. Kenney's Report—
Part 6

Downtown Development

The strongest statement of confidence in the economic future of downtown Boston and its viability as an office, retail and tourist center was announced April 16, 1975, of a new hotel-retail-office complex to be called Jordan Marsh/Lafayette Place.

Despite double-digit inflation, scarcity of mortgage money, and economic recession, the pace of development in downtown Boston remained strong in 1974 and 1975.

The strongest statement of confidence in the economic future of downtown Boston and its viability as an office, retail, and tourist center was the announcement on April 16, 1975, of a new hotel-retail-office complex to be called Jordan Marsh/Lafayette Place.

The \$220 million project will be undertaken by Jordan Marsh, Boston's oldest and largest retail store. SEFRIUS, a Paris-based development firm which has built shopping, resort, retail, and office developments throughout Europe, Asia, and South America.

Key components of the project include:

Major reconstruction of the Jordan Marsh downtown store — cost is \$35 million.

A 300,000 square-foot retail center which will contain specialty shops and boutiques and also include a major department store of 160,000 square feet.

A 750-room convention hotel to be built on top of the retail center.

Phased development of three or four medium-rise office buildings which will also be constructed on top of the retail center.

Estimated cost of the retail-office complex is \$150 million.

A 1,500-car parking garage which will be built by the City of Boston in the Kingston-Essex Street area of downtown. The garage, which replaces three obsolete park-

ing garages scheduled for demolition, will be linked to Lafayette Place by a pedestrian bridge across Chauncy Street — cost is \$18 million.

● The BRA will carry out a downtown pedestrian improvement program which will involve the "greening" of downtown through a series of mini-parks and landscaped plazas throughout the retail and financial districts. Major features of the program include construction of New Essex Street and modification of Washington Street into a landscaped mall, with one moving lane and one service lane for vehicular traffic — cost is \$12 million.

The project area, which covers six blocks in the heart of Boston's retail district, is being assembled by a combination of private acquisitions and public actions.

A portion of the Lafayette Place site will be assembled by SEFRIUS through acquisition of two Jordan Marsh properties, the Bristol Block and the Annex Building.

In addition, the Boston Redevelopment Authority will convey to SEFRIUS the land which makes up the Bedford-West Urban Renewal Project, which is the former site of the R. H. White store.

SEFRIUS will acquire the remainder of the site by purchasing from the City of Boston the Hayward Place garage and portions of city streets in the area.

The first phase of the project — which is now under way — calls for demolition of the Bristol Block. The Annex, which is the other Jordan Marsh property being sold to SEFRIUS, will not be demolished until 1978.

The project will have two levels underground, and one of these levels will tie in with improvements planned by the MBTA for creation of a fare-free zone to permit shoppers direct access from Filene's and Kennedy's beneath Summer Street to Jordan Marsh and Lafayette Place.

In February, 1976, Jordan Marsh began demolition of the Main and Shuman Buildings, which now front on Washington Street. It is on this

site in June, 1976, that Jordan Marsh will build a new facility.

Thus, Jordan Marsh will be consolidated on the block bounded by Avon, Summer, Washington, and Chauncy Streets when the new store is completed in October, 1977.

An important design feature of Jordan Marsh/Lafayette Place is a planned truck tunnel off Chauncy Street to accommodate the service functions for both Lafayette Place and Jordan Marsh. As a result, the heavy truck traffic which now clogs up Chauncy Street will be eliminated.

Faneuil Hall Markets

It is anticipated that the Jordan Marsh/Lafayette Place development will strengthen considerably Boston's role as the regional shopping center.

At the same time the restoration of the Faneuil Hall Markets, which is part of the BRA's Waterfront Renewal Project, will increase by six acres Boston's retail district and restore as a shopping/commercial complex a part of the city that predates the retail area on Washington Street.

It was the Faneuil Hall area which from colonial times served as Boston's market place. Over the course of two or more centuries, the Faneuil Hall Markets evolved into a wholesale district. With the advent of trucks and automobiles, however, the area became congested with traffic and no longer functioned as the crossroads of commerce it had been when Mayor Josiah Quincy in 1826 reclaimed part of the town dock and built the markets on filled land.

COMMISSION MEMBERS SOUGHT TO IMPROVE STATUS OF WOMEN

The Boston Commission to Improve the Status of Women has begun a drive to recruit thirteen Boston women to serve as Commission members from their neighborhood for one-year terms, beginning in March, 1976.

Representatives are sought from the following neighborhoods: Back Bay, Charlestown, Dorchester, Franklin Field, Hyde Park, Jamaica Plain, Roxbury, South End, Mattapan, West Roxbury, Uphams Corner, and East Boston.

In addition, this year the Commission is adding two at-large members, one to represent senior citizens, and one to represent teen-age girls. Representatives from these groups are also being recruited.

The twenty-three-member Commission, formed in 1970 by Mayor Kevin H. White, and restructured in 1974 to increase community representation, was established to form, advise, and monitor the enactment of programs, policies, and laws to improve the status of women in the City of Boston.

"We are looking for women interested in acting as a liaison between their communities and the Commission and willing to speak to community groups on issues that concern the women of Boston," Commission Director Lisa Zankman said.

"The Commission is task-oriented, and members are expected to serve on one of the five task forces which cover such areas as Child Care, Employment, Education, Rape, and Public Policy, in addition to attending monthly Commission meetings," she said.

"The work of our task forces has led to the distribution of more than 90,000 information cards alerting women on 'what to do and where to call if they are raped'; research into the establishment of a day care center in the Government Center area, and the promotion of industry-sponsored child care.

"Task forces have also looked into the vocational and occupational education system in the City of Boston and have focused on

affirmative action and the municipal employment of women and minorities," she said.

Ms. Zankman said that the Commission plans to develop a human services alert system, a speakers bureau, and to establish a legislative monitoring system during the next year.

Boston women and girls interested in serving on the Commission should send a resume and their reasons for wanting to serve on the Commission to Lisa Zankman, Director, Boston Commission to Improve the Status of Women, Boston City Hall, Boston, Mass. 02201, or call 725-4496.

P. S. TO RESUME PHOTOCOPYING SERVICE

The United States Postal Service has announced that coin-operated photocopying service will be resumed in post offices where local postal management indicates renewal of the service is in the public interest.

By this action the Postal Service will ask the same contractors who originally were awarded the contracts competitively to resume the photocopying services canceled several weeks ago on the same basic terms. As contracts expire, the Postal Service will solicit bids for new ones on a competitive basis designed to encourage participation by small businesses.

The dates for resumption of service will vary by community, depending upon contract renewal requirements and availability of equipment, but service should be generally available within a short time, the Postal Service said.

To assure that photocopying service in postal lobbies is not detrimental to neighboring retailers, the Postal Service will not provide this service if a similar service is located within 500 feet and it will maintain a vendored price at or above normal commercial levels.

In addition, the Postal Service announced plans to display prominently by each self-service photocopying machine a poster encouraging the use of private firms for high volume copying needs, including,

where appropriate, space available to list such firms in the general vicinity.

EDUCATORS STUDY SCHOOL-RELATED PROGRAMS

Several prominent educators now working with Boston's Museum of Science on an extensive study of its school-related programs to determine how it can best meet its educational commitments to the community.

Dr. Alice Casey, recently retired associate superintendent of the Boston public schools, heads a committee of the Museum's Education Advisory Committee. Committee members are Joyce Grant, director of the Harvard-Roxbury project of the Harvard Graduate School of Education; Brenda Lansdown, retired member of the Department of Education, Brooklyn College; Dr. Fletcher Watson, Henry Shattuck Professor of Science Education at Harvard. Dr. Casey's services as a consultant are supported by a grant from the Peabody Charity Fund.

The subcommittee plans to do school visits and the use of Museum volunteers in conjunction with various possible Museum participation programs. Various externally funded programs involving local colleges and school curriculum development in-service teacher training.

A second subcommittee is chaired by Dr. Sheldon White, professor of psychology at Harvard. Members are Dr. Stephen Gould, professor of geology, Harvard; Dr. Marc MacVicar, associate professor of physics, M.I.T.; and Dr. John Tyrell, director of science education, Boston public schools. Classroom programs for younger students will be the subject of this group's investigation.

A third subcommittee is chaired by Dean Robert Alberty of Vassar with members Professor Ray Baddour and President-Emeritus Julius A. Stratton, both of MIT, and Professor Uri Haber-Schaim of Boston University. This group will consider selected issues in the Museum's interpretation of science to the general public.

JOBS BILL VETOED: MAYOR IRATE

Mayor Kevin White, on February 11, 1975, severely criticized the Democratic-controlled Senate for its failure to override President Ford's veto of a \$6.2 billion jobs bill.

Calling it "the most reprehensible act of the Senate I have witnessed in eight years as mayor," Mayor White said the upper chamber was "indefensible as the President in denying payment and economic stimulus to cities and towns across the nation. We have in the past, almost without exception, been supportive of their actions," Mayor White said. "I see no legitimate political or economic reason for yesterday's vote and for the first time, feel compelled to speak out on an action which is to me inexcusable."

Mayor White is a director of the United States Conference of Mayors, which lobbied vigorously for passage of the bill. The legislation would have given state and local governments in areas of high unemployment \$1.5 billion to spend to maintain services. It would have authorized \$2.5 billion to carry out state and local housing projects.

"I had the Democratic majority in the Senate able to muster three more votes, we in Boston might have been able to avert the layoff of many municipal employees," he said.

"Failure to pass the bill is a disgrace to the Presidency, the Senate, and the entire Democratic Party," Mayor White said.

"The President's action is understandable, for he has never understood the problems of urban America, but what excuse can be offered for the ten Senate Democrats who sided with the President in voting against overriding this veto. They, perhaps, have lost touch with the world outside of Washington."

As Robert M. Hutchins, president of the Center for the Study of Democratic Institutions, noted recently:

"Domestic policy is conducted according to one infallible rule: costs and burdens of whatever nature must be borne by those least able to bear them."

"BRIGHT EYES" CLUB: WE CARE

A progress report of the "Bright Eyes" clinic statistics covering the period April, 1971, through August, 1975, confirms the hope that only with diligent and constant examinations will glaucoma be controlled.

Mayor Kevin H. White recently received a special thank you from the Massachusetts Society for the Prevention of Blindness for his leadership and support of the Bright Eyes project.

This project coordinates medical and social services throughout the city. It is also unique in that it is a *first* and Boston has the distinction of Project Bright Eyes being recorded in the *Congressional Record* by former Congresswoman and present President of the Boston City Council, Louise Day Hicks, who recognized the value of such a service.

The Commission on Affairs of the Elderly continues to schedule twenty-five elderly Bostonians for complete eye examinations every Wednesday at Boston City Hospital. A brief report follows:

DIRECTIVE NO. 3 OFFICE MACHINES INVENTORY

To All Department Heads:

It is necessary and imperative at this particular time to reestablish central control over the use, purchase, and disposal of equipment in the office machines category, namely, typewriters, adding machines, calculators, etc.

I am, therefore, requesting each department head to assign a responsible employee to take an inventory of all such equipment within your department and forward same to Frank F. Clin, Purchasing Agent, Room 613, City Hall, at the earliest possible date.

In listing this equipment, the following format should be used in the submission of information:

TYPE OF MACHINE — MAKE —
SERIAL NO. — AGE — APPROXIMATE DATE FOR REPLACEMENT AND APPROXIMATE COST.

Machines already ordered but not delivered should be listed separately.

In order to institute an austerity budget, as required for the coming fiscal year, that will be meaningful and effective, in accordance with his Honor the Mayor's request, it is essential to receive your full cooperation in this most important area of administration.

Any questions pertaining to the above should be referred to Mr. Richard Silver of our Purchasing Division, Ext. 1562.

EDWARD T. SULLIVAN,
Director.

SAFETY AWARDS FOR "T" BUS DRIVERS

Massachusetts Bay Transportation Authority Chairman Robert R. Kiley has presented safety awards to five MBTA bus drivers who have compiled a total of more than thirty-seven years of safe driving.

Mr. Kiley presented a special eleven-year Safe Driver pin to Coleman J. Walsh, fifty-four, of Wollaston.

Mr. Walsh works out of the Cabot Transportation Center in South Boston. Last year, he was presented the Richard D. Buck "Safe Driver Award" after completing ten years without an accident. In addition to the Safe Driver pin, Mr. Walsh received a \$100 savings bond and a special commendation in recognition of his achievement.

Mr. Kiley also presented Safe Driver pins, \$50 savings bonds, and special commendations to two bus drivers who have driven seven years without being involved in an accident, and two bus drivers who have driven six years free of accidents.

Philip Dubina, fifty-seven, of Winthrop, and Bruce E. Miller, thirty-two, of Malden, have driven safely for seven years.

Mr. Miller, a graduate of Chamberlayne Junior College, drives the Lynn-Haymarket bus routes.

Presented with six-year Safe Driver pins by Chairman Kiley were Francis X. Quinn, thirty-one, of Dedham, who operates the No. 34 bus route from Arborway to Dedham, and William J. Roche, fifty-seven, of Billerica, who drives the Arlington Heights-Bedford VA Hospital route No. 529, and other routes out of the Bennett Street garage.

Chairman Kiley said that in addition to these men, 253 bus drivers are getting Safe Driver pins for driving two to five years without any accidents. There are seventeen operators with five-year safety records, twenty operators with four-year safety records, sixty-six operators with three-year safety records and 150 operators with two-year safety records.

"The MBTA is very proud of these men, who do such a fine job of

delivering our customers to their destinations," Mr. Kiley said.

ADMINISTRATIVE SERVICES DEPARTMENT TRAINING PROGRAMS

To All Department Heads.

Since September, 1975, the Personnel Division, Administrative Services Department, has been involved in the task of increasing the in-service training and educational opportunities for employees of the City of Boston and County of Suffolk.

Currently there are 125 city and county employees who are taking advantage of these opportunities. Below is a breakdown of the programs being offered and the number of employees involved in each program:

Boston Business School — Typing and shorthand courses which are directed to increase the proficiency in the subject area and prepare the employees for Civil Service examination. Thirty-six are registered in typing, thirty-two in shorthand — total, sixty-eight.

Massachusetts Bay Community College — College credit courses leading to an Associate Degree in Business Administration. These courses have been geared to public sector employees with a structure to enable individuals to receive a degree in two years by attending Saturdays only. Also, courses are being offered during the week and all classes are located in the JFK Building. Examples of courses: Accounting Principles, Public Speaking, Financial Management, Statistics, Personnel Management. Nineteen employees are currently registered for this program.

Northeastern University — Graduate college credits leading to a Master's Degree in Public Administration (MPA). All classes are being offered in the JFK Building commencing at 5 P.M., Mondays through Thursdays. Examples of courses: Functions and Techniques of Public Management, Public Budgetary, Collective Bargaining, Politics of Health Care Administration, Intergovernmental Relations.

Twenty employees are registered in this program.

Suffolk University — Suffolk University and the City of Boston have established a satellite unit in Boston City Hall for the purpose of conducting graduate level courses leading to a Master's Degree in Public Administration (MPA). Training classes are being offered on Wednesdays in Room 805 at Boston City Hall. The courses being offered this semester are: Organizational Effectiveness in Government, Legal Basis of Public Management. Eighteen employees are registered in this program.

Although the above-mentioned programs are in operation and currently closed to new student openings and new classes are scheduled to commence during April and May. However, the United States Civil Service Commission has an ongoing training program which is minimal in cost and time. Those interested, a "Calendar of Training Courses," which includes dates and tuition costs, may be obtained from Frank Holbrook, Room 610, City Hall.

It is suggested that during times of financial difficulty that employees be encouraged to take advantage of themselves of these and future opportunities since employee productivity and skill development is essential in meeting the challenges.

Mr. Frank Holbrook is the Director of Boston Training Coordination and is the source of knowledge of training opportunities which are currently available to city employees. He is available to discuss particular departmental needs in areas of training and education which you may feel have been overlooked. Mr. Holbrook may be reached in the Administrative Services Department, Personnel Division, 725-4199.

ORDINARY STEP-RATE AD- VANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY.

PENAL INSTITUTIONS DEPARTMENT
W. COSTELLO,
Supervisor of Personnel.

SIR:
This letter is a resubmission of my letter of December 23, 1975, which was not acted upon. That letter revised my request of December 2, 1975.

Cathleen McCarthy, 403 Marlborough Street, Boston, Mass., was appointed institution nurse at the Suffolk County House of Correction at Deer Island on November 19, 1975.

Ms. McCarthy is a registered nurse and has extensive professional training and experience in a variety of settings. She has been employed as a medical nurse by the Department of Health and Hospitals at the House of Correction for one year. In addition, she has served for three years as charge nurse at the Stanford University Medical Center and the Nassau Community College. In these settings, much of her duties have revolved around diagnosis and treatment of patients with problems similar to those faced by inmates at Deer Island.

In view of this training and experience, I respectfully request that one-year, two-year, three-year, four-year, and five-year increments be determined under Rule 15 of the Classification and Compensation Plans for Officers and Employees of Suffolk County, effective November 19, 1975.

Very truly yours,
WILLIAM W. NICKERSON,
Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the award of contracts without public advertising, based on the following recommendations:

COMMERCE AND MANPOWER

EMPLOYMENT SERVICES

MAYOR WHITE:
I respectfully request your permission to proceed with inviting proposals by public advertising in the *City Record* and to award a contract to the United Auto Workers Manpower Development and Training Department with offices in Detroit, Michigan, to provide, at a minimum, 140 enrollees in percent unsubsidized employment in the private sector for a total cost not to exceed \$50,000.

Funds for this contract will be provided by a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from January 1, 1976, through December 31, 1976. Under the terms of this proposed contract, the United Auto Workers is capable of pro-

viding such services given their exclusive relationship with fifteen corporate employers in the greater Boston area.

Due to the experience of this agency, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,

JOSEPH R. DUGGAN,
Acting Director.

OFFICE OF COMMUNITY DEVELOPMENT

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional services to Arthur Andersen & Co., of 100 Federal Street, Boston, and to dispense with advertising for bids in connection with the award of this contract. The contract will be in an amount not to exceed \$17,500, for a period from July 7, 1975, to December 15, 1975. The City of Boston Community Development Block Grant will be the source of the funds for this contract.

In conjunction with their larger project to establish a financial management system for Community Development Block Grant funds, Arthur Andersen & Co., will provide temporary personnel to perform accounting and bookkeeping functions on a loan staff basis for the Comptroller of the Office of Community Development.

Arthur Andersen & Co. was selected as contractor in this instance because of their extensive knowledge gained during the development of the accounting and financial system. In view of the professional nature of the services, advertising for bids would not be appropriate.

Sincerely,

DAVID STROHM,
Director.

OFFICE OF PUBLIC CELEBRATION

CATERING SERVICE

DEAR MAYOR WHITE:

I respectfully request your written approval to dispense with written proposals by advertisement in the *City Record* and award to The Concord Caterer, 9 Adams Street, Burlington, Massachusetts, a contract in the amount not to exceed \$3,360.08, for the date of October 23, 1975, for the Red Sox Reception held at Boston City Hall.

The caterers service included serving help, food and kitchen help.

Sincerely,

ELIZABETH A. ROY,
Director.

DEAR MAYOR WHITE:

I respectfully request your written approval to dispense with written proposals by advertisement in the *City Record* and award to The Concord Caterer, 9 Adams Street, Burlington, a contract in the amount not to exceed \$2,600 for the date of January 5, 1976, Inaugural Reception to be held at Boston City Hall.

The caterers services will include the passing of hors d'oeuvres, serving help and kitchen help.

The Concord Caterer was requested to perform this service because of their familiarity with City Hall and our knowledge of their competence.

Sincerely,

ELIZABETH A. ROY,
Director.

FIRE DEPARTMENT ORDERS

February 13.

General Order No. 7

I. RETIREMENT

The following retirement, in accordance with the provisions of section 58, chapter 32, G.L., which will become effective at 0800, February 25, 1976, is hereby announced:

Fire Fighter Gerard F. Finnegan, Engine Company 1.

Fire Fighter Finnegan was appointed to the department July 21, 1948, and he leaves the department with the best wishes of his associates.

II. FIRE ALARM BOXES ESTABLISHED

In the near future the following fire alarm boxes will be installed. The circuit numbers will be announced at that time. Company commanders shall add them to their respective assignment cards.

12-3681, Mattapan Elementary School, 100 Hebron Street, Athletic Wing.

12-5221, Harvard University, Parking Facility, 111 Western Avenue.

13-5225, Harvard University, 640 Soldiers Field Road, Building No. 1.

III. FIRE ALARM BOXES INSTALLED

The following fire alarm boxes have been installed, and company commanders shall add them to circuit cards indicated:

12-5164, Jackson-Mann School, 500 Cambridge Street (circuit card No. 45).

IV. COMMENDATION

Fire Fighter Alphonse J. Jackmauh of Ladder Company 19 is hereby commended for responding to and working at fire, Box 7445, five alarms, on January 22, 1976, while off duty.

V. HAZARDOUS BUILDING

The building at 1329 Hyde Park Avenue, District 10, is in hazardous condition due to recent fires. The inside stairs are burned out, the rear porches are hanging off. In case of fire in this building, members shall use extreme caution. The building has been posted.

VI. LETTER OF THANKS

To the firemen who responded to the call when my sister, Emma Spiegel, took sick. I just want to say "Thank you" so very much for your kindness. It was deeply appreciated as I didn't know which way to turn. You were all so helpful. Thanks to you all she is now coming along.

ROSE M. WEIDER,
97 Glendower Road, Roslindale.

POLICE DEPARTMENT ORDERS

January 26.

Commissioner's Memorandum No. 76-4

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

There is an immediate opening in the Crime Patterns and Trends Section of the Planning and Research Division for a clerk/analyst.

Duties and Responsibilities:

Under the direction of the supervisor, Crime Patterns and Trends Section, and the director, Planning and Research Division, the clerk/analyst will:

Generate and maintain up-to-date files of known suspects, suspect vehicles, and nicknames.

Assist other analysts in plotting target crimes (robberies, rapes, burglaries, auto thefts) on city and district maps.

Assist other analysts in identifying and analyzing crime patterns as necessary.

Providing other supportive services to the section as directed by the Supervisor.

Qualifications:

Must have excellent knowledge of the diverse areas of the city and street locations.

Must have capability to maintain a key-sort filing system which includes known-suspect files, nickname, and suspect-vehicle files. These will be utilized as a mechanism for developing investigative leads for detectives.

Must possess initiative, self confidence, and some mechanical aptitude.

Must work in close harmony with other members of the section and division.

Application Process:

Interested applicants should submit form No. 1659, Specialist Application, to supervisor, Crime Patterns and Trends Section of Planning and Research Division by 5 P.M., February 11, 1976. Questions should be directed to Sgt. Timothy J. Donovan on extension 4530, 4531, or 4532.

January 26.

Commissioner's Memorandum No. 76-5

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The Crime Patterns and Trends Section is now analyzing on a regular basis rapes and other sex offenses, robberies, purse snatchings, and auto thefts. When resources permit, burglaries will be added to this list of "target" crimes.

As analysis of the target crimes turns up patterns or other information useful to field officers, the section will issue a Crime Patterns and Trends Bulletin detailing current high target crime locations, hours of the day during which crimes are being committed, and, when available, composite descriptions of suspects.

Information in the bulletin will be arranged by district and, when appropriate,

by sector, and will provide patrol officers, patrol supervisors, and special units a basis for day-to-day deployment. The format and content of the bulletin is flexible and geared to meet the needs of field personnel. It is, therefore, important that the opinions and suggestions of patrol officers and field supervisors regarding the bulletin be made known to the Crime Patterns and Trends Section. Comments in writing or by telephone should be directed to Sgt. Timothy Donovan, Planning and Research Division, Extension 4530, 4531, 4532, or 4533.

January 27.

Commissioner's Memorandum No. 76-6

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The gymnasium, located in the basement of the Police Academy building, 152 North Street, Boston, will be open Monday through Friday, from 9 A.M. until 11 P.M. All members of the department are welcome to use these facilities over the ensuing weeks. Increasing amounts of gymnastic equipment will be available.

Employees desiring special instruction in the martial arts, general defense tactics, or physical training should contact Police Officer Arthur Lamb at the Police Academy to schedule these sessions.

January 28.

Special Order No. 76-7

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective immediately, it will be the responsibility of all patrol supervisors to ascertain that the following procedures are complied with each and every time any department vehicle is assigned or used by any department personnel:

(1) B.P.D. Form 25, Motor Vehicle Inspection Report, is filled out completely and signed by the person inspecting and using the vehicle.

(2) The patrol supervisor will then sign his name, verifying the time and date of the assignment, on the heavy black line above the operator's signature, and cause such form to be filed at the district or unit.

January 29.

Special Order No. 76-8

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

It has come to my attention that procedures set up by the department to be followed by police officers, in incidents where they have discharged their firearms, have not been adhered to in some cases.

Therefore, effective immediately, whenever a member discharges his revolver except in training or in practice, the member shall arrange to have the revolver delivered to the department ballistics for test purposes. If no person or property has been damaged as a result of such discharge, the ballis-

tician shall test-fire the revolver and retain one or more bullets for comparison purposes. The revolver shall then be returned to the involved officer.

If any person has been struck or property damaged as a result of such discharge, the ballisticsian shall retain the revolver as long as necessary for any investigation of such discharge. A new or different revolver will be issued to the officer and the records will be so amended.

Commanding officers shall arrange such delivery and reissue without incurring overtime. If necessary, a spare revolver from the gun locker may be temporarily issued but such revolver shall not remain in possession of the officer for more than forty-eight (48) hours.

Whenever a spare revolver is issued a receipt will be obtained and the proper entry made in the gun locker inventory log. Any firearm, including a police officer's, which is temporarily stored in the gun locker must be clearly identified by a tag.

January 30.

Special Order No. 76-9

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective February 16, 1976, Special Order No. 75-145, New Starting and Quitting Hours for Tours of Duty, dated December 11, 1975, section entitled "Day Shift, 9 A.M. to 5:30 P.M.," is hereby amended and will read as follows:

Day Shift, 8:30 A.M. to 5 P.M.; 9:30 A.M. to 6 P.M.

This is an administrative shift and not a patrol shift, and will be utilized for some headquarters units and certain district personnel whose duties can best be accomplished during these hours.

January 30.

Special Order No. 76-10

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The City of Boston is attempting to reduce expenditures of all city departments including the Police Department.

Therefore, in order to make the greatest impact on this reduction all overtime for all city departments is immediately being terminated.

This elimination of overtime does not affect "Operation Safety" nor priority foot patrols at this time. However, all other overtime is affected.

I realize that some overtime will have to be expended, but this can be only for emergency purposes and in conformance with present labor agreements. If it is felt that overtime is required, a commanding officer shall make a written request to his bureau chief explaining the need for said overtime. If the overtime needed cannot be requested far enough in advance by written memo then a commanding officer will telephone the office of the bureau chief and get verbal per-

mission and follow up this verbal request with a written justification of the overtime used.

Bureau chiefs will keep a record of all telephone requests for overtime and ascertain that a written report follows all such requests.

Furthermore, before requisitions, purchases, services, etc., are submitted each must be scrutinized carefully, taking into consideration the fact that purchases must only be made in order to continue the proper operation of the department, versus the monies available.

The commanding officer will be required to justify each request.

It is imperative upon all of us to make every effort to save money for the city. Unfortunately, the next step might be the reduction of permanent positions.

January 30.

Special Order No. 76-11

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Chapter 795 of the Acts of 1974 referred to as "The First Responder Act" mandates that police and other emergency service agencies enroll their personnel in a twenty-four-hour course on emergency medical procedures. The law requires that all police officers responding to emergency situations receive this training with the only exception being administrative personnel within the department.

First aid night classes will begin at the Boston Police Academy on Tuesday, February 3, 1976, and will continue until all patrol personnel have successfully completed the program.

The course requirement of twenty-four hours of training will be broken into three eight-hour modules. Each session will build upon knowledge learned in the previous session, so it is absolutely essential that all sessions be attended in the proper order. Each course will be given over a three-week period and then a new three-week cycle will begin. This process will continue until all affected members of the department have received proper training.

The introductory module (or first session) will be given two times the first week. The intermediate module (or second session) will be given two times the second week. The final module (or third session) will be given two times the third week. Classes will be given on Tuesday and Wednesday of each week from 4:30 P.M. to 12 midnight, at the Police Academy. Class size will be limited to twelve officers per session, one from each district and one from the TPF. Officers will be required to complete the program within the three-week cycle.

Each district commander will insure that the Academy Registrar, Sergt. John E. Merrill (Extension 4410), is notified in advance of the two officers selected to attend the first week's session. The officers will be selected on the following basis: An officer hav-

ing Saturday, and Sunday off and returning to work on Monday will be assigned to attend the Tuesday sessions. An officer having Sunday and Monday off will be assigned to the Wednesday sessions. Each officer will remain in his slot (Tuesday or Wednesday) for the entire three-week period. That is, an officer reporting to the first night session on Tuesday will report to the subsequent two sessions, also on Tuesdays.

It is essential that an officer attend the sessions in sequence. If an officer completes session one and is absent for either of the remaining sessions he must be rescheduled to attend those classes he missed but it will not be necessary to repeat the session/s he previously attended.

The Academy should be notified in advance of each three-week cycle of the two officers who will be participating from each district and the TPF. At the conclusion of the third session, each officer will be required to pass a written examination of the material covered in the course as stipulated by law.

The First Responder's Day Training Program, as directed by Special Order No. 75-130, dated November 17, 1975, will remain in force.

Commanding officers will insure the foregoing is complied with.

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR LOADING ZONE MAINTENANCE AT VARIOUS LOCATIONS IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for loading zone maintenance at various locations in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled

out, signed, enclosed in an envelope, sealed, marked "Proposal for Loading Zone Maintenance at Various Locations in the City of Boston," one copy of which is to be left in Room 721, City Hall, before twelve noon Friday, March 12, 1976, with a certified check for 3 percent of the bid price, payable to and to become the property of the city the proposal after acceptance is not cashed out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening bids. If the lump sum price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application to the office of the Commissioner. Before commencing performance of this contract, the contractor shall provide by advance for the payment of compensation for the furnishing of other benefits under Chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the city to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 9A-CDRS in the Fenway Urban Renewal Area No. Mass. R-115, located in the City of Boston, Mass., until twelve noon, Boston time, on March 10, 1976, at City Hall, ninth floor, Room 921, One City Hall Square, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of construction to the degree of completeness as shown on the plans of street reconstruction and lighting, relaying of water mains, and separating sewer and drains. The work will take place in Public Alleys 404, 807, 819, 821, 822, and 901, Symphony Road, Westland Avenue, St. Stephen Street, and St. Botolph Street.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority at City Hall, ninth floor, Room 982, One City Hall Square, Boston, Mass. Plans and specifications will not be available until Monday, February 23, 1976.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, certified check, or cashier's check, issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 9A-CDRS.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract bid price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, to the Boston Redevelopment Authority's equal

opportunity compliance policy, adopted February 20, 1969, and revised September 7, 1972, and to the Commonwealth of Massachusetts Supplemental Equal Employment Opportunity Anti-Discrimination and Affirmative Action Program.

Attention is also directed to the Instruction to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

NO. 10

B.R.A. Report to the Community

Director Robert T. Kenney's Report — Part 7

The BRA, in anticipation of receiving funds, has moved on several fronts to implement the South Station renewal program.

The wholesalers have now been relocated to newer, more efficient quarters outside the city and the exteriors of the market buildings have been restored to their original architecture. The Rouse Company of Columbia, Maryland, has been designated developer of the project, and in February, the long struggle to revitalize Boston's market district reached a significant milestone when the Rouse Company signed a ninety-year lease with the BRA for the North and South Market Street buildings and the copper-domed Quincy Market Building.

The ground floors of the buildings will house small shops, and a variety of restaurants and boutiques. The upper floors will be rented as office space.

The streets between the buildings will be discontinued and South Market Street will serve as the principal thoroughfare of the Walk to the Sea, a pedestrian pathway which will link the new ultra-modern Government Center to the waterfront park at the edge of the harbor.

Because Boston's economy is based on high-grade service activities such as finance, education, research and law, the construction of new office space is an accurate index of the city's economic health. Economic gains made since 1960 are reflected in the fact that over half of the office space in downtown Boston today is less than fifteen years old.

To cite an even more impressive statistic: There is under construction in Boston today approximately 10 million square feet of office

space, which is an amount equivalent to all the office space built between the years 1960 and 1970.

Of equal importance, the market for office space in downtown remains healthy. The overall office vacancy rate has gone from a high of 8.8 percent in 1971 to 7.4 percent in recent months, with a record amount of 1,358,000 square feet leased over the first six months of 1975.

Noteworthy among the recent office developments downtown are the first two buildings to be built in the South Station Urban Renewal Project: Stone and Webster, completed in early 1975, and 175 Federal Street, now under way. Stone and Webster, in particular, is an important development because the firm had given serious consideration to relocating to a suburban location.

However, the BRA was able to convince officials from Stone and Webster that the advantages of a downtown location far outweighed the possible benefits to be found in the suburbs.

South Station

Construction of the Transportation Center at South Station is entirely dependent on the availability of federal funds. While legislation has been enacted to make funds available to cities such as Boston, which are in the process of converting rail terminals to transportation centers, appropriations have not yet been made to fund the program.

Nevertheless, the BRA, in anticipation of receiving these funds, has moved on several fronts to implement the South Station renewal program.

Work is now under way on the first phase of restoration of the South Station Headhouse, the curved portion of the terminal building facing Dewey Square. That \$800,000 contract also covers demolition of parts of the five-story terminal's east wing.

The contract calls for a general cleanup and face-lift of the seventy-seven-year old headhouse (recently placed on the National Register of Historic Places) in order to provide commuters and travelers with more pleasant surroundings during the five-year period in which the terminal is being built.

Phase II of the restoration project, now in the planning stages, includes the conversion of the 50,000 square feet of above-ground floor space into first-class office space, repairing of the main clock

(Continued on next page)

B.R.A. Report . . .

(Continued from front page)

overlooking Dewey Square, and general surface cleanup of the immediate area.

In addition, the BRA has completed construction of a \$300,000 temporary commuter bus terminal at South Station. The new bus terminal will consolidate downtown commuter buses into one central location thereby providing faster and more accessible service as well as relieving the bus traffic congestion on the city's streets. The terminal replaces the bus stops on Chauncy Street, near Jordan Marsh, and the Essex Street stop in front of the Essex Hotel.

A requirement of the federal legislation which provides funding for transportation centers is that the agency applying for those funds have the clear-cut authority to build and own such a facility. Accordingly, the BRA this year filed legislation to amend the state urban renewal law, and in September, the Governor signed the bill into law. The measure authorizes a renewal agency in a city with population of more than 150,000 to "own, construct, finance, and maintain intermodal transportation terminals within an urban renewal project."

Another action taken by the BRA over the past year was completion of a \$245,000 environmental impact study for the transportation center. The EIS also clears the way for over \$4.5 million in public improvements which will be carried out in the South Station area over the next year.

Another major improvement planned to alleviate the conflict in auto-pedestrian traffic in the Dewey Square area is a proposed 700-foot walkway leading from the South Station terminal to the vicinity of the Blue Cross-Blue Shield building on Summer Street with drop-off points located at regular intervals.

NEW BUSES FOR "T"

An order for 128 new "kneeler" buses will shortly be placed by the Massachusetts Bay Transportation Authority (MBTA), increasing its fleet of this type of city transit bus to 203.

The order, authorized by the Board of Directors, will be placed with AM General Corporation, Wayne, Mich., lowest of three bidders at \$8,205,033. The order will be for 88 45-passenger buses and forty 38-passenger buses. All will be diesel-powered and air-conditioned. Delivery is expected to be completed by December.

A "kneeler" bus makes public transportation more accessible to the elderly and handicapped as its front end can be lowered to curb level. The front end is equipped with a large air bellows that is deflated by the bus operator throwing a switch. After a passenger has boarded or alighted, the front end raises to normal position when the air bellows is inflated after the operator removes his hand from the switch.

The 128 new buses will replace the same number of 13-to-20-year-old buses. They are being purchased with part of a \$7.9 million federal grant from the Urban Mass Transportation Administration.

PAGEANT OF AMERICAN

The Dorchester Heights N Company, a group of some 17 seven South Boston youngsters take a prominent part in the pageant of Americanism, to be seen in Marine Park and on Dorchester Heights on Saturday, March 11.

The youths, who will be dressed in the colonial costumes of 1776, will assist the National Guard and the Weymouth Militia Company. Under the direction of Col. Raymond Cummings, assisted by Walter M. Cummings, past commander of the Allied Veterans' Council, they will participate in erecting the redoubt fascines for the fortification of Marine Park. They will also guard and protect the fortifications.

The pageant on March 11 will simulate the bombardment of Fort William in 1776, following the evacuation of Dorchester Heights on March 4-5.

WHAT AM I BID?

Postmaster Philip L. Sullivan announced that the Boston Office will conduct a public auction of unclaimed and damaged merchandise.

The auction will be held on Thursday, March 11, 1976, starting at 9:00 A.M. at the South Station Annex, basement level, located on Dorchester Avenue near Summer Street, Boston.

Items for sale include Pop Classics Classical LP records, sewing machines, toys, books, portable typewriters, jewelry, calculators, hand tools, luggage, and hundreds of other items.

Merchandise to go on sale will be viewed by the public on Wednesday, March 10, 1976, from 9 A.M. to 2:00 P.M., at the South Station Postal Annex.

All postal customers are reminded to use a return address on all mail and to make sure the address is correct, including the ZIP Code. Packages should be wrapped securely and a duplicate address label enclosed inside the package.

BUFORD J. KAIGLER HEADS COMMISSION ON HUMAN RIGHTS

Mayor Kevin H. White has announced the merger of the Office of Human Rights with the Mayor's Office of Contract Compliance and Affirmative Action into the new Commission on Human Rights.

Mayor White named Buford J. Kaigler, Jr. of Roxbury, now head of the Contract Compliance and Affirmative Action Office, as Director of the new commission. Mr. Kaigler will oversee the merger, which began March 1, 1976.

Under the reorganization, the new Commission on Human Rights will be charged with developing affirmative action hiring plans for the city, establishing goals and timetables to measure the hiring of minorities and women. The ongoing programs developed by the Office of Human Rights such as Welfare Specialist, Discrimination Complaint, Emergency Housing and Vocational Specialist programs will be continued and reviewed to expedite the delivery of these services. Mr. Kaigler succeeds Clarence Roberts, Director of the Office of Human Rights since 1972, who will be promoted to a new position in administration.

Buford Kaigler has proven himself to be a highly talented, dedicated, and hard-working administrator with a capacity for getting the job done," Mayor White said.

"He is eminently qualified to oversee the merger of these two departments and, in doing so, will be able to coordinate the closely related efforts of both agencies, aimed at strengthening the city's commitment to affirmative action, and to do away with any unnecessary duplication of effort."

The Mayor, in making his announcement, also issued an executive order holding all city department heads accountable for setting goals and timetables, and in meeting affirmative action requirements in their department, effective immediately.

The merger of the two offices is designed to centralize and reinforce the city's responsibilities for mu-

nicipal job development, contract compliance, and affirmative action. The new commission will work closely with the Boston Commission to Improve the Status of Women and the city's restructured Personnel Management Office.

In addition, the merger, by eliminating duplication of effort, is expected to save the city approximately \$200,000 in salary and contract costs.

Mr. Kaigler, thirty, appointed as an Executive Assistant to Mayor White for Affirmative Action in 1974, is a graduate of Fisk University in Tennessee and Harvard Law School. He formerly served as co-director of the Cambridge Rent Board.

Named by Mayor White to work with Mr. Kaigler in the new commission is Darryl T. Gorham of Mattapan. Mr. Gorham, now Deputy Director of the Mayor's Office of Contract Compliance and Affirmative Action, is a graduate of Florida A. & M. University. He will serve as Deputy Director of the new commission.

"SUNDANCER:" WORTH VIEWING

The new sculpture, "Sundancer," by Robert Amory, is on view in Boston City Hall's Main Lobby on temporary loan from H. N. Gorin & Leeder Management Company through the coordination of the Mayor's Office of Cultural Affairs. Its plaque reads in part: "The City of Boston is grateful to H. N. Gorin & Leeder Management Company for having voluntarily included this example of fine arts within its public space and appreciates its loan to the City."

The sculpture is to be permanently installed in the entrance lobby at Ten Post Office Square upon completion of major renovation of the ground floor areas of that building this spring.

This extensive renovation is part of a rapidly moving program which H. N. Gorin & Leeder Management Company is undertaking to upgrade its buildings in the downtown and Back Bay areas of Boston. It is also a display of the faith that the

company's management has in the future of Boston.

Robert Amory, the sculptor, is a well-known artist who has received many other major commissions for public art, among them the sculptures "Helion," in front of 100 Summer Street, Boston; "Birnam Wood," in front of the new Sullivan Square fire station in Charlestown; "Windhover," in the New England Executive Park in Burlington, and "Fantasy," a group of three pieces at Hampshire Plaza, Manchester, New Hampshire.

CAREER BUILDING: A NEW FLEXIBILITY

A Joint Conference will be held on March 12, at Howard Johnson's "57" Motor Hotel, 200 Stuart Street, Boston.

A unique opportunity to explore major dimensions of career building in public administration, including:

A Realistic Assessment of the Current Job Market.

Enhancing Career Growth.

Understanding the Practical Dimensions Involved in Obtaining, Maintaining and Extending the Professional Career.

Emphasizing the need for flexibility in career building, the conference activities and format provide a special opportunity to share career concerns with a wide range of individuals from both public and private sectors.

The conference is co-sponsored by the Massachusetts chapter of the American Society for Public Administration and the Center for Public Management of Suffolk University.

For additional conference brochures and registration forms, please contact Marian Dolan, conference coordinator, Suffolk University, 47 Mt. Vernon Street, Boston, Mass. 02108; Tel: 723-4700, Ext. 342.

One of the biggest diseases today is the feeling of being unwanted, uncared for, and deserted by everybody. The greatest evil is the lack of love and charity, the terrible indifference towards one's neighbor who lives at the roadside, assaulted by exploitation, corruption, poverty, and disease.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

OFFICE OF COMMUNITY DEVELOPMENT

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to award a contract for professional services to Ernest Zupancic and to dispense with advertising in the *City Record* in connection with the award of the contract. The contract will be in an amount not to exceed \$17,500, during the period of December 1975, to December 15, 1976. City of Boston Community Development Block Grant, a federal special revenue sharing program, will be the source of funds for this contract. There will be an intergovernmental personnel agreement between the U.S. Department of Housing and Urban Development and the City of Boston. Accordingly, the funds listed represent the city's share and will be matched by federal funds on approximately a 50-50 basis.

Under the terms of this contract, Mr. Zupancic will be responsible for the evaluation of Boston's Urban Renewal Program and development of a closeout strategy for Urban Renewal Program.

Mr. Zupancic was chosen for this task because of his experience in the evaluation of urban renewal programs with the Evaluation Division of the Department of Housing, Urban Development, Washington, D.C. because of the specialty of the services he offers and because of his past experience in this unique area, advertising for bids to awarding this contract would serve a useful purpose.

Sincerely,

DAVID STROHM
Director

WOODWORKING SHOP

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$9,000 to the Jamaica Plain Area Planning Action Committee, Inc. (J.P.A.P.A.C.), a nonprofit corporation located at 30 Bickford Street, Jamaica Plain, for physical renovations and improvements. Payment for this contract will be made from the Community Development Block Grant and the period of performance will be from January 1, 1976, through December 31, 1976.

Under the terms of the agreement, J.P.A.P.A.C. will undertake installation of a neighborhood facility and physical rehabilitation of the present structure for use as a woodworking shop at 20 Ackley Place, Jamaica Plain.

In view of the intent of J.P.A.P.A.C. to develop and operate a woodworking project in the Jamaica Plain area, I recommend a contractual relationship between the City and J.P.A.P.A.C. be established at this time to renovate and improve 20 Ackley Place as a suitable site for such a program. I

it is my view that public advertising
not serve any useful or practical pur-

Sincerely,

DAVID STROHM,
Director.

OFFICE OF CRIMINAL JUSTICE SECURITY PROGRAM

MR. MAYOR:

Director of the Mayor's Office of
Criminal Justice, I respectfully request your
written authority to dispense with
the award of a contract to the
South Boston Action Council, Inc., in an
amount not to exceed \$44,306.95, for the pe-
riod January 1, 1976, through September 15,

ward of the contract is made pursuant
to a grant received by the City of Boston
from the Law Enforcement Assistance Ad-
ministration through the Massachusetts Com-
mission on Criminal Justice under the Omni-
bus Crime Control and Safe Streets Act of
1968 (P.L. 90-351), as amended by the Om-
nibus Crime Control Act of 1970 (P.L. 91-
644), and as further amended by the Crime
Control Act of 1973 (P.L. 93-83).

Under the terms of the contract, the South
Boston Action Council, Inc., will conduct a
community security program in the D Street
Public Housing Project in South Boston.
The program will focus on both community
organization and education in an effort to
further increase neighborhood participation
in crime prevention efforts and to further
promote police/community cooperation.

The South Boston Action Council, Inc.,
a community based social service organiza-
tion which operates a great number of health
and welfare services for the residents of
South Boston. Many of these efforts will
complement the activities of the community
security program at D Street. The South
Boston Action Council is in a singular posi-
tion to provide the types of administrative
and fiscal control so critical to the success
of this program.

In view of both the unique professional
and community support required to
perform the functions of the contract, it is
believed that public advertising would serve
no useful or practical function.

Respectfully,

DONALD B. MANSON,
Director.

TREATMENT PROGRAM

MR. MAYOR:

Director of the Mayor's Office of Crimi-
nal Justice, I respectfully request your Hon-
orable written permission to dispense with pub-
lic advertising, and to award a contract to
the Boy's Club of Boston, Inc., 15 State
Street, Boston, in an amount not to exceed
\$372, for the period of October 1, 1975,
through March 31, 1976.

ward of the contract is made pursuant to
a grant received by the City of Boston from
the Law Enforcement Assistance Administration
through the Massachusetts Committee
on Criminal Justice under the Omnibus
Crime Control and Safe Streets Act of 1968

(P.L. 90-351), as amended by the Crime
Control Act of 1970 (P.L. 91-644), and the
Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow the
Boy's Club of Boston, Inc. to begin a diver-
sion and treatment program aimed at first
and second offenders which attempts to pre-
vent future involvement of these youths with
the criminal justice system. The project con-
sists of five components: (1) seminars on
criminal behavior and the juvenile justice
system; (2) photography; (3) counseling;
(4) tutoring; and (5) social, cultural and
recreational activities; and seeks to serve
youths from the Roxbury community.

The Boy's Club of Boston, Inc. is a non-
profit corporation that specializes in services
to the very clients this program will serve.
It has been an effective component of the
community in dealing with the problems of
youth.

Because of the unique services required to
perform the function of this contract, it is
believed that public advertising would serve
no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Director.

POLICE DEPARTMENT WINDOW PROTECTION SERVICE

DEAR MAYOR WHITE:

I respectfully request your Honor's written
authorization to dispense with public adver-
tising in the award of a contract to B. Feneno
Company, 1188 Dorchester Avenue, Boston,
in an amount not to exceed \$2,632.

The purpose of this contract is to furnish
labor and materials to fabricate and install
steel grille-work to protect thirteen windows
at the police department headquarters build-
ing.

This work became necessary at the time
of the opening of schools in the city. The
windows involved in this work are located at
street level of police headquarters and
face the Sawyer Building which is now being
used by the school department as part of
the Madison High School complex.

The department obtained written price
quotations for the requested work from three
companies experienced in steel fabrication
work. The price quotations are attached
hereto. The lowest price was submitted by
the B. Feneno Company.

Because of the heavy student traffic pass-
ing these windows and the events around
school buildings at the opening of school
this work was of an emergency nature. In
light of these facts it is believed that public
advertising would serve no useful purpose.

Very truly yours,

ROBERT J. DI GRAZIA,
Commissioner.

TRANSPORTATION

DEAR MAYOR WHITE:

The police department has been required
to obtain bus service on short notice to
transport police officers to various parts of
the city during the recent turmoil resulting
from the busing of school children in Bos-

ton in accordance with the Phase II desegre-
gation order of the U. S. District Court.

Because of the immediacy of the need and
the lack of other carriers able to provide
several buses with little or no notice, the de-
partment has been utilizing Massachusetts
Bay Transportation Authority buses with sat-
isfactory results. For these reasons it is my
belief that a formal public bid request would
serve no useful purpose to the City of Bos-
ton. Therefore, I respectfully request your
Honor's written authorization to dispense
with public advertising and to enter into a
contract with the Massachusetts Bay Trans-
portation Authority, 500 Arborway, Boston.

I propose to enter into one contract to
cover all bus services provided by the MBTA
for the period commencing July 1, 1975, and
ending June 30, 1976. In no event shall the
payments or liabilities of the City of Boston
under this contract exceed the total sum of
\$15,000.

Very truly yours,

ROBERT J. DI GRAZIA,
Commissioner.

EXAMINATIONS

DEAR MAYOR WHITE:

I respectfully request your Honor's written
permission to dispense with public advertis-
ing in the award of a contract to Sim Bern-
stein Associates, P. O. Box 269, South Salem,
New York, in an amount not to exceed \$7,-
600, for the period of December 1, 1975,
through March 31, 1976.

The purpose of this contract is to develop
a written examination for the positions of
police captain and lieutenant, with the final
product being an examination which will ac-
curately test the abilities of individuals in-
terested in these positions. This represents
another step in the new promotional system
currently being developed by the department
in conjunction with the Massachusetts Divi-
sion of Personnel Administration.

On October 2, 1975, the Division of Per-
sonnel Administration authorized the depart-
ment to begin work on the selection process
for the positions of captain and lieutenant.
Subsequently, the department prepared a re-
quest for proposal relative to the written
examination requirement for these positions.
The request for proposal was sent to ten
firms inviting their response. Five of the ten
firms prepared proposals and submitted them
to the department.

The five proposals were reviewed by mem-
bers of the command staff and a representa-
tive of the Division of Personnel Administra-
tion. On the basis of this review, it was felt
that the Sim Bernstein proposal presented a
superior effort for the amount of money in-
volved.

Therefore, because of the unique services
required to perform this contract, and in
light of the selection procedures outlined
above, it is believed that public advertising
would serve no useful purpose.

Sincerely,

ROBERT J. DI GRAZIA,
Commissioner.

PUBLIC FACILITIES DEPARTMENT LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of Rooms numbered 520, 521, 522 in the building owned by the lessor at 120 Boylston Street, Boston.

The term of the lease will be twelve months, from July 1, 1975, through June 30, 1976.

The rental for the term will be \$360 per month and includes heat and customary maintenance services. Also included in this lease is a standard tax clause based on the 1974 taxes.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide gym and swimming facilities for the students of Roxbury High School, from the Boys' Club of Boston, Inc. There is a further delegation of power from the Commission to the Director to execute such lease upon receipt of said written authority from the Mayor of Boston.

The premises to be included in the proposed lease are the gymnasium and pool facilities of the Roxbury Boys' Club at 115 Warren Street, Roxbury.

The term of the lease will be from September 8, 1975, through June 25, 1976, school days only.

The usage will be for the entire school day.

The rental for use of these facilities will be \$44,000 for the term, payable in 2 equal installments of \$22,000, the first such installment payable January 5, 1976, and the second, May 5, 1976.

Since these facilities are both adequate and convenient, it is not felt by the writer

that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for the Department of the Mayor - Office of Public Service purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 400 square feet, more or less, of extensively rehabilitated office space on the first floor at 236-1/2 Bunker Hill Street, Charlestown, to be used as the Charlestown Little City Hall.

The initial term of the lease will be 7-1/2 months, beginning November 15, 1975, and terminating June 30, 1976.

The rental for the term will be \$325 monthly, and will be paid from OPS funds under Account No. 1-01-88-29-2.

All utilities, exclusive of telephone, heat and air conditioning will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

V. HOSE FOR STANDPIPES

Fire lengths of 2 1/2-inch, single-jacketed hose are being issued to certain engine companies in the department. This hose is being issued for use on fire department standpipes inside buildings, and for the standpipes in the subway system, and shall not be used for other purposes. Three lengths shall be carried on the apparatus as doughnuts, and one length shall be kept in reserve.

VI. HAZARDOUS BUILDING

A building at 9 Townsend Place, District 1, is in hazardous condition due to numerous holes in the floors and missing stairs, fire escapes, and cracks in walls. In the event of fire in this building members shall exercise extreme caution. The building has been closed.

VII. HIGH COMMENDATIONS

The department responded to Box 3148 at 139 hours, on February 4, 1976, for a second alarm fire at 1467-1471 Dorchester Avenue. Enroute to the fire, companies were alerted that people were trapped in the building. Engine Company 18 immediately began rescue operations. A ladder was thrown over the second floor and Fire Fighter William Ostiguy of Engine Company 18, climbed the ladder, cleaned out a window, and entered the room to search for the occupants. He crawled down the hallway and found an unconscious man whom he carried to a window across the roof, and passed him to members of Ladder 23. Fire Fighter Ostiguy performed this rescue without benefit of a net, and under conditions of severe smoke, and gases.

The Fire Commissioner is pleased to highly commend Fire Fighter Ostiguy for saving the man's life under such hazardous conditions. Box 3148, two alarms, February 4, 1976, District 7 and Ladder Company 7 were the first units to arrive and found a man hanging outside the window on the third floor by his fingers.

Ladder Company 7 raised a ladder. Fire Fighter Fredrick J. Brady of Headquarters climbed to Ladder 7) climbed the ladder to the top, reached out, and lifted the victim from the ladder, just seconds before the

victim was about to let go and drop to the street. A large crowd of spectators witnessed the incident and had high praise for the rescue.

The Fire Commissioner is pleased to highly commend Fire Lieut. Brady for his quick and decisive action which saved the man's life.

VIII. LETTER OF THANKS

"January 13, 1976.

DEAR CHIEF BOLGER:

I would like to take this opportunity to thank you and your men in helping to control the fire that occurred at our plant on Friday, January 9.

Your quick action and response enabled us to keep damage to a minimum.

Thanks for a great job and best wishes to the men of District 7.

Sincerely,

WILLIAM O. TAYLOR,
President,
The Boston Globe."

"January 22, 1976.

LADDER 15 AND ENGINE 41.

Francis A. Arnao, from Fire Prevention Division, to Engine Company 1.

III. ARSON SQUAD

Effective at 0800, February 25, 1976, there will be ONE Arson Squad car for the entire City of Boston. The designated call letter for this Arson Squad car is K4.

Also effective this same date, the K4 and K6 cars will not automatically respond to working or multiple alarm fires. The K4 and K6 cars will respond only when called.

Chief officers are reminded of chapter 148, section 2, of the General Laws of the Commonwealth of Massachusetts.

If the chief officer in charge at a fire calls for the Arson Squad, he shall direct that all evidence is preserved and protected until such time as the Arson Squad arrives. This is necessary to ensure that the continuity of time is not broken or simply that the investigation and the end of the fire is simultaneous. This may be accomplished by stationing a company at the fire until arrival of the Arson Squad or state detectives.

In the future, chief officers shall use more deliberation in investigating the cause of the fire. This includes working fires and multiple alarms because there may be instances, even in the case of a multiple alarm, where the cause is quite apparent. It appears to this office that there is a strong tendency to put complete reliance on the Arson Squad for determination.

Chief officers are also reminded that if the department photographer (K6) is not answering another call, he may take pictures

of the evidence and remove same for the Arson Squad.

DEFINITIONS

ARSON: The willful and malicious act of setting fire to, burning, or causing to be burned, the property of one's self or another; or the willful and malicious aiding, counseling, procuring, or assisting such act.

UNDETERMINED, UNKNOWN: Inability to determine the probable cause of a fire or failure to make a careful investigation means that the cause must be classified as unknown.

SUSPICIOUS: Inclined to suspect or distrust.

VIOLATION OF LAW: Violation of any law, ordinance, or regulation that would cause a fire or contribute to its intensity.

IV. EXAMINATION FOR PROMOTION TO DEPUTY FIRE CHIEF

This department has received Announcement No. 3420 from the Massachusetts Division of Personnel Administration announcing the examination for promotion to deputy fire chief in the Boston Fire Department to be held on April 10, 1976.

Deputy chiefs shall see that the accompanying posters are brought to the attention of all eligible members. Applications must be received at the Division of Personnel Administration not later than Friday, March 19, 1976. Applications may be obtained at the Fire Commissioner's office.

V. HAZARDOUS BUILDING

The building at 100 Terrace Street, District 5, is in hazardous condition due to a recent fire. Roofs are partially collapsed, steel beams twisted, walls bulging and holes in the floors. In case of fire in this building members shall use extreme caution. The building will be posted.

Special Order No. 76-13

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

There are many instances occurring, especially at nighttime, when the services

ime Laboratory or the Ballistic Unit
ersnel are requested, when in fact there
mediate need for their services. The
s requested could be rendered during
gular day tour of duty hours without
ay ss of department efficiency.

Therefore, effective immediately, it shall
e incumbent upon the superior officer at
e ene to make this determination in all
h cases where such a delay in rendering
esid services would not hamper the in-
estigation of an incident. Such requests
e held for the day personnel. Exam-
es could be: safe jobs, business establish-
ers where the evidence would not be dis-
rbed, bullets embedded in walls, ceilings,
oo, etc., stains on floors, walls, etc. Tools
een a crime weapons found, clothing to
e held as evidence should be taken to the
i district for safekeeping and properly
gled and delivered to the appropriate unit
or examination by day district personnel
ay through Friday. In cases where
es have to be examined, photographed
tested for fingerprints, the vehicles will
e towed to a district garage and the exam-
ation by technicians will be conducted by
ay duty personnel of the Technical Services
ec n.

It is to be understood in homicide cases
nd serious incidents where the immediate
serves of either the Identification Section,
he Crime Laboratory, or the Ballistics Unit
e necessary for the successful investigation
f e incident, the required personnel will
e formed and their services will be ren-
ered immediately.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Miscellaneous Repairs
to Chevrolet Passenger Cars and
Trucks.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for miscellaneous repairs to Chevrolet passenger cars and trucks.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Miscellaneous Repairs to Chevrolet Passenger Cars and Trucks," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2

P.M. of THURSDAY, MARCH 18, 1976, with a certified check for ONE HUNDRED TWENTY DOLLARS (\$120), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of five dollars (\$5), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposals should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 35-CDRS in the South End, Project Mass. R-56, located in the South End District, City of Boston, Mass., until twelve noon, Boston time, on March 15, 1976, at One City Hall Square, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

A prebid conference will be held at 11 A.M. on March 8, 1976, at One City Hall Square, ninth floor, Room 919, Boston, Massachusetts, to discuss scheduling of the work and other matters.

The work will consist of the reconstruction of Hanson Street, Milford Street, Dwight Street, Upton Street, Ringgold Street, Bond Street, Taylor Street, Bradford Street, and a portion of Waltham Street, including

street pavements and brick sidewalks, drainage, water and lighting systems, tree plantings and other appurtenant work, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, Room 982, ninth floor, One City Hall Square, Boston, Mass. Plans and specifications were available Monday, March 1, 1976.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, certified check, or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 35-CDRS.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of at least 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's equal opportunity compliance policy, adopted February 20, 1969, revised June 12, 1975, and to the Commonwealth of Massachusetts Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program.

Attention is also directed to the Instructions to Bidders — Award of Contracts; Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest to do so.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

HON. KEVIN H. WHITE, MAYOR OF BOSTON

LOUISE DAY HICKS
PRESIDENT, CITY COUNCIL

L. 68

MONDAY, MARCH 15, 1976

NO. 11

Old City Hall: Historical Landmark

ory

Soon after the establishment of Boston as a city in 1822, provision was made for removal of the municipal offices from Faneuil Hall to more commodious quarters. In 1830, the Old State House was remodeled and September 17 formally dedicated as the Boston City Hall. The Old State House, however, quickly proved to be an inadequate solution to the space problems of a growing bureaucracy and as early as 1838 efforts were prepared concerning the need for a new "handsome, well-lighted, and well-ventilated building."

Unfortunately, the city again decided to utilize and convert an existing facility and in 1841, the Bullfinch designed granite Court House on School Street was renovated as a new house for the municipal departments and offices. The accommodations offered by the Old Court House were suitable only for a limited period and by 1860 the Committee on Public Buildings asked several noted architects to submit plans, on a competitive basis, for the enlargement of the City Hall. The plans prepared by Gridley J. F. Bryant were accepted by the Committee, but the proposed improvements were never constructed. It was wisely determined that the demolition of the Court House would necessitate many costly repairs and that in the long run, a new structure would be a more economical undertaking and would produce, at last, a city hall "worthy of great and prosperous municipality." Bryant was retained as architect and, in association with Arthur Gilman, designed the first structure to be erected as Boston's City Hall.

Demolition of the Bullfinch Court House was completed in 1862 (the granite of the building was reused in the rear and City Hall Avenue facades of the City Hall) and the cornerstone of the new structure laid on December 22nd of that same year. During construction, the estimated cost of the building, originally set at \$160,000, doubled and tripled and by completion (dedication: September 18, 1865) building expenses totaled over \$505,000. As explained by the City Councillors the additional allocations were necessitated by inflated wartime costs and expenses incurred through provision of considerable "fireproofing" for the building. The Council, apparently quite sensitive to money criticism, was quick to maintain that although the City Hall was "rich in its general appearances" it was in reality constructed without "any elaborate or costly decoration of its parts."

Style

The style of the City Hall was that of the Italian Renaissance as modified by the French architects

The scourge which made a vacuum
of God's treasure,
And robbed the soul of all its
priceless grandeur:
In troubled times as these the
flame is lighted,
And with that light a man need
fill his hours,
To turn toward God and find
within His Wisdom
The path which courses from
increasing shadow,
From world of clay to world of
the celestial:
No times are these for man to
idle on!
Saint Patrick made no compromise
with truth,
Nor did he seek appeasement
with the snake!
The devil's fang he met, with
courage, strength,
And banished it forever from
the land.
The challenge we must meet as
Patrick did,
With faith and fortitude and
freedom's might;
And he who passed through
Ireland's fragrant earth
Will shine as that compelling
light of faith

Old City Hall . . .

(Continued from front page)

of the previous thirty years. This manner is "the only style in which all the great works of improvement in modern Paris are composed. . . . It will doubtless ere long be fully recognized by sound architectural critics as the true vernacular style of our age and country." Preface to "The City Hall, Boston" prepared and printed by authority of the City Council. 1866.

"The particular style chosen is the modern style of Renaissance architecture, a style which, from its inherent beauties, not less than from its almost universal susceptibility of adoption to structures of a dignified and monumental character, stands confessedly at the head of all the forms of modern secular architecture in the chief capitals of the world." Gridley J. F. Bryant, 1860.

As is indicated by the contemporary descriptions quoted above, the City Hall was designed in the French Second Empire manner — an elegant mode that flourished during the reign of Napoleon III and represented a conscious imitation of earlier sixteenth century French and Italian Renaissance architecture. The major Parisian building projects of the third quarter of the nineteenth century — the new Louvre, the Opera, and the monumental blocks of houses which lined the spacious boulevards — were all executed in the "modern" manner which was immediately accepted throughout the western world as a cosmopolitan model for urban architectural and planning projects. French Second Empire was soon

handled as an international style and its presence was apparent in America by the late 1850s.

The French style is characterized by its flamboyant classical detailing, sculptural treatment of mass, pavilion plan of bulging central frontispiece flanked by shorter broad wings, a "layer cake" piling up of stories articulated by paired columns and pilasters, arched openings, and high mansard roofs. Boston City Hall is one of the first monumental examples of this style in America and was indeed of considerable influence in encouraging the French fashion in this country.

In Boston, numerous buildings were designed in this style, but most of the large-scale examples (the Old Post Office, the Equitable Building, the New England Mutual Building, Boston and Lowell Railroad Station) have already been demolished and replaced. Although Second Empire is extensively represented in residential adaptations in the brick and brownstone mansions in the Back Bay, few notable examples outside of this area have survived. Of the remaining Second Empire buildings, City Hall as an individual structure is clearly the most thoughtfully conceived, gracefully proportioned and prominently situated. (To be continued.)

FLOODING RISK HIGH

The flooding risk for all flood-prone communities along Massachusetts inland waterways is tremely high this year, stated L. F. Saba, director of the Massachusetts Civil Defense Agency.

The potential high risk during next three weeks is due to the period of freezing weather experienced in January and resulting high water tables.

Both Quabbin and Barry reservoirs are full, and the Chicopee, Ware, and Swift rivers have swollen, which could cause serious flooding unless removed by the communities in which the rivers pass through.

Ice jams at the mouth of the Connecticut River and other waterways, are also a matter of concern, depending on weather invariably.

Mr. Saba and his agency are working closely with the New England Division, Corps of Engineers (NEDCOE), and the Harvard River Forecast Center (RFC), are monitoring flood threats in addition to the state Department of Public Works and Water Resources Commission, as a responsible procedure for flooding contingencies.

The collective consensus of agencies is that all Commonwealth flood-prone communities should now by inspecting their stream banks, rivers to insure that they are free of snags and ice flows. Dams should also be inspected to insure the functioning properly and clear of debris.

It is urged that heads of government in these areas review their plans, supplies, equipment necessary to cope with flooding and its effects.

Preparedness is first and foremost a responsibility of local government and cannot be assumed by state or federal agencies. NEDCOE and RFC will continue to monitor potential flooding and advise the state and local CD accordingly.

It is possible that this flood threat may not materialize. However, many communities have experienced flooding and no damage during the past five years by not taking precautionary measures.

"NEW LOOK" WASHINGTON STATION

Modernization work at Washington Station on the T's Red and Orange Lines will begin in April, Art R. Kiley, chairman of the Board of Directors, announced recently.

The starting date for the first contract in the Washington Station Modernization Project was decided after the Board of Directors voted to award the contract to the Mack F. Walsh and Sons Company of Quincy, whose bid of \$9,000 was the lowest of six the T's received and publicly opened January 21.

This phase of the modernization project is expected to provide fifty construction workers with jobs for about nine months.

Under this contract, the contractor will do the work necessary to provide a new stairway and escape enclosure connecting the existing lower level Red Line and Orange Line passageway with the upper level concourse between Jordan Marsh Company and Filene's.

The future contract will complete the work in this area, including repairs to the walls, floors, and ceilings, installation of the escape stairs, new lighting, etc., as well as additional work on Filene's side and throughout the entire concourse. The second phase is in final design and is expected to be under construction by the summer.

Most of the work under the Walsh contract will be done on property owned and occupied by Jordan Marsh, a subsidiary of Allied Stores Company. The T and Jordan Marsh/Allied have entered into an agreement so that the work can be done.

The entire project to modernize Washington Station will be done simultaneously with the construction of Jordan Marsh's new retail store on the corner of Washington and Summer Streets.

When the T's two contracts are completed, a new "free zone" pedestrian concourse will have been created to allow pedestrian circulation between the retail stores and to facilitate connection with the

planned Lafayette Place Development through the new Jordan Marsh entrance.

In addition to improving pedestrian circulation between the Red and Orange Lines, the Washington Station Modernization Project will remove existing physical and visual barriers.

The entire project is expected to cost \$2 million. It is part of the T's \$14.3 million Station Modernization Program — Phase II, for which the Urban Mass Transportation Administration has approved a two-third grant of \$9.6 million.

TOP O' THE MORNING

Saint Patrick (389?—461), Ireland's patron saint, whose special day the Irish celebrate on March 17 with their annual parade through South Boston, was reputed to have been born in England. He lived in southwestern Britain and was educated as a Christian.

When he was sixteen years old, a group of Irish raiders took him as a slave to Ireland. After serving in Ireland for six years as a swineherd, he escaped in a ship bound for Gaul, France. He later became a monk and then returned to his home in Britain.

After his return, he dreamed one night that a man came to him with a paper bearing these words, "The voice of the Irish," and at the same time he heard the Irish calling, "We pray thee, holy youth, to come again and walk amongst us as before."

Beloved Patrick then decided this was a missionary call to Ireland. He returned to Gaul and spent fourteen years preparing for his work. With the title of bishop, and the Pope's blessing, he arrived in Ireland and became its patron saint.

He did much to establish Christianity firmly in Ireland, building churches and monasteries and converting the people. This remarkable work was accomplished in spite of fierce tribal chieftains ruling the land.

EVACUATION DAY

A famous event in Boston's history took place on March 17, 1776, Evacuation Day. Except for defeat in Canada, the American colonists were holding their own against the British forces. The colonial forces in Boston were stronger than ever despite the lack of guns and ammunition.

Fortunately, cannons and ammunition arrived to add an ironic touch to the triumph; for the guns which Ethan Allen had captured from the British at Fort Ticonderoga almost a year before were available for use against the invaders.

During the winter, the American troops, commanded by Colonel Henry Knox, hauled the cannons over the wilderness trails on sledges drawn by oxen. By early March, 1776, the captured cannons were mounted on Dorchester Heights, South Boston, and were made ready for action.

Viewing the awesome sight of these cannon aimed directly at their ships, the British invaders realized that their occupation of Boston must cease at once. They evacuated Boston, March 17, 1776, and set sail for Nova Scotia. It was a great victory for General George Washington, for the British never again returned to that area.

NEW WHEELCHAIR RAMP

A new ramp for the handicapped has been opened at the Department of Public Works, Registry Building, at 100 Nashua Street, Boston. Access from the handicapped ramp and the automatic doors will be available from 8:45 A.M. to 5 P.M., Monday through Friday.

When you arise in the morning,
give thanks for the morning light,
for your life, and strength.

Give thanks for your food
and for the joy of living,

If you can see no reason for giving
thanks, the fault lies in yourself.

RENT CONTROL ADMINISTRATION REPLACED

The newly created, five-member Boston Rent Control Board which oversees rent control in Boston was sworn in March 3, by City Clerk Joseph Dunlea, Mayor Kevin H. White announced recently.

The Boston Rent Board, established by chapter 15 of the City of Boston Ordinances of 1975, replaces the Boston Rent Control Administration, under which rent control in Boston was administered by a director.

Named by Mayor White to serve as board members for four-year terms are:

Ellen Harding Gordon of the South End, thirty-four, Chair of the South End Committee on Transportation (SECOT); consultant to the South West Corridor Central Transportation Planning Staff; and a representative from the League of Women Voters to the Civic Advisory Committee on Park Plaza. She will serve as a public interest representative on the newly created Board.

John T. Duffy of Dorchester, fifty-four, member of the Savin Hill-Columbia Civic Association and a funeral director in Dorchester. He will serve as a public interest representative on the Boston Rent Board.

Claudette Worthington of Dorchester, thirty-eight, who is black, a part-time student at Northeastern University and mother of five. She will serve as the tenants representative on the Boston Rent Board.

Katherine Ryan of West Roxbury, thirty-eight, who is a housewife. She will serve as a public interest representative.

Harold Brown of the Back Bay, President of Hamilton Realty, and former member of old FHA Boston Rent Board. He will serve as a landlord representative.

"I am pleased to make these appointments, and I feel confident that the new Rent Board members will carry out fair rent control, protecting the interests of both the tenants and landlords of Boston," the Mayor said.

The Boston Rent Board is charged with making decisions on rent in-

creases and evictions on the 120,000 units under rent control in Boston.

William B. Edgerton, former Boston Rent Control Administrator, is expected to be appointed by the Rent Board as Executive Director.

BACK TO NORMAL

Traffic and Parking Commissioner William T. Noonan announced March 2, that a four-year-old detour in the vicinity of City Hospital has been eliminated.

Southbound traffic on Massachusetts Avenue, between Harrison Avenue and Albany Street, had been detoured via Northampton Street during construction at the hospital.

Harrison Avenue will become a two-way street again, and Northampton Street will become two-way between Albany Street and Harrison Avenue.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

PUBLIC FACILITIES DEPARTMENT LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby request your Honor's written authorization to dispense with public advertising in leasing premises deemed necessary and convenient by the Director for school purposes. There is a further delegation of power from the Commission to the Director to execute such lease upon receipt of said written authorization from the Mayor of Boston.

The premises to be leased consist of a gymnasium, together with the use of a pool, locker room, and showers, at the Boston Boys' Club, 230 West Sixth Street, South Boston. The user of these facilities will be the students of South Boston School and the Patrick Gavin Juniors School.

Usage will be on school days during the 1975-76 school year, all as shown in the lease. The term of the lease will be from September 8, 1975, through June 25, 1976.

The rental for this period will be payable in two equal installments of \$16,850—the first such installment payable on January 5, 1976, and the second on May 5, 1976.

Since these facilities are both necessary and convenient, it is not felt by the Director that public advertising would be warranted in this instance.

Very truly yours,
ROBERT J. D.

MAYOR WHITE:

After a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain personal property deemed necessary and convenient by the Director for School Department educational purposes. There is a delegation of power from the Commission to the Director to execute such lease, and extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the swimming pool facilities. The user of these facilities will be the students of the Boston Academy Swim Team and the students of the Boston Technical High Swim Team.

The term of the lease will be approximately 18 months beginning September 22, 1975, and terminating March 1, 1976.

The rental for the term will be \$4,000, payable in two equal installments, one upon execution of this lease and the other on or before April 5, 1976.

Utilities and heat will be supplied by the City of Boston.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of two adjoining offices numbered 1 and 2, containing approximately 2,000 square feet on the second floor of the building at 38 Wm. Kelley Ave., East Boston.

The term of the lease will be nine and one-half months beginning September 15, 1975, and ending June 30, 1976. The lessor, however, grants the lessee options to renew for two consecutive twelve-month terms.

The monthly rental will be \$400, with the total rental not to exceed \$3,800.

Utilities and heat will be supplied by the City of Boston.

The property consists of kitchen facilities incidental to the educational facilities of the lessor located at 209 Columbus Ave., Boston.

The term of the lease will be from August 1, 1975, to May 31, 1976, or the date on which the demised premises are taken in fee by eminent domain, whichever comes first.

The rental for the property will be \$300 per month for the fifteen pieces of equipment involved, not to exceed \$3,000.

Since these facilities are both adequate and convenient, as well as being in compliance with Judge Garrity's court order concerning the premises, it is not felt by the writer that public advertising would be useful in this instance.

SAFETY SERVICES

DEAR MR. MAYOR:

At the historic Faneuil Hall building, there exists an extreme danger to persons and property from the threat of snow and ice falling from the roof. Protection previously afforded by a sidewalk canopy, projecting out from the building, had to be removed during the past year because it was declared to be structurally unsafe. This building is open to the public and with the forthcoming winter conditions it is necessary that a pipe rail type of roof snow guard system be installed.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A, chapter 149, G.L., as it pertains to public advertising, providing we obtain prices from at least three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this roofing work, I received contract proposals as follows:

J. E. Morin Roofing Co., for \$8,480; Roofing Enterprises, for \$8,800; and H. A. Smith Co., for \$9,400.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to J. E. Morin Roofing

SCHOOL DEPARTMENT-

COUNSELING SERVICE

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Albert D. Holland for service to the Department of Pupil Adjustment Counseling during the period of December 1, 1975, through June 30, 1976, at a cost not to exceed \$12,000.

The contractor will supply services through the Department of Pupil Adjustment Counseling to pupils who are referred through the courts to the Youth Service Board, and work as a liaison between the School Department and the agencies who can supply supportive and optional programs that can benefit and help in the total adjustment of pupils. He will assist as a consultant to the Superintendent and to other supportive services in the Boston School Department in locating and making available program options to meet the needs of students; and participate when appropriate and as needed in the core evaluation of students as an Education Plan is written.

Because of the professional nature of the service to be performed under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

ELEVATOR MAINTENANCE

DEAR MR. MAYOR:

I seek your approval of my action in awarding a contract without public readvertising to the Buchanan Elevator Co., Inc., 212 Belgrade Avenue, Roslindale, for furnishing elevator and escalator maintenance at the English High School in an amount of \$2,090 per month, beginning January 1, 1976, through June 30, 1976, for a total amount of \$12,540.

On August 26, 1975, public bids were received and read and the Buchanan Elevator Co., Inc. was the lowest responsible and eligible bidder.

Due to a delay in the delivery of replacement equipment, it was not possible to approve the original contract. The Buchanan Elevator Co., Inc. now has the replacement material in stock and will be able to proceed to maintain the elevator and escalator maintenance service at the English High School.

The amount of \$2,090 is based upon the price originally submitted when public bids

were received and was prorated on a monthly basis.

Very truly yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

READING INSTRUCTION

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston and upon the unanimous recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Mediatrix Associates, Inc., at a cost not to exceed \$207,740. This award is to provide training and materials in reading for over 6,000 middle school students affected by desegregation during the period November 17, 1975, through June 30, 1976. The contract is approved and completely funded by the United States Office of Education under the Emergency School Assistance Act and is urgently required to address needs associated with court-ordered desegregation.

The contractor is to provide materials and services for all middle school students at thirteen Boston schools. Specifics of the program include:

1. A comprehensive program of reading instruction, criterion-referenced based and suitable for middle school students who represent a wide variety of achievement levels and ethnic backgrounds.
2. Organization of Reading Committees in the target schools to provide a channel of communication for the staff, students, the parents and community.
3. Orientation program for assisting administrators in understanding and supporting the total program at their respective schools.
4. A training program for reading specialists at each school to prepare them to coordinate all program activities.
5. A continuous series of follow-up meetings with the reading specialists.
6. A training program for eighty middle school reading teachers to train them to carry out the reading program.
7. Training program for 400 content area teachers to teach them to differentiate instruction to accommodate students with a wide range of reading skills.
8. A training program for pre-service orientation for instructional aides.
9. Formative and summative evaluations of the above described program components. An interim report will be submitted by January 15, 1976, and a final report by June 30, 1976.

Because of the professional nature of the services to be provided under this contract, the unique approaches and materials required by a prospective contractor, it was the determination of the School Committee, with the concurrence of the United States Office of Education, that the public interest would best be served by the "Request for Proposal"

process described in the attached, and would not be served by public advertisement for bids.

Sincerely,

EDWARD J. WINTER,
Secretary.

EVALUATION PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Human Systems Development, Inc. for the evaluation of the Title I Aides Program during school year 1975-1976, at a cost not to exceed \$9,000.

The contractor shall complete specified evaluation procedures for the teacher aide program conducted under the aegis of the Department of Title I Programs. Contract is to be charged to Title I, ESEA, 76-035-157 M222-330-9111-02.

The company has been selected, because the evaluation design submitted included particularly perceptive evaluation criteria for the assessment of the specific program. The contractor has exhibited past superior performance in Title I program evaluation.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

ID SYSTEMS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to Polaroid Corporation, c/o Lexington Technical Associates, for Polaroid ID Systems, during the period of completion of executed contract, at a cost not to exceed \$7,960.

The contract was awarded without public advertising in the best interest of the City of Boston.

Very truly yours,

LEO J. BURKE,
Business Manager.

EDUCATIONAL FUNDS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to the colleges listed to participate in the development of education among the public schools of Boston during the period September 1, 1975, to December 31, 1976, at a cost not to exceed the amounts specified. These contracts are funded through chapter 636, section 8 for University/School Collaboratives which have been established as part of the Court Ordered Student Desegregation Plan.

Antioch Institute of Open Education, for \$49,245; Brandeis University, for \$35,295; Emerson College, for \$49,100; Northeastern

University, for \$60,000; Stonehill College, \$42,000; University of Mass. Boston, for \$71; and Wheelock College, for \$24,9

Very truly yours,

EDWARD J. WINTER,
Secretary.

TREASURY DEPARTMENT

LEGAL SERVICES

DEAR MAYOR WHITE:

I request your permission to award contract for legal services to the firm of Palmer & Dodge, One Beacon Street, Boston to dispense with public advertisement bids in connection with the contract term of the contract would run from 1975, to June 30, 1976, and the contract price would not exceed \$40,000.

Palmer & Dodge would serve as the bond counsel under the contract, and provide advice and prepare documents in connection with financial matters, and particularly in connection with the issuance of bonds, notes, and certificates of indebtedness of the city.

Because Palmer & Dodge is especially qualified in the area of municipal finance and because that firm has previous experience with the financial affairs of the City of Boston, it is evident that advertising for bids would be inappropriate.

Respectfully,

JAMES V. YOUNG,
Collector-Treasurer.

SUFFOLK COUNTY

District Attorney's Office

COPIER MAINTENANCE

DEAR MR. MAYOR:

As District Attorney of Suffolk County, I request your Honor's written permission to dispense with public advertising in the award of a contract to Xerox Corporation, Charles River Plaza, Boston, for the purchase and maintenance of a Xerox 4000 copier. The cost of this service will not exceed \$500, and will cover the period between February 15, 1975, and December 31, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Safety Committee under the Omnibus Control and Safe Streets Act of 1968 (90-351), as amended by the Omnibus Control Act of 1970 (P.L. 91-644).

In view of the quality of the machine and the service to be provided, it is my determination that no practical or useful purpose would be served by public advertisement.

Sincerely,

GARRETT H. BYRNE,
District Attorney.

MATTRESSES

MR. MAYOR:

On November 24, 1975, your Honor awarded a letter of award for a contract with Robin Company, Division of Sidmar Enterprises, Inc. for furnishing mattresses to Boston City Hospital.

The amount of the contract inadvertently read \$4,500. Permission is requested to amend the original letter dated November 13, 1975, to have the amount of the contract read \$10,500.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

OFFICE OF COMMUNITY DEVELOPMENT

PROFESSIONAL SERVICES

MAYOR WHITE:

I hereby request your written authority to award a letter of award dated September 22, 1975, awarding a contract for professional services to the Community Development Corporation of Boston, Inc., located at 25 Ruger Street, Boston, and to dispense with advertising in the *City Record* in connection with the award of this contract. The original letter erroneously stated the contract amount as \$100,559. The contract will be in amount not to exceed \$105,688. The contract shall be effective during the period from January 1, 1975, to April 1, 1976. The source of funds for the contract will be the city's Community Development Block Grant, a federal special revenue sharing program.

Under the terms of the contract, the funds will be used as matching funds for technical assistance grant from the United States Department of Commerce and for the ongoing administrative expenses of the Community Development Corporation. The corporation will conduct a feasibility study of industrial development within the Southwest Corridor to provide technical assistance to individual businesses within the district.

The city, through the former Model Cities Administration, has awarded previous contracts to the Community Development Corporation concerning the development of the Southwest Corridor. In the interest of continuity, I recommend that the relationship between the city and the Community Development Corporation be maintained.

Sincerely,

DAVID STROHM,
Director.

MR. MAYOR WHITE:

I hereby submit an amended letter of award to replace a previous letter of award dated June 10, 1975, requesting permission to dispense with bidding and to award a contract to Scientific Time Sharing Corporation

(STSC) for professional programming and computer services. The contract amount was established at \$30,000; the contract amendment would raise this to an amount not to exceed \$60,000. The term of the contract is June 3, 1975, to June 2, 1976.

Under the terms of the contract, STSC was to design, implement and operate a flexible on-line general purpose computerized management information system for the Housing Improvement Program (HIP). This agreement was based on the amount of computer services which would be necessary for the original estimates of HIP participation. For the first Community Development budget year, it was estimated that 3,800 homeowners would participate in HIP. This was based on an initial 300 cases and assuming 600-800 additional cases in each of the next five months, with 100 cases per month for the last seven of the budget year.

As it well known, the Housing Improvement Program has received considerable media coverage. This coupled with HIP's own marketing efforts has resulted in the program's enormous popularity with a considerable percentage of participation (approximately 15 percent of the eligible structures). To date, 6,900 homeowners have applied to the program. It is estimated that by the end of the first budget year, 9,000 homeowners will have entered the program.

All estimated (contract) computer costs were based on the original caseload estimates. Since the major components of the computer services (data input, data storage, program storage and reporting) are a function of participation levels and because of the high quality of services provided by STSC, it is strongly recommended that the maximum compensation to STSC be raised to \$60,000.

Sincerely,

DAVID STROHM,
Director.

CLASSROOM REPAIRS

DEAR MR. MAYOR:

I request your approval of my action to amend the contract with the R & L Construction Co., Inc., 1849 Dorchester Avenue, Dorchester, for alterations to science rooms at the Boston Technical High School, 205 Townsend Street, Roxbury, from \$181,444, to \$201,820. You did approve of my action in awarding the contract on January 27, 1975.

This amendment is necessitated by the fact that there was a severe fire due to vandalism by arson in two classrooms. It was necessary to completely rebuild these classrooms to make them usable and the work therein is an integral part of the original contract.

Very truly yours,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

YOUTH ACTIVITIES COMMISSION TASC-J PROGRAM

DEAR MR. MAYOR:

In order to properly administer and expend approved Treatment Alternatives to

Street Crime-Juvenile (TASC-J) funds under the Youth Activities Commission's contract with Y.M.C.A. Services Corporation, I would like to request your approval to change the effective dates of the Y.A.C./Y.M.C.A. contract approved by you in my letter of August 2, 1974, and reaffirmed in letters of March 26, 1975, and September 8, 1975.

The extension would change the effective dates of the contract, which originally were from August 1, 1974, through July 31, 1975, and amended to August 1, 1974, through October 30, 1975, and later amended to August 1, 1974, through December 31, 1975, to the new date of August 1, 1974, through June 30, 1976.

This change in no way effects the costs, or scope of work as originally defined under the contract. The Treatment Alternatives to Street Crime-Juvenile (TASC-J) program is supported solely through federal funding. No City of Boston monies will be used for any aspect of the program.

Your approval of this action is herein requested.

Sincerely yours,

PAUL V. MCCAFREY,
Executive Director.

V. LETTER OF THANKS

"February 23, 1976.

DEAR COMMISSIONER PAUL:

As you know, the Quincy Fire Department had a fire early in the morning of February 22. The fire practically destroyed the Quincy Yacht Club, located on the shores of Quincy Bay.

I want to tell you how much I appreciated your assistance in permitting the fire boat, Engine 47, to come here to Quincy to help us. The Commodore of the yacht club, the spectators, along with myself, saw a fine piece of work by your most capable fire fighters. The officer and men on the fire boat did an outstanding job in navigating the limited channel and they most capably utilized the fire stream facilities on the boat. This fire was well on the way to being extinguished, but unfortunately the tide required them to withdraw because of the shallow draft. From then on the fire could no longer be fought successfully.

Again, thank you for your fire fighting assistance to us and please convey my appreciation to the officer and men on the fire boat, District Chief Thompson and his aide for their outstanding assistance to us.

Sincerely yours,

EDWARD F. BARRY,
Chief, Quincy Fire Department."

The attached draft of a rule establishing departmental regulations for the destruction of Drugs and Drug Paraphernalia will be posted on all bulletin boards until Friday, March 5, 1976, for members of the department to review and critique.

Please make your suggestions, criticism and feelings about the proposed rule known to Sergt. H. A. Stelfox, Planning and Research Division by 5 P.M., Friday, March 5, 1976.

RULE NO. 101, DRAFT NO. 2 SAFEGUARDING, DISPOSITION AND DESTRUCTION OF DRUGS UNDER THE CONTROLLED SUBSTANCES ACT

1. This rule is issued to establish the department policy and procedure for safeguarding, disposing of, and/or destroying drugs and controlled substances, as such procedures are required under the provision of Massachusetts General Laws, chapter 94C. It is effective immediately, superseding all previously issued rules, orders, bulletins, and other directives concerning the safeguarding, disposition of, or destruction of controlled substances.

2. General Considerations. Department personnel must be especially vigilant in the attention to the details to be followed in the procedures established by this rule for the handling of controlled substances. First, to insure the continuity of evidence for the successful prosecution of cases in which such substances are vital evidence. Secondly, to insure that the provisions of the laws of the Commonwealth are properly observed, especially concerning the destruction of such substances.

SUMMARY OF RELEVANT LAW

3. Section (c). "Any officer, department or agency having custody of any property subject to forfeiture under this chapter having disposed of said property shall keep and maintain full and complete records showing from whom it received said property, under what authority it held or received said property, the date and manner of destruction or disposition of said property and the exact kinds, quantities, and for of said property. Said records shall be open to inspection by all federal and state officials charged with enforcement of federal and state drug control laws. Persons making fi

inspection or destruction of said property and court order shall report, under oath, to the court the exact circumstances of said inspection or destruction."

4 Section 47A. "The police commissioner, chief superintendent or other officer in charge at the head of each police department in the Commonwealth shall appoint a police officer to act as custodian of all controlled substances and narcotic drugs seized in the course of any arrest or investigation. The custodian shall be designated as the evidence officer."

PROCEDURES

5 To comply with statutory requirements, the following procedures shall be instituted, effective immediately.

6 District and unit commanders are hereby designated "Evidence Officers" pursuant to Chapter 94C, section 47A. District and unit commanders shall insure that these procedures are carefully complied with and that all controlled substances are safely kept and suitably recorded until disposed of in accordance with this rule.

7 Each district and unit shall maintain a permanent record (Controlled Substances Log) containing the following information, which shall be entered immediately by each officer who comes into possession of a controlled substance:

8 The date the controlled substance was received or seized.

9 From whom the controlled substance was received or seized.

10 Under what authority the controlled substance was seized (arrest warrant, search warrant, arrest without warrant, etc.).

11 The exact kinds, quantities, and forms of the controlled substance.

12 The date and name of the person to whom the controlled substance was delivered for destruction.

13 Police officers who come into possession of controlled substances, after complying with all of the provisions of section 6, of this rule, shall take such substances to the Department of Public Health, 600 Washington Street, Boston, for analysis. Upon completion of the analysis, officers shall report to the substance, and the certificate of analysis, to an evidence locker within his district or unit for safekeeping, in accordance with section 8 of this rule. When the court proceedings involving any controlled substance have been completed, the substance and the certificate of analysis shall be delivered, in accordance with section 11, of this rule by an officer designated by the commanding officer of the district or unit commander, to the Drug Control Unit, Room 207, second floor, Boston Police Headquarters, 154 Berkeley Street, Boston, for safekeeping until it is destroyed. An itemized receipt shall be obtained from the Drug Control Unit which shall be delivered to the commanding officer of the district or unit. The commanding officer shall maintain a permanent file of receipts within his district unit.

8. Evidence storage lockers have been provided for each district station to insure a secure facility for the safekeeping of controlled substances. Every district commander shall insure that all controlled substances held for evidence shall be safely retained in the evidence storage lockers, which shall be located at the front desk, under the immediate care and control of the duty supervisor.

9. All department personnel coming into possession of controlled substances are forbidden to keep or store such substances in any facility but the departmental evidence storage lockers. To provide for the continuity of evidence, every officer shall obtain a locker key from the commanding officer of his district or unit; shall personally store his or her evidence in the approved locker; and shall personally retain the locker key until the case is completed and the evidence properly disposed of. The duplicate keys for the evidence storage lockers shall remain in the possession of the district commander at all times.

10. District and unit commanders are responsible for compliance with these procedures by all officers under their command and shall insure that all controlled substances are safely kept and suitably recorded until disposed of in accordance with this rule.

DESTRUCTION PROCEDURES

11. The following procedures concerning the destruction of controlled substances in possession of members of this department shall be strictly complied with. All controlled substances which are held as evidence, after the case is disposed of, or any other controlled substances coming into the custody of the department, shall be destroyed in the following manner:

All drugs and/or drug paraphernalia to be destroyed are to be delivered to the Drug Control Unit, Room 207, second floor, at Police Headquarters with the certificate of analysis from the Department of Public Health. If the original certificate of analysis has been lost or misplaced the officer concerned shall go to the Division of Food and Drugs of the Department of Public Health, 600 Washington Street, Boston, and obtain a duplicate copy. A detailed, itemized receipt, with the destruction number, shall be obtained from the Drug Control Unit by the person delivering the drugs. The drug destruction officer shall retain the original receipt and a copy shall be given to the person surrendering the drugs and/or paraphernalia.

The Drug Control Unit shall maintain a Drug Destruction Ledger in which an entry shall be made of the submitting officer's name, Id. No., and his district, defendant's name and address, and receiving officer's name and Id. No., together with the Department of Public Health analysis number, and a Boston Police Department destruction number. Such destruction number shall be stamped upon the receipt, the certificate of analysis, and the certificate of destruction. All materials turned in to the Drug Control Unit shall be securely maintained by the drug destruction officer until destroyed.

No drug samples and/or paraphernalia will be accepted by the Drug Control Unit, for destruction, without the certificate of analysis. The certificate of analysis number must be the same as the one supplied by the Food and Drug Division of the Department of Public Health.

12. All material taken to the Drug Control Unit for destruction must be in the original sealed plastic container in which it was placed after being analyzed by the Department of Public Health. *No other containers will be accepted. No opened, damaged, or unsealed containers will be accepted for destruction.* If any opened, damaged, or unsealed container is presented for destruction, the Division of Internal Affairs shall be notified immediately and shall conduct an investigation.

13. All drugs and/or drug paraphernalia to be destroyed must be incinerated (reduced to ashes). All such material in the custody of this department shall be transported to the incinerator at Ivory Court in the Town of Braintree to be destroyed. All material shall be checked by a deputy superintendent designated by the commanding officer of Bureau of Field Services, commanding officer of the Drug Control Unit, the drug destruction officer, and two members of the Department of Public Health, before it is transported. The two members of the Department of Public Health shall check all material against the records of that agency, before destruction.

The officer in charge of the Drug Control Unit shall make all necessary arrangements for the transportation of material to Braintree. The material being destroyed shall be accompanied to the incinerator by a deputy superintendent, the drug destruction officer and two members of the Department of Public Health, and they shall witness the incineration of the material. When necessary, the commanding officer of the Drug Control Unit shall have the authority to designate any member of the Drug Control Unit as the drug destruction officer.

14. The Boston Police Department has been granted Permit Number 67, issued by the Town of Braintree, for burning and dumping at the town incinerator (dated January 28, 1976).

15. After any controlled substance has been destroyed, in accordance with section 13 of this rule, the deputy superintendent at the site shall sign a Boston Police Department certificate of destruction, which shall contain an itemized list of all material destroyed. The certificate shall then be signed by the two members of the Department of Public Health, there present. Each original certificate shall be retained by the Boston Police Department Drug Destruction Unit. One copy of the certificate shall be delivered to the superintendent in chief, Bureau of Field Services, one copy shall be sent to the Department of Public Health, and when necessary one copy shall be sent to the court having jurisdiction of the case in which such destroyed material was concerned.

POLICE DEPARTMENT ORDERS

(Continued from previous page)

16. Effective immediately and every week-day thereafter, the Drug Destruction Unit will be open from 9 A.M. to 9 P.M., Monday through Friday, to receive drugs and drug paraphernalia for destruction from any district or unit.

Commissioner's Memorandum No. 76-14

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Upon the recommendation of the Advisory Task Force for the forthcoming Captains and Lieutenants examinations, I have recommended the following policies to the Massachusetts Division of Personnel Administration concerning these examinations:

1. That the passing score on the examinations be no less than 70 percent.

2. That no credit be given, in any portion of the examination, including the training and experience schedules and assessment centers for any experience in a provisional or appointive rank, e.g., Superintendent, Deputy Superintendent, Captain, etc. This will insure that no officer receives any unfair advantage by virtue of having been promoted to any rank higher than his regular civil service status.

I am confident the Division of Personnel Administration will accept these recommendations.

The following information is provided to clarify the contents of the booklist for the upcoming Lieutenants examination, as announced in Commissioner's Memorandum No. 76-1, dated January 6, 1976, and amended by Special Order No. 76-12.

The Urban Police Function (approved draft) by the American Bar Association Project on Standards for Criminal Justice, 295 pages. The entire book is included in the reading material for the examination, not just the first 28 pages as some personnel had previously assumed.

Supervision of Police Personnel by N. F. Iannone, Prentice Hall, Englewood Cliffs, New Jersey, 263 pages. The contents of the first edition of this book will be included in the reading material for the examination. Those persons having obtained a copy of the second edition are advised that the only substantial changes in the second edition are the addition of two new chapters (9 and 12), "Tactical Deployment of Field Forces," and "Special Problems in Counseling." These two chapters will not be included in the reading material for the examination, and applicants will not be tested on these two chapters.

Persons interested in purchasing copies of the books on the reading list are advised that the Northeastern University Bookstore carries several of the books although they are not displayed on the shelves. The books must be requested from a salesperson at the bookstore.

PUBLIC FACILITIES DEPARTMENT

INVITATION FOR BID FOR VICTORY GARDENS, VARIOUS LOCATIONS, ROXBURY II.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities (the Awarding Authority), invites sealed general bids for the above-titled project, in accordance with G.L., chapter 30, section 39M, and all other applicable provisions of chapter 30, and section 29 of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, March 30, 1976, at the office of the Awarding Authority, Room 815, City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,700. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

Bid Forms and Contract Documents

All general bids must be submitted on the forms obtained from the Awarding Authority. Any general bid not submitted on the proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Monday, March 15, 1976, at the office of the Awarding Authority, upon deposit of certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on and after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders) and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity anti-discrimination and affirmative action program contract provisions. No bidder shall be eligible for award

on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING, 26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR VARIOUS ALTERATIONS AT THE O.R.C. JEFFERSON SCHOOL, 240 HEATH STREET, ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for various alterations at the O.R.C. Jefferson School, 240 Heath Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, April 6, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefore.

The rate per hour of the wages to be paid

to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall be less than the rate of wages determined by this work by the Commissioner of Labor Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 27A, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152C, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be submitted with the Awarding Authority, at the office address, before twelve o'clock noon, Boston time, Tuesday, March 30, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Plumbing	\$1,000
Electric	100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the

general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any and all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR APPLYING PAVEMENT MARKINGS TO VARIOUS ROAD SURFACES IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices in Room 721, City Hall, invites proposals for applying pavement markings to various road surfaces in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms and proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Applying Pavement Markings to Various Road Surfaces in the City of Boston," one copy of which is to be submitted at Room 721, City Hall, before 12 noon on Friday, March 26, 1976, with a certified check for 3 percent of the bid price, payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the

proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the city so to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

BUILDING DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR SIDEWALL REPAIR, PROJECT NO. 2369.

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the sidewalk repair of the following building:
107 East Brookline Street, Ward 8.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Thursday, March 25, 1976, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bids shall be filed with

the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a ten-day period to complete the sidewalk repair of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

144 Temple Street, Ward 20.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Thursday, March 25, 1976, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid

shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a two-day period to complete the boarding and securing of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The attention of all bidders is specifically directed to the requirements mandatory in compliance with section 3 of the Housing and Community Development Act of 1968. No bid shall be considered unless it is accompanied by a statement of workforce needs and an affirmative action plan, as required by section 3 and set forth in the specifications.

No general bid may be withdrawn within the time limit for filing general bids, five (5) days (Saturdays, Sundays, and holidays excluded) from the opening of general bids. In addition, no general bid may be withdrawn prior to the opening of general bids. Bids may be withdrawn prior to the opening of general bids, but the withdrawal of the general bid shall be without prejudice to the awarding of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of Chapter 149, section 27B, of the General Laws (Ter. Ed.), as amended, a schedule of which applies to the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and to the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

Old City Hall: Historical Landmark

Part 2

Architects

Arthur Gilman and Gridley J. F. Bryant were prominent and successful Boston architects who were responsible individually and in collaboration to the designs of many notable buildings in the city. Bryant's commercial architecture has been highly praised by architectural historians and critics (viz., Ada Louise Huxtable, Sigfried Gideon, Henry Russell Hitchcock), and the granite warehouses and stores of his design that lined many of the streets of the business district and waterfront are perhaps the most admired buildings. Major examples of Bryant's extant commercial architecture include the Commercial Block, the Mercantile Wharf Building, and the State Street Block. Bryant, who was responsible for numerous public and commercial buildings throughout urban New England, was also the architect of the Suffolk County Jail (Charles Street), the second Horticultural Hall (formerly on Tremont Street), and some early residential brownstone blocks in the Back Bay District.

Gilman's architectural career was less distinguished than that of his associate. He was credited with the formal design of the Back Bay District and was the architect of the Arlington Street Church and the Boston Equitable Building (formerly on Milk Street). Gilman opened an office in New York in 1868, received many important commissions there, and worked on the plans for the state capitol building in Albany. During the early 1870s, Gilman was consultant on the State, War, and Navy Department Building in Washington, D.C., and may have actually been the chief designer of that most elaborate Second Empire structure.

Retention of Original Appearance

Boston's first City Hall has maintained much of its appearance as originally designed and constructed.

No extensive exterior alterations have occurred.

The interior of the building was substantially altered when it was converted to a commercial office building in 1970, but some of the original ornament, paneling, and carved doors remain intact.

Criticism

The official document of presentation published by the City Council in 1866 describes the new City Hall as:

"at once the most elaborate and conspicuous, as well as the most important, of the municipal structures of Boston. In its external outline and details, and in its interior arrangements, it presents a striking addition to the public edifices of the city. . . . The interest with which it has been visited since its completion by large numbers of persons, and

the general commendation which it has called forth, both for its appearance and the accommodation it affords, give sufficient evidence that *any such advance in architectural taste will always be appreciated at its full value in this community.*"

"*a fair memorial of our own advancement in the knowledge and taste of the age. . . . We are confident that the public, in general, would have good reason to be fully satisfied with it as a permanent arrangement to the central and imposing locality on which it is proposed to place it.*"

Enthusiastic support of Second Empire taste did not, however, extend beyond the turn of the century and during the construction of the Annex in 1911, plans to demolish the "antiquated" building on School Street were seriously proposed. Within the last twenty years, however, there has been an enormous revival of interest in Victorian art, and the Second Empire style has again evoked considerable admiration. Preservation of the style's surviving landmarks (New York, Philadelphia, St. Louis, etc.) is now strongly advocated.

COURSE IN THINKING

1. Be honest with yourself. Avoid the temptation for self-delusion.

2. Confront problems. Don't evade them. Growth comes through facing reality.

3. Widen your interests. Stretch your mind by reading, conversation, listening.

4. Write out the problem. Positive action depends on clear thinking. Writing helps.

5. Keep first things first. Focus on the main issue. Don't be confused by nonessentials.

6. Don't oversimplify. If a problem is serious enough to bother you, it's worth pondering.

7. Get beyond faultfinding. People know what's wrong. They want to know what to do about it.

8. Keep an open mind. The best solution may not be your solution.

9. Retain your sense of humor. Humor can reduce prejudice and put things in perspective.

10. Develop insight. Listen for what the other person means, not merely what he says.

11. Focus on the positive. Emphasize points of agreement while admitting differences.

12. Pray for solutions. God is the Creator and source of all good things, right desires, and just works.

BUDGET CLARIFICATION

Statement of Budget Director Richard E. Wall.

Early news accounts regarding the city budget for the next fiscal year indicate a need to clarify certain points.

Reported layoffs in the city's four largest departments — Police, Fire, Public Works, and Health and Hospitals — would materialize only if:

(1) Congress fails to extend federal revenue sharing beyond December; and

(2) The state refuses to continue its 50 percent sharing of the MBTA deficit with local municipalities.

The budget for the fiscal year beginning in July was based upon presently available funds.

IMPROVED ASSESSING DEPARTMENT: MAJOR PRIORITY

Statement of Mayor Kevin H. White

The *Boston Globe* story detailing inequities inherent in the city's assessing practices points up deficiencies that have evolved over several decades in many older cities and which can be corrected only through a major overhaul of the system. During the administration's successful campaign against 100 percent valuation last year, I stressed that Boston would undertake in 1976 an equalization survey across the city to modernize assessing practices and standardize valuations in all neighborhoods, thereby eliminating inequities.

An equalization survey is a complex project that will take several years to complete, require special staff, and changes in the Assessing Department's structure and procedures. Last November, Commissioner Bernard Shadrawy drafted for me a proposal outlining some of the initial steps to be taken in planning for this effort.

A task force appointed by me has been studying not only the equalization survey but also considering other changes that could be made to improve the Assessing Department.

ment, in line with my public policy that reorganization of this department would be a major priority in 1976. The members of the task force are: Commissioner Shadrawy and Associate Commissioner Robert Ryan of the Assessing Department; David Niklaus and Frank Tivnan of the Mayor's staff; Collector-Treasurer James Young.

Reorganization of department procedures and structure will require several more months of study before a proposal is completed. I intend to issue a status report within a few weeks, however, on the portion dealing with the equalization survey is complete. It is my intention to begin an equalization survey in Boston by late summer.

"T" CONSTRUCTION PROGRAM

The power and communication lines in the Green Line subway, the oldest section of the MBTA system, are being renewed in a \$3.2 million construction program which is to be done on the overnight shift between 10 P.M. and 5 A.M.

"Renewing the heart of our system is vital to the MBTA and its customers," said Robert R. Kiernan, chairman of the Massachusetts Transportation Authority.

"This work will provide us, eventually, with a two-way radio communications system for the Green Line — long needed to improve central control communications with our operators and with the general public." The work also will include a safety lighting system for the central subway and a supplementary conductor system on the overhead power lines.

The work will be done in three-month phases which began Saturday, March 20, the beginning of the MBTA's spring schedule.

It will necessitate several changes in the late night service on the Green Line for the spring schedule. The service during the day, between 5 in the morning and 10 at night, will not be affected. Service on Sunday also won't be affected.

SPRING CHANGES IN MBTA BUS LINES

The Massachusetts Bay Transportation Authority has announced its spring timetable, effective Monday, March 20, 1976, will bring some changes in Boston bus service.

The changes in service represent a continuing process of monitoring routes in accordance with a newly approved service policy for mass transportation. Changes, increasing or decreasing service on any route, are made when these continuing observations indicate the need for revisions.

Routes which aren't popular with many people in the area served, and which are crowded by the number of customers, may be eliminated. A route that carries many people throughout the day may not be needed. However, a route that many people use in the rush hours, but very few use late at night or on weekends, may have that late night or weekend service reduced or eliminated.

This spring there will be a number of route changes affecting service in Boston. Route 68, East Concord Street to Copley Square, will see the continuation of some seldom-used service on evenings and weekends. An experiment, in effect since last September, had increased the evening and weekend service. However, it failed to produce sufficient additional riders to justify the added cost of the increased service. Daytime service on this route will remain as before, Monday through Friday.

An experimental route, operating between Sullivan Station in Charlestown and Salem State College, attracted only a few riders on its two trips a day. It, therefore, will be discontinued.

On the other hand, the express morning service on Route 426, Highlandvale to Haymarket Square, Saugus Center and Linden Square, Malden, will add on an 8 A.M. bus, on an experimental basis, to attract Government Center workers and downtown department store shoppers.

On all bus routes, Sunday schedules will be operated on Memorial

Day, Monday, May 31, 1976, while on Patriots' Day, Monday, April 19, 1976, Saturday schedules will be operated. Regular weekday service will be operated on Bunker Hill Day, Thursday, June 17, 1976.

These schedules will be effective through June 18, 1976.

Printed timetables will be available at the Park Street Information Booth, MBTA carhouses and garages, the MBTA's Customer Service Center at 115 Dartmouth Street (Boston's Back Bay Station), and the MBTA Operations Center at 45 High Street, Boston, Mass. 02110.

79th FOR MUNICIPAL PRINT SHOP CHAPEL

The Municipal Printing Plant was established in March of 1897 by Mayor Josiah Quincy for the purpose of supplying the city's printing needs. Mayor Hugh O'Brien was one of the four founders of Boston Typographical Union No. 13 and served as secretary-treasurer of the local.

The City Printing Plant (James J. Duffy, Superintendent), is capable of supplying the city with all its printing needs from business cards and social announcements to legal briefs, annual reports, and brochures. Many of the city's printing needs are unique in that they are required by law to be printed, but the small quantity needed is not considered worth the trouble of outside commercial printers. The plant at 174 North Street employs a total of seventy-two persons, including compositors, proofreaders, pressmen, bindery workers, office staff, and maintenance men.

The *City Record* (edited by Joseph Fahey) is printed weekly under the direction of Mayor Kevin H. White, and is the official chronicle of the City of Boston. Through the *City Record*, advertisements for bids on city contracts are published, also notice of awarding of contracts, tax abatements and sales. News from City Hall and the Mayor's Office is printed weekly along with Fire and Police Department orders and department changes.

The members of the chapel are proud of their plant and its seventy-nine-year history.

"T" EASES OVERCROWDING

Robert R. Kiley, chairman of the Massachusetts Bay Transportation Authority, announced recently that a new 3-ton, 1,500-kilowatt rectifier should be installed at Orient Heights by the end of March, thereby easing the rush hour overcrowding which Blue Line passengers have experienced since February 6 due to insufficient electrical power.

"We apologize for the overcrowding this problem has caused," said Mr. Kiley. "Although we have been able to maintain our schedules during the off-peak hours on the Blue Line, we have not had sufficient power to operate the number of trains required for the morning and evening rush hours."

David Gunn, director of operations, said that until the new rectifier is installed the MBTA will be operating eight four-car trains during the morning and evening rush hours. Under the normal schedule, eleven four-car trains operate in the morning rush hour and twelve four-car trains operate in the evening rush hour.

PRIMARY RESULTS

Presidential Primary Day was held on Tuesday, March 2, in Massachusetts. With 99 percent of the vote tallied the following are the votes cast and percent of votes for each candidate:

Gerald Ford, 62 percent, 111,012; Ronald Reagan, 35 percent, 62,951; No Preference, 3 percent, 6,009.

Democrat

Henry M. Jackson, 23 percent, 162,567; Morris K. Udall, 18 percent, 129,040; George C. Wallace, 17 percent, 122,177; Jimmy Carter, 14 percent, 101,866; Fred Harris, 8 percent, 55,126; Sargent Shriver, 7 percent, 53,379; Birch Bayh, 5 percent, 35,402; Ellen McCormack, 4 percent, 21,903; Milton J. Shapp, 3 percent, 21,618; No Preference, 1 percent, 9,809.

SUMMER JOBS FOR HUB YOUTHS

Applications from Boston's inner-city youth are being taken for 5,000 Neighborhood Youth Corps' summer jobs. Action for Boston Community Development (ABCD) announced recently.

Young people from fourteen to twenty-one, from "low-income" homes, may apply through April 2, said Robert M. Coard, ABCD executive director. Applications may be obtained at Little City Halls, Area Planning Action Councils, or Neighborhood Employment Centers throughout the city.

A variety of jobs in private non-profit and governmental agencies will be available through the summer Youth Corps program to those who qualify under strict federal guidelines.

The program, which ABCD expects to be federally funded, calls for clerks, typists, library assistants, recreational aides, community artists, escorts for the elderly, and Bicentennial and museum tour guides.

This year's twelfth annual program will offer youths "a worthwhile work opportunity, as well as some summertime vacation income," Mr. Coard said.

For youths who might find it more convenient to apply downtown rather than in their neighborhoods, applications may be obtained at the ABCD Youth Affairs Division, 150 Tremont Street.

PEOPLE AND WINDOWS

People are like stained glass windows. They glow and sparkle when it is sunny and bright, but when the sun goes down their true beauty is revealed only if there is a light from within.

Humor is a superb leveling agent. It deflates the pompous; disarms the angry; and it can place a dangerously overblown situation into proper perspective. Laughter is the universal language understood everywhere.

III. LETTER OF THANKS

"February 25, 1976.

DEAR FIRE COMMISSIONER PAUL:

The officers and members would like to express their gratitude to the men of the Boston Fire Boat, for their gallant efforts of Sunday, February 22, in attempting to save Squantum Yacht Club from its disastrous fire.

We all know how hard the men worked, especially with the dangers involved as many of the members and the officers were present. Thanks again.

Sincerely yours,

JOHN J. WHITE,
Commodore."

IV. RULES AND REGULATIONS

Rule 14.6 of the BFD Rules and Regulations shall be changed to read as follows: "Before leaving the scene of an alarm he

shall wind fire alarm boxes and arrises which have been activated."

Standard Operating Procedure 7 graph 55, shall be changed to read:

"Regardless of using the radio for communications at the location of an alarm district fire chief's chauffeur must go to box before leaving the scene of an alarm for the purpose of winding the boxes. Winding the arrestalarm (if so equipped) less the Fire Alarm Office informs him the box was transmitted from the scene without having been pulled."

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF THE CITY OF BOSTON.

MR. LAWRENCE COSTELLO,
Supervisor of Personnel.

DEAR MR. COSTELLO:

The transfer of Mr. Donald B. Manson of 19 Cataumet Street, Boston, from the Mayor's Office of Criminal Justice to the Youth Activities Commission has been approved, effective March 3, 1976.

Mr. Manson, a graduate of the University of Wisconsin Law School, has an accumulation of thirteen years in the field of education, criminal justice, and law.

Previously, Mr. Manson has spent ten years as a high school teacher and was employed for two years on riot disturbance prevention work with the Chicago Police Department. Mr. Manson also spent five years with the United Nations Conference of Mayors and National Institute of Cities, providing assistance to major cities throughout the country on crime, criminal justice problems, and for the past three years has been the executive director of the Mayor's Office of Criminal Justice.

In view of Mr. Manson's previous experience and his broad experience in the field of criminal justice and law, it is respectfully requested that his first, second, third, fourth increments in the position of executive director be determined under the provisions of Rule 6 (F) of the Youth Activities Commission Compensation Plan, effective March 3, 1976.

Very truly yours,

THOMAS C. HEFFERNAN,
Chairman.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

CONSULTANT SERVICES

DEAR MAYOR WHITE:

Your permission is requested to dispense with advertising and to award a contract to Donovan McClure & Associates of 1100 Seventh Street, N.W., Washington, D. C., for consultant services to be furnished to the Administrative Services Department to further promote the city as a desirable place to live, visit and do business. The cost to the city for this service will not exceed \$24,000 and will cover the period between July 1, 1975, through June 30, 1976.

The purpose of this contract is to assist the City of Boston in enhancing the climate for capital investment and job creation within the city, including:

a. Seeking national and regional forums for City of Boston officials to discuss the city's progress and potential;

b. Improving the national media climate for stories favorable to Boston by initiating contacts with, and supplying materials to the business and financial media;

c. Providing technical assistance to city officials with respect to further improvement of the city's bond rating; and

d. Assisting the Mayor and other city officials as necessary in their efforts to establish Boston's image as one of the nation's leading cities.

After a thorough investigation and based upon the city's previous experience with this consultant, I have concluded that Donovan McClure & Associates is the only firm which will meet our deadline at a price within the amount specified above. I respectfully submit that no advantage would be gained by publicly advertising this contract.

Respectfully,

EDWARD T. SULLIVAN,
Director.

Purchasing Division

ICE RESURFACING MACHINES

DEAR MR. MAYOR:

Invitation to bid on proposals for furnishing ice resurfacing machines, Proposal 324, to the Parks and Recreation Department, was advertised in the *City Record*. Subsequently, bids received were publicly opened and read in this office on October 10, 1975.

Weymouth Skating Club, Inc., was the lower responsible and eligible bidder. However, their bid was irregular because the check for their bid was received late.

Authority is requested to dispense with further advertising and award a contract without public advertisement, to Weymouth Skating Club, Inc., at the time submitted on the publicly opened.

The amount of the contract is in excess of \$6,000 less 2 percent discount time of payment.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent

AMBULANCES

DEAR MR. MAYOR:

This office is in receipt of a request from the Department of Health and Hospitals for five ambulances. The Commonwealth of Massachusetts, Department of Public Health, Office of Emergency Medical Services has agreed to grant the City of Boston \$36,000 for the sole purpose of applying it toward the purchase of five ambulances requested.

In order to receive the monies, the City must purchase the ambulances under the State Collective Purchasing Act. Modular Ambulance Corporation is the present contract holder with the Purchasing Department.

Permission is requested to dispense with advertising for bids and award a contract without public advertisement, to Modular Ambulance Corporation for five Type I Class I Modulvan SA-120. Specific bids and prices shall be the same as received from Modular Ambulance Corporation on Commonwealth of Massachusetts bid RFP No. 816.

Total amount of contract is not to exceed \$86,078.95 — net.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent

AFFAIRS OF THE ELDERLY GASOLINE AND OIL

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertisement to Johnny's Exxon, 3 Neponset Avenue, Dorchester, for gasoline and incident for the six senior shuttle vans assigned to the Federated Dorchester Neighborhood Houses, Mary Ellen McCormick Home Project, and the Murphy Community School, in an amount not to exceed \$3,000, for the period September 1, 1975, to March 31, 1976.

The funds used to cover this contract are provided under a Community Development Revenue Sharing Block Grant with the understanding that they are spent within the community in which the service is to be provided. In keeping with this understanding and with the expectation that cost would not exceed \$500 per month for each van bids were solicited from the Dorchester and South Boston areas. In all cases it was found that Johnny's Exxon was the only vendor who expressed an interest in providing these services. The estimate of \$50 per month, however, proved to be lower than is in fact the case necessitating the awarding of a contract.

This office is presently preparing contract documents pursuant to the invitation of formal bids for these services.

senior shuttle vans throughout the city with an expected effective date of July 15, 1976.

It is therefore requested that the commission be allowed to dispense with public advertising in awarding this contract.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

ANIMAL CONTROL COMMISSION RABIES CONTROL

MR. MAYOR:
I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* to award a contract for rabies control to the Animal Rescue League of Boston, a charitable Massachusetts corporation, at a cost not to exceed \$16,000, during the period from July 1, 1975, to July 1,

under the proposed contract, the Animal Rescue League of Boston will be responsible for the necessary period any dog which may be quarantined and will perform such work as the Health Department of the city may designate for complete rabies control.

In view of the professional and unique services to be rendered, in which the Animal Rescue League has had wide experience, it is my opinion that inviting proposals by advertisement would serve a useful purpose.

Sincerely,
JOHN J. REID,
Executive Secretary.

ARENA SECURITY SERVICES

MR. MAYOR WHITE:
I respectfully request your permission to award a contract to Security Systems, Inc., for services necessary to properly protect the Boston Arena. Because of the City of Boston's recent assumption of the management and operation of the arena from the Metropolitan District Commission has created an immediate need for the provision of security services in order to properly maintain the facilities and properties.

Because of Security Systems, Inc.'s record of service, because their rates are in line with competitors in the field and use of their ability to perform services on an emergency basis it is respectfully requested that public bidding be waived in this instance and a contract in an amount not to exceed \$8,500 for the period January 1, 1976, through June 30, 1976, be awarded to Security Systems, Inc., 129 Parker Street, East Boston.

Respectfully,
DAVID G. MORSE,
Manager.

AUDITING DEPARTMENT CONSULTANT SERVICES

MR. MAYOR:
Permission is respectfully requested to dispense with public advertising and to award a contract for consulting services to Mark F. Conley, 525 Talbot Avenue,

Dorchester, during the period January 2, 1976, through June 30, 1976, at a cost not to exceed \$2,100, at a rate of \$73 per day. His present contract expires December 31, 1975.

The consultant will continue his review of vendor payment procedures. Considerable progress has been made to date and it is anticipated that significant improvements in the processing of payments will result from this work.

As indicated previously, Mr. Conley is uniquely qualified for this work because of his long experience in the Comptroller's Department of the Commonwealth of Massachusetts. I believe that no public interest would be served by public advertisement for bids.

Very truly yours,
WALTER W. MERRILL,
City Auditor.

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and to award a contract for consulting services to William J. Keane, 29 Justin Road, Brighton, during the period January 1, 1976, through June 30, 1976, at a cost not to exceed \$7,800, at a rate of \$130 per seven-hour day.

Mr. Keane retired as Assistant City Auditor on June 30, 1971. He has for many years supervised the closing of the city's books at the end of each year. The Auditing Department is engaged in a project to speed up and improve the closing procedures, and Mr. Keane's experience and expertise in this area make him uniquely qualified to assist us in this project.

In view of Mr. Keane's special qualifications, I believe that no public interest would be served by public advertisement for bids.

Very truly yours,
WALTER W. MERRILL,
City Auditor.

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and to award a contract for a review of the city's cash reporting system to Haskins & Sells, 28 State Street, Boston. The total cost of this contract will not exceed \$25,000, and the period of the contract will be from January 13, 1976, to June 30, 1976.

Both the Treasurer-Collector and I believe that such a review is a necessary prerequisite to an audit of the city's general books which may become a requirement in the near future. Because of the nature of the work to be performed, it was not practical to obtain bids through public advertising. Requests for the proposals were, however, sent to four leading CPA firms. Copies of the proposals are on file in my office.

A careful review of the proposals indicates that the Haskins & Sells proposal best meets our objectives and offers the best value for the fee quoted.

Respectfully,
WALTER W. MERRILL,
City Auditor.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract for \$3,000 to Touche, Ross & Co., One Boston Place, Boston, to make a review of the city's C.E.T.A. procedures under Titles I and III and provide the city with conceptual design and documentation for improved procedures which will conform to C.E.T.A. requirements.

This contract will be carried out during the period from January 19, to June 30, 1976. The costs are reimbursable under the respective C.E.T.A. grants and will be charged to the grant accounts.

Because of the nature of the work, public advertising was not practical. However, proposals were obtained from six firms of certified public accountants. These proposals are on file in my office.

A careful review of the proposals indicated that the proposal of Touche, Ross & Co. best met the objectives of the program at the least cost.

Respectfully,
WALTER W. MERRILL,
City Auditor.

BUILDING DEPARTMENT

RAZING OF STRUCTURES

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

30 Clifton Street, 32 Clifton Street, 4 Marshfield Street, 3 Marshfield Street, 5 Marshfield Street, and 7 Marshfield Street, all in Ward 8.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

James G. Grant Co., \$10,800; Napoli Wrecking, \$12,000; Ups & Downs Wrecking, \$7,800; Franklin Crane Service, \$5,799.96; Mystic Wrecking Company, \$8,240; John J. Duane Wrecking Company, \$9,162; and Ruggiero Wrecking, \$7,300.

Franklin Crane Service, 42 Soren St., Randolph, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter of a contract in the sum of \$5,799.96 to the Franklin Crane Service, 12 Soren Street, Randolph, Mass.

Very truly yours,
FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

21 Intervale Street, Ward 11.

Emergency bid called in over the telephone by 3 p.m. Friday, January 30, 1976, for the demolition of this building because of unsafe and dangerous conditions, ordered by Commissioner Francis W. Gens.

NOTE: Four buildings removed at time bid from this project:

98 Marginal Street, Ward 1; 140-150 Light Street, Ward 13; and 109-115 Green Street, Ward 19.

These buildings could not be razed using HUD money as they were stores or offices; HUD will only accept dwelling houses.

5 Alexander Street, Ward 13.

Removed and put on an emergency bid these houses next to it are already being razed at present time and also because they were a very unsafe and dangerous building.

Bids for individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city than would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price \$2,000 or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter of a contract

in the sum of \$10,371 to the Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

16 Schiller Street, Ward 10.

Emergency bid called in over the telephone by 11 A.M., Wednesday, January 28, 1976, for the demolition of this building, ordered by Commissioner Francis W. Gens because of very unsafe and hazardous conditions.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups & Downs Wrecking, \$4,400; Franklin Crane Service, \$2,960; Napoli Wrecking, \$2,520; Mystic Wrecking, \$3,375; John A. Berardi, \$3,939; and John J. Duane, \$2,535.

Napoli Wrecking Co., Inc., 105 Norwell Street, Dorchester, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

25 Frontenac Street, Ward 14; and 110-150 Stoughton Street, Ward 13.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids award to be made to the lowest qualified bidder and have received the following:

Napoli Wrecking Co. \$6,200; Franklin Crane Service \$9,600; and Mystic Wrecking Company \$5,625.

Mystic Wrecking Co., Inc., 265 Carter St., Chelsea, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

NOTE: 109-115 Green Street, Ward 19, and 298 Marginal Street, Ward 1, were removed at time of bid so that repairs can be made by the owners of these buildings.

BOARDING AND SECURING

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building or structure is a menace to the neighborhood. The location follows:

22 Darling Street, Ward 10; 88 Mozart Street, Ward 10; 15 Chilcott Place, Ward 11; 17 Chilcott Place, Ward 11; 19 Chilcott Place, Ward 11; 3 Jess Street, Ward 11; 6 Jess Street, Ward 11; 76 Highland Street, Ward 11; 8 Wyoming Street, Ward 12; and 31 Clarkwood Street, Ward 14.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure.

Bidders were requested to submit an aggregate bid for the boarding and securing of this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

P. J. Cunniffe, \$11,445; B. C. Service Systems, \$10,519; Tri Construction \$6,972; Albre Tile & Marble Co., \$6,278; and Alar Corporation, \$5,252.

Alar Corporation, 1586 Commercial Street, Weymouth, has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter of a contract in the sum of \$5,252 to Alar Corporation, 1586 Commercial Street, Weymouth, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

NOTE: 62 Union Avenue, Ward 1 removed from this project at time because it had been privately before contractors looked at it to set a price for bid to board up and secure.

SIDEWALL REPAIRS

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building or structure is a menace to the neighborhood. The location follows:

202 West Seventh Street, Ward 7

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 124 thereof, I have asked and have received your Honor's permission to enter these various premises and to repair the sidewalk.

Bidders were requested to submit an aggregate bid for the sidewalk repairs to this building or structure.

We have solicited invitation bids, award to be made to the lowest qualified bidder and have received the following:

D. Clancy & Sons, \$3,200; Albre Construction, \$3,766; Cousins Construction, \$6,755; Buona Construction, \$3,110; Buona Construction, \$2,745; Alar Corporation, \$5,252; J. M. Cashman, Inc., \$9,263; and Tri Construction, \$3,960.

Buona Construction Company, 30 Hull Street, Boston, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter, of a contract in the sum of \$2,745 to Buona Construction Company, 30 Hull Street, Boston, Mass.

Very truly yours,

FRANCIS W. GENS,
Building Commissioner.

PHOTOGRAPHIC SERVICES

DEAR MR. MAYOR:

The photographic needs of this department can, in my opinion, be efficiently handled by C. Franklin Waid, an individual, having a usual place of business at 144 Bowdoin Street, Boston. I respectfully request permission to enter into a written contract with the aforementioned contractor, without advertising bids, for the taking and developing of photographs as the Building Department may request during the period of July 1975, to June 30, 1976, inclusive.

Under the terms of the proposed contract, the Building Department will set notice from time to time to the aforementioned photographer requesting him to take and develop photographs usually required in the conduct of the work of this department. For these photographs it is proposed to pay the sum of \$5.00 each 8 by 10 print and 75 cents for each additional print or enlargement.

addition, it is further proposed to C. Franklin Waid the sum of \$7 for 8 by 10 print in cases where the Building Department requests the photographer to take photographs on Saturdays, Sundays, holidays and weekdays between the hours of 6 P.M. and 7 A.M. The proposed cost for additional prints or enlargements in the case of such photographs will be 75 cents each. C. Franklin Waid has agreed to be available for twenty-four hours daily service, including Saturdays, Sundays and holidays for the taking of the above-mentioned emergency photographs. The proposed charges also include the appearance of the photographer in court in any case where testimony by the photographer is deemed necessary. Franklin Waid has performed this service for the Building Department for the last seven years. His work has been prompt and persuasive; frequently, thousands of dollars depend on those factors. Other photographers charge three times as much for such work. We know of no one else who obtains such service for less. This office has also explored the possibilities of having the work done by the Office of Public Service. It is not clear if any cost would be saved by engaging additional municipal employees to perform this service. Furthermore, the burden could well be too heavy for the Office of Public Service always to be able to fulfill our needs. The cost for photographic services under the proposed contract will not exceed \$10,000.

Because of the nature of the professional services involved and confidential character of work, no useful purpose would be served by advertising for bids.

Respectfully,
FRANCIS W. GENS,
Building Commissioner.

MR. MAYOR: The photographic needs of the Building Department can, in my opinion, be met in an efficient manner by Mr. Robert D. Gaudet of 29 Alarie Street, West Roxbury, his usual place of business being the same address.

Accordingly, I respectfully request permission to enter into a temporary written contract with the aforementioned contractor without advertising for bids. We are now preparing to solicit bids on an annual basis which will be publicly advertised and awarded to the lowest bidder.

The services contracted for will include the developing of such photographs as the Building Department may request. The term of the contract will commence on January 1, 1976, through April 1976, inclusive.

Under the terms of the contract agreement, the Building Department will send the photographer to Mr. Gaudet, requesting that he photograph and develop the picture of the details usually required in the conduct of the work of this department. The cost of these photographs is proposed at \$7 for each 8 by 10 print, and \$.75 for each additional print or enlargement.

In circumstances where the Building Department requests such photographs on Saturdays, Sundays, holidays and weekdays between the hours of 6 P.M. and 7 A.M., the proposed costs would be \$7 for each 8 by 10 print, and \$.75 for additional prints or enlargements.

Mr. Gaudet has agreed to be available for 24 hours daily service, including Saturdays, Sundays and holidays to perform the services contracted for. The charges include Mr. Gaudet's appearance in court in cases where the testimony of the photographer is deemed necessary.

Mr. Gaudet has performed this service for the Building Department for the past three years and his work has been prompt and persuasive; frequently, thousands of dollars depend on those factors. Other photographers charge three times as much for such work. We know of no other photographer who could provide the same services at a lower price.

The Building Department has explored the possibilities of having the same work done by the Office of Public Service, but it is unclear whether any costs could be reduced by engaging additional municipal employees to perform the service. In addition, the burden of such services would be too great for the Office of Public Service to handle in order to fulfill our needs.

The cost of the needed photographic services under the proposed contract would not exceed \$1,500.

Because of the nature of the professional services and the confidential character of the work, no useful purpose would be served by advertising for bids.

Respectfully,
FRANCIS W. GENS,
Building Commissioner.

COMMERCE AND MANPOWER SECOND LANGUAGE PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Archbishop of Boston, a corporation sole, 2121 Commonwealth Avenue, Boston, for operating an English as a Second Language Program at the Cardinal Cushing Center for the Spanish-speaking at a total cost not to exceed \$51,791. Funds for this contract will be provided from a Federal Government Revenue Sharing Grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from February 1, 1976, through January 31, 1977.

Under the terms of this proposed contract the Archdiocese will operate an English as a Second Language Program which will serve approximately 120 economically disadvantaged persons of Spanish ethnicity. This will enable them to acquire sufficient knowledge of the English language which will enable them to obtain employment on the labor market.

Due to the experience and success of the Archdiocese in this program it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

COUNSELING SERVICES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Massachusetts Halfway Houses, Inc., P. O. Box 348, Back Bay Annex, Boston, for operating a halfway house for offenders confined at Suffolk County House of Corrections at a cost not to exceed \$104,000. Funds for this contract will be provided from a Federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective date of operation for this contract will be from February 1, 1976, through December 31, 1976.

Under the terms of this proposed contract, Massachusetts Halfway Houses, Inc., will be responsible for providing residence, counseling, and manpower services for 65 offenders from the Suffolk County House of Corrections.

In view of the few agencies professionally capable of operating halfway house programs for offenders and due to the fact that we received three proposals following our request for the same, we have selected Massachusetts Halfway Houses, Inc., to provide the above-mentioned services.

It is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
JOSEPH R. DUGGAN,
Acting Director.

OFFICE OF COMMUNITY DEVELOPMENT CONSULTING SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to award a contract for professional consulting services on an accounting and management system to Arthur Andersen & Co., of 100 Federal Street, Boston, and to dispense with advertising for bids in connection with the award of this contract. The contract will be in an amount not to exceed \$300,000, for a period from June 15, 1975, to August 31, 1976. The City of Boston Community Development Block Grant will be the source of funds for this contract.

Under the terms of the contract, Arthur Andersen & Co. will carry out the second phase of a project to establish the financial management system for the Community Development Block Grant. This will build on the temporary manual system that is now installed. During this second phase, the contractor will design and install an automated accounting and control system, develop management control procedures, for the individual

Community Development program elements, and advise on evolving federal audit requirements. (Note that some of these activities in the second phase start prior to completion of the first phase, so that the periods of performance for the two contracts are in part co-incident.)

Arthur Andersen & Co. was selected as contractor for the first phase of this project after extensive discussions with several other nationally recognized accounting firms. One purpose behind dividing the project into two phases was to afford the city the opportunity to better judge the selected contractor prior to letting the bulk of the contract. Arthur Andersen has performed excellently on the first phase of this project and is judged especially capable for this second, the larger, phase.

In view of this, as well as the professional nature of the services involved, advertising for bids would be inappropriate.

Sincerely,

DAVID STROHM,
Director.

HOMESTEADING SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$60,000 to Community Training Dynamics, Inc. (CTD), a nonprofit corporation located at 1140A Blue Hill Avenue, Dorchester. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, CTD will provide a program of homesteading services for (a) the Codman Square section of Dorchester, and (b) the Wellington Hill section of Mattapan. The services will include: (1) the marketing of homesteading properties; (2) the processing of homesteading applications; (3) the development of housing repair skills; and (4) the monitoring of repairs made by housing rehabilitation contractors and subcontractors. The period of performance shall be from February 1, 1976, through January 31, 1977.

On the basis of CTD's expertise and experience in providing housing rehabilitation and improvement services in the Dorchester and Mattapan communities, I recommend that a contractual relationship between the city and Community Training Dynamics, Inc., be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

DEAR MAYOR WHITE:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed

\$30,000 to Neighborhood Housing Services, Inc., a nonprofit corporation located at 812 Dorchester Avenue, Dorchester. Payment for this contract will be made from the Community Development Block Grant.

Under the terms of the agreement, Neighborhood Housing Services, Inc., will provide a program of homesteading services for the Meeting Hill House section of Dorchester. The services will include: (1) the marketing of homesteading properties; (2) the processing of homesteading applications; (3) the development of housing repair skills; and (4) the monitoring of repairs made by housing rehabilitation contractors and subcontractors. The period of performance will be from February 1, 1976, through January 31, 1977.

On the basis of Neighborhood Housing Services, Inc.'s expertise and experience in providing housing rehabilitation and improvement services in the Dorchester community, I recommend that a contractual relationship between the city and Neighborhood Housing Services, Inc., be established at this time. Moreover, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

DAVID STROHM,
Director.

OFFICE OF CRIMINAL JUSTICE

COUNSELING SERVICES

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with any further public advertising than is outlined below, and to award a contract to the Dorchester Y.M.C.A. at 776 Washington Street, Dorchester, in an amount not to exceed \$57,707, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Dorchester Y.M.C.A. to begin a program designed to reduce the rate of crime in the South Dorchester area by providing a comprehensive group of services to thirty youth, ages eleven to sixteen, who will be referred from the Police Department, Dorchester District Court, and local agency personnel.

The project will provide family and individual counseling, crises intervention, educational services (alternative school setting), vocational services (training and job placement), and recreational services. In addition to providing these direct services to youth, the project will work with the court, Police Department and the community to divert youth from the court process.

The program was chosen for funding through an extensive competitive process involving both the Mayor's Office of Criminal Justice (M.O.C.J.) and the Massachusetts Committee on Criminal Justice (M.C.C.J.).

In the spring of 1975, M.O.C.J. developed a document, a Request for proposals (R.F.P.) which outlined specific populations which were in critical need of services and services which were, in general, lacking in the Boston area. The R.F.P. was mailed to approximately 200 agencies, both public and private, and individuals who responded to a request sent to 200 agencies and individuals which stated the availability of funds for the R.F.P.

Of the 100 agencies and individuals who requested the R.F.P., 32 submitted proposals. All the proposals were viewed and evaluated by four persons. Twelve proposals were selected as most promising, i.e. met the R.F.P. specifications and demonstrated the quality and structure needed to complete funding on a statewide basis. After an extensive interview with the developers of the proposals, eight programs were selected to be submitted to the M.C.C.J. with recommendations for funding.

After an extensive review process by the M.C.C.J., four of the eight proposals were selected for funding.

As this program was selected for funding only after undergoing an extensive and rigorous competitive process both the city and state level, I request that no further formal bidding be required.

Respectfully,

DONALD B. MANSON,
Executive Director.

"YOUR EGO IN BLOOM"

*Sometime when you're feeling important,
Sometime when your ego's in bloom,
Sometime when you take it for granted,
You're the best qualified in the room,
Sometime when you feel that your going,
Would leave an unfillable hole,
Just follow this simple instruction
And see how it humbles your soul.
Take a bucket and fill it with water;
Put your hand in it up to the wrist,
Pull it out, and the hole that's remaining
Is a measure of how much you'll be missing.
You may splash all you wish when you enter
You may stir up the water galore,
But stop — and you'll find in a minute
It looks quite the same as before.
The moral in this quaint example
Is just do the best you can.
Be proud of yourself, but remember,
There's no indispensable man.*

John Peter Reilly, Id. 1801, provisional office clerk and typist, from Planning and Research Division (days) to Records and Data Processing (days).

February 20.

Commissioner's Memorandum No. 76-15

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

In a recent decision, Arbitrator Fleming, Jr. of the American Arbitration Association ruled that Special Orders No. 74-96 dated August 9, 1974 and No. 75-6 issued January 21, 1975, did not violate Article XIII, Section 3 of the Collective Bargaining Agreement between the city and the Superior Officers Federation.

The orders in contention prescribed in detail the uniforms and equipment to be worn and carried by Superior Officers and Policemen in the department after certain specified dates. The requirements of the orders differed somewhat from the former requirements and these differences entailed the additional expense both to the individual officers and to the city.

The Federation claimed that Article XVIII, Section 3 should be read as forbidding change in uniform requirements during the term of the Contract. In support of its contention, the Union argued that if Article XIII, Section 3 means only what it says (literally) it would make no sense since it would simply be "an agreement that the Police Commissioner can do whatever he wants in respect to uniforms," a power he would have in the absence of any contractual provision.

The city argued that the Special Orders in question were based on recommendations and suggestions of a Uniform Committee including representatives of the Federation, and by the Commissioner. Further, the city pointed to the statutory powers of the Commissioner to promulgate and publish rules and regulations of the police department which already included provisions concerning uniforms and equipment, such as Article 32 which contemplates the possibility of change from time to time.

Noting that in the light of all the evidence, it becomes apparent that the contractual pro-

vision forbids change in the published rules and regulations only (just as it says) and not in the detailed regulation which the rules and regulations themselves, the statute law, and the past practice of the department commit to the Commissioner's prescription by special order, the Arbitrator concluded:

"... the language of the section is too clear to be disregarded, and as it stands it is fatal to the grievance. The challenged orders were authorized by the published rules and regulations in force when the contract was executed. The orders in no way brought a change in these rules and regulations and such a change is the only kind which the contract forbids."

Special Order No. 76-19

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective 8 A.M., Monday, March 8, 1976, operators of any department vehicle receiving gasoline from any department gasoline pump will record all data listed on B.P.D. Form 1763, the Boston Police Fill-Up Log.

One line will be completed, accurately and legibly, for each fill-up.

All personnel are reminded that each vehicle will be properly identified by its department vehicle Id., which is located on the left front door opening, except in open vehicles such as scooters and motorcycles.

Do not — DO NOT identify a vehicle by the registration number or visabar number.

The date field must contain six digits. For example, February 2, 1976, would be 020276, not 2276, 2-2-76, or 2/2/76.

Exact meter readings and gallons taken, including tenths, shall be recorded for every fill-up.

Any oil taken must be recorded to the nearest quart, e.g., 3/4 of a quart would be entered as one (1) in the Oil field.

The objective of this order is to achieve maximum accuracy in recording department vehicle fill-ups.

It will be the responsibility of all operators and patrol supervisors to ascertain that the above is strictly complied with and both will sign the Form 1763 in the designated area.

Commissioner's Memorandum No. 71-16

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The following communication was received by this department from Clarence "Jeep" Jones, Administrator, Office of Human Rights:

"The Office of Human Rights would like to aid the victims of the recent earthquake in Guatemala with a donation. We feel it would set a good example if the city employees could make a considerable contribution.

We are asking your department to join us in this endeavor by asking your employ-

ees to contribute. We will record all contributions, send you a receipt and send all funds to Guatemala through a represented organization here in the state.

It is our hope that you will join us. A representative of our office will call you in a few days to ask about your contribution."

Personnel of this department who wish to contribute should contact the Office of Human Rights at 725-4418.

Commissioner's Memorandum No. 76-17

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

There is an immediate opening at District 6 for a Community Service Officer, which is open to all police officers, detectives and sergeants.

Qualifications:

Must have an excellent knowledge of the area of the city to which he is assigned. He will be expected to develop a close contact with neighborhood action groups, church and school organizations, and public and private agencies devoted to community improvement. He will be required to conduct district workshop programs where he will meet regularly with residents and business people at the local level to develop solutions to police problems at the neighborhood level. He will be required to make every effort to build closer relationships, mutual understandings and better communications between the police and all members of the community.

The Community Service Officer will be the representative of the District Commander at community meetings of a police concern. He will be expected to act as the police spokesman at such meetings and on other occasions as may be appropriate. He will also be the district officer responsible for preparing material to include in local weekly newspapers. With regard to these duties, he will maintain statistics with regard to local problems (crime, parking, youth gangs, etc.) to which he can refer when sensitive subjects have to be discussed.

He will conduct all of his duties, as outlined above, with flexibility so as to meet the needs of the citizenry he will be serving.

Applications (Form 1659) must be received by Capt. Morris V. Allen, commanding officer, District 6, by March 12, 1976. Questions should be directed to Capt. Allen on Extension 4345.

Commissioner's Memorandum No. 76-18

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

In a recent decision, Arbitrator Edward C. Pinkus of the American Arbitration Association ruled that the city did not violate Article IX, section 4 (D) of the Collective Bargaining Agreement by denying officers who "voluntarily" worked overtime while on vacation a compensatory day off for each day of vacation on which such overtime was performed.

Article IX, section 4 (D) provides in pertinent part as follows:

"An employee who is called in for overtime service during his vacation shall receive, in addition to the overtime compensation . . . a compensatory day off for each such

day of the vacation on which he performs overtime service."

At issue was the interpretation of the words "called in," and whether there is a difference between patrolmen who volunteered to be available during their vacation time to work overtime in connection with the school desegregation and those who did not volunteer.

The BPPA contended that all of the patrolmen who worked overtime during their vacations were "called in" within the meaning of Article IX, section 4 (D), and were, therefore, entitled to a compensatory day off.

The city contended that only those employees whose coming in was mandatory were entitled to the compensatory day off, not employees who prior to commencing their vacations had volunteered to be available for overtime work during their vacation.

Noting that the parties' semantic arguments both depended upon hypotheses concerning the intent of the negotiators of section 4 (D), and that there was evidence of inconsistent applications of the compensatory day off provision, the arbitrator concluded that the case should be decided on the basis of the bargaining history rather than binding past practice, and thus stated:

"The conclusion which the arbitrator draws from the bargaining history is that there was no discussion of the possible application of section 4 (D) to the employee who volunteered to be available for overtime during his vacation, and there was no intent on the part of the bargainers to deal with any situations other than those similar to the court time and arbitrary captain examples . . . the common principle being to provide the extra benefit of the compensatory day off to the employee who wished to have an undisturbed vacation and did not wish to perform overtime service during his vacation."

It follows, therefore, that an employee who affirmatively indicates a desire to be available for overtime while on vacation will be called in the regular rotation but will not be entitled to the compensatory day-off benefit of section 4 (D).

An employee who does not volunteer to be available for overtime while on vacation will be presumed to be unavailable and will not be called in the regular rotation. In that case, if called and ordered to perform overtime, an employee will be entitled to the compensatory day-off benefit of section 4 (D).

PUBLIC FACILITIES DEPARTMENT

NOTICE FOR BIDS FOR VACANT LOT IMPROVEMENTS, VARIOUS LOCATIONS, ROXBURY, JAMAICA PLAIN, SOUTH END.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities (the Awarding Authority) invites sealed general bids for the above entitled project, in accordance with Chapter 300, section 39M, and all other applicable provisions of chapter 30 of the General Laws of the Commonwealth of Massachusetts as amended, and in accordance with the terms and provisions of the contract documents.

The time and Place for Filing Bids: General bids will be received up until twelve o'clock noon, Boston time, Friday, March 9, 1976, at the office of the Awarding Authority, Room 815, City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, placed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the place designated above, accompanied by a deposit in the form of a certified check or money order payable to the City of Boston, in the amount of \$1,050. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. Proposals shall be filed before the time stated above for the opening of proposals.

Bid Forms and Contract Documents

All general bids must be submitted on the proposal forms obtained from the Awarding Authority. Any general bid not submitted on the proposal form shall be rejected.

Contract documents, including bid forms, shall be available on and after Thursday, March 25, 1976, at the office of the Awarding Authority, upon deposit of certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on or after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the provisions to all bidders (including subbidders) with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liqui-

dated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Community Development Act of 1968 and Executive Order 11246. No bid shall be considered unless it is accompanied by a signed contractor's certification, as shown in the Affirmative Action Requirements, pages AAR-15 through AAR-18. A statement of workforce needs as required by section 3 and a section 3 Affirmative Action Plan, which are currently under review by the City of Boston, shall, if approved, be required from the contractors prior to the contract award. No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

BUILDINGS DIVISION

INVITATION FOR PROPOSALS FOR FOOD CONCESSIONS ON CITY HALL PLAZA.

The City of Boston, acting by its Assistant Commissioner of Real Property (hereinafter referred to as the Assistant Commissioner), is requesting detailed proposals from persons and organizations interested in operating a food concession on City Hall Plaza, Boston. Proposals are being solicited as part of the city's efforts to promote the use of City Hall Plaza by the public for appropriate activities consistent with the design and location of the plaza.

Written proposals will be received until 1 P.M., April 5, 1976, at the office of the Assistant Commissioner, Real Property Department, Room 811, One City Hall Square, Boston, Mass.

Proposals shall be precise in every detail. (Please enclose detailed drawing to scale of the proposed Concession. All carts are to be portable.)

(1) The program will commence May 1, 1976, through October 31, 1976, and licensees will set up operations at 10:30 A.M., and will be removed at 3:30 P.M., daily. Food operations will be limited to weekly only, Monday to Friday.

(2) The concessionaire shall pay for all equipment, licenses, permits, labor, materials, and expenses necessary to operate the concession.

(3) Food concessions should not be competitive with local restaurants. Food on the order of ice cream, yogurt, soft drinks, crepes, or fruit, etc., is desirable.

(4) The successful concessionaire must provide neat and clean uniforms. These uniforms must be worn at all times while employed on City Hall Plaza.

(5) In connection with the performance of work under this agreement, licensee agrees not to discriminate against any employees or applicants for employment because of race, color, religious creed, national origin, age, or ancestry.

(6) Upon selection, the successful bidder for each category shall enter into a written license for the concession with the City of Boston, acting by the Assistant Commissioner.

The successful bidder will be required to provide by insurance for the payment of compensation and furnishing of other benefits under the Workmen's Compensation General Laws, chapter 152, to all persons employed under the agreement and such proof of compliance with the foregoing provisions will be required before commencing performance of the agreement.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Assistant Commissioner, and in the sum of one thousand dollars (\$1,000), as well as appropriate public liability and property damage insurance, will be required of the successful bidder.

The provisions of the Conflict of Interest Law (G.L., chapter 268A) will be strictly adhered to, and the Assistant Commissioner reserves the right to waive any information and to reject any and all bids.

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR APPLYING PAVEMENT MARKINGS TO VARIOUS ROAD SURFACES IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for applying pavement markings to various road surfaces in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Applying Pavement Markings to Various Road Surfaces in the City of Boston," one copy of which is to be left at Room 721, City Hall, before 12 noon on Friday, March 26, 1976, with a certified check for 3 percent of the bid price, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. INVITATION FOR GENERAL BIDS FOR REPAIR OF FIRE DAMAGES AT THE WILLIAM H. TAFT SCHOOL, 20 WARREN STREET, BRIGHTON, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repair of fire damages at the William H. Taft School, 20 Warren Street, Brighton, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, April 14, 1976, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$2,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the con-

tract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Wednesday, April 7, 1976, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Vinyl Asbestos Floor Tile.....	\$100

Boston's Freedom Trail Expanded

Major new twists in Boston's popular Freedom Trail have made city and her history more accessible to visitors during the Bicentennial.

The changes in the twenty-year old attraction now reflect the theme Boston's Bicentennial, "The City Is The Exhibit."

The expanded Freedom Trail now starts at a major new facility developed for the Bicentennial, the Visitor Hospitality Center in Boston City Hall. Three "World's Fair"-scope Bicentennial exhibitions have been added to complement the twenty historic buildings and landmarks along the trail which provide a fluid translation of Boston's growth from a small colony to one of the world's most livable cities.

Bands of strolling troubadours, a new system of historic markers, and open-air art studios create additional excitement in walking the Freedom Trail.

"In Boston, exploring the city and doing the Bicentennial are one and the same. Our job has been to make it easier, more fun, and more rewarding for the traveler to find and enjoy the Bicentennial spirit," said Mrs. Katharine Kane, director of Boston 200.

Boston proved to be a key Bicentennial destination for millions of American and international travelers in 1975, charting a significant increase in visitor traffic during the summer at many historic sites. The expected increase in tourism during 1976 can rely on a dynamic visitor services program that includes a network of information and foreign language centers, new signs along streets and walking trails, and a wide range of amenity services.

"Citygame" is Boston 200's program area that expresses the city-habit theme through a unified matrix of exhibits and walking trails that dramatize Boston's contributions to three centuries of American life.

The three "World's Fair"-scope exhibitions feature Boston life in the eighteenth, nineteenth, and twentieth centuries.

"The Revolution," at the Faneuil Hall Marketplace on the Freedom Trail, provides visitors with the opportunity to participate in the difficult decisions which set in motion the process of revolution. With the aid of computerized ballots, each visitor discovers whether he would have been a Tory or Patriot during colonial Boston by marking his reactions to recreated debates over the Stamp Act, the Boston Massacre, the Boston Tea Party, and to other controversial issues that led to the outbreak of war.

"Victorian Boston," in the Castle on Arlington Street, features the technological innovations and leisure lifestyles of Bostonians in the late nineteenth century. The pace and flavor of Victorian Boston society is communicated to the visitor through scores of original artifacts and full-scale facsimiles of the

products that proved popular in post-Civil War Boston. The early bicycle, grooming aids, telephone, and sewing machine are some of the exciting developments that revolutionized American life during the Victorian era.

"Where's Boston?" on the Bicentennial Pavilion of the Prudential Center, presents Boston today with an explosion of multi-image photography and quadraphonic sound. The extremely popular show is an electronic portrait of an exciting city—its multi-ethnic neighborhoods, university cultures, diverse characters, traditions, and attitudes. "Where's Boston?" is a deeply subjective look at Boston through the voices of its people while forty projectors hurl 3,000 images at eight huge screens in a specially created theatre.

Visitors can further discover the city through seven new walking trails replete with historic markers, seventeen bicentennial theme exhibits, including a replica of the Tea Party ship, and nineteen neighborhood exhibits that capture the evolution and cultural heritage of Boston's fascinating communities.

The Bicentennial in Boston also serves to highlight the plethora of exhibitions, performances, and events normally hosted by the cultural and sporting organizations in the city as well as a full schedule of historic reenactments, bicentennial forums, art, and ethnic festivals.

The key to celebrating the Bicentennial in Boston is to stop at

PARKS AND RECREATION PRESENTATIONS

Boston residents of all ages invited to participate in the variety of educational, craft and recreational programs offered by Boston Parks and Recreation Department. Sixteen recreation centers and six pools exist in many of the city's neighborhoods. For information call Dorothy Curran, Commissioner of Recreation, 725-4883.

New Senior Newsletter "Golden Times"

Individual senior citizens or groups are welcome to contribute opinions, anecdotes, recreation information, and ideas to the embryonic newsletter, "Golden Times," to be issued by the Boston Parks and Recreation Department. Any material or information related to leisure activities may be sent to Dan Needham, Boston Parks and Recreation Department, Room 203, City Hall, Boston, MA 02201.

Spring Soccer Events

Boston's first city-wide soccer league will begin competition in June. But now is the time to learn to play, form leagues, and practice for the upcoming three-month season. Special events will take place in April. For more information call Richard Bath, 725-4888.

Adult Art Classes, Jamaica Plain

Men and women in the Jamaica Plain area may register to take painting classes every Wednesday morning at 10. These ongoing classes, sponsored by the Boston Parks and Recreation Department, are held at Curtis Hall, 20 South Street, in Jamaica Plain. All Boston residents are eligible to attend. For more information call Dorothy Curran, Commissioner of Recreation at 725-4883.

Swimming for Handicapped

Handicapped adults and adolescents aged fifteen and over are encouraged to participate in a supervised swim program held every Monday and Wednesday evening from 6 to 7, at the Paris Street pool in East Boston. Call Dan Needham or Josephine Ruggeri at 725-4988 or 725-4878 for more information.

PARKS AND RECREATION DEPARTMENT PROGRAMS

All Boston residents are urged to participate in the wide variety of recreational and social programs offered at neighborhood recreation centers and pools staffed by the Boston Parks and Recreation Department. For further information about the following and other programs, call Dorothy Curran, Commissioner for Recreation at 725-1683.

For information about clinics and leagues, contact Richie Bath at 725-4888.

STARS OF SPRING

If you want to celebrate the rites of spring this year, you can't sleep in Saturday morning, warns the Planetarium at Boston's Museum of Science. Spring is scheduled to arrive March 20 at 6:50 A.M. (EST).

If you arise even earlier, before the sun, you might see Comet West, which, though past its prime, may still be visible to the naked eye.

For slug-a-beds, as well as for those who like to be prepared for their own stargazing sessions, the Planetarium covers significant celestial events of the spring in its program, "Stars of Spring," presented March 23 through April 5.

The Planetarium explains that the first day of spring marks the time when the sun, slowly moving northward since December, shines directly over the equator and makes day and night of an equal, twelve-hour length everywhere on the globe.

The most unusual event of the spring session — occurring only once every 400 to 500 years — is the obscuring by Mars of the bright star, Epsilon, in Gemini (the Twins). This occultation takes place April 7 and lasts five minutes, from 7:57 to 8:02 P.M. Because Mars is six times brighter than Epsilon, and the naked eye has difficulty distinguishing the fainter object's light, Mars' passage will appear to take as long as two hours. On the dome of the Planetarium, however, the event is easily demonstrated.

In addition to identifying such prominent bodies as Jupiter and Saturn, the program points out several clusters, some of which may be seen by the naked eye. The Beehive in Cancer the Crab and the globular cluster in Hercules the Kneeling Giant are visible to casual viewers, but telescopes are needed to glimpse an area known as the Realm of the Galaxies, sighted through Virgo, and more than 30 million light-years distant.

The "Stars of Spring" program is followed by "Target: Mars," emphasizing the forthcoming Viking probe of that planet, to be given April 6, through June 21.

Planetarium programs are given daily and Friday nights. The fee is 50 cents above Museum admission. Children under five are not admitted, although they are welcome in the rest of the Museum.

LEAP YEAR

Nineteen seventy-six is a leap year, giving us an extra day on which to enjoy Bicentennial events. Leap years, occurring every four years, add one day to the month of February to adjust calendar time to true astronomical time.

But, according to Boston's Museum of Science *Newsletter*, it was not always so. From 45 B.C. until the mid-sixteenth century, days were ticked off the old style Julian calendar, accumulating an impressive error of eleven minutes forty-five seconds per year, or three days every 400 years. Allowed to continue, the error would have left farmers and others with planting records of little consequence and meaningless data with which to plan the future.

Setting time correctly became an important mission for Pope Gregory XII. It resulted in the introduction of a new calendar, the Gregorian, still in use today.

To make up for lost time, Pope Gregory suggested making every fourth year a leap year by adding one day to the common 365-day year; designating turn-of-the-century years not divisible by 400 as

common years instead of leap years and dropping all days of the year accumulated since 45 B.C. British colonies, which adopted the calendar in 1752, this meant designating September 2 to September 1 of that year.

It took centuries for the calendar to catch on, and it was often accepted only after a great deal of stress: paying one month's rent for twenty days on the premises, while receiving only two days' wages, for example, made it hard to make ends meet.

George Washington, it is said, never accepted the new calendar and continued to celebrate his birthday on February 11, when it actually occurred on his old style calendar.

EXPERIMENTAL IDENTIFICATION SYSTEM

An experimental automated identification system has been considered by the Massachusetts Board of Directors to cope with the success of the MBTA's prepaid pass system.

The program under consideration was to design a system and a turnstile which would be able to "read" a coded special pass card (like a credit card) and admit the passenger to the station.

The experimental \$75,000 program with Identification System Inc., of Concord, Mass., will result in the installation of five card-reading turnstiles at selected locations. These turnstiles will be used by 500 people who will get the special coded passes from their employers to test the new system.

The prepaid pass program began in July of 1974, with three employers and 1,900 commuters. By the end of last year it had grown to 117 employers and more than 18,000 commuters.

Due to the large increase in the program, further expansion of the system requires testing an automated system. The cost of the test program is not to exceed \$75,000.

The MBTA Board of Directors approved the program.

CENTRAL LIBRARY EXHIBITS

NOTABLE ACQUISITIONS, 1962-1976

Exhibition Room, Rare Books and Manuscripts, Third Floor.
An exhibition in honor of John Alden, Keeper Emeritus, Rare Books Manuscripts, Boston Public Library. Through March 31.

LITERARY BOSTON

Great Hall, General Library Building.

A permanent exhibition featuring noted men and women of Greater Boston who have made significant contributions to the literary heritage of America. Through December 31.

ASTRONOMY COURSE AT SCIENCE MUSEUM

A course in telescope astronomy is currently at the Planetarium of Boston's Museum of Science.

"Seeing Stars" started March 23 and will continue for eight Tuesday evenings from 7:30 to 9. Students will learn how to select a telescope and how to make most effective use of it. Outdoor observations are permitted when weather permits. Part of the course is devoted to techniques of photographing celestial objects. The instructor is Jeff Hargardner, formerly lecturer on astronomy at the Hayden Planetarium staff.

The fee is \$30 with a \$5 reduction for family and contributing members. To register, call the Planetarium registrar at 723-2500, ext. 7.

There is to be a regeneration of national character, it can come not only by the regeneration of all of us as individuals.

It is not a matter of committees, machinery, and organization.

It can only come about from a little change in the heart of the individual man and woman.

A mature person is one who does not think only in absolutes; who is not to be objective even when deeply stirred emotionally; who has learned that there is both good and evil in all people and in all things; who walks humbly and deals patiently with the circumstances of life, knowing that in this world no one is all-knowing and therefore all of us need both love and charity.

FIRE DEPARTMENT ORDERS

March 12.

General Order No. 13

I. RESIGNATION

The following resignation became effective at 0800, March 12, 1976:

Fire Fighter Dwight H. Brown, Engine Company 17.

II. CHANGES IN RESPONSE

Company commanders shall make the following change on the assignment cards effective immediately:

Somerville Mutual Aid Box 8217 (Somerville Engine 3 is at Union Square).

First alarm, drop Engine 32 to Som. 1; add Engine 32 to Som. 3.

Second alarm, drop Engine 8 to Som. 1; add Engine 8 to Som. 3.

Third alarm, drop Engine 3 to Som. 1; add Engine 3 to Som. 3.

Fourth alarm, drop Engine 39 to Som. 1; add Engine 39 to Som. 3.

III. COMMENDATION

Engine Company 18 responded to Box 2411, five alarms, for a fire at 307 Centre Street, Roxbury. On arrival heavy smoke was showing on all six floors and a man was reported to be in the building.

Fire Lieut. Robert J. Culhane of Engine Company 18 immediately went into the building to search for him. He found him on the sixth floor partially overcome from the heavy smoke and with great difficulty carried him to the street.

The Fire Commissioner is pleased to commend Lieut. Culhane for this rescue which undoubtedly saved the man's life.

IV. BRIDGE CLOSED

Notice has been received from the Public Works Department that the Summer Street Bridge (over the Penn Central R.R.) will be closed for repairs for approximately one month, effective Thursday, March 18, 1976. Response routes affected must be adjusted.

V. LIEUTENANT'S EXAMINATION

This department has been notified that effective March 10, 1976, applications for the examination to fire lieutenant in the Boston Fire Department will be accepted by the Division of Personnel Administration, One Ashburton Place, Boston.

POLICE DEPARTMENT ORDERS

February 26.

Commissioner's Memorandum No. 76-19

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

There is an immediate opening within the Division of Training and Education for a television production supervisor. The position is open to all sergeants.

Qualifications

Must have a working knowledge of video tape usage in a variety of situations, including studio work, outdoor filming, and related areas. The successful candidate will be expected to supervise and coordinate all video production and usage within the Police Department.

The person selected will be responsible for developing and implementing video training concepts as dictated by the training needs of the department. He will be responsible for the coordination of technical resources and the assignment of appropriate personnel.

Additionally, the successful candidate will be expected to develop roll call training tapes and other related short productions. He will be expected to script and supervise the filming of various training tapes and incidents.

Applications (Form 1659), must be received by Capt. William J. Hogan, commanding officer, Police Academy, no later than March 4, 1976. Questions should be directed to Capt. Hogan on Extension 4415.

February 27.

Commissioner's Memorandum No. 76-20

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

All employees are reminded of the following provisions of the Massachusetts General Laws:

Chapter 150E, Section 9A

(A) "No public employee or employee organization shall engage in a strike, and no public employee or employee organization shall induce, encourage, or condone any strike, work stoppage, slowdown, or withholding of services by such public employees.

(B) "Whenever a strike occurs or is about to occur, the employer shall petition the (Labor Relations) Commission to make an investigation. If, after investigation, the Commission determines that any provision of paragraph "A" of this section has been or is about to be violated, it shall immediately set requirements that must be complied with, including, but not limited to, instituting appropriate proceedings in the superior court for the county wherein such violation has occurred or is about to occur for enforcement of such requirements."

(Continued on next page)

POLICE DEPARTMENT ORDERS

(Continued from previous page)

Chapter 150E, Section 15 (in pertinent part)

"No compensation shall be paid by an employer to an employee with respect to any day or part thereof when such employee is engaged in a strike against said employer, nor shall such employee be eligible to recover such compensation at a later date in the event that such employee is required to work additional days to fulfill the provisions of collective bargaining agreement.

"Any employee who engaged in a strike shall be subject to discipline and discharge proceedings by the employer."

It should be clear that activity in connection with a strike, work stoppage, slowdown, or withholding of services is also strictly forbidden by the Collective Bargaining Agreement, as well as the State Collective Bargaining Law, quoted above, and will subject the employee to discipline up to and including discharge.

"YOUR EGO IN BLOOM"

Sometime when you're feeling important
Sometime when your ego's in bloom,
Sometime when you take it for granted,
You're the best qualified in the room,
Sometime when you feel that your going,
Would leave an unfillable hole,
Just follow this simple instruction
And see how it humbles your soul.
Take a bucket and fill it with water;
Put your hand in it up to the wrist,
Pull it out, and the hole that's remaining
Is a measure of how much you'll be missing.
You may splash all you wish when you exit
You may stir up the water galore,
But stop — and you'll find in a minute
It looks quite the same as before.
The moral in this quaint example
Is just do the best you can.
Be proud of yourself, but remember,
There's no indispensable man.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the award of contracts without public advertising, based on the following communications:

OFFICE OF CRIMINAL JUSTICE

COUNSELING SERVICES

DEAR MR. MAYOR:

On April 2, 1975, you approved a contract between the City of Boston and the Massachusetts Halfway Houses, Inc., in an amount not to exceed \$72,344, for the period March 1, 1975, through December 1, 1975.

The purpose of the contract was to allow the Massachusetts Halfway Houses, Inc., to continue the Boston Defender's Service Project for offenders using the Suffolk County House of Correction. The project provides short-term financial and counseling for these offenders.

The Mayor's Office of Criminal Justice does not have the opportunity to increase the amount of the contract by \$9,821, which would permit the Massachusetts Halfway Houses, Inc., to pay for pre-release programs in order to vacate Deer Island, as per the Federal Court order.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the Massachusetts Halfway Houses, Inc. In view of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with any further public advertising that is outlined below, and to award a contract to the Roxbury Children's Services, Inc., at 22 Elm Hill Avenue, Dorchester, in an amount not to exceed \$126, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Roxbury Children's Services, Inc., to begin a program to provide twenty early offenders from Boston Juvenile Court with counseling and part-time work experience in the human services field.

This program was chosen for funding through an extensive competitive process involving both the Mayor's Office of Criminal Justice (M.O.C.J.) and the Massachusetts Committee on Criminal Justice (M.C.C.J.).

In the spring of 1975, M.O.C.J. developed a document, a Request for Proposals (R.F.P.) which outlined specific populations which were in critical need of services and services which were, in general, lacking in the Boston area. This R.F.P. was mailed to approximately 100 agencies, both public and private, and individuals who responded to a notice, sent to 200 agencies and individuals, which stated the availability of funds and the R.F.P.

Of the 100 agencies and individuals who requested the R.F.P., 32 submitted proposals. All the proposals were reviewed and evaluated by four staff persons. Twelve proposals were selected as most promising, i.e., met the R.F.P. specifications and demonstrated the quality and structure needed to compete for funding on a statewide basis. After an extensive interview with the developers of the proposals, eight programs were selected to be submitted to the M.C.C.J. with recommendations for funding.

After an extensive review process at the M.C.C.J., four of the eight proposals were selected for funding.

As this program was selected for funding only after undergoing an extensive and rigorous competitive process at both the city and state level, I request that no further formal bidding be required.

Respectfully,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Safe Street Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Greater Boston Legal Services, 27 School Street, Boston, in an amount not to exceed \$164,125, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to grants received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grants is to allow the Greater Boston Legal Services to continue a project providing legal assistance, counseling, preventive education and outreach to juveniles in the South Boston and Dorchester District Court areas. In order to have more direct contact with its client population, part of the staff will be housed in outreach

offices in three Boston housing projects at Columbia Point, West Broadway, and Old Colony. The proximity of professional help will aid in keeping the juvenile out of serious trouble with the courts by providing the necessary counseling and referral services to local youths as soon as problems arise.

Because of the continuation nature of the grants and because of the long history of service which this project has provided to the South Boston and Dorchester communities, it is respectfully requested that public bidding be dispensed with.

Sincerely,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to Massachusetts Half-Way Houses, Inc. (M.H.H.I.), Huntington Avenue, in an amount not to exceed \$142,128, for the period of January 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Massachusetts Half-Way Houses, Inc., to establish a pre-release residency to divert inmates from the Suffolk County House of Correction to community based residential programs. The program will focus on imparting vocational or training skills and experiences to the inmates prior to parole eligibility.

Massachusetts Half-Way Houses, Inc., is a private nonprofit organization that possesses the experience to respond to the unique problems of the House of Correction's young adult clients and the administrative capacity to implement the program in such a way as to maximize the security of the community and success of the program.

As the Penal Institutions Department begins to implement the Charles Street Jail order, and evacuates and renovates the Hill Prison which makes necessary the transfer of men into other institutions; M.H.H.I. has already developed the referral, support, and supervision procedures which would otherwise take a substantial commitment of time and effort of Deer Island staff who are needed for other functions.

Because of the unique services required to perform the functions of the contract and the unique ability of M.H.H.I. to implement this program, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Massachusetts Half Way Houses, Inc. located on Huntington Avenue, Boston, in an amount not to exceed \$18,570 for the period April 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Massachusetts Half Way Houses, Inc. to offer the Boston Offender's Services Project services of short term financial assistance, counseling, and employment referrals to detainees leaving the Suffolk County Jail.

The Massachusetts Half Way Houses, Inc. is a private nonprofit organization, which has made the present day Boston Offender's Services Project operation an extremely important and integral aspect of the overall criminal justice strategy for the City of Boston — both in terms of release program management and in terms of service delivery. Massachusetts Half Way Houses, Inc. is an agency which has long standing relationships and influence with both state and local components of the criminal justice system and a unique management capability and system for effective operation of the project. Massachusetts Half Way Houses, Inc. financial management system has made the Boston Offender's Services Project a model of responsible grant administration.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Massachusetts Half Way Houses, Inc., P.O. Box 318, Back Bay Annex, Huntington Avenue, in an amount not to exceed \$90,511, for the period of January 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as

amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Massachusetts Half Way Houses, Inc., to continue the Boston Offender's Services Project for offenders leaving the Suffolk County House of Correction. The project offers financial assistance to meet immediate practical needs, counseling, social services, and employment referrals for these offenders.

The Massachusetts Half Way Houses, Inc., is a private, nonprofit organization, which has made the present day Boston Offenders Services Project's operation an extremely important and integral aspect of the overall criminal justice strategy for the City of Boston — both in terms of release program management and in terms of service delivery to Deer Island inmates. Executive Director.

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with any further public advertising than is outlined below, and to award a contract to the Y.M.C.A. Services Corporation, 316 Huntington Avenue, Boston, in an amount not to exceed \$57,707, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow Y.M.C.A. Services Corporation to begin a program designed to reduce the rate of crime in the South Dorchester area by providing a comprehensive group of services to thirty youth, ages eleven to sixteen, who will be referred from the Police Department, Dorchester District Court, and local agency personnel.

The project will provide family and individual counseling, crises intervention, educational services (alternative school setting), vocational services (training and job placement), and recreational services. In addition to providing these direct services to youth, the project will

work with the court, Police Department and the community to divert from the court process.

The program was chosen for funding through an extensive competitive process involving both the Mayor's Office of Criminal Justice (M.O.C.J.) and Massachusetts Committee on Criminal Justice (M.C.C.J.).

In the spring of 1975, M.O.C.J. developed a document, a Request for Proposals (R.F.P.) which outlined specifications for services which were in critical need of services and services which were general, lacking in the Boston area. The R.F.P. was mailed to approximately 200 agencies, both public and private, which responded to a request sent to 200 agencies and individuals which stated the availability of services and the R.F.P.

Of the 100 agencies and individuals who requested the R.F.P., 32 submitted proposals. All the proposals were viewed and evaluated by four persons. Twelve proposals were selected as most promising, i.e., met the R.F.P. specifications and demonstrated quality and structure needed to compete for funding on a statewide basis. An extensive interview with the developers of the proposals, eight programs selected to be submitted to the M.O.C.J. with recommendations for funding.

After an extensive review process, the M.C.C.J., four of the eight proposals were selected for funding.

As this program was selected for funding only after undergoing an extensive and rigorous competitive process at both the city and state level, I request no further formal bidding be required.

Respectfully,

DONALD B. MANSON,
Executive Director.

SECURITY PROGRAM

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your written authority to dispense with advertising in the award of a contract to the United South End Settlements (USES) in an amount not to exceed \$79,166, for the period January 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

Under the terms of this contract, United South End Settlements will operate a community security program in the Cathedral and Castle Square Developments in the South End community, Boston. The purpose of the Cathedral and Castle Square Community Security Project administered by USES will be to create community awareness and improvement in crime prevention activities and promote community cooperation in these efforts. Major emphasis of the program will be tenant education and participation

Methods of crime deterrence. This effort will be coordinated with some of the proposed contractor's current programs designed to community security.

The United South End Settlements (USESS) is a community based organization. It initiates programs designed to encourage community development. A variety of social, health and welfare services are offered to South End residents. The United South End Settlements will provide the type of sponsorship and community orientation necessary to make the Community Security Program a contract a success.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

PSYCHOLOGICAL AND PSYCHIATRIC SERVICES

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Trustees of Health and Hospitals of the City of Boston, Inc. located on Harrison Avenue, Boston, in an amount not to exceed \$137, for the period of January 1, 1976, through December 31, 1976.

Award of this contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow the Trustees of Health and Hospitals of the City of Boston, Inc. to provide psychological and psychiatric services to inmates of the Suffolk County House of Correction. These services include intensive psychiatric and psychological intake examinations.

As the contractor, the Trustees of Health and Hospitals of the City of Boston, Inc. is a non-profit corporation under Massachusetts Law which was set up by an act of the Legislature contained in Chapter 269 of the Acts of 1965. Since that time, the corporation has been responding to the psychiatric and social needs of Boston's inner city.

The project operates out of the offices located at the Suffolk County House of Correction. These facilities are well suited because they afford a central point of contact for treatment of inmates.

Because of the special needs and personnel requirements of this project, the Trustees of Health and Hospitals of the City of Boston, Inc. is uniquely qualified by use of their experience in this very field.

The contractor is the only source of psychiatric/psychological services within

the city, other than the teaching hospitals, which are unacceptable to the city due to the fact that the personnel they would normally use would not have the qualifications desired.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

HEALTH PROGRAM

DEAR MR. MAYOR:

As Director of the staff of your Safe Streets Act Committee, I respectfully request your written authority to dispense with public advertising in the award of a contract to New England Medical Center Hospital, 171 Harrison Avenue, Boston, in an amount not to exceed \$99,369, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

Under the terms of the contract the City of Boston will continue a mental health delinquency prevention program in South Boston and Dorchester which received initial Safe Streets funding in FY 1971 and was continued through FY 1975.

The heart of the program is the anchor workers who serve as combination social worker, child advocate, and ombudsman for the child and his family. Each anchor worker is assigned to an elementary school and works cooperatively with the school personnel in developing diversionary approaches to prevent identified delinquents and high risk pre-delinquents from further involvement with delinquency.

Because of the unique nature of the program the the New England Medical Center Hospital's proven ability in planning and implementing delinquency prevention programs in the South Boston and Dorchester communities, it is respectfully requested that the public bidding be dispensed with.

Respectfully,

DONALD B. MANSON,
Executive Director.

DRUG TREATMENT PROGRAM

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your written authority to dispense with advertising in the award of a contract to the Boston University Medical Center in an amount not to exceed \$49,318, for the period January 1, 1976, to December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance

Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the contract is to continue funding the Drug Screening Board which operates in the Roxbury District Court to offer drug treatment alternatives to drug dependent persons coming before the court. The Drug Screening Board is a cooperative effort among drug treatment agencies and court officials to use all available information to match a client's needs with appropriate treatment recommendations.

Roxbury District Court is within the Boston University Mental Health campus area. Mental Health and Medical Center personnel have been working closely with court officials and court clinic personnel in addressing problems of common interest and concern. The University acting through the Medical Center has the administrative capability and expertise to meet the needs overlapping and sometimes complex agency jurisdictions.

In view of these unique qualifications and interest of the Boston University Medical Center, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

LANGUAGE TRAINING

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with any further public advertising than is outlined below, and to award a contract to the Boys' Clubs of Boston, Inc., at 45 State Street, Boston, in an amount not to exceed \$10,556, for the period January 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P. L. 91-644), and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow the Boys' Clubs of Boston, Inc., to begin a program to provide employability skills and basic English language training to Spanish-speaking youths, with a final component of private-sector job placement.

The program was chosen for funding through an extensive competitive process involving both the Mayor's Office of Criminal Justice (M.O.C.J.) and the Massachusetts Committee on Criminal Justice (M.C.C.J.).

In the spring of 1975, M.O.C.J. developed a document, a Request for Proposals

(R.F.P.) which outlined specific populations which were in critical need of services and services which were, in general, lacking in the Boston area. This R.F.P. was mailed to approximately 100 agencies, both public and private, and individuals who responded to a notice, sent to 200 agencies and individuals, which stated the availability of funds and the R.F.P.

Of the 100 agencies and individuals who requested the R.F.P., 32 submitted proposals. All the proposals were reviewed and evaluated by four staff persons. Twelve proposals were selected as most promising, i.e., met the R.F.P. specifications and demonstrated the quality and structure needed to compete for funding on a statewide basis. After an extensive interview with the developers of the proposals, eight programs were selected to be submitted to the M.C.C.J. with recommendations for funding.

After an extensive review process at the M.C.C.J., four of the eight proposals were selected for funding.

As this program was selected for funding only after undergoing an extensive and rigorous competitive process at both the city and state level, I request that no further formal bidding be required.

Respectfully,
DONALD B. MANSON,
Executive Director.

VOCATIONAL SERVICES

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with any further public advertising than is outlined below, and to award a contract to the YMCA Service Corporation at 316 Huntington Avenue, Boston, in an amount not to exceed \$11,611, for the period January 1, 1976, through September 30, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P. L. 93-83).

The purpose of the grant is to allow YMCA Service Corporation to begin a program to acquaint thirty pre-high school girls with professional jobs in five vocational areas through an "internship" program involving local professional women and their families. The project will also provide discussion seminars on planning a future vocation, to assist girls in making the proper contacts for transition into high school and to develop curriculum plans for high school.

This program was chosen for funding through an extensive competitive process involving both the Mayor's Office of Criminal

Justice (M.O.C.J.) and the Massachusetts Committee on Criminal Justice (M.C.C.J.).

In the spring of 1975, M.O.C.J. developed a document, a Request for Proposals (R.F.P.) which outlined specific populations which were in critical need of services and services which were, in general, lacking in the Boston area. This R.F.P. was mailed to approximately 100 agencies, both public and private, and individuals who responded to a notice, sent to 200 agencies and individuals, which stated the availability of funds and the R.F.P.

Of the 100 agencies and individuals who requested the R.F.P., 32 submitted proposals. All the proposals were reviewed and evaluated by four staff persons. Twelve proposals were selected as most promising, i.e., met the R.F.P. specifications and demonstrated the quality and structure needed to compete for funding on a state-wide basis. After an extensive interview with the developers of the proposals, eight programs were selected to be submitted to the M.C.C.J. with recommendations for funding.

After an extensive review process at the M.C.C.J., four of the eight proposals were selected for funding.

As this program was selected for funding only after undergoing an extensive and rigorous competitive process at both the city and state level, I request that no further formal bidding be required.

Respectfully,
DONALD B. MANSON,
Executive Director.

CRIME TREATMENT PROGRAM

DEAR MR. MAYOR:

As Director of the Mayor's Office of Criminal Justice, I respectfully request your Honor's written permission to dispense with public advertising, and to award a contract to the Boy's Clubs of Boston, Inc., 15 State Street, Boston, in an amount not to exceed \$13,672, for the period April 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644), and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow the Boys' Clubs of Boston, Inc., to continue a project begun in October, 1975, which offers a diversion and treatment program aimed at first and second offenders and which attempts to prevent future involvement of these youths with the criminal justice system. The project consists of five components: (1) seminars of criminal behavior and the juvenile justice system; (2) photography; (3) counseling; (4) tutoring; and (5) social, cultural, and recreational activities; and seeks to serve youth from the Roxbury community.

The Boys' Clubs of Boston, Inc., a nonprofit corporation that special services to the very clients this project serves. It has been an effective component of the community in dealing with problems of youth.

Because of the need for continuing services to youth enrolled in the program and because of the unique service required to perform the function of the contract, it is believed that public advertising would serve no useful or proper purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

FIRE DEPARTMENT MACHINE RENTAL

DEAR SIR:

Permission is requested to dispense with public advertising and to enter into a contract with International Business Machines Corporation of Boston for the rental of the following machines at a cost of \$129 per month, the total of the contract not to exceed \$5,100, for the period July 1, 1975, to June 30, 1976, inclusive.

One 0029, model B22, N6050 Punch, \$95 a month, rental plan B.

One 0029, model B22, N6051 Punch, \$95 a month, rental plan B.

One 0059, model 002, A6010 Verifier, \$91 a month, rental plan B.

One 0059, model 002, C2978 Verifier, \$91 a month, rental plan B.

One 0082, model 001, 97588 Sorter, \$57 a month, rental plan B.

This request is made so that this department may continue to process and implement our fire-reporting system on our premises. In so doing, we will eliminate the necessity of transporting original documents to and from a central processing bureau with the attendant danger of loss or misplacement. In addition, it will permit speedier and more efficient preparation of the \$250,000 revenue producing licenses and permits and anticipated 70,000 fire reports.

In our opinion, no advantage will accrue to the city through publicly advertising for the rental of the above machines since the quoted rates are reasonable and comparable equipment is not readily available from any other reliable manufacturer.

Very truly yours,
BOSTON FIRE DEPARTMENT,
GEORGE H. PAUL,
Fire Commissioner.

HOUSING INSPECTION DEPARTMENT

LEASING OF PREMISES

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the city for the leasing of an estimated 1,500 square feet of space in the building located at 118 State Street, Boston, to enter into a lease with Nathan Miller Properties, Ltd., for this space. The premises are needed by this department as a local office in connection with

Housing Improvement Program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of three months, February 1, 1976, to April 30, 1976, renewable at the discretion of the City with the provision that if in any year commencing with the year 1975 the real estate taxes on the land and buildings, of which the demised premises is a part, are in excess of the amount of the real estate taxes thereon for the year 1971, lessee will pay to lessor an additional rent hereunder when and as designated by notice in writing by lessor of the percent of such excess that may occur each year of the term of this lease and proportionately for any part of a calendar year during the term hereof. The proposed rental fee is \$2,500 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,

FRANCIS W. GENS,
Commissioner.

LAW DEPARTMENT

LEGAL SERVICES

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with inviting proposals by advertisement in the *City Record* and to award to Robert Emmett Dinsmore, Esq., a contract, a copy of which is annexed, for his services in representing a member of the Boston Fire Department with respect to three actions in the Superior Court entitled, *Cecile M. v. Adm. v. Edward Callahan*, Superior Court Action No. 682142, *David S. Dinsmore v. Edward Callahan*, Superior Court Action No. 683370, and *Callahan v. David Lucery, Registrar of Motor Vehicles*, Superior Court Action No. 986411, during the period of January 1, 1973, through June 30, 1974, at a cost not to exceed \$775. These are three actions brought against Edward Callahan, a Boston Firefighter, who was charged with manslaughter and driving to endanger, after a firetruck Mr. Callahan was driving in response to a fire alarm was involved in a motor vehicle accident.

In view of Mr. Dinsmore's experience and in view of the fact that the Fire Department has requested his services, it is my opinion that public advertisement could serve no useful purpose.

Very truly yours,

HERBERT P. GLEASON,
Corporation Counsel.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of the award of a contract for legal services to Thomas H. Martin, 1000 Crescent, Government Center, Boston, in the amount of \$8,500.

Mr. Martin, a former Assistant Corporation Counsel, is continuing to represent the city in six complex and protracted suits relating to rent control which are under his supervision while a member of the Law Department. I have judged

it impractical to turn over these cases, all of the Law Department. I have judged it best to turn them over to another counsel.

Under a previous contract, Mr. Martin also represented the city in certain litigation involving Park Plaza and collective bargaining disputes with the Teachers Union. These matters have been largely concluded, or become inactive. It is anticipated that this proposed contract will conclude the Law Department's need for Mr. Martin's continuing services. The proposed contract will be effective for the period September 1, 1975, through June 30, 1976.

Very truly yours,

HERBERT P. GLEASON,
Corporation Counsel.

POLICE DEPARTMENT

DISCIPLINARY INVESTIGATION

DEAR MR. MAYOR:

I respectfully request your written approval to dispense with written proposals by advertisement in the *City Record* and to award to Charles H. Rogovin, 71 Kenilworth Street, Newton, a contract in the amount not to exceed \$11,000, commencing July 1, 1975, through June 30, 1976.

During the current fiscal year the Boston Police Department will be faced with new and complex problems relating to police discipline and the investigation of police misconduct complaints by the Internal Affairs Division of the Police Department. Mr. Rogovin will review and analyze the systems, procedure and products of the Internal Affairs Division and make recommendations to the Police Commissioner and the Commanding Officer of the Internal Affairs Division for changes, if appropriate. He will advise and assist the Commanding Officer of the Internal Affairs Division in coordinating his activities with other units where relevant and appropriate. He will assist and advise the legal personnel of the Police Department in the review of the investigative products of the Internal Affairs Division and the development, preparation and presentation of such matters in disciplinary proceedings within the Police Department, and he will assist and advise the Commanding Officer and personnel of the Internal Affairs Division, when requested, during the course of specific investigations undertaken by that Division.

For approximately fifteen years, Mr. Rogovin has been engaged exclusively with Public Safety and Criminal Justice issues at local, state and federal levels of government. He acquired operational experience in Philadelphia as an Assistant Public Defender and as an Assistant District Attorney, and administrative experience as Chief Assistant District Attorney there.

His initial federal service came as Assistant Director of the President's Commission on Law Enforcement and Administration of Justice where he directed the Commission's work on Organized Crime. As Assistant Attorney General of Massachusetts under Elliot Richardson, Mr. Rogovin designed and

directed a state level section of attorneys and investigators to work on organized crime problems. In addition, he directed the work of the Criminal Division of the Attorney General's Department as its chief. Mr. Rogovin guided the formation of the New England Association of Attorneys General and functioned as Principal Coordinator of its regional anti-organized crime activities. He was the first person nominated by the President and confirmed by the U. S. Senate as Administrator of the Law Enforcement Assistance Administration. In that position he was responsible for policy design and implementation in the major assistance program to state and local governments for public safety and criminal justice improvement and reform.

As the first President and managing director of the Police Foundation, Mr. Rogovin developed and implemented a program to utilize \$30,000,000 of private funds for projects to improve the quality and upgrade the delivery of police services in urban environments. As a Fellow of the Institute of Politics of the John F. Kennedy School of Government at Harvard University, he has had an opportunity to study and reflect upon the critical issues of crime and criminal justice in American Society.

Mr. Rogovin is a frequent speaker before government, public interest groups and university audiences on topics in the Criminal Justice field. He has testified before committees of the U. S. Congress and various state legislatures. He has served as a policy advisor to the Committee on Economic Development, the U. S. Chamber of Commerce and Inquiring Commissions in the Province of Ontario and Quebec, Canada. He has been a member of the visiting Committee of the School of Criminal Justice of the State University of New York at Albany and the Advisory Board of the Justice Center of the Battelle Research Institute at Seattle, Washington. He is a consultant to the Joint Public Safety Committee of the Massachusetts Legislature regarding the proposed re-organization of the state's Public Safety agencies and functions.

Mr. Rogovin has been a visiting professor of American Studies at Brandeis University, Waltham. He is presently the Toor Lecturer in Legal Studies at Brandeis. He is a member of the Massachusetts Organized Crime Control Council by appointment of the Governor.

In view of Mr. Rogovin's experience and expertise and the unique services required to perform the various functions of this contract, I believe that public advertising would serve no useful purpose.

Very truly yours,

ROBERT J. DI GRAZIA,
Police Commissioner.

COUNSELING SERVICES

DEAR MR. MAYOR:

As Commissioner of the City of Boston's Police Department I respectfully request your Honor's written authorization to dispense with public advertising in the

award of a contract in an amount not to exceed \$7,193.01 to the 80 Boylston Street Corporation for the leasing of 1,320 square feet of office space for the period January 1, 1975, to December 31, 1975. The space is located at 80 Boylston Street, Boston (Suite 906), and is available at a monthly rental of \$599.42.

The proposed space rental is made pursuant to the award of funds for stress counseling to the City of Boston from the Governor's Committee on Criminal Justice under the provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended.

The purpose of the stress counseling component is to develop and implement a police officer peer counseling program for Boston Police officers manifesting job-related stress problems such as excessive use of force, excessive drinking, and job-related anxiety. Several patrolmen with counseling experience have spent more than a year on the program offering counseling to other police officers. Because of the nature of the project, and the confidentiality of the information, it is critically important that the counseling services be available at a location separated from Police Headquarters or district stations. The location at 80 Boylston Street was selected because of its central location, availability of parking in the Boston Common underground garage, and easy access to both the Boylston Street and Park Street MBTA stations. The cost of the space is also competitive with other locations investigated by the project staff. This lease is a continuation of a lease approved by you in 1974.

Because of the nature of the project, it is believed the public advertising for the rental of the space required would serve no useful purpose.

Sincerely,
ROBERT J. DI GRAZIA,
Police Commissioner.

COMMUNICATIONS PROGRAM

DEAR MR. MAYOR:

As Commissioner of the City of Boston's Police Department, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Mattapan Parents Teachers Advisory Council, Inc., 1611 Blue Hill Avenue, Mattapan, in an amount not to exceed \$63,333, for the period February 1, 1976, through December 31, 1976.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-611).

The purpose of the grant is to allow the Mattapan Parent Teachers Advisory Council, Inc., to continue a police com-

munity communications program, including residents, police, and social service agencies in the Mattapan area, and continue activities which enhance interaction and understanding between the residents of Mattapan and the police of that district.

The Mattapan Parent Teachers Advisory Council, Inc., is a community-based organization which initiates programs designed to encourage communication among various elements in the Mattapan community. It is a multi-racial group which mirrors the ethnic and economic composition of the community it serves. The Parent Teachers Advisory Council can provide the comprehensive approach and organizational experience needed, and the type of sponsorship, community orientation and staff competence necessary to make the project successful.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,
ROBERT J. DI GRAZIA,
Police Commissioner.

COPYING MACHINE RENTAL

DEAR MR. MAYOR:

Enclosed is a copy of your original approval of award of a contract, without public advertising, to Xerox Corporation providing for the rental and maintenance of 11 Xerox copying machines, for the period July 1, 1974, to June 30, 1975.

During the term of the contract, the department was required to increase the use of the copying machines because of the school desegregation crisis.

This department worked closely with federal and state law enforcement agencies to coordinate our efforts during the opening of schools under the Phase I desegregation plan. This necessitated the copying of large numbers of police department incident reports and other investigatory materials for these agencies. In addition, increased copying demands have also occurred because of updating and other innovations of police department administrative procedures.

Therefore, I respectfully request that you approve an increase in the contract price of \$10,000 from \$45,000 to a price not to exceed \$55,000.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

CONSULTANT SERVICES

DEAR MAYOR WHITE:

I respectfully request your Honor's written authorization to dispense with public advertising in the award of a contract to Veridat Corporation, P.O. Box 412, Lexington, in an amount not to exceed \$5,000, for the period of January 1, 1976, through June 30, 1976.

The purpose of this contract is to provide the Police Department with a communications consultant. The contract will provide technical expertise for department personnel in communications

technology. The services under this contract will include advice on communications security, training of department personnel in the use of sophisticated communications equipment, and provide the department with methods to reduce the department's vulnerability to subversive monitoring of radio and communications.

The president and principal of Veridat Corporation is Mr. Mare M. Nezer. Nezer is a graduate of both Northeastern University and Brown University, a registered professional engineer in Massachusetts and a captain in the Marine Corps Reserve. He has provided his communications technical expertise to the Massachusetts district and superior courts, the office of the Commissioner of Probation, the Massachusetts Chief of Police Association, the Suffolk County District Attorney's Office, the Department of Public Safety (State Police Registry of Motor Vehicles, U.S. Marine Force and to a large number of other departments and city government as well as a significant amount of service for private industry.

Because of the unique services and qualifications required to perform this contract, I believe that public advertising would serve no useful purpose.

Very truly yours,
ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power to the Public Facilities Commission and as Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in entering into a Use and Occupancy Agreement for certain premises deemed necessary and convenient by the Director for the Department of the Mayor — Troubled Employees Program purposes. There is a further delegation of power from the Commission to the Director to execute such agreement, or variation thereof, upon receipt of a written authority from the Mayor of Boston.

The demised premises consist of offices on the first floor of the CYO Parish Hall, of the Gate of Heaven Parish, at 100 East Fourth Street, South Boston, consisting of approximately 2,200 square feet.

The term of this agreement will be for twelve months beginning September 1, 1975, and terminating June 30, 1976.

The monthly rental will be \$400 and will be charged to the Mayor's Department, Account 1-13-92-000, Troubled Employees Department Program.

Utilities (exclusive of telephone) and heat will be supplied by the owner.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director

MR. MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for School Department — Physical Education purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of use of swimming pool facilities for the students of Brighton High School, Taft and Con Jr. High Schools as defined in the

The term of the lease will be approximately 10 months beginning September 8, 1975, and terminating June 25, 1976.

The rental for the term will be \$6,000, payable in two equal installments of \$3,000. The first payment to be made upon execution of this lease, the second no later than May 6, 1976.

Utilities and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
— Director.

MR. MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the term of the lease of certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of Suite 101 of the building owned by the lessor at 101 Centre Street, West Roxbury.

The term of the lease will be twelve months, beginning July 1, 1975, and terminating June 30, 1976.

The rental for the term will be \$220 monthly with the total cost not to exceed \$2,640.

The lease is to be renewed on the same terms and conditions as contained in the lease dated May 16, 1972.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
— Director.

PARKS IMPROVEMENTS

MR. MAYOR:

On November 24, 1975, you approved my request of August 21, 1975, to dispense with inviting proposals by advertisement

in the *City Record*, and to award a contract to Schoenfeld Associates, Incorporated, a Massachusetts corporation, Engineers, of 210 South Street, Boston.

Subsequent to your approval, but prior to execution of the contract, it was determined that two of the four sites for which the contract was awarded were historical sites, therefore qualifying for A.I.A. "C" rates in the computation of the design fee due Schoenfeld Associates, Inc. Accordingly, pursuant to separate votes of the Public Facilities Commission January 16, 1976, I hereby request your Honor's written authority to rescind my request of July 2, 1975, and to now award a contract to Schoenfeld Associates, Inc., to prepare preliminary designs, design development drawings, basic outline specifications, construction cost estimates, working drawings and detailed specifications, for improvements to parks and squares at four sites in the City of Boston, to be funded in part under the National Park Service Historic Preservation Grants Program, through the Commonwealth of Massachusetts, Massachusetts Historical Commission, at a cost for such services of (a) for two sites, 10.261 percent (A.I.A. "C" rate) of the presently estimated cost of construction of \$280,000, \$28,740, and (b) for two sites, 7.5 percent (A.I.A. "A" rate) of the presently estimated cost of construction of \$63,674, \$4,775, an aggregate cost of \$33,515, the cost of the now proposed services not to exceed \$45,515 (including \$12,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
— Director.

PUBLIC WORKS DEPARTMENT CONSULTANT SERVICES

DEAR MR. MAYOR:

Your approval is respectfully requested to award a contract without advertising in the amount not to exceed \$17,000 to Camp, Dresser and McKee, consulting engineers, One Center Plaza, Boston, to perform a study for the purpose of establishing equitable higher rates for the purchase of water distributed within and by the City of Boston.

An increase in water rates is essential, necessary and unavoidable to ensure that the Public Works Department, Water Division, operate as a self-sustaining entity. Because of increased operational costs caused by the current inflationary spiral and the ever increasing demand by the public for the performance of related services, and because the present rate for water has been in effect since April 1, 1972, the Water Division has been operating at a successively higher deficit for the past three years with another deficit anticipated for 1976.

Further, our supplier, Metropolitan District Commission has twice increased their rates and a further rate is anticipated in the near future.

Since Camp, Dresser and McKee, a nationally recognized firm with considerable water works engineering experience, have proposed to make the necessary survey which involves work of a professional engineering character, at charges which are not excessive, your permission is requested to dispense with public advertising for bids and to award a contract in the amount set forth in Paragraph 1 to said firm for the study.

Very truly yours,

JOSEPH F. CASAZZA,
— Commissioner of Public Works.

REAL PROPERTY DEPARTMENT DEMOLITION OF BUILDINGS

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

21 Holborn Street, Ward 12.

Accordingly, in conformity with the provisions of chapter 802, Acts of 1972, as amended, particularly section 121 thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This break down is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Suffolk Specialties Co., Inc., 108 South Street, Jamaica Plain, Mass., \$4,400.

Regal Wrecking Company, 19 Woodgate Road, Mattapan, Mass., \$4,800.

George E. Lyons, Jr., Inc., 1594 Hyde Park Avenue, Hyde Park, Mass., \$4,710.

Suffolk Specialties Co., Inc. of 108 South Street, Jamaica Plain has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for the City of Boston, in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the City Charter, of a contract in the sum of \$4,400 to the Suffolk Specialties Co., Inc.

Very truly yours,

JOANNE A. PREVOST,
— Commissioner.

FIRE ALARM MAINTENANCE

YOUR HONOR:

I respectfully request your permission to dispense with inviting proposals in the *City Record* in awarding contract to AFA Protective Systems for automatic fire alarm service maintenance in City Hall. The equipment the building is AFA Protective Systems equipment and since the cost is reasonable and fair, it is advisable for the Protective Systems, Inc., to service it.

The period of this agreement is from July 1, 1975, through June 30, 1976. The amount of the contract will not exceed \$2,600.

In view of the circumstances, I believe that public advertising would serve no useful purpose.

Respectfully yours,

EDWARD J. KENNEDY,

Assistant Commissioner.

BOSTON RENT CONTROL ADMINISTRATION

IBM RENTAL

DEAR MR. MAYOR:

Your permission is requested to dispense with advertising and to award contract to IBM of One Gateway Center, Newton, for the rental and service of one IBM Copier II and a Mag Card "Sorter" Serial No. 9667682, for the period from July 1, 1975, through June 30, 1976. The cost to the city will not exceed \$12,000.

Due to the quality of the machine, the service provided, and due to the city's past experience with the contractor, I respectfully submit that no advantage would be gained by publicly advertising this contract. Thus, I ask that you present this award to IBM.

Your honoring this request will be greatly appreciated.

Sincerely yours,

JAMES F. OLIVER,

Deputy Administrator.

PUBLIC FACILITIES DEPARTMENT

INVITATION FOR BIDS FOR VACANT LOT IMPROVEMENTS, VARIOUS LOCATIONS, DORCHESTER.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities (the Awarding Authority) invites sealed general bids for the above-entitled project, in accordance with G.L., chapter 30, section 39M, and all other applicable provisions of chapter 30 and section 29 of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, April 20, 1976, at the office of the Awarding Authority, Room 815, City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the place designated above, accompanied by a deposit in the form of a certified check issued by a responsible bank or trust com-

pany, payable to the City of Boston, in the sum of \$1,000. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

Bid Forms and Contract Documents

All general bids must be submitted on the forms obtained from the Awarding Authority. Any general bid not submitted on the proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Friday, April 2, 1976, at the office of the Awarding Authority, upon deposit of certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on and after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders) and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Community Development Act of 1968 and Executive Order 11246. No bid shall be considered unless it is accompanied by a signed contractor's certification, a statement of workforce needs as required by section 3 and a section 3 Affirmative Action Plan set forth in the specifications. No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

BUILDINGS DIVISION

INVITATION FOR PROPOSALS FOR FOOD CONCESSIONS ON CITY HALL PLAZA.

The City of Boston, acting by its Assistant Commissioner of Real Property (hereinafter referred to as the Assistant Commissioner), is requesting detailed proposals from persons and organizations interested in operating a food concession on City Hall Plaza, Boston. Proposals are being solicited as part of the city's efforts to promote the use of City Hall Plaza by the public for appropriate activities consistent with the design and location of the plaza.

Written proposals will be received until 1 P.M., April 5, 1976, at the office of the Assistant Commissioner, Real Property Department, Room 811, One City Hall Square, Boston, Mass.

Proposals shall be precise in every detail. (Please enclose detailed drawing to scale of the proposed Concession. All carts are to be portable.)

(1) The program will commence May 1, 1976, through October 31, 1976, and licensees will set up operations at 10:30 A.M., and will be removed at 3:30 P.M., daily. Food operations will be limited to weekly only, Monday to Friday.

(2) The concessionaire shall pay for all equipment, licenses, permits, labor, materials, and expenses necessary to operate the concession.

(3) Food concessions should not be competitive with local restaurants. Food on the order of ice cream, yogurt, soft drinks, crepes, or fruit, etc., is desirable.

(4) The successful concessionaire must provide neat and clean uniforms. These uniforms must be worn at all times while employed on City Hall Plaza.

(5) In connection with the performance of work under this agreement, licensee agrees not to discriminate against any employees or applicants for employment because of race, color, religious creed, national origin, age, or ancestry.

(6) Upon selection, the successful bidder for each category shall enter into a written license for the concession with the City of Boston, acting by the Assistant Commissioner.

The successful bidder will be required to provide by insurance for the payment of compensation and furnishing of other benefits under the Workmen's Compensation Law, General Laws, chapter 152, to all persons employed under the agreement and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of the agreement.

A performance bond of a surety company qualified to do business under the laws of

the Commonwealth and satisfactory to the commissioner, and in the sum of one thousand dollars (\$1,000), as well as appropriate public liability and property damage insurance, will be required of the successful bidder.

The provisions of the Conflict of Interest Law (G.L., chapter 268A) will be strictly adhered to, and the Assistant Commissioner reserves the right to waive any informalities and to reject any and all bids.

The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$150. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefore.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportu-

nity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

Old City Hall: Historical Landmark

Concluded

Preservation Urged

Because Boston's first City Hall is unquestionably one of the great monuments of this period of American architecture, its preservation was urged by many local historical groups. Dr. Walter Muir Whitehill, Director and Librarian of the Boston Athenaeum, a most outspoken proponent for the building, discussed its reuse potential as a city museum and archive. Mrs. Harriet Ropes Cabot of the Bostonian Society, also extremely interested in the building, saw the first City Hall as a most appropriate permanent home for the library and historical collections of the Society. (The combined views of the historical-preservationist groups were summarized by Joseph L. Eldredge in an article in the December 12, 1965 issue of the *Boston Sunday Globe*.)

The Boston Redevelopment Authority also displayed considerable concern about the first City Hall's preservation. The head of the Authority's design review staff, David Crane, was in "complete agreement" with Dr. Whitehill and maintained that City Hall could not only serve as a municipal museum, but could function as well as a center for politically oriented university programs and could house civic groups devoted to better government like the Municipal Research Bureau and the League of Women Voters. The Authority's Development Administrator Edward J. Logue felt the first City Hall should be preserved as a lively museum of civic history. The Rt. Rev. Francis J. Lally, the Authority's Chairman, stated the case for the preservation of the first City Hall as follows:

"The Boston skyline is changing as we watch it, and a single decade has made the once familiar silhouette obsolete. Without new buildings there would be no

New Boston, and every city must somehow be renewed or it fades and fails and soon decays. But new buildings are only a part of the story; without a memory of its history any great city is eventually impoverished. This is why Boston must take care that in acquiring its new vitality and beauty, a most precious past is not lost.

"The old City Hall represents a time and a mood which is now very nearly forgotten; it is a symbol of the grace and elegance that our fathers once knew and loved. As a City Hall it cannot meet contemporary needs, but as a building — of its own time and place — it should be preserved. Very few buildings should be saved as monuments, but new uses can be discovered if we are ingenious enough. The Old Corner Book Store is an example of what can be done, and Faneuil Hall, with its enduring meat stalls, is another. If we take the time and the thought, old Boston

and new Boston can live and flourish side by side, not in any competition or disharmony, but as a single city worthy of our affections.

"Boston can live without the old City Hall, but it should not have to. It has a right to its memories, and this is one too precious to be lightly set aside. It can be the test of just how much we care."

Others argued for its reuse and preservation as one of Boston's unique architectural landmarks and key sites on the Freedom Trail and historic School Street.

In summary, Boston's first City Hall was deemed worthy of preservation because:

It is a significant and handsomely designed example of Second Empire architecture in America.

It is a most distinguished landmark of one of the great periods of Boston cultural and municipal history.

It was one of the first monumental Second Empire public buildings to be constructed in the country and was extremely influential as a stylistic model for numerous public buildings in other large American cities.

It is one of the few major examples of this style remaining in the city and is by far the most prominent and elaborate Second Empire structure in Boston.

(Continued on next page)

Old City Hall . . .

(Continued from front page)

It has retained much of its original appearance.

It is one of the most significant structures to be designed by the notable local architects. Arthur Gilman and Gridley J. F. Bryant.

Preservation Effectuated

Architectural Heritage, Inc., made an in-depth feasibility study on Old City Hall at its own expense, effectively demonstrating the economical and historical value of the building. The amended Central Business District Redevelopment Plan specified that the Old City Hall be offered for redevelopment and reuse, rather than demolished; and this Central Business District plan was approved by the City Council and Mayor in 1968.

In early 1969 the Boston Redevelopment Authority widely advertised the proposed sale or lease of Old City Hall and requested that interested parties — tenants, owners, or developers — submit proposals for reuse of the building. After reviewing those submitted, a decision was reached by the Authority's board that Old City Hall Landmark Corporation, a subsidiary of Architectural Heritage, Inc., be designated as developer.

Old City Hall Landmark Corporation leased the Old City Hall for a period of ninety-nine years and began a \$3-million rehabilitation program of the landmark in 1970. The Old City Hall required major interior change in stairway locations to bring the egress plan into conformity with modern fire codes. The heating, plumbing, and wiring was ancient and air-conditioning was nonexistent. The elevators and some of the structure required replacement.

Old City Hall Landmark Corporation has renovated the interior of the historic landmark into a modern office building, while preserving the distinguished exterior.

The practical approach to preserving Boston's Old City Hall avoided the need of expending precious city funds or conducting

a major fund-raising campaign and diminishing the limited supply of available charitable funds. Instead, by renovating the interior of the landmark for commercial use, the distinguished landmark now provides an important addition to Boston's overburdened tax base.

In 1972, after a decade of uncertainty and controversy whether the beloved Old Lady of School Street should, or could, survive for another century, Old City Hall has taken her place again as a vital part of Boston's thriving community.

To quote Mayor Kevin H. White: "May this building in the next hundred years have the same vitality for its occupants and viewers as it had in the last; and may it serve as proof that the preservation of our past is an ornament in our future."

CITY COUNCIL URGES: "PHASE OUT" SCHOOL DESEGREGATION

City Councillor John J. Kerrigan sponsored a resolution, unanimously passed by the Boston City Council, urging federal Judge W. Arthur Garrity to scale back or even phase out school desegregation,

as the cost of this unfortunate is slated to cause a tax rate this fall.

Further, at Councillor Kerrigan's direction a copy of the resolution was forwarded to Judge Garrity.

The resolution served as a runner to a decision by Judge Garrity's advisors that extension of forced busing into East Boston be put off this year.

Councillor Kerrigan, in his opinion, pointed out that increased forced busing to that area would not only have adverse tax impact but also involve hazardous travel over bridges or through a tunnel under the harbor.

He urged that the entire busing program, because of its scope and overtime costs involved for school transportation, and police personnel, "be curtailed outright."

He warned that expanded forced busing "would only compound the vicious cycle of mounting deficits, decreased city services, more municipal job layoffs, withdrawal of desirable students from the public school system."

In separate action, a majority of the Boston School Committee endorsed the resolution prior to reduction of compulsory busing programs to alleviate the fiscal and education crisis.

Councillor Kerrigan pointed out that the new tax year starting July 1 will have to pick up nearly \$30 million in current school segregation deficits.

It will have to reflect a tax hike for small homeowners and businesses as well next fall explained.

The thrust of the resolution indicated that, instead of increasing the forced busing which will lead to about increased costs to East Boston causing hazardous travel over bridges and under tunnels, increased overtime costs for only School Department employees, transportation employees, Police Department employees, plan be discarded and that forced busing be reduced in other sections of the city, in fact, be curtailed outright.

REAL ESTATE SEMINAR

ertram A. Druker, president of Druker Company, will be the speaker for Suffolk University's second eight-week seminar on Real Estate Development Process, which begins April 8 at the Fox Hotel.

The seminar, which will be preceded by Richard M. Abraham, director of North American Real Estate Marketing, Planning, and Development Company, will be held every Thursday evening from 6:30 to 8:30 o'clock.

The seminar investigates the methods of operation behind profitable real estate development projects from preacquisition market research and financial analysis through development, construction, sales or leasing implementation. It is open to real estate brokers, property owners, architects, landowners, engineers, builders, bankers, lawyers, investors, and others interested in real estate.

For further information contact Suffolk University's "Real Estate Development Process" Seminar at 777-1700, Ext. 312.

arriving in Boston later in the month.

The Fiat rail car is 71-feet long, 9½-feet wide, and 12-feet high, and weighs 83,000 pounds. It has seats for sixty-eight passengers. It is powered by 250-horsepower diesel engines. Built of steel, it is smaller and lighter than the rail diesel cars (Budd cars) operating on the Boston & Maine and Penn Central routes, but is about the same size and weight as a Red Line "Bluebird" (Cambridge-Dorchester car). The estimated cost of the car is \$100,000.

The Fiat unit will initially be operated in nonrevenue service while Boston & Maine and Penn Central crews are trained in its operation. Following this training period, the car will be scheduled for regular passenger service on various Boston & Maine routes for several months and, later in the year, on the Penn Central's Needham branch. A Fiat technician will be in Boston full-time for the year the car is being leased by the MBTA.

"WALK WITH FEAR" SEMINAR

A special Crime Prevention Seminar, for Boston senior citizens with hearing disabilities, will be held at the Jackson-Mann Community School, 500 Cambridge Street, Allston, on Wednesday, April 7, from 1 to 3 P.M.

Sponsored by the Boston Elderly Commission as part of its federally funded Senior Citizen Security Program, the seminar will feature a film, "Walk Without Fear," accompanied by a sign language translation, and role-playing by seniors to illustrate the most common crimes against the elderly and ways to avoid them.

Officers Charles Sullivan of the Crime Prevention Unit and Rubin Diskin, Community Affairs liaison to the Allston area will represent the Boston Police Department.

"Seniors who are either fully or partially deaf face special problems in every area of their lives, but are especially susceptible to becoming victims of crime," said Bridget

Trainor, Community Organizer for the Security Program. "We want to ensure that they are not overlooked and are provided with practical information necessary to protect their homes and themselves properly."

Topics to be discussed at the April 7 meeting include: correct and incorrect home security procedures; street theft and how to avoid it; and security banking procedures, including direct deposit of social security checks.

All attending will also be instructed in the use of the Boston Police Ident-i-Guard System.

The seminar is open to hearing-impaired seniors from across the city. All information will be especially geared to their problems and a sign language expert will translate all proceedings.

Any senior citizen in need of transportation to this important meeting should call 725-4371.

WILLIAM A. McDERMOTT

Hundreds of City Hall employees were saddened when informed of the sudden death on March 28, of William A. McDermott, sixty-two, assistant corporation counsel for the City of Boston for the past thirty-four years. Bill was a dedicated public servant and was always available to lend a helping hand to those who sought his counsel. His passing will be a tremendous loss to his bereaved family and his fellow workers. He was the beloved husband of Gertrude (Wheeler) McDermott; father of William A. Jr. of Boston; John D. of West Roxbury, and Helen M. of Roslindale; brother of Joseph T. of Auburndale and Margaret E. McCulloch of Waban. A funeral Mass was celebrated in St. John Chrysostom Church on Wednesday, March 31. Interment was in St. Joseph's Cemetery, West Roxbury. May he ever rest in peace.

NEW APPOINTMENT

Mayor Kevin H. White has announced the appointment of Richard J. Kelliher as manager of the Jamaica Plain Little City Hall.

Mr. Kelliher, who has served as a special assistant to Mayor White since 1973, succeeds Claudia L. Delmonaco, who is now director of the Mayor's Office of Public Service.

"It is my desire to reward talent. Rich Kelliher has proven himself to be talented and hardworking, and has demonstrated a capacity to handle greater responsibility," the Mayor said.

"I have a great deal of confidence that he will bring a high quality of service to the Jamaica Plain community in his new job," he said.

As an assistant to the Mayor, Mr. Kelliher was responsible for public safety planning and operations during school desegregation. Prior to serving in that position, Mr. Kelliher was a grant manager in the Mayor's Office of Criminal Justice.

Mr. Kelliher, twenty-six, who lives in West Roxbury with his wife, attended Matignon High School in Cambridge and Harvard University, where he majored in government.

A WORTHY BENEFIT CONCERT

Concerts in Black and White, a newly formed music organization, announces its first concert on Easter Sunday, April 18, at 3 p.m., in Jordan Hall. The group, under the artistic direction of Wendell English — conductor, teacher, and arranger — is dedicated to providing professional performing opportunities for musicians and composers of minority backgrounds.

The first concert, a benefit to raise funds necessary for a regular calendar of events, workshops, and seminars, is conducted by Mr. English and features soloist Elwyn Adams in a performance of Beethoven's "Concert for Violin in D Major."

The program also offers the premiere of an orchestral work entitled "Squares," by T. J. Anderson, chairman of the Music Depart-

ment of Tufts University, and "Symphony No. 4 in A Major" (Italian) by Felix Mendelssohn.

Tickets for the first full concert are priced at \$20 each and can be obtained by writing Concerts in Black and White, Room 33, 162 Boylston Street, Boston, Mass. 02116, or calling 182-2533, or the Jordan Hall box office at 536-2112. All contributions are tax deductible.

CITYWIDE SOCCER WEEK

Through the cooperation of the Boston City Council, the week of April 19 through 23 has been declared "Citywide Soccer Week." The declaration, requested by Richard Bath, Director of Soccer for the Boston Parks and Recreation Department, was sponsored by Councillor Frederick Langone.

"Whereas, The sport of soccer is basically a European game but in recent years has been growing in popularity in the United States; and

Whereas, There is a program of events scheduled for the week of April 19 by the Boston Minutemen Soccer Team dedicated to the promotion of the sport of soccer in this area in the schools and colleges and among the youth in the City of Boston Parks and Recreation Department playgrounds; therefore, be it

Resolved, That the week of April 19 be known as "Citywide Soccer Week," and a proclamation be issued."

The following is a partial schedule of events. For more information call Richie Bath at 725-1888.

Wednesday, April 21, the Boston Parks and Recreation Department will, in conjunction with the Boston Minutemen, hold an outdoor soccer clinic on the Boston Common from noon to 4 p.m. The public is invited to attend this free event.

Thursday April 22, the Minutemen will make personal appearances at the Park Street subway station, corner of Park and Tremont Streets, to promote the Parks and Recreation soccer leagues, sign autographs, and answer questions.

Friday, April 23, "Citywide Soccer Week" will end with soccer events on City Hall Plaza.

MARKET AREA RE COLLECTION RESOL

Mayor Kevin White announced a compromise solution to the collection of refuse on waste from the Blackstone Street area.

The agreement, which will cost the city approximately \$100,000 a year in labor costs and generate an additional \$20,000 in license fees, was reached at a meeting Monday between representatives of the city and the Haymarket Association.

Under terms of the agreement, the city proposes to raise the license fee from \$12.50 to \$25.00 for the approximate 250 licensed cart operators. The city will continue to provide the truck refuse collection but will assume responsibility for collecting and disposing of the refuse onto the street by the Association.

The City Council must approve the increased license fees.

Attending the meeting were Vice-Mayor Edward Sullivan, Public Works Commissioner Joseph Casazza, City Councillor Frederick C. Langone, Representative Joseph C. Serra, and Joseph C. Serra, president of the Association.

I asked God for strength, that I might achieve; I was weak, that I might be strong, and I humbly to obey.
I asked for health, that I might do greater things; I was infirmity, that I might do better things.
I asked for riches, that I might be happy; I was given poverty, that I might be wise.
I asked for power, that I might have the praise of men; I was given weakness, that I might feel the need of God.
I asked for all things, that I might enjoy life; I was given that I might enjoy all things.
I got nothing that I asked for, but almost everything I hoped for.
Almost, despite myself, I have spoken prayers were at my feet, I am among all men, most blessed.

CONTRACTS AWARDED WITHOUT ADVERTISING

Mayor has approved the award-contracts without public advertising on the following conditions:

SCHOOL DEPARTMENT

PROFESSIONAL SERVICES

MR. MAYOR:
On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising, to the President and Fellows of the College Museum of Comparative Zoology for fourteen weeks during the period September 15, 1975, through October 20, 1975, at a cost not to exceed \$19,238.

The contractor shall: (1) teach five of twenty-five students from the McKay and Martin Luther King Jr. schools an eight-week museum course on animals and their origins at the center of the Museum of Comparative Zoology (teacher training for this course, student materials, and student transportation provided for in the cost of the program); and (2) provide weekly material in both schools and museum and other in-school programs requested.

Because of the professional nature of the services to be provided under this contract and the unique facilities, exhibits, and collections available at the Museum of Comparative Zoology, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8.

Very truly yours,

EDWARD J. WINTER,
Secretary.

MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising, to the Antioch College/Institute of Education for 20 weeks during the period November 1, 1975, through March 1, 1976, at a cost not to exceed \$19,215. The contractor will offer an in-service development program to prepare Antioch Luther King staff members to develop an improved Language Arts and Reading Program. Specific services to be provided by the Antioch College/Institute of Education include courses, on-site workshops and consultants, on-site planning functions. The Antioch College/Institute of Open Education will also provide administrative and other services.

Because of the professional nature of the services to be provided under this

contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8, State approved Project No. 6-19.

Very truly yours,

EDWARD J. WINTER,
Secretary.

THEATER WORKSHOP

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Theater Workshop of Boston for a twelve-week period to start January 5, 1976, and end April 5, 1976, at a cost not to exceed \$19,238.

The contractor shall work with teachers, parents and students in the classroom implementing theater techniques in the curriculum. The contractor will conduct planning sessions for four hours and additional planning for twelve hours during the program.

Because of the professional nature of the services to be provided under this contract and the expertise and prior training of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Theater Workshop of Boston for a sixteen-week period to start January 19, 1976, at a cost not to exceed \$13,951, and to end May 19, 1976.

The contractor shall train teachers and parents in theater techniques developed by Theater Workshop of Boston, and then work with teachers and parents in the classroom implementing these techniques with the children. The contractor will conduct planning sessions for four hours and training sessions for twelve hours prior to this work in the classroom.

Because of the professional nature of the services to be provided under this contract and the expertise and prior training of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1.

Very truly yours,

EDWARD J. WINTER,
Secretary.

SUPPORT SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the University of Massachusetts for support services to schools in Community District VI during the period November 1, 1975, through July 31, 1976, at a cost not to exceed \$59,071.

The contractor shall assist in the development of programs and management of grants made to these schools under section 1 of chapter 636; supply expert consultants in basic academic skills (reading and mathematics); arrange for the participation and payment of District VI parents in school programs; select, orient, and train University faculty, staff, and students working in District VI schools; and assist in the evaluation of all new programs.

Because of the Federal Court Order pairing this University with Community District VI, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 8, State approved Project No. 6-32.

Very truly yours,

EDWARD J. WINTER,
Secretary.

CENSUS FORMS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Hub Mail Advertising Service, Inc., 100 Washington Street, Boston.

Hub Mail will set-type, prepare, print and fold 500,000 8 1/2" x 10" forms, printed one color, two sides on 50 # canary offset, numbered sequentially in another color from 100,001 through 600,000.

Hub Mail will insert approximately 300,000 of the above forms into the Election Department Census mailing that will be deposited at the Post Office during the week of January 5, 1976.

The balance of approximately 200,000 will be packed, properly labeled and shipped to a destination in Boston to be designated by School Department at a cost not to exceed \$5,850.

Because this is a unique endeavor with time constraints it is the determination

of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

SCHOOL REPAIRS

DEAR MR. MAYOR:

Judge W. Arthur Garrity has granted permission to award, without publicly advertising, contracts for particular work at the South Boston High School which must be completed prior to the opening of school on January 5, 1976.

I, therefore, solicited invitation bids from three contractors for furnishing and installing new window shades, adjustment of window shades (including but not limited to the furnishing and installation of new curtain cords, pulleys and adjustment of all rollers as may be required), and installing new rollers and window slats where necessary.

The bids received were as follows:

John M. Walker Co., Inc., Jamaica Plain, Mass., for \$6,632.

Newton Shade and Screen Co., Newton Corner, Mass., for \$6,910.

A & A Window Products, Inc., Malden, Mass., for \$6,970.

I, therefore, request your approval of my action in awarding a contract to John M. Walker Company, Inc., 171 Green Street, Jamaica Plain, Mass., the lowest responsible and eligible bidder, in the amount of \$6,632. This company has all the material on hand to begin this work at once.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MR. MAYOR:

Judge W. Arthur Garrity has granted permission to award, without publicly advertising, contracts for particular work at the South Boston High School.

I, therefore, solicited invitation bids from four contractors for miscellaneous painting work at South Boston High School.

The bids received were as follows:

William K. Lazarakis, for \$6,600; R. VanPutten Co., for \$7,200; Bello Painting Co., for \$7,400.

I, therefore, request your approval of my action in awarding a contract to: William K. Lazarakis, 351 Bridge Street, Salem, Mass., the lowest responsible and eligible bidder, in the amount of \$6,600.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

HEALTH AIDE PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public ad-

vertising, to Sally Johnson, for the implementation of a Health Education Aide Program during the period January 1, 1976, through December 31, 1976, at a cost not to exceed \$11,061.

The contractor shall provide a Health Education Aide Program for secondary students at the Occupational Resource Center; review funded proposal, develop curriculum outline, consult with outside agencies, make a list of equipment, books and supplies, submit recommendations for approval and/or revisions, prepare recruitment and screening of students, instruct students in the program, prepare weekly reports, recommending possible changes, meet weekly with faculty senate, coordinator and director to discuss progress of program, evaluate success of program, develop placement procedures and directly assist in placing students in the world of work.

Because of the need to initiate the program during the present academic school year and, because of our difficulty to obtain a qualified person to direct and teach the Health Education Aide Program at a salary which is the starting wage of a teacher in the Boston public schools, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A and is made under a grant from Vocational Education Act of 1963, Grant D-15174.

Very truly yours,

EDWARD J. WINTER,
Secretary.

BILINGUAL VOCATIONAL PROGRAM

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Leroy Pottinger for the implementation of the Bilingual Vocational Education Program: Bilingual Automotive Skills during the period January 1, 1976, through December 31, 1976, at a cost not to exceed \$16,200.

The contractor shall provide a bilingual automotive training program for Spanish-speaking students of limited English-speaking ability. He will instruct the students in the following areas: mechanical and scientific principles involved in the automobile, and use and care for basic automotive tools and equipment. He will develop basic skills and technical knowledge to meet entry level requirements in the automotive field.

Because of the need to initiate the program during the present academic year and because of the teaching and mechanical experience of this consultant in the automotive field for over thirteen years in Honduras and in the United States, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be subject to the receipt of funds grant from Vocational Education Act of 1963, Grant D-20376.

I would also like to bring to attention that this particular Bilingual Vocational Program is included in the implementation under the Unified Plan approved by the Federal Court on September 24, 1975.

Very truly yours,

EDWARD J. WINTER,
Secretary.

IBM PROGRAM PRODUCTS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without advertising to IBM Corporation for IBM program products, during the period July 1, 1975, through June 30, 1976, at a cost not to exceed \$3,792.

The contractor shall furnish IBM program products. Because this is a unique endeavor, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

IBM Corporation was the only bidder for this contract.

Very truly yours,

LEO J. BURKE,
Business Manager.

BILINGUAL BUSINESS PROGRAM

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertisement to George W. Ross, for the implementation and continuation of a Bilingual Vocational Program: Bilingual Business Skills Development Program during the period January 1, 1976, through December 31, 1976, at a cost not to exceed \$17,000.

The contractor shall provide a Bilingual Business Skills Program for Spanish-speaking students of limited English-speaking ability at the Occupational Resource Center. Mr. Ross shall instruct students in the following areas: typewriting, business math, business English, business machines, keypunch operations, business and office procedures. He will develop placement procedures and directly assist in placing students in the world of work.

Because of the need to initiate the program during the present academic year and because of the teaching and administrative experience of this consultant in directing and teaching in bilingual, secretarial school in Costa Rica, it is determined by the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without appropriation under the provisions of G. L. c. 44, s. 53A, and is to

be subject to the receipt of funds for grant from Vocational Education of 1963, Grant D-20976. I would like to bring to your attention the fact that this Bilingual Vocational Program is included in the Unified Plan approved by the Federal Court on December 24, 1975. This is one of the programs that is scheduled for implementation under this plan.

Very truly yours,
EDWARD J. WINTER,
Secretary.

MUSICAL PROGRAMS

DEAR MR. MAYOR:
On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Young Audiences of Massachusetts for a series of programs to be presented in Boston public schools between October 28, 1975, and April 1, 1976, at a cost not to exceed \$5,800. The contractor agrees to supply concerts to be presented by a variety of professional music and dance ensembles of 70 Boston elementary and middle schools during this time period. Because of the need to initiate the program during the present academic year, and because of the special resources and unique professional expertise of Young Audiences of Massachusetts, because they have been providing this service to the school children of Boston for many years, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:
On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to the Kodaly Musical Training Institute of Wellesley, for an elementary music program in Boston public schools to be conducted at the Audford School in Dorchester, and the Manning School in Jamaica Plain, between September 20, 1975, and June 15, 1976, at a cost not to exceed \$12,500.

The contractor agrees to supply music teaching at least twice weekly in both of these schools covering all children in kindergarten through fifth grade.

Because of the special training and unique expertise of the Institute's teaching staff, and because the Institute has been providing this service to the school children of Boston for five years, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EVALUATION PROGRAM

DEAR MR. MAYOR:

On behalf of the Boston School Committee and upon the recommendation of the Superintendent and the Board of Superintendents, I request your authorization to award a contract, without public advertising, to Dr. Michael J. Savage for the implementation of the Evaluation Component of the Emergency School Aid Act Project, during the period November 1, 1975, through June 29, 1976, at a cost not to exceed \$17,132.

Dr. Savage shall be responsible for the implementation of the ESAA Evaluation Component, supervision of the Evaluation Staff, and utilization of resources in accordance with city and federal rules and regulations.

Because of the need to initiate the program during the present academic year, and the unexpected resignation of Dr. Stephen C. McKinney as the ESAA Evaluation Component Coordinator effective November 1, 1975, the School Committee believes that the public interest would not be served by a time consuming process of public bidding for this position. Moreover, inspection of Dr. Savage's resume in light of the job description and responsibilities in question reveals that he is most qualified for this position and can be reasonably expected to serve the citizens of Boston quite satisfactorily.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under the grant from Emergency School Aid Act, Grant G301-75-1-706.

Very truly yours,
EDWARD J. WINTER,
Secretary.

EDUCATIONAL PROGRAMS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract to President and Fellows of Harvard College, without public advertising, to participate in the development of educational programs at Roxbury High School during the period September 1, 1975, to June 30, 1976, at a cost not to exceed \$46,029.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project 6-18.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintend-

ents, I request your authorization for the award of a contract, without public advertising, to John Chandler for coordination of chapter 636 Project, and for development of magnet school community based programs at Madison Park High School, during the period January 13, 1976, through June 30, 1976, at a cost not to exceed \$11,500.

The contractor shall administrate Madison Park's 636 Project and coordinate the community resource development component, developing programs and curricula which integrate the school's basic curriculum with the utilization of community based educational resources, and he will work with parents, faculty and students on short and long range planning for the new, court ordered, citywide magnet high school.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G.L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project 6-25.

Very truly yours,
EDWARD J. WINTER,
Secretary.

LEASING OF PREMISES

DEAR MAYOR WHITE:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Adult Educational and Recreational Activities of the School Department.

The premises to be leased consists of rooms to be used for Adult Educational instructional purposes, and lavatory facilities, on the second floor at 584 Columbia Road, Dorchester, owned by Scott Management Company.

The term of the lease will be for one year on a month-to-month basis from February 1, 1976, to and including January 31, 1977.

The rental for the term is \$9,120 in equal monthly installments of \$760. Funding is provided under the Adult Education Act, P.L. 91-230.

Since the premises are suitable, and have been used for the Adult Education program for several years under prior leases, it is not felt that public advertising would be useful in this instance.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

GYMNASIUM SUPPLIES

DEAR MR. MAYOR:

Judge W. Arthur Garrity has granted permission to award without publicly advertising, contracts for particular work at the South Boston High School.

I, therefore, solicited invitation bids from three contractors to furnish and

install in the girls' gymnasium two rectangular glass basketball backboards, complete with the necessary supports and hardware.

The bids were received as follows:

Avery Welding Company, for \$2,891.

John M. Walker Company, Inc., for \$3,512.

Musinsky's, Inc., for \$3,975.

I, therefore, request your approval of my action in awarding a contract to:

Avery Welding Company, 188 Dorchester Avenue, South Boston, the lowest responsible and eligible bidder, in the amount of \$2,891.

Respectfully submitted,

ANTHONY L. GALEOTA,
Chief Structural Engineer.

WORKSHOP SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Mary Pat McEnrue for the implementation of vocational remedy services during the period of January 1, through June 29, 1976, at a cost not to exceed \$7,500.

The contractor shall conduct activities related to preparation and documentation of materials for presentation to workshop participants including parents and students, school department staff, and others as required, and in documentation of workshop findings.

Because of the need to initiate the program during the present academic year and because of the prior work experience in media presentation, research documentation, and writing of research reports, comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to John A. Rogers for the implementation of vocational remedy services during the period of October 1, through December 31, 1975, at a cost not to exceed \$5,000.

The contractor shall assist the component coordinator in directing component activities related to the development of

new programs and facilities for the Occupational Resource Center, as a component of the overall educational delivery system for vocational education in the City of Boston.

Because of the need to initiate the program during the present academic year and because of the prior work experience in vocational education program planning comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Ethlyn A. Davis for the implementation of vocational remedy services during the period of January 1, 1976, through June 29, 1976, at a cost not to exceed \$10,000.

The contractor shall assist the component coordinator in directing component activities related to the conducting of community, parent and student workshops for acquainting parents and students with current opportunities in vocational/occupational education in Boston and to involve this group in planning activities related to the development of new programs and facilities.

Because of the need to initiate the program during the present academic year and because of the prior work experience in workshop administration comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Act Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Kenneth E. Cierpial for the implementation of vocational remedy services during the period of October 1, through December 31, 1975, at a cost not to exceed \$4,500.

The contractor shall conduct activities related to preparation and documentation

of program planning teams, management of information, minutes of meetings, schedules meetings and collection of data.

Because of the need to initiate the program during the present academic year and because of prior work experience in media presentation, research documentation, and writing of research reports comparable with the duties outlined above of this consultant, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from Emergency School Aid Grant No. G301-75-1-706.

Very truly yours,

EDWARD J. WINTER,
Secretary.

CONSULTANT SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Northeastern University for six months, January 1, 1976 through June 30, 1976, at a cost not to exceed \$60,000.

The contractor shall provide consultative services and other assistance to Madison Park High School as outlined in the attached abstract.

Because of the unique nature of the services to be provided under this contract it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from chapter 636, section 1, Project No. 6-25.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TUTORIAL READING PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Stonehill College North Easton, for eight months during the period November 5, 1976, through June 30, 1977, at a cost not to exceed \$12,000.

The contractor shall provide remedial support, especially in reading, for those students lacking basic skills. It attempts to improve means of communication between students, faculty and community. It will provide cultural experiences and deeper knowledge of human nature by the study of child development. The components of the program include: the creation and development of a reading laboratory and a reading department;

a tutorial reading program, a communication by developing a school newspaper using existing equipment at Stonehill. It further provides academic enrichment programs in studies, cultural arts and crafts, production. Other programs include small group activities that aim at enhancing leadership skills in work-practice, sports, discussion and recreation art.

Use of the professional nature of services to be provided under this contract and the unique facilities, exhibits, academic environment available at Stonehill College, it is the determination of the School Committee that the public would not be served by public procurement for bids.

The agreement is to be executed with appropriation under the provisions of Chapter 11, s. 53A, and is to be made subject to the receipt of funds under the provisions of chapter 636, section 8, State of Massachusetts Project No. 6-28.

Very truly yours,

EDWARD J. WINTER,
Secretary.

TREASURY DEPARTMENT

LEGAL SERVICES

MAYOR WHITE:

I request your permission to award a contract for legal services to the firm of Palmer & Dodge, One Beacon Street, Boston, and to dispense with public procurement for bids in connection with the contract. The term of the contract would run from July 1, 1975, through June 30, 1976, and the contract price would not exceed \$60,000.

Palmer & Dodge would serve as the bond counsel under the contract, could provide advice and prepare documents in connection with financial matters, and particularly in connection with the issuance of bonds, notes, and certificates of indebtedness of the city.

Since Palmer & Dodge is especially skilled in the area of municipal finance, because that firm has previous experience with the financial affairs of the City of Boston, it is evident that advertising for bids would be inappropriate.

Respectfully,

JAMES V. YOUNG,
Collector-Treasurer.

CONTRACTS AMENDED

The Mayor has approved the amendment of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division RADIOS

MR. MAYOR:

On November 21, 1975, your Honor granted permission to award a contract to Motorola, Inc., Communications Division, the lowest responsible and eligible bidder on Proposal 347 for radio communications equipment. At that time,

no awards were made on Items 2 and 11 pending evaluation of the lower bidders' equipment.

The lower bidder on Item 2 submitted equipment that does not meet specifications. The lower bidder on Item 11 has failed to submit equipment for a test since requested to do so on November 10, 1975, and therefore is not considered to be a responsible bidder.

It is now requested that permission be granted me to award Items 2 and 11 to Motorola, Inc., Communications Division, the lowest responsible and eligible bidder, and also that my letter dated November 18, 1975, approved by your Honor on November 21, 1975, be amended to have the approximate total amount of the contract read \$31,658.72 — net 10 days.

Respectfully yours,

FRANK F. CHIN,
Purchasing Agent.

COMMUNITY DEVELOPMENT RENOVATIONS

DEAR MAYOR WHITE:

I hereby request your permission to amend a current contract, effective March 1, 1975, through December 31, 1975, with the Neighborhood Involvement for Children's Education, Inc. (N.I.C.E.), a nonprofit corporation located at 3297 Washington Street, Jamaica Plain.

Under the terms of the amendment agreement, N.I.C.E. will be granted a two-month extension of the original period of performance, which will be from January 1, 1976, through February 29, 1976. Due to unanticipated delays, N.I.C.E. was unable to complete the scheduled renovations work within the original contract term. With the term extended, N.I.C.E. will proceed with the completion of the enclosure of the mezzanine area as originally planned; but, due to unanticipated cost overruns which have constrained the budget amount allocated for this contract, shall be relieved of its contractual obligation for the following portions of the original scope of services:

(a) electrical hook-up of remaining kitchen equipment.

(b) enclosure of food storage area at kitchen; and

(c) installation of water play sink and cabinets.

The original budget amount for this contract shall remain intact.

In view of the minimal scope of work remaining to be completed, I recommend that N.I.C.E. be permitted to proceed under a two-month extension of contract.

Sincerely,

DAVID STROHM,
Director.

CONSULTANT SERVICES

DEAR MAYOR WHITE:

I hereby request permission to amend a current contract, effective August 1, 1975, through December 31, 1975, with Francis X. Tate of Boston, for consultant services.

Under the terms of the amendment agreement, Mr. Tate will be granted a

two-month extension, which will be from January 1, 1976, through February 29, 1976, to continue management and implementation of a demonstration Urban Homesteading Program. The ongoing nature of this program requires the services of Mr. Tate.

The per diem rate of pay for Mr. Tate will remain the same with a maximum amount payable of \$12,900.

In view of the specialty of the services provided by Mr. Tate and his satisfactory performance to date, I recommend that the current contract be extended through January 31, 1976.

Sincerely,

DAVID STROHM,
Director.

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I hereby request your written authority to amend a letter of award dated December 12, 1975, awarding a contract for professional services to the Community Development Corporation of Boston, Inc., a nonprofit corporation located at 25 Ruggles Street, Boston, and to dispense with the advertising in the *City Record*. The original letter stated the term of the contract as June 1, 1975, to April 1, 1976, as explained in a letter of explanation addressed to the Finance Commission on November 18, 1975, personnel costs were incurred by the contractor as of May 7, 1975, which were not covered under a previous contract with the Corporation. The term of the contract is to be May 7, 1975, to April 1, 1976. The contract will be in an amount not to exceed \$105,688. The source of funds will be the city's Community Development Block Grant, a federal revenue sharing program.

Under the terms of the contract, the funds will be used as matching funds for technical assistance grant from the United States Department of Commerce and for the ongoing administrative expenses of the Community Development Corporation. The corporation will conduct a feasibility study of industrial development within the Southwest Corridor and provide technical assistance to individual businesses within the district.

The city, through the former Model Cities Administration, has awarded previous contracts to the Community Development Corporation concerning the development of the Southwest Corridor. In the interest of continuity, I recommend that the relationship between the city and the Community Development Corporation be maintained.

Sincerely,

DAVID STROHM,
Director.

PARKS AND RECREATION DEPARTMENT

RECREATION FACILITIES

DEAR SIR:

On November 21, 1975, your Honor approved my request to amend the contract between the City of Boston and

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

W. T. Rich Company, Inc. for construction of recreation facilities at the Woodcliff play area and Shirley Eustis Park. The last paragraph of the above referenced letter contained an error in that the figure of \$50,270 should have been \$51,380.

Therefore, I wish to rescind the letter of November 5, 1975, approved by your Honor on November 24, 1975, and substitute this letter in place thereof.

On August 19, 1971, your Honor approved the award of a publicly advertised contract to the lowest bidder, W. T. Rich Company, Inc., for construction of recreation facilities at the Woodcliff play area and Shirley Eustis Park for the sum of \$77,900.

Each of the above sites were designed with community input through the Model Cities Agency. After the construction contract was awarded there developed a dispute within the community as to how the Shirley Eustis Park should be designed, and after several attempts to resolve the differences of opinion failed I decided to delay the construction of the park for the time being, as we must close out our HUD Grant Program OSU-MA-01-06-1014 under which this contract is funded. All work has been completed at the Woodcliff play area. Therefore, I respectfully request your Honor's authorization to amend the contract for construction of recreation facilities at the Woodcliff play area and Shirley Eustis Park by deleting all work called for at the Shirley Eustis Park, which will reduce the contract sum by \$27,400, by deleting the by-pass system in the water meter manhole at Woodcliff play area, which will reduce the contract sum by \$230, and by adjusting the contract to compensate the contractor for work deleted at the rate of 15 percent of the estimate cost of the improvements at Shirley Eustis Park which will amount to \$1,110.

The net result of the amendment will be a decrease in the original contract sum from \$77,900 to \$51,380.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

PUBLIC WORKS DEPARTMENT

REFUSE REMOVAL

DEAR MR. MAYOR:

On June 28, 1971, your Honor approved the award of a contract to the Browning-Ferris Industries, Inc., 100 Hallet Street, Dorchester, for collecting and removing refuse in District 10, Roxbury, from July 1, 1971, to June 30, 1975. This contract contained provisions for a renewal contract for the period July 1, 1975, to June 30, 1976, at the city's option which was exercised by notice to the contractor on May 30, 1975. The contract provides for payment in the amount of \$13,161.53 per week with provisions for the city to pay 75 percent of any increased labor cost during the renewal contract period.

The contract requires the contractor to dispose of all the combustible refuse at

the South Bay Incinerator. As a result of legal action taken by the Attorney General on behalf of the Commissioner of the Massachusetts Department of Public Health the court ordered the city to stop receiving refuse at the South Bay Incinerator on August 11, 1975, and consequently the contractor must now haul all the refuse collected in the Roxbury District to the Refuse Energy System Company, 100 Salem Turnpike, Saugus, which requires considerable added distance in hauling at an appreciable increase in cost for providing labor and equipment for this added work.

Proposals were received for the disposal of refuse from various districts of Boston on September 1, 1975, after publicly advertising in the *City Record* of August 25, 1975, and a contract awarded on October 1, 1975, to the Refuse Energy System Company, 100 Salem Turnpike, Saugus. As a result of negotiations with the contractor it has been mutually agreed that the price of the contract should be increased by \$1,300 per week commencing October 1, 1975, until June 30, 1976.

Therefore, because of the conditions imposed by the actions of the Commonwealth, in order to continue the performance of this vital service to the community and to reimburse the contractor the added cost for his service, your approval is respectfully requested to dispense with further public advertising and to amend the present contract by increasing the amount of the weekly price from \$13,161.53 to \$17,761.53, for an increased total amount not to exceed \$167,700.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEAR MR. MAYOR:

On June 25, 1971, your Honor approved the award of a contract to Waste Control Incorporated, 17 Richdale Avenue, Cambridge, for collecting and removing refuse in District 1A, Charlestown, from July 1, 1971, to June 30, 1975. This contract contained provisions for a renewal contract for the period July 1, 1975, to June 30, 1976, at the city's option which was exercised by notice to the contractor on May 30, 1975. The contract provides for payment in the amount of \$2,115.38 per week, with provisions for the city to pay 75 percent of any increased labor cost during the renewal contract period.

The contract requires the contractor to dispose of all the combustible refuse at the South Bay Incinerator. As a result of legal action taken by the Attorney General on behalf of the Commissioner of the Massachusetts Department of Public Health the court ordered the city to stop receiving refuse at the South Bay Incinerator on August 11, 1975, and consequently the contractor must now haul all the refuse collected in the Charlestown District to the S.C.A. Disposal Services of New England, Transfer Station, 29 East Street, Cambridge, which requires considerably shorter distance in hauling at an appreciable decrease in cost for providing labor and equipment for this work.

Proposals were received on September 1, 1975, after publicly advertising in the *City Record*, on August 25, 1975, contract awarded on October 1, 1975, to the S.C.A. Disposal Services of England, Inc. As a result of negotiation with the contractor it has been mutually agreed that the price of the contract should be decreased by \$300 per week commencing October 1, 1975, until June 30, 1976.

Therefore, because of the conditions imposed by the actions of the Commonwealth, in order to continue the performance of this vital service to the community and to reimburse the city the decreased cost for this service, your approval is respectfully requested to dispense with further public advertising and to amend the present contract by decreasing the amount of the weekly price from \$2,115.38 to \$1,815.38, for a decreased total amount not to exceed \$11,760.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

SCHOOL DEPARTMENT

LEGAL SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award Francis J. DiMento and James J. Sullivan, Attorneys-at-Law, 100 State St., Boston, an amendment to a contract for legal representation in matters relating to proceedings involving racial imbalance and desegregation from \$200,000 to \$225,000.

Since the services to be provided under the proposed contract are to be both professional and confidential in nature, due to the experience and past performance of Messrs. DiMento and Sullivan in matters relating to civil proceedings involving racial imbalance and desegregation, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

Very truly yours,

EDWARD J. WINTER,
Secretary.

MUSICAL INSTRUMENTS

DEAR MR. MAYOR:

I hereby request your permission to amend the letter approved by you on September 30, 1975, awarding a contract to Charles Bean Music Company for furnishing musical instruments and accessories for the Boston public schools.

The amount of the first letter was \$5,175. Due to an oversight the amount should have been \$13,035.50. When you total the contract itself, it totals \$13,035.50; just the letter was typed wrong.

Thank you for your cooperation in this matter.

Very truly yours,

LEO J. BURKE,
Business Manager.

YOUTH ACTIVITIES COMMISSION TRAINING MANUAL

MAYOR WHITE:

Executive Director of the Youth Activities Commission I hereby request written authority to award the contract to the Education & Training Cooperative, Inc. in an amount not to exceed \$70. This amends the new contract increasing the original award amount (\$100), by \$1,970. I should also like to request your approval to change the effective dates of the contract approved in my letter dated March 3, 1975, assigned by you April 14, 1975. The extension would change the effective dates of the contract, which originally ran from March 10, 1975, through December 31, 1975, to the new date of March 10, 1975, through, and including January 18, 1976.

Under the terms of this amended contract, Education & Training Cooperative is required to prepare and develop a training manual that will provide the Youth Activities Commission with a guide for implementing staff training and development in the future.

A specific contractor is recommended to carry out this task because it has been working with the Youth Activities Commission in training CETA-funded staff and has the expective and intimate knowledge of the role of youth workers. In performing the proposed task, Education & Training Cooperative, Inc. will be providing a valuable program service to the community.

Award of this contract is consistent with the CETA program guide lines as authorized by the federal government. The entire CETA program is supported solely through federal funds. No City of Boston monies will be used for any aspect of the program.

Sincerely,
PAUL V. McCAFFREY,
Executive Director.

There is an immediate opening in the Personnel Division, Stress Program, for a peer

counselor. This position is open to all police officers and detectives.

Duties and Responsibilities

Under the direction of the Program Coordinator, the peer counselor will:

Assist in the intake of all officers who refer themselves to the Stress Program;

Counsel officers in the Stress Program and work with them to develop an individualized counseling program.

Refer officers to outside professional counseling programs when appropriate.

Qualifications

Knowledge and understanding of the job stresses faced by Boston police officers;

Must possess a sympathetic understanding of the various types of personal problems such job stresses create for individual officers;

Must maintain a clear understanding of the value and techniques of peer counseling, willingness, and ability to learn and apply those techniques in a short period of time;

Must possess a high motivation to help fellow officers cope with and overcome the personal problems created by job stresses.

Application Process

Interested applicants should submit Form 1659, Specialist Application, to the Personnel Division, fifth floor, Police Headquarters, no later than 5 P.M., Friday, March 19, 1976. Questions should be directed to the Program Coordinator, Joseph Ravino, at 426-7821.

In a recent decision, Arbitrator Joseph P. O'Donnell of the American Arbitration Association recommended that the Boston Police Patrolmen's Association, Inc. and the City of Boston arrange a meeting and consultation concerning the most efficient structuring of the Emergency Services Unit within the Boston Police Department.

The recommendation was made in disposition of a grievance filed December 30, 1974, by the B.P.P.A., concerning Personnel Order No. 74-435, providing for an assign-

ment change of the Emergency Service Unit from the books of District 1 to the books of the Tactical Patrol Force, with the E.S.U. members continuing to work as their schedule tours of duty, "morning watches" and "first halves."

The B.P.P.A. held that once the E.S.U. patrolmen were reassigned to the TPF, their scheduled tour of duty should have been from 6:30 P.M. to 2 A.M., as stipulated in the agreement, and any attempt to assign patrolmen in the TPF to a different tour of duty is a subject for further collective bargaining as provided in Article IX, section 1. Pointing out that neither the E.S.U. nor the Bomb Disposal Squad have independent payrolls, nor independent paid details, nor overtime lists, the Association saw a contradiction in carrying the E.S.U. and Bomb Squad members on the TPF overtime and paid detail lists, while excluding them from the TPF work schedule.

The city took a strong stand that the Emergency Service Unit is not now, and never has been, assigned to the Tactical Patrol Force and that the hours worked by the members of the E.S.U. have always been the same and have always provided for around-the-clock coverage as necessitated by the need. Pointing out that since it was first established, the E.S.U. has been housed at Districts 8, 11, and 1, during all of which time its officers continued to work the same hours and perform the same duties as before, the city argued that its assignment with the TPF, by notice of Personnel Order No. 74-435, was the same administrative arrangement; and the unchanged schedule worked over a thirteen-year period should be protected as an established past practice.

Noting that the change of the E.S.U. from District 8 to District 11, and eventually to District 1, was specifically explained as a reassignment "for administrative purposes," which language was not used in Personnel Order No. 74-435, the Arbitrator concluded:

"... a change of the type described in Union Exhibit 3 (P.O. No. 74-435), should have followed the consultation and involvement with the Association as bargaining representatives for the members involved. . . .

"The reason for this recommendation is that the contract seems to call for such consultation, particularly as I interpret Article IX in the last paragraph, which provides that the city agrees to bargain collectively with the Association concerning proposed changes."

In connection with the threatened job action by union employees, there has been the allegation that certain employees will be calling in sick as part of a plan to withhold services.

Any concerted misuse of sick leave by one or more employees in order to disrupt or withhold services will not be tolerated.

As a result of the current situation, any use of sick leave will be suspect, and there will be no compensation paid for unexcused absences.

Any misuse of sick leave will subject those employees to discipline up to and including discharge.

Employees are further reminded that the provisions of General Laws, chapter 150E, provide that no public employee shall engage in any strike, work stoppage, slowdown, or withholding of services; that no compensation shall be paid by an employer to an employee for the time that an employee is engaged in a strike; and that any employee who engages in a strike shall be subject to discipline and discharge proceedings by the employer.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

In the past, districts have referred all drug-related complaints to the Drug Control Unit. A great number of the complaints report groups of teenagers loitering in hallways, allegedly smoking pot, or people hanging on various corners who appear to be addicts, etc.

Due to the number of cases presently being handled by the Drug Control Unit, it is virtually impossible to investigate all alleged incidents, and the following procedures are to be utilized in order to expedite the investigation of all drug-related incidents reported.

Therefore, effective immediately, whenever a district or unit receives a drug-related complaint from a civilian, a preliminary investigation will be made at the district level to ascertain the validity, and whether an ex-

tended investigation by the Drug Control Unit is necessary. If, in the judgment of district or unit commanders, a complaint warrants further detailed investigation, a report (Form 26), shall be submitted to the Drug Control Unit containing the following:

1. A brief statement of conditions; 2. if possible, the names and addresses of persons involved; 3. type of suspected drug traffic, i.e., heroin, cocaine, etc.; 4. time of day or night events take place; and 5. in cases where it is necessary to protect the confidentiality of witnesses and/or information, a visit should be paid to the Drug Control Unit, days or nights.

III. SECRETARY'S CITATION

The following citation was presented to Deputy Fire Chief Leo Stapleton at Florian Hall on the evening of March 15, 1976:

The Commonwealth of Massachusetts
Secretary's Citation

Be it hereby known to all that: The Secretary of the Commonwealth hereby offers his congratulations to:

Deputy Leo Stapleton and Members
of Group 1, Boston Fire Department

in recognition of

Their devotion on the night
of January 22, 1976 — A performance
above and beyond the call of duty.

The Commonwealth extends its very best wishes and expresses the hope for future good fortune and continued success in all endeavors.

Given this fifteenth day of March, 1976,
at the State House, Boston, Massachusetts by

PAUL GUZZI,

Secretary of the Commonwealth.

"On the night of January 22, 1976, a time of sub-zero temperatures, the Boston Fire Department responded to three multiple alarm fires. There were two second alarms and a five alarm fire that for a time threatened a large section of South Boston. As it was, six residences were destroyed before the fire was extinguished. The members of Group 1, under the command of Deputy Chief Leo Stapleton distinguished themselves

that evening while working under intolerable conditions. It was a performance well beyond the call of duty. In recognition of their efforts I am here to present this citation from my office as a means of letting those fire-fighters know that their performance has not gone unnoticed.

PAUL GUZZI,
Secretary of the Commonwealth.

IV. HIGH COMMENDATION

Ladder Company 23 responded to Box 2196 for a fire at 11 Wayne Street, Roxbury, on March 2, 1976. Smoke was showing on arrival, and they were informed a woman was trapped on the second floor. Efforts to reach her had been unsuccessful due to the heat and smoke.

Fire Fighter Stephen T. Langone of Engine Company 24 (responding with Ladder 23) put on a gas mask and searched the second floor. He traced the sound of a moan and found the woman. He dragged her to the door, only to be temporarily trapped when the door swung shut. He managed to open the door and get her to the hallway where he was assisted by other fire fighters in bringing her to safety.

The Fire Commissioner is pleased to highly commend Fire Fighter Langone for this rescue which was under the most adverse conditions, and only his courage and perseverance saved the woman's life.

V. LETTER OF THANKS

"March 18, 1976.

DEAR CHIEF PAUL:

My wife and I would like to convey to the personnel at Ladder 16 at the corner of Canterbury Street at Cummins Highway, Roslindale, our sincere gratitude. On February 24, 1976, at about 10:30 A.M. our son Russell was stricken with a massive heart attack. Your men arrived in record time and worked frantically to try to save him. Their patient work however was to no avail as the Lord called him to the Kingdom of Heaven.

Their heroic attempt, however, will long be remembered and greatly appreciated.

WARREN R. AND MARY L. SURLUSS."

BOSTON REDEVELOPMENT AUTHORITY

CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 16 for demolition of buildings and structures and site clearance in the Campus High Project No. R-129, located in the Roxbury-North Boston District, City of Boston, Mass., at twelve noon, Boston time, on April 16, 1976, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately four structures (approximately 514,500 cubic feet, including basement cube), the disposal of demolished materials, the filling of excavation and cellar holes, and then installation of 4-foot high chain link fence to enclose demolition areas, and 3-inch wood chip cover and defoliant over exposed demolition area, and the general cleaning of the sites. Also included will be the laying of 2 1/2-inch bituminous concrete (in courses) over 6-inch gravel subbase for the construction of a parking area located at the corner of Gay Street and Quincy Street as shown on Sheet No. 1.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid shall be (a) in a form satisfactory to the Awarding Authority; (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority; and (c) conditioned on the faithful performance by the principal of the agreements contained in the bid or general bid. Bid deposit shall be in an amount equal to ten percent (10%) of each proposal for demolition and site clearance (but not to exceed \$50,000). A performance bond and also a labor and materials or payment bond, each of a responsible company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost

of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance" will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's equal opportunity compliance policy, adopted February 20, 1969, and revised June, 1975, and to the Commonwealth of Massachusetts Supplemental Equal Employment Opportunity Anti-Discrimination and Affirmative Action Program.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding the contract.

500 ARBORWAY, BOSTON, MASS. 02130

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. GL-107 (Project Value 16.0) will be received by the Contract Administrator at the office of the Director of Construction, 500 Arborway, Boston, Mass. 02130, until two o'clock (2 P.M.) on April 15, 1976. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The contract is described as follows: (CLASS 1—GENERAL TRANSIT CONSTRUCTION) GREEN LINE IMPROVEMENTS, STATION ALTERATIONS, ELECTRICAL AND COMMUNICATION FACILITIES, WOODLAND THROUGH FENWAY PARK, Newton, Brookline, and Boston, Mass.

The work shall consist of, but is not limited to, furnishing labor, materials, supplies, and equipment for the following:

a. Clearing, grubbing, removal, and disposal of existing facilities;

b. Excavation, backfill, loam and topsoil excavation, stockpiling and rehandling, drainage, curbing, fencing, bituminous concrete paving, cast-in-place concrete, precast concrete, landscaping, rip-rap, porcelain enamel signs, benches, bicycle racks, and parking toll booths;

c. Electrical conduits, electrical manholes, AC lighting system, public address system.

This contract is subject to a financial assistance contract between the MBTA and UMTA of the United States Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administrator's office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administrator a "Request for Proposal Form," which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday, at a charge of \$25. The Authority's General Requirements and Covenants (1972 Edition of Division I), as amended, are available from the Contract Administrator at a separate charge of \$5 per copy. (Neither charge is refundable.)

Any person may purchase copies of the plans and specifications, for information purposes only, upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of Mr. R. B. Murphy, Resident Engineer, Telephone Number 244-4366.

A prebid conference will be held on April 5, 1976, at 10 A.M., in the office of the Director of Construction, 500 Arborway, Boston, Mass. It is essential that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at that time.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of eighty thousand dollars (\$80,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

The Authority notifies all bidders that in regard to any contract entered into pursuant to this notice to contractors, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subjected to discrimination on the basis of race, color, sex, or national origin in consideration for award.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company of securities satisfactory to the Authority.

GARAGE SALE AT MUSEUM OF SCIENCE

Wondering what to do with the collectables from your spring cleaning.

Give them to the Museum of Science's Giant Garage Sale, is the suggestion of the volunteer Service League which runs this mammoth annual event.

Garage Sale Chairman, Mrs. Willard Warren, says a corps of volunteers in some twelve Greater Boston communities are ready and eager to accept or pick up donations. They can be brought, also, directly to the Service League office at the Museum, between 9 and 5, Monday through Friday.

Art and artifacts, household items, appliances, office and home furniture, toys, books, attic "treasures," and brand new merchandise — everything but clothing — are welcome.

To be held this year on May 1 and 2 in the Museum's parking facility, the sale is the major fund-raising project of the league, and all proceeds go to help support the Museum's exhibits and educational programs. Last year, the league gave 1,500 volunteer hours and raised more than \$14,000.

Donors are reminded that gifts to the sale not only help the Museum, but give an opportunity to increase next year's federal tax deduction.

For further information, call 723-2500, Ext. 258 or 259.

DRUG ABUSE MEETING

A meeting of the City of Boston Coordinating Council on Drug Abuse will be held in the Conference Room, 801, at 4 P.M., April 22, in Boston City Hall. The public is invited to attend.

COMMUNITY DEVELOPMENT PROGRAM

Roxbury Action Program, a black community development program for the Highland Park area of Boston, has announced plans for four neighborhood preservation projects, scheduled for completion in 1977 at a cost of over \$7 million.

The projects, partially financed by BRA, will include renovation of thirty-one abandoned housing units in the Highland Park area; construction of 122 housing units for elderly; and renovation of the historic Thomas Dillaway House for the Museum of Afro-American history.

CLARENCE JONES NAMED DEPUTY MAYOR

Mayor Kevin H. White has announced the appointment of Clarence Jones as the city's first black deputy mayor with broad powers extending over several municipal agencies.

Mr. Jones assumes the position of third deputy mayor immediately at a salary of \$33,000. He will join Vice-Mayor Edward T. Sullivan and Deputy Mayors Robert Vey and Katharine D. Kane to comprise a professional management team responsible for overseeing major policy-making, planning and development.

Advertising and other copy must, except in emergencies, be in hand at the City Record office by noon, Tuesday of each week to insure its publication in the Monday issue.

"The appointment of Mr. Jones as a deputy mayor and a member of the Mayor's cabinet is a most important one," Mayor White said. "He has demonstrated a unique capability during his eight years of working with the city. His organizational and managerial skills, and his experience in working with community organizations throughout Boston, will be of great benefit to the city."

"Mr. Jones will assume responsibility over areas of city government involved with human rights, affirmative action, and job development and serve as the administrative major link with Boston's black community," Mayor White said.

"It would be a mistake to receive his appointment only in terms of the black community," Mayor said. "While the role he will play in this area is a significant one, he will have an active, substantive role in this administration beyond minority affairs."

Mr. Jones, born and raised in Roxbury, has served in the White administration since 1968. Prior to joining the White administration, he worked as the city's first black youth worker. In 1968 he was named director of Youth Opportunities, and was appointed director of the Youth Activities Commission in 1969. Mayor White appointed him as director of the Office of Human Rights in 1972, a position he held through March, 1976.

As deputy mayor, Mr. Jones will be responsible for overseeing the following agencies: the Office of Manpower, Traffic and Parking; the Office of Human Rights; Affirmative Action, Penal Department, Veterans' Services and Election Departments.

A graduate of Winston-Salem State University in North Carolina and Don Bosco High School (formerly Brandeis Vocational), Mr. Jones, forty-one, is chairman of the board of the Roxbury Boys' Club and active in many community agencies including the Association for Better Living, the Roxbury Federation of Neighborhood Houses, the Roxbury Detoxification Center, the YMCA, and the Twelfth Baptist Church.

ARTIFACTS EXHIBIT AT AFRICAN MEETING HOUSE

This exhibit defines an Afro-American historical artifact and presents examples of material the Museum is actively collecting. Although the exhibit includes artifacts from about 1800 until the present, it is not a coherent story of black people in New England. It is a three-dimensional description of the items the Museum has collected over the past three years in order to tell that story.

The exhibit includes books, engravings, posters, VanDerzee photographs, commemorative medals, photographs, clothes and uniforms, portraits, and watercolors of street scenes.

Shown for the first time is a section of the archaeological artifacts recovered in a recent "dig" around the African Meeting House. The Meeting House on Beacon Hill is the oldest black church building standing in the United States. The "dig" uncovered a gas light fixture and a pair of interior shutters in addition to pottery, clay pipes, bottles, and animal bones.

Also featured in the exhibit is a recent bronze casting of "The Talker's Skull," by the late sculptress Alta Warrick Fuller. Executed in 1939, this sculpture was dedicated to the Museum by the artist shortly before her death in 1977. Like many struggling black artists, she did not have sufficient funds to cast most of her work. With support from the Council on the Arts and Humanities and the Thurston Trust, the Museum had the sculpture cast this year.

NEW EXHIBITS

Hamilton Smith: His Photography, His Family, His Community. April 25 through July 9.

Sixty photographs selected from the Museum's collection of over 100 glass plate negatives exposed by Hamilton Smith between 1880 and 1910. Mr. Smith, son of one of the first black state legislators in Massachusetts, was born on Beacon Hill. He was the first Negro graduated from Boston University Law School. His photography reveals a

unique portrait of turn-of-the-century black middle class life.

This exhibit is made possible by donations from the National Endowment of the Arts, the Massachusetts Council on the Arts and Humanities, and the Polaroid Foundation.

MOVIES

Films from the Museum's collection of Afro-American and African historical documentaries can be viewed by the public anytime between 11 A.M. and 5 P.M.

HOURS AND ADMISSION AT THE ROXBURY CENTER

The hours at the Roxbury Center, 90 Warren Street, Roxbury, are: Sunday through Friday, 11 A.M. to 5 P.M.; closed Saturdays. School groups may attend the Museum by appointment, from 9 A.M. to 11 A.M., Monday through Friday. Admission fees are: adults, fifty cents; children, students and senior citizens (with Id.s) twenty-five cents. Members free.

BLACK HERITAGE TRAIL

The Black Heritage Trail is a walking tour of downtown Boston and Beacon Hill, passing sites that relate to the development of Boston's Afro-American community in the nineteenth century. The trail includes the African Meeting House, a national historic landmark; the first school for black children in Boston; an underground railroad "station" and home of a leading black abolitionist; typical homes constructed by Afro-Americans in the nineteenth century; the Charles Street Meeting House. Guided tours, lead by a Museum staff member, can be arranged by appointment. Free maps and descriptions are available from the Museum. For more information call Carol Reed. 445-7400.

ARMENIAN CELEBRATION

Armenian art, music, architecture, dance, choral singing, and theatre make Festival Bostonian's April Armenian Celebration a springtime month of traditional and contemporary ethnic culture.

The month's activities, sponsored by the Mayor's Office of Cultural Affairs and the Armenian Festival Bostonian Planning Committee, include several City Hall exhibits, a lecture series, literary and dramatic arts, dancing, and classical and liturgical music. All events are free unless otherwise indicated.

The Armenian Celebration opens with an exhibit in various media by the Armenian Artists Association of America in City Hall's Main Gallery. Various aspects of Armenian life are featured in several other City Hall exhibits, entitled "Monuments of Faith," "Tapestry of Life — Armenians in Boston," "Our Heritage Through the Ages," and "Through Children's Eyes." These exhibits will be on view through April 30.

Festival Bostonian is funded by the National Endowment for the Arts and the Massachusetts Council on the Arts and Humanities. For more information, call the Mayor's Office of Cultural Affairs at 725-3000, or Artsline at 261-1660.

KEEP IN SHAPE

If you are a South End resident, a city employee, or affiliated with the Department of Health and Hospitals, you can keep in shape this year at the Boston City Hospital Recreation Center. The facility boasts a giant swimming pool, gymnasium, exercise room, and two squash courts.

For \$6 a month, those who qualify have access to all of the equipment (it costs an additional \$1 for forty-five minutes on the squash courts) and can bring along three guests. Make sure you wear sneakers to the gym and a bathing cap to the pool. South End residents can swim free of charge on Tuesdays and Fridays from 8 A.M. to 10:30 A.M., courtesy of the Parks and Recreation Department.
